No. 1579 An Ordinance amending the Pittsburgh Code, Title Nine, Zoning, Article III, Chapter 921, Section 921.02, Zoning District Map No. 12 by changing: From "C2" Highway Commercial District and "M2" Limited Industrial District to "C4" Commercial District all that certain property bounded by: HAMLET STREET; THE BOULEVARD OF THE ALLIES; MC DEVITT PLACE; FORBES AVENUE and CRAFT AVENUE, 4th Ward.

Also,

No. 1580 An Ordinance amending the Pittsburgh Code, Title Nine, Zoning, Article III, Chapter 957 and Chapter 981 by requiring Administrator Approval of a Site Plan in "C4" Commercial Districts for new or changed use of land; for every structure to be erected, enlarged or altered for a residential use in excess of two (2) dwelling units and for every

structure to be erected or enlarged for a commercial use to have in excess of 2,400 sq. ft. of gross floor area.

Also,

No. 1581 An Ordinance A. Amending the Pittsburgh Code, Title Nine, Zoning, Article III, Chapter 921, Section 921.02, Zoning District Map No. 11 by changing: From "M4" Heavy Industrial District to "SP" Specially Planned District No. 2, certain property being the northeasterly portion of Herr's Island, 24th Ward; and B. Amending Article IV, Chapter 973 by inserting a new Specially Planned District entitled "SP-2" Herr's Island including regulations applicable thereto.

Mr. Grabowski:

Mr. President, in an attempt to extradite the process, these three bills that were introduced are all zoning changes. I would move that we set public hearings on those since by law we are required to do that.

Mr. Wagner seconded the motion.

Which motion prevailed.

Also,

No. 1582 Resolution providing for an Agreement or Agreements with a Consultant or Consultants for a Transportation Systems Management (TSM) study in portions of the Squirrel Hill area in the City's East End, at a cost not to exceed \$30,000.00, chargeable to and payable from the 1986 Existing Project Authorization funds, Department of City Planning, "Traffic Management Studies" (CP-86-08).

Also,

No. 1583 Resolution authorizing

the Urban Redevelopment Authority of Pittsburgh to acquire all of the City's right, title and interest, if any in and to the publicly owned property in the 5th Ward of the City of Pittsburgh designated in the Deed Registry Office of Allegheny County as Block 10N Lot 79 (170 Devillier Street), for the sum of \$1.00, under the Residential Land Reserve Fund. This property is being acquired by this Authority for the purpose of assembling a housing site for a single family dwelling unit.

Also,

No. 1584 Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire all of the City's right, title and interest, if any in and to the publicly owned properties in the 5th Ward of the City of Pittsburgh designated in the Deed Registry Office of Allegheny County as Block 10J Lot 343 (2126 and 2132 Bedford Avenue), for the sum of \$1.00, under the Residential Land Reserve Fund. These properties are being acquired by this Authority at the recommendation of the Department of City Planning and the Hill District Project Area Committee. The properties are being acquired for resale to the Macedonia Baptist Church. The Church, which is located at 2225 Bedford Avenue, will develop these properties for off-street parking.

Also,

No. 1585 Resolution approving the execution of a Contract for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and Caraway and Lillie E. Houston for the sale of Parcel 47 (2608 Wylie Avenue), for the sum of \$800.00, in the 5th Ward of the City of Pittsburgh in Redevelopment Area No. 32. The Redeveloper plans to rehabilitate the existing residential structure on this

property.

Also,

No. 1586 Resolution approving execution of Contracts for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and various redevelopers for the sale of various properties in the 21st Ward of the City of Pittsburgh in Redevelopment Area No. 27 (REAR YARDS).

Also,

No. 1587 Resolution approving execution of a Contract for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and Larry Jolmsen for the sale of Parcel 111 (1308 Liverpool Street), for the sum of \$9,500.00, in the 21st Ward of the City of Pittsburgh in Redevelopment Area No. 27. The redeveloper plans to rehabilitate the existing residential structure on this property.

Also,

No. 1588 Resolution approving execution of a Contract for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and Donald A. Spencer for the sale of Parcel 35 (1430 Columbus Avenue), for the sum of \$2,000.00, in the 21st Ward of the City of Pittsburgh in Redevelopment Area No. 27. The redeveloper plans to rehabilitate the existing residential structure on this property.

Which were severally read and referred to the Committee on Planning, Housing and Development.

Michelle Madoff presented

No. 1589 Resolution providing for an Agreement or Agreements and/or Contract or Contracts, or use of existing

Agreements or Contracts for the leasing of office space and the necessary services required due to the relocation and housing of the various occupants of the Public Safety Building, at a cost not to exceed \$1,600,000.00, chargeable to and payable from Code Account GS 86-06.

Which was read and referred to the Committee on General Services.

Michelle Madoff:

Point of order. I will move to suspend Rule 8 on that bill but only if we have the locations. Is that just authorizing to look for locations or do we have the locations determined to choose from? You know what we went through with that building here; I don't want to go through that scene again on moving the Water Department.

Mr. Perry:

The location is not in the bill.

The Chair:

We can discuss it tomorrow.

Michelle Madoff:

May I please have that when we get the bills.

Michelle Madoff moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Grabowski seconded the motion.

Mr. Wagner:

Opposed.

Which motion prevailed.

Mr. O'Malley presented

No. 1590 Resolution transferring the sum of \$50,000.00 to Code Account 1044, Supplies, Department of the Mayor, City Information Systems from Code Account 1043, Miscellaneous Services, Department of the Mayor City Information Systems. This reason for this request is an increase in 1986 in the paper forms, cables, PC supplies, etc., over the amounts used in 1985 and budgeted for, due to the increase in use of computer systems by all City departments.

Which was read and referred to the Committee on Finance.

Mr. O'Malley moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Pollock seconded the motion.

Which motion prevailed.

Also,

No. 1591 An Ordinance supplementing the Pittsburgh Code, Title One, Administrative, Article IX, Boards, Commissions and Authorities, by adding Chapter 176, "Comprehensive Municipal Pension Trust Fund."

Also,

No. 1592 Resolution to provide for the transfer of the assets of the City's various pension funds to the board of trustees of the Comprehensive Municipal Pension Trust Fund as required by the "Municipal Pension Plan Funding Standard and Recovery Act."

Also,

No. 1593 Resolution providing for an Agreement or Agreements between the City of Pittsburgh alone and/or with The School District of Pittsburgh and/or with the County of Allegheny and Real Estate Appraiser or Appraisers for professional and consulting services in connection with the City's sale or acquisition of real estate and real estate tax assessment matters involving real estate in the City, at a cost not to exceed \$25,000.00, chargeable to and payable from Code Account No. 1075, Miscellaneous Services, Department of Law.

Also,

No. 1594 Resolution amending Resolution No. 355, effective April 30, 1986, entitled: "Resolution providing for a professional services Agreement or Agreements for the provision of a needs assessment in connection with an automated activities tracking system for the Department of Law," by increasing the total allocation by \$2,000.00 from \$8,000.00 to \$10,000.00, chargeable to and payable from the Bureau of Information Systems, City Information Systems, Department of Mayor, Code Account No. 1043, Miscellaneous Services.

Also,

No. 1595 Resolution amending Resolution No. 354, effective April 30, 1986, entitled: "Resolution providing for an Agreement for the provision of computer training services to City Information Systems," by increasing the total allocation by \$10,000.00 from \$15,000.00 to \$25,000.00, chargeable to and payable from the Bureau of Information Systems, City Information Systems, Department of Mayor, Code Account No. 1043, Miscellaneous

Services.

Which were severally read and referred to the Committee on Finance.

Mr. Pollock presented

No. 1596 Communication from Daryl Smith, Director, Department of Water, requesting authorization for Robert Ravenstahl to attend a one-day seminar entitled: "Techniques for Collecting Accounts Receivable" at the Hyatt Pittsburgh in Chatham Center on October 28, 1986, at a cost not to exceed \$200.00, payable from Code Account No. 1922.

Which was read and referred to the Committee on Water.

Mr. Wagner presented

No. 1597 Resolution providing for the issuance of thirty (30) warrants in favor of State certified evaluators for the Public Safety Training Academy's Voluntary I Firefighter Certification Program for services rendered, at a cost not to exceed \$1,500.00, chargeable to and payable from the Department of Public Safety, Bureau of Administration Code Account (DPSTPP).

Which was read and referred to the Committee on Finance.

Also,

No. 1598 Resolution amending Resolution No. 598, effective July 15, 1986, entitled: "Resolution providing for a Contract or Contracts or the use of existing Contracts for the purchase, installation and construction of fencing for the Police Firearms Range," by increasing the total allocation by \$5,000.00 from \$25,000.00 to \$30,000.00, chargeable to and payable from the Department of Public Safety Code

Account (DPSTPP). (PRIOR APPROVAL GRANTED)

Also,

No. 1599 Communication from Glenn Cannon, Acting Director, Department of Public Safety, requesting authorization for fifteen (15) Public Safety personnel to attend the Water Rescue Seminar in Harrisburg, PA, October 10-11, 1986, at a cost not to exceed \$1,000.00, payable from Code Account PRIST. (PRIOR APPROVAL GRANTED)

Which were read and referred to the Committee on Public Safety.

The Chair presented

No. 1600 Petition from the residents of the City of Pittsburgh concerning the cutting of Emergency Medical Services over the Labor Day holiday and subsequent holidays. This petition is valid in accordance with Section 320 of the Home Rule Charter.

Also,

No. 1601 Petition from the residents of the City of Pittsburgh, requesting a public hearing concerning the questionable conduct and administrative activities of Public Safety Director John Norton, and also discussion on the disorganization in the Public Safety Department, particularly the implementation of the 5 zone concept. This petition is valid in accordance with Section 320 of the Home Rule Charter.

Also,

No. 1602 Communication from Thomas Flaherty, City Controller, submitting the Performance Audit Report of the Economic Development Department, Urban Redevelopment

Authority, pursuant to Resolution No. 230 of 1985.

Which were severally read, received and filed.

UNFINISHED BUSINESS

Michelle Madoff:

Correct me if I'm out of order, but I have two items that I'd like to find out if they're Unfinished Business. One of them is the nomination of Mr. Cannon.

The Chair:

That's not Unfinished Business. It will be presented at the proper time.

Michelle Madoff:

The other one is the election by district issue. Is that also the inappropriate time?

The Chair:

Inappropriate.

Michelle Madoff:

Would you tell me when it's the appropriate time?

The Chair:

Yes.

Michelle Madoff:

Thank you.

REPORTS OF COMMITTEES

Mr. O'Malley presented

Bill No. 1603

Report of the Committee on Finance for October 8, 1986 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1498

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Pugliano Construction Company (Angelo Pugliano, Partner) in the amount of \$1,962.00 in payment of Extra Work, being in addition to the original contract price of \$739,000.00 on Controller's Contract No. 27721, furnished for the benefit of the City in connection with the Building General Construction at the Pittsburgh Zoo, Phase 41: Plaza; and providing for the payment thereof." (PRIOR APPROVAL GRANTED)

Which was read.

Also,

Bill No. 1499

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Nicholson Construction Company (Peter Nicholson, President) in the amount of \$51,289.29 for the final partial payment of Extra Work for water and sewer line work on the Goettman Street Wall Emergency Contract; and providing for the payment thereof." (PRIOR APPROVAL GRANTED)

Which was read.

Also,

Bill No. 1500

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Nicholson Construction Company (Peter Nicholson, President) in the amount of \$23,579.00 for the final partial payment of an Emergency Contract for the Reconstruction of the Goettman Street Walk; and providing for the payment thereof." (PRIOR APPROVAL GRANTED)

Which was read.

Also,

Bill No. 1508

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of 3M Company in the amount of One Thousand Five Hundred Seventy Nine Dollars and Eighty Four Cents (\$1,579.84) for the emergency purchase of Microfilm Printer Paper needed for daily work performance in the Permits Office of the Department of Public Works, which currently is not covered under any City Contracts, and providing for the payment of the cost thereof."

Which was read.

Also,

Bill No. 1512

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of the James L. Smith Insurance Agency for payment of the annual premium for the Workers' Compensation Self Insurance Bond."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
	(Pres't)

AYES 8

NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 1513

A Resolution entitled, "Resolution authorizing the Mayor and the Directors of the Departments of Finance and Public Works, on behalf of the City of Pittsburgh to enter into a lease with the Grain Associates, Ross Nese, General Partner, for a term of fifty (50) years commencing on the effective date of this Resolution. Leasing a portion of Wharton Street, between South 22nd Street and the Birmingham Bridge in the 16th Ward of the City of Pittsburgh."

Which was read.

Also,

Bill No. 1514

A Resolution entitled, "Resolution providing for the filing of an application or applications with the County of

Allegheny and/or with the Authority for Improvements to Municipalities, and also for Agreements with each of the two said parties, concerning certain annual grants to the City commencing with the year 1986 and continuing each and every year thereafter, through the year 2011, and also concerning annual deferred loans to the City in amounts not to exceed \$426,000.00 each, for the same years, the proceeds of which grants and loans shall be used for projects and for facilities located within the City of Pittsburgh, and providing for the creation of a special trust fund for the deposit of said proceeds."

Which was read.

Mr. Wagner:

I'd like my comments brought forward on Bill No. 1514. Thank you.

(BEGINNING - MR. WAGNER'S
REMARKS ON BILL NO. 1514 -
WEDNESDAY, 10/8/86)

Mr. Wagner:

Mr. Donahoe, have we, as yet, designated how those funds are utilized, and has the application yet been put together?

Mr. Donahoe:

It hasn't been put together. Our bottom line need here is to have, when these funds come to the City, to have them put in the general fund of the City, since that is what our obligation is being paid out of while we are in the process of doing our findings of capital-kind of projects that are paid out of the operating budget. Now, what might go to State road repavement, that is in essence a capital investment, but a large part of that expense is paid out of the operating fund in the form of wages paid

to City employees who do the actual work. It could possibly be the City's subsidy to the Stadium itself, which would be more directly related to this matter, because a lot of that money is used for capital maintenance at the Stadium itself.

We were trying to get a reading from the Authority on which of these things would fall more in line with their guidelines, and we just haven't gotten that yet. As soon as I have that I will inform Council what the application would be, but our need is to get that money into our capital funds.

Mr. Wagner:

There is no need for that to be specified as part of the legislation?

Mr. Donahoe:

No.

Mr. Wagner:

I would simply appreciate knowing, once you determine and they determine what qualifies.

Mr. Donahoe:

I'll do that.

(END OF REMARKS)

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
	(Pres't)

AYES 8 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 1519

A Resolution entitled, "Resolution authorizing the issuance of a warrant in the amount of \$5,900.00 in favor of Rovitto Demolition, 2614 California Avenue, Pittsburgh, PA 15233 in payment of contract for demolition and removal of a 3 story frame party-wall dwelling & 2 story brick & frame garage (rear) located at 1162-64 Voskamp Street, 24th Ward, without previously authority of law and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
	(Pres't)

AYES 8 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Mr. Givens presented

Bill No. 1604

Report of the Committee on Public Works for October 8, 1986 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1509

A Resolution entitled, "Resolution Repealing Resolution No. 147 effective March 3, 1986, entitled: 'Providing for an Agreement or Agreements between the City of Pittsburgh and the Steel Valley Council of Governments for a Hydrolic Study of the West Run Creek and providing for the payment of the cost thereof.'"

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods

(Pres't)

AYES 8 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Grabowski presented

Bill No. 1605

Report of the Committee on Planning, Housing and Development for October 8, 1986 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1445

A Resolution entitled, "Resolution providing for an Agreement or Agreements with the Port Authority of Allegheny County for continuation of the Hill District and Oakland Loop Bus."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
	(Pres't)

AYES 8 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. DePasquale presented

Bill No. 1606

Report of the Committee on Engineering and Construction for October 8, 1986 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1501

A Resolution entitled, "Resolution Repealing Resolution No. 555, effective July 15, 1983, entitled: 'Providing for a Contract or Contracts for Rehabilitation of Six (6) Synchronous Motors at the Brilliant Pumping Station; and providing for the payment of the cost thereof.'"

Which was read.

Also,

Bill No. 1502

A Resolution entitled, "Resolution amending Resolution No. 1234, effective November 26, 1980, entitled: 'Providing for an Architectural and/or Engineering Agreement or Agreements in connection with the construction of a new No. 42 Fire Station, Chestnut Street and providing for the payment of the cost thereof,'" by decreasing the total project allocation from \$80,000.00 to \$66,703.19."

Which was read.

Also,

Bill No. 1503

A Resolution entitled, "Resolution further amending Resolution No. 244, effective April 20, 1983, as amended by Resolution No. 686, effective August 21, 1984, entitled: 'Providing for an Agreement or Agreements for Architectural/Engineering Services and a Contract or Contracts, including the use of existing Contracts, for construction in connection with alterations at Special Populations Program Centers to accommodate the physically handicapped, and providing for the payment of the cost thereof,' by decreasing the total project allocation from \$80,000.00 to \$79,484.00."

Which was read.

Also,

Bill No. 1504

A Resolution entitled, "Resolution further amending Resolution No. 1283 of 1985, as amended, entitled: 'Resolution adopting and approving the 1986 Capital Budget and the 1986 Community Development Block Grant Program; and approving the 1986 through 1991 Capital Budget Improvement Program,' by increasing a line item, creating a new line item, and adjusting the Summary Totals."

Which was read.

Also,

Bill No. 1505

A Resolution entitled, "Resolution providing for an Agreement or Agreements with a Consultant or Consultants for Preliminary and Final Design Services in connection with the

Replacement of the Larimer Avenue Bridge over Conrail Tracks; providing for a Reimbursement Agreement or Agreements with the Commonwealth of Pennsylvania, Department of Transportation; and providing for the payment of the costs thereof."

Which was read.

The Chair

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
	(Pres't)

AYES 8

NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

MOTIONS AND RESOLUTIONS

The Chair presents

No. 1607 Resolution that the appointment by the Mayor of Glenn Cannon of 1040 Portland Street, Pittsburgh, PA 15206 be and the same is hereby appointed and confirmed as the Director of the Department of Public Safety. Said appointment shall be effective immediately.

Which was read

Mr. Givens:

Mr. President, if we could hold, as Council customarily does on new directors being appointed, for a two week period.

The Chair:

Bring Mr. Cannon in a week from Wednesday, a week from tomorrow. That's normal procedure.

Mr. Givens:

May I ask if Mr. Cannon would provide this Councilman and I'm sure others with any resumes that he might have on his background going back to when he was in school, etc. even at the grade school and high school level, any commendations, any sporting awards, any Boy Scouts, along with all his other academic credentials. This Councilman would appreciate anything that he might add to what we already know on his services within the City of Pittsburgh.

Mr. DePasquale:

Be sure he includes his good Scout award.

Mr. Givens:

Absolutely.

The Chair:

He will be coming in a week from tomorrow.

Michelle Madoff:

I'm a little bit confused at what's happening here today. I'm not really familiar with the process and I think perhaps much of the public isn't so if you'd clarify it I'd appreciate it. You've introduced the name, do you need a

second on that?

The Chair:

No.

Michelle Madoff:

So it's just a matter of an introduction. And then the procedure is to hold it until we interview the person.

The Chair:

Right.

Michelle Madoff:

Don't you think that person has been interviewed to death?

The Chair:

I personally do, myself, but we follow the Rules of Council and bring him in the normal legislative period which would be a week from tomorrow.

Michelle Madoff:

A week from tomorrow. Then we would vote final vote --

The Chair:

It would be on the 27th. Two weeks from yesterday. It's the normal calendar of Council.

Michelle Madoff:

Well, just for the record, our phones are going to come off the hook and life is going to be unbearable. You have to bite the bullet and get on with it. There's no way of waiving that rule, is there?

The Chair:

Yes there is but I would prefer that we just follow the normal process. This way it's not rushed through and no one can claim that we've done that.

Michelle Madoff:

Fine.

Mr. Wagner:

Mr. President and members of Council, my concern is that in the name coming in front of us that it may be happening too quickly. As Chairman of Public Safety, I have continually indicated things that were occurring in Public Safety for the last year, year and a half of which I was not comfortable with. I'm not saying in any way that I'm not comfortable with the name that has been presented; I believe that individual is a very competent individual and obviously is performing with the responsibility of a full directorship except for hiring and firing. I believe the best test for an individual in any position, whether it be at the top of the ladder or the bottom rung of a ladder, is the interim time frame and the performance within that time frame.

For that reason, I would hope that Council would entertain a grace period of, say, 60 days in the acting director position for Mr. Cannon. I believe within that time frame, all of us would know quite well the performance of the individual. I don't think there's any better test than that for anyone in any position. If you go back with the position when we initially filled it, we didn't have that opportunity. It was an interview process with an individual and I personally asked many questions in that interview process and some members of Council did also. But there's a big difference between asking questions and

evaluating performance on the job. And because it is such an important position of which it oversees 2600 people within the City of Pittsburgh, I think the best test and the best evaluation process is the acting position of director. And I tend to believe Mr. Cannon in that position will show that he is competent in it.

The other point that I want to mention that I think is very important relates to the budget. The Mayor will be presenting the budget to us in approximately three weeks, of which a considerable portion of that budget is Public Safety, almost one-half of the budget. I believe it's very important to know where that department is going and to have input from the Administration, the Mayor, the budget people, and the acting director, prior to confirmation to this position. I, as Chairman of Public Safety, have had concerns all along, I have brought them to all members of this Council, and that is my concern now. I would prefer to see this position remain as an acting position for approximately 60 day.

The Chair:

Thank you.

Mr. Givens presents

No. 1608 WHEREAS, at the recent convention of the National Association of Telecommunications Officers and Advisors, the Board of Directors presented its first annual award for "Outstanding Government Programming" to the City of Pittsburgh's Bureau of Cable Communications; and,

WHEREAS, the Board of Directors also named Brother Richard Emenecker, our Superintendent of the Cable Bureau, the Association's first annual "Member of the Year" for his dedicated and

outstanding service in the cable communications industry; and,

WHEREAS, this award has again provided national prestige and recognition to the City of Pittsburgh's Cable Bureau to complement the 1985 National Federation of Local Cable Programmers award in the category of "Best Municipal Programming;" and,

WHEREAS, during the past ten years since its installation, the City of Pittsburgh has become a model for government regulation and utilization of cable television that has been adopted by several major cities; and,

WHEREAS, the current cable system operated by Pittsburgh Tele-Communications, Inc. has more than 84,000 subscribers who have access to a broad range of helpful government information and exciting commercial programming;

NOW, THEREFORE,

BE IT RESOLVED, that the Mayor and the Council of the City of Pittsburgh hereby commends the entire staff of the Bureau of Cable Communications in the Department of Public Works for their dedication, service, and continued national leadership in cable communications.

Mr. Givens moved to adopt the resolution.

Michelle Madoff seconded the motion.

Which motion prevailed.

Mr. Givens:

I would like to bring Brother Richard Emenecker who is our Bureau Chief here to come up and say a few words. This is a nationally recognized

achievement award for both Brother Richard and for our programming as we view it on 17. As some will say in this room, it's the best show in town. However, I think we are to have a feather in our hat for the good dedicated work that they have done and are so recognized nationally, the City of Pittsburgh and our Cable Bureau.

With that, I'd like Brother Richard to say a few words and also to commend Lawrence Staab and Saul Ellis who are our TV manager and regulation supervisor.

Brother Richard:

Thank you, Mr. Givens. I would like to thank City Council for this recognition. It's always a great honor to receive recognition at a national level; it's a sweeter honor to have that recognized at the local level. We enjoy doing what we do.

I owe it all to the staff. As one individual, I obviously cannot do it all and I do have an outstanding staff and I think they are a credit to the City for all the work that they do. Thank you.

Mr. Givens:

A few of the staff members, they're a little bit bashful, but if I could call them up here to please make a comment to the people in the audience. I'd appreciate it very much.

Mr. Staab:

I'd like to thank the team behind the scenes, the people behind the cameras, the people behind the headsets. Thanks for your good work.

Mr. Ellis:

My thank you goes to the members

on the regulation section. They are not here but I'd like to say thanks to everyone. Thank you.

Michelle Madoff:

On another matter, Mr. President. We are all aware that there has been a great deal of pressure on this Council to change the process of election from the present form of at large to by district or a combination. I think this Council should take the leadership of putting on the ballot the three questions so that we don't have to have signatures from the citizens making it look like we don't want to do the proper thing. I would suggest that this Council put the three questions on the ballot which would say, do you wish to have election by district, 9-0; do you wish to have election in its present form, at large; or a combination of either 7-2 or 6-3. We should decide what that is amongst ourselves and come up a position to put three questions on the ballot without having the public to go out and get 14,000 or 20,000 signatures and making it look like we were coerced into doing what we're going to do anyway.

Mr. Pollock:

Put it in writing.

The Chair:

Please, address your remarks to the Chair. You are out of order.

Michelle Madoff:

Mr. President, I'm doing it as a floor motion that we move expeditiously to put the three questions on the ballot for May and we determine what those three questions will be. The three question being, the stickler being, shall it be 6-3, 7-2, or whatever. But not have it appear that this Council is being

pressured by the public because we want to do it anyway. Let's just do it.

The Chair:

Michelle, I had a meeting with Danny Pellegrini and he is going to meet with all members of Council and I suggest that you wait until he meets with you and perhaps we'll have a solution.

Michelle Madoff:

I don't have a problem with it but there's going to be something —

The Chair:

Within a few days he'll be meeting with you.

Michelle Madoff:

Fine, but there will be something on the ballot in May and I think we would all agree that we should not make it look like we're fighting it because we want to hold onto our territory and our turf. As a matter of record, I will have to move. I know that I will have to move and if I move now, wherever my house is will be gerrymander. So, I'll have to wait until the divisions are made and then move into an area I think I can win, if indeed election, it is the decision and the voice of the public and the public has a right to vote. And I don't think we should delay it any longer than we have to. When is Mr. Pellegrini going to meet with us?

The Chair:

Within the week.

Mr. Givens:

Mr. President, in your absence this last week or so, dated October 8th, all the members of Council were in receipt of a letter from Mr. Tom Flaherty

addressed to all the Councilmembers and I would like to introduce the letter into the record. I won't read the whole thing but in the last paragraph, the Controller urges us to launch a full-scale public investigation into this flagrant abuse of office, etc.

This is a very serious allegation that the Controller has laid upon all of the Councilpeople to address and I feel, personally, that Mr. Flaherty — that this is not the body for this particular investigation to come forward with and any time that the police have been involved, it's been traditional that the Controller would normally seek the District Attorney of Allegheny County or the Attorney General of the State of Pennsylvania or the Federal Attorney General, whichever avenue he would want to choose.

I think the allegations that Mr. Flaherty inserts here is one that is most alarming, that if we in fact have abuse of police powers within the City of Pittsburgh, that it falls on all of our shoulders to have this thing done and done properly and I submit to the Controller of the City that he do this and not that I want to shirk my responsibilities but I feel all of us in this Council have an impression one way or the other on all the people who serve in this particular government to get a complete and fair hearing, if he so desires it, then he should seek the counsel that I have just mentioned to get a full and complete investigation. Otherwise, I think this thing then should die a natural death within this City, that the taxpayers and our residents know that action is going to be taken if Mr. Flaherty wants to pursue that particular issue.

Mr. Wagner:

Mr. President and members of

Council, in regard to the same issue, all of us have received the same letter and the same request. I think it's important for Council to refer continually to the Charter and the Charter gives us two powers, to investigate and to legislate. This Council only follows one portion of those powers and that is to legislate. We seldom, if ever, investigate.

There have been serious allegations made and a statement has been made within the Department of Public Safety that yes, an investigation did take place. I do not know if the investigation was warranted or not. But yes we do know that an investigation and a one-statement comment has been made in regard to it. It doesn't matter whether it's the Controller, a member of the Cable Communication Bureau, a member of this Council, or anyone else within City government. This Council has a right to know why and this Council should follow up and find out why. We may well find out that it was warranted or we may find out that it was not warranted, and that really is the issue. The issue doesn't go beyond that, it goes beyond whether or not it qualified for an investigation. I see nothing wrong with this body providing the checks and balances on the Administration that its intended to provide according to the Charter, according to what the powers of the citizens have given this Council. It doesn't matter who it is within this government but I believe this Council has a responsibility to follow up on it. If it does not, this Council is as liable as the Administration is for initiating an investigation that may not have been warranted, because we are given the powers to provide that check and balance.

So, I for one would like to see this Council determine at the very least, as to whether or not it was warranted and we should do that, I believe, in a formal

fashion, not with one Councilmember having a post agenda, one Councilmember initiating their own investigation without the support of the majority. But I believe this body should act on that in some formal fashion to yes, get that issue behind us. If we do not, that issue will linger with this body, with this Administration, forever. And I for one do not want to be a part of it and the only way we can cleanse it is to look into it and find out what the facts are.

Michelle Madoff:

In principle I agree with what Mr. Wagner is saying, that when we have an audit this Council has the right to convene a post agenda or even a hearing. Any member of this Council can call a hearing; we don't need to go out and get 25 signatures. That is the prerogative of every member of this Council.

With reference to the URA allegations, they are not new, they've been made by HUD. There have been several investigations already made. There has been no denial of the allegations. As a matter of fact, it seems to me that there is a letter, I don't have a copy of the report in front of me, that says yes, we've had some problems and we're going to correct those problems.

Now, what are we going to learn through a hearing that has already not been admitted to? That there is a problem, there is sloppy bookkeeping and that indeed not only has there been one report made on it but I think two others. I understand this is only half the report; there is another part of the report coming out and it will be interesting to see what that has to say, and I think what we need is a meeting set up between the President of this Council and the Administration to see what the

Administration is going to do about tightening its administrative efforts, because no matter what we do in this Council, no matter how much we investigate, we only get the information that department heads are willing to share with us and furthermore, we have no authority to do anything. This Council cannot do anything.

The Chair:

Michelle, let me interrupt you for one moment. I think you misunderstand what Mr. Wagner is saying. He was referring to an investigation of the allegation that Mr. Norton had Mr. Flaherty investigated. Am I correct?

Mr. Wagner:

You're correct but it's not an allegation; it's a fact.

Michelle Madoff:

Did you change subjects in the middle of the stream? Are you no longer talking about what Mr. Givens talked about.

Mr. Wagner:

I'm talking about the same topic as Mr. Givens.

The Chair:

They're both talking about the investigation of Mr. Flaherty.

Michelle Madoff:

Are we talking about the report from Mr. Flaherty's office on URA --

The Chair:

No.

Michelle Madoff:

There is a letter from Mr. Flaherty about the URA.

The Chair:

That's a different issue.

Michelle Madoff:

I believe Mr. Wagner said whether it's one issue or another, we should be investigating them all and that's where I got a little sidetracked.

Mr. O'Malley moved to excuse Mrs. Masloff for absence from the meeting.

Mr. Grabowski seconded the motion.

Which motion prevailed.

Mr. DePasquale moved to approve the Minutes of Monday, September 15, 1986; Monday, September 22, 1986; and Monday, September 29, 1986.

Mr. Givens seconded the motion.

Which motion prevailed.

And on the motion of **Mr. DePasquale**

Council adjourned.

Municipal Record

Proceedings of the Council of the City of Pittsburgh

VOL. CXX

Monday, October 20, 1986

No. 40

Municipal Record

ONE-HUNDRED TWENTY-FOURTH COUNCIL

BEN WOODS President
MICHAEL PERRY City Clerk
LINDA M. JOHNSON Asst. City Clerk

Pittsburgh, PA
Monday, October 20, 1986

PRESENT:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
	(Pres't)

ABSENT:

Mr. Grabowski

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

PRESENTATIONS

Mr. Pollock presents

No. 1647 WHEREAS, The Brashear Association, a United Way agency, has been a provider for social services and community development in South Side and its adjacent communities since 1917; and

WHEREAS, The Brashear Association's two community centers, the Brashear Center of Sarah Street and the Henry Kaufmann Neighborhood House on Salisbury Street, serve as community meeting places and clearing houses for information services and referrals; and

WHEREAS, many vital programs are housed by The Brashear Association including an adult day-care center, senior nutrition services, a rehabilitation/support group for victims of cardio-vascular accidents, emergency food pantries, a preschool and day-care center, a Children's Dental Clinic and a Well Baby Clinic; and

WHEREAS, The Brashear Association sponsors recreational and educational programs for adults and children and works with community organizations to resolve neighborhood problems, and Brashear Association is one of two pilot sites for Project LEARN, an adult literacy program; and

WHEREAS, on October 25, 1986, the Brashear Association will be the receiver of the Community Service Award at the Annual South Side Chamber of Commerce Dinner for its numerous

years of dedication and countless hours of providing for the less fortunate and maintaining a successful community.

NOW, THEREFORE, BE IT RESOLVED, that the Mayor and the Council of the City of Pittsburgh do hereby commend The Brashear Association and its entire staff for the many contributions to the South Side area and its adjacent communities and we urge its participants to continue to strive for personal and professional success; and

BE IT FURTHER RESOLVED, that the Mayor and the Council of the City of Pittsburgh also congratulate The Brashear Association on being the recipient of the Community Service Award for its many years of fine services.

Mr. Pollock moved to adopt the resolution.

Mr. Wagner seconded the motion.

Which motion prevailed.

Mr. Pollock:

Here today is Hugh Brannan who is the President, and who had no idea he was going to be receiving this so he probably doesn't have anything prepared to say, but if he could just say a few words, ad lib, I'd appreciate it.

Mr. Brannan:

I'm real surprised because I wasn't expecting this today. The Brashear Association has been serving the South Side for over 70 years and this Saturday evening South Side Chamber of Commerce is going to acknowledge those years of service with their annual community service award. The Association is quite pleased that its

going to be receiving the award and very thankful today for this resolution and Council's adoption of it. Thank you.

The Chair:

Thank you.

Mr. DePasquale presented

No. 1611 Resolution providing for a Contract or Contracts, or use of existing Contracts, for the Reconstruction of the Department of Public Works' Second Avenue Building at a cost not to exceed \$585,000.00, chargeable to and payable from Code Account EC 86-87.

Which was read and referred to the Committee on Engineering and Construction.

Mr. DePasquale moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Givens seconded the motion.

Which motion prevailed.

Also,

No. 1612 Resolution providing for the issuance of a warrant in favor of General Roofing Company (D. Dale Hamilton, III, President) in the amount of \$7,348.60 in payment of Extra Work, being in addition to the original contract price of \$257,666.00 on Controller's Contract No. 27280, furnished for the benefit of the City in connection with the Emergency Jobs Bill - Roof Rehabilitation of Various City Facilities, payable from Code Account EC 85-59.
(PRIOR APPROVAL GRANTED)

Which was read and referred to the Committee on Finance.

Also,

No. 1613 Resolution amending Resolution No. 145, effective March 3, 1986, entitled: "Providing for an Agreement or Agreements with a Consultant or Consultants for Engineering Services in connection with the Shop Inspection of the fabrication of the structural steel for the Bloomfield Bridge, Phase IV; and providing for the payment of the cost thereof," by providing for a Supplemental Agreement or Agreements and by increasing the total project allocation by \$638.03 from \$6,000.00 to \$6,638.03, chargeable to and payable from the Bloomfield Bridge Trust Fund.

Also,

No. 1614 Resolution further amending Resolution No. 1283 of 1985, as amended, entitled: "Resolution adopting and approving the 1986 Capital Budget and the 1986 Community Development Block Grant Program; and approving the 1986 through 1991 Capital Improvement Program," by increasing line item EC 86-33 Architectural/Engineering Contracts by \$75,000.00 and increasing EC 86-58 Tree Planting Program by \$7,543.00 and adjusting the Summary Totals.

Also,

No. 1615 Resolution further amending Resolution No. 522, effective June 13, 1985, as amended by Resolution No. 1126, effective December 11, 1985, entitled: "Providing for an Agreement or Agreements, or Supplemental Agreement or Agreements, with a Consultant or Consultants for Engineering Services in connection with the Shop Inspection of the fabrication of the structural steel for

the Pennsylvania Avenue Bridge; and providing for the payment of the costs thereof," by increasing the total project allocation by \$3,478.64 from \$40,000.00 to \$43,478.64," chargeable to and payable from the Pennsylvania Avenue Bridge Trust Fund.

Also,

No. 1616 Resolution further amending Resolution No. 294, effective April 24, 1984, as amended by Resolution No. 1015, effective November 29, 1984, entitled: "Providing for an Agreement or Agreements, or Supplemental Agreement or Agreements with Robert W. Hunt Company (Daniel V. Biank, P.E., General Manager) for Professional Engineering Services in connection with the Steel Inspection for the Bloomfield Bridge, Phase III; and providing for the payment of the cost thereof," by increasing the total project allocation by \$34,809.40 from \$235,000.00 to \$269,809.40, chargeable to and payable from the Bloomfield Bridge Trust Fund.

Also,

No. 1617 Resolution providing for an Agreement or Agreements with a Consultant or Consultants for Engineering Services in connection with the In-Depth Inspection of the Fort Pitt Boulevard - Eastbound/Market Street Bridges; providing for a Reimbursement Agreement or Agreements with the Commonwealth of Pennsylvania, Department of Transportation; at a cost not to exceed \$60,000.00, chargeable to and payable from Code Account EC 86-10.

Also,

No. 1618 Resolution further amending Resolution No. 1372, effective December 23, 1982, as amended by Resolution No. 820, effective September

30, 1983, entitled: "Providing for an Agreement or Agreements or Supplemental Agreement or Agreements, with a Consultant or Consultants for Engineering Services in connection with the Rehabilitation of a portion of Fort Pitt Boulevard - Eastbound; and providing for the payment of the cost thereof," by amending the title to include the Rehabilitation of the Market Street Overpass and by increasing the total project allocation by \$240,000.00 from \$152,000.00 to \$392,000.00, chargeable to and payable from the following Code Accounts: PW 81-38 \$92,000.00, PW 83-07 \$60,000.00, EC 86-17 \$200,000.00, and EC 86-21 \$40,000.00.

Also,

No. 1619 Resolution providing for a Contract or Contracts or use of existing Contracts, for the Rehabilitation of Swisshelm Park Playground at a cost not to exceed \$77,000.00, chargeable to and payable from EC 85-38 \$7,000.00 and EC 86-49 \$70,000.00.

Also,

No. 1620 Resolution Repealing Resolution No. 880, effective August 31, 1981, entitled: "Providing for an Agreement or Agreements or use of existing Agreements for professional services in connection with the Phase II Design of Volunteer's Field at a cost not to exceed \$20,000.00, chargeable to and payable from Code Account PR 80-30.

Which were severally read and referred to the Committee on Engineering and Construction.

Mr. Givens presented

No. 1621 Resolution transferring the sum of \$10,000.00 from Code Account No. 1167, Wages, Regular

Employees, Department of Environmental Services to Code Account No. 1160-1, Premium Pay, Department of Environmental Services. The transfer is necessary to cover the additional overtime cost as a result of past performance over the years.

Which was read and referred to the Committee on Finance.

Mr. DePasquale for Mr. Grabowski presented

No. 1622 Resolution providing for the filing of Application(s) for financial assistance by the City of Pittsburgh with the Pennsylvania Department of Community Affairs, Commonwealth of Pennsylvania for the undertaking of Strategy 21 as permitted by the Redevelopment Assistance Capital Projects Law.

Which was read and referred to the Committee on Planning, Housing and Development.

Michelle Madoff presented

No. 1623 Resolution providing for the letting of a Contract or Contracts, or for the use of existing Contracts for the purchase and installation of approximately eight (8) Twin Post Hydraulic Lifts for the Department of General Services at a cost not to exceed \$40,000.00, chargeable to and payable from Code Account 4-30-01-0001-86, (GS 86-01), Miscellaneous Equipment for City Departments.

Also,

No. 1624 Communication from George Jacoby, Director, Department of General Services, requesting authorization for Nancy Burgy to attend a course on the Maintenance of Commercial Vehicles in University Park,

PA from November 18-20, 1986, at a cost not to exceed \$650.00, payable from Code Account No. 1128, Miscellaneous Services.

Which were read and referred to the Committee on General Services.

Mr. O'Malley presented

No. 1625 Resolution authorizing the transfer of \$802,300.00 from Code Account 44, Workers Compensation, (\$150,000.00) from Code Account 1402-9, Department of Public Safety-Administration Worker's Compensation, and (\$320,000.00) from Code Account 41, Real Estate Tax Refunds to various departmental Workers Compensation Code Accounts.

Which was read and referred to the Committee on Finance.

Mr. O'Malley moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mrs. Masloff seconded the motion.

Which motion prevailed.

Also,

No. 1626 Resolution providing for the issuance of a warrant in the amount of \$3,284.36 for computer equipment unavailable from City's existing contract in favor of BUSINESSLAND for the Bureau of Information Systems, City Information Systems, Department of the Mayor, Code Account No. 1045, Equipment. (PRIOR APPROVAL GRANTED)

Also,

No. 1627 Resolution providing for the issuance of a warrant in the amount of \$25,000.00, payable to Gordon J. Isherwood, c/o William A. Weiler, Esquire, 4762 Liberty Avenue, Pittsburgh, PA 15224, in the full settlement of a claim for personal injuries, arising from an accident which occurred on or about the 18th day of February 18, 1983, at 3538 Butler Street, Pittsburgh, PA, payable from Code Account No. 46, Judgments.

Also,

No. 1628 Resolution Repealing Resolution No. 334, Item C, approved April 10, 1985, which authorized the sale of property in the 17th Ward, being a lot located at Roscoe Street, designated as Block 13-B, Lot 19 to Beverly B. Petrone, for the sum of \$300.00. The reason for the above Repealing resolution is that when the purchaser initiated the sale, she was buying the lot in the belief that the building was being razed. However, it was later determined that because of the manner of construction, part of the double building could not be razed.

Also,

No. 1629 Resolution amending Resolution No. 36, Item J, approved February 4, 1986, amended by Resolution No. 335, approved April 23, 1986, which authorized the sale of property at 121 Cagwin Street, designated as Block 35-J, Lot 157 to John R. Kilkeary and Mary G. Kilkeary, his wife, for the sum of \$500.00. The reason for the above Amendment is to correct the Ward number from the 19th Ward to the 20th Ward. Property is located quite close to the dividing line of both Wards, but is in the 20th Ward.

Also,

No. 1630 Resolution amending Resolution No. 202, Items C, G and J, approved March 19, 1986, which authorized the sale of property in various wards of the City of Pittsburgh. All of the properties are vacant land. The reasons for the above Amendment are as follows: Item C - Amendment is to correct the lot size in plan lot parcel #6 from average 101 to 101.79. Both the Proposal and the Resolution should read: Lot 22.01 X 101.79. Item G - Amendment is to correct the name of the former owner from Grace N. Harper to Grace H. Harger, with notice to Grace A. Harger. Also to establish the fact that this sale is a Sheriff Sale. Sheriff Sale D.T.D. #1511. Item J - The information remains the same, this Amendment is to state the fact that the sale is a Sheriff Sale. Sheriff Sale D.T.L. #173, April Term, 1948, Reference is to parcel 10-K-211, located at 624 Lawson Street.

Also,

No. 1631 Resolution providing for the filing of a petition or petitions for the sale of certain properties, acquired at tax sales in accordance with Act No. 171 of 1984. Properties are in various Wards of the City of Pittsburgh.

Which were severally read and referred to the Committee on Finance.

Mr. Pollock presented

No. 1632 Resolution providing for the issuance of a warrant in favor of Perkin-Elmer Corporation, in the amount of \$780.00 in payment for services furnished for the benefit of the City in connection with repairs to the Spectrophotometer at the Treatment Plant, chargeable to and payable from Code Account 1974, Repairs, Department of Water. (PRIOR APPROVAL GRANTED)

Also,

No. 1633 Resolution transferring \$7,000.00 from Code Account 1920, Salaries, Administration Division to Code Account 1921, Premium Pay, Administration Division, Department of Water. Additional funds are needed to carry us through the fourth quarter of 1986.

Also,

No. 1634 Resolution transferring \$35,000.00 from Code Account 1981, Premium Pay, Distribution Division to Code Account 1983, Supplies \$7,000.00 and to Code Account No. 1986, Materials \$28,000.00. Expenditures for supplies and materials to the present time have exceeded our expectations for the needs of these code accounts and necessitates the transfer of additional funds as specified.

Which were severally read and referred to the Committee on Finance.

Mr. Wagner presented

No. 1635 Resolution authorizing the issuance of a warrant in the amount of \$1,550.00 in favor of Earnest and Willie Wilkerson in payment for emergency sewage work at 1936 Bedford Avenue, 3rd Ward, chargeable to and payable from Code Account, Capital Project Funds 4-27-10-0005-86, Index Code 360073.

Which was read and referred to the Committee on Finance.

Also,

No. 1636 Communication from Glenn Cannon, Acting Director, Department of Public Safety, requesting authorization for Chief John Moran, Fire Bureau, Department of Public Safety to

attend the National Training Resource and Data Exchange (TRADE) Conference in Emmitsburg, Maryland from November 30, 1986 through December 5, 1986, at a cost not to exceed \$250.00, payable from Code Account (PRIST), Bureau of Fire, Department of Public Safety. Permission is also requested for use of a City vehicle. (PRIOR APPROVAL GRANTED)

Also,

No. 1637 Communication from Glenn Cannon, Acting Director, Department of Public Safety, requesting authorization for Detective William Joyce, Bureau of Police, Department of Public Safety to attend the Pennsylvania State Police Electronic Surveillance School at the State Police Academy in Hershey, PA, which will be held October 20 through November 7, 1986, at a cost not to exceed \$750.00, payable from Code Account (DPSTPP), Bureau of Police, Department of Public Safety. (PRIOR APPROVAL GRANTED)

Also,

No. 1638 Communication from Glenn Cannon, Acting Director, Department of Public Safety, requesting authorization for Chief John R. Leahy, Jr., Department of Public Safety, Bureau of Fire to attend the International Society of Fire Service Instructors to be held in Baltimore, Maryland from October 22 through October 26, 1986, at a cost not to exceed \$900.00, payable from the Department of Public Safety, Bureau of Fire Code Account (PRIST). Permission is also requested for use of a City vehicle. (PRIOR APPROVAL GRANTED)

Which were severally read and referred to the Committee on Public Safety.

The Chair presented

No. 1639 Petition from the residents of the City of Pittsburgh, requesting a public hearing concerning the Mayor's appointment of Glenn Cannon as Director of the Department of Public Safety as well as the validity and appropriateness of the Department of Public Safety. This petition is valid in accordance with Section 320(a) of the Home Rule Charter and invalid in accordance with Section 320(b) of the Home Rule Charter.

Also,

No. 1640 Petition from the residents of the City of Pittsburgh, requesting a public hearing prior to the voting upon or ratification of the Mayor's nominee for the position of Public Safety Director for the City of Pittsburgh. (This petition is valid in accordance with Section 320 of the Home Rule Charter).

Which were read, received and filed.

REPORTS OF COMMITTEES

Mr. O'Malley presented

Bill No. 1641

Report of the Committee on Finance for October 15, 1986 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1534

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Trumbull Corporation (Perry J. Dick, President) in the amount of

\$1,634.65 in payment of Extra Work, being in addition to the original contract price of \$4,083,511.40 on Controller's Contract No. 26925, furnished for the benefit of the City in connection with the Reconstruction of Grant Street, Phase I; and providing for the payment thereof."

Which was read.

Also,

Bill No. 1535

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Nicholson Construction Company (Peter Nicholson, President) in the amount of \$1,650.00 in payment of Extra Work performed in connection with the Emergency Contract for the Reconstruction of Goettman Street Wall; and providing for the payment thereof."

Which was read.

Also,

Bill No. 1536

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Ace Demolition, Inc. in the amount of \$23,100.00 in payment of the partial demolition of a Three-Story Masonry Building located at 617 Second Avenue, First Ward, City of Pittsburgh; and providing for the payment thereof."

Which was read.

Mr. DePasquale:

Just a technicality, in Bill 1536, the word masonry in the third line, that should be masonry.

The Chair:

Okay, that stands corrected.

Michelle Madoff:

Mr. President, a letter was sent to Mr. Imhoff dated October 15th and today's date is the 20th, that's five days ago.

"Dear Chief Imhoff:

At the Standing Committee of Council held earlier today during discussion of Bill 1536, Councilwoman Michelle Madoff requested that you provide this office with some items of information. Specifically, the Councilwoman wanted you to provide her with 1) the number of letter bids sent out for this demolition project at 617 Second Avenue in the First Ward; 2) the name of the demolition companies contacted; and 3) and explanation of how your department arrived at the estimated cost of the demolition.

Bill 1536 is up for final action on Monday, October 20th.

Thank you for your cooperation."

I have not received an answer; have you, Linda?

Linda Johnson:

No.

Michelle Madoff:

I move we hold the bill until I get an answer.

Mr. O'Malley seconded the motion.

Which motion prevailed.

Also,

Bill No. 1537

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Anderson Equipment Company in the amount of Ten Thousand Two Hundred Sixty Five (\$10,265.00) Dollars for the purchase of a Dialgrade Laser with related attachments to be used for sewer alignment and grade, and providing for the payment of the cost thereof."

Which was read.

Also,

Bill No. 1540

A Resolution entitled, "Resolution authorizing the issuance of a warrant in favor of Donna Lee Walker in the amount of \$1,275.00 in payment for nursing services for the Therapeutic Recreation Camp Joy Programs, furnished for the benefit of the City without previous authority of law; and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
	(Pres't)

AYES 8 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 1542

A Resolution entitled, "Resolution authorizing the transfer of Twenty-Seven Thousand Eighty-Eight Dollars (\$27,088.00) from Code Account 41, Index Code 004101, Real Estate Refunds, to the Retirees Pension Fund Trust Fund (RPFTF)."

Which was read.

Also,

Bill No. 1543

A Resolution entitled, "Resolution amending Resolution No. 465, Item H, approved June 3, 1986, which authorized the sale of property in the 17th Ward, being 2 vacant lots, located at 1030 Warrington Avenue and #1 Mt. Oliver, designated as Block 14-D, Lots 74 and 76, to John E. MacDonald, for the sum of \$1,000.00."

Which was read.

Also,

Bill No. 1544

A Resolution entitled, "Resolution providing for the filing of a petition for the sale of certain property or properties in various Wards of the City of Pittsburgh, acquired at tax sales in accordance with Act No. 171 of 1984."

Which was read.

Also,

Bill No. 1548

A Resolution entitled, "Resolution transferring the sum of Thirty Thousand Dollars (\$30,000.00) from Code Account 41, Index Code (004101) Refunds - Real Estate Tax, Department of Finance, to Code Account 1443-6, Index Code (144360), Police Ingrade Pay, Bureau of Police, Department of Public Safety. This transfer is necessary to cover Police Ingrade payroll for the remainder of 1986."

Which was read.

Also,

Bill No. 1590

A Resolution entitled, "Resolution transferring the sum of \$50,000.00 to Code Account 1044, Index Code 104406, Supplies, Department of the Mayor, City Information Systems from Code Account 1043, Index Code 104307, Miscellaneous Services, Department of the Mayor City Information Systems."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
	(Pres't)

AYES 8 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Givens presented

Bill No. 1642

Report of the Committee on Public Works for October 15, 1986 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1574

A Resolution entitled, "Resolution providing for a Contract or Contracts, or the use of existing Contracts, for the Sixth Street Bridge Lane Control System, and providing for the payment of the cost thereof."

Which was read.

Mr. Wagner:

I would like to request that my comments be brought forward from last Wednesday's meeting on that bill.

(BEGINNING - MR. WAGNER'S
REMARKS ON BILL NO. 1574 -
WEDNESDAY, 10/15/86)

Mr. Wagner:

This legislation goes back a year and one-half ago when we got many parties together here at this table at a post agenda to talk about the traffic problems around Three Rivers Stadium. As a result of that meeting, Public Works, Engineering and Construction got together and went out and purchased lane-control devices for the Sixth Street

Bridge which have been installed and are in use and have been in use for about one month to six weeks. What the lane-control devices do is change the directional flow of traffic before and after events at Three Rivers Stadium. And as a result of it I believe is better traffic flow access in and out of the stadium. The legislation helps to address a serious problem at Three Rivers Stadium and I highly recommend it.

I'd also like to state and compliment in particular, Public Works, and Ed Gergerich who was very involved in it and Engineering — Tony Kubit and Bob Melczak. The reason why I'm making that compliment is that I know after games I've actually stopped and got out of my car and I have seen them there seeing if these devices work at 11:00 p.m. so I know they are out doing their job and I compliment them for it.

(END OF REMARKS)

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
	(Pres't)

AYES 8 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Givens for Mr. Grabowski presented

Bill No. 1643

Report of the Committee on Planning, Housing and Development for October 15, 1986 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1510

An Ordinance, "Ordinance amending the Pittsburgh Code, Title Nine, Zoning District Map No. 16 by changing: From "M3" Light Industrial District to "C3" Commercial District certain property having frontage along PENN AVENUE; DAHLEM STREET and the Port Authority "Martin Luther King" Busway, 11th & 12th Wards."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
	(Pres't)

AYES 8 NOES none

And a majority of the votes of Council being in the affirmative, the bill

passed finally.

Michelle Madoff presented

Bill No. 1644

Report of the Committee on General Services for October 15, 1986 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1589

A Resolution entitled, "Resolution providing for an Agreement or Agreements and/or a Contract or Contracts, or use of existing Agreements or Contracts for the leasing of office space and the necessary services required due to the relocation and housing of the various occupants of the Public Safety Building; and providing for the payment of the costs thereof."

Which was read.

Michelle Madoff:

I have before me a letter that arrived in response to a request, I believe, by Councilman Wagner and I don't know if you received it. It's a breakdown, it says it was given to all Councilmembers, of the cost of the Public Safety Building rehabilitation. Does that satisfy your request, Mr. Wagner?

Mr. Wagner:

Yes it does but it doesn't pertain to this particular —

Michelle Madoff:

But I wanted to be sure it was attached to that bill. I wanted to make sure that's settled then I'll go to this bill.

Mr. Wagner:

That is the bill coming up in the other committee.

The Chair:

The bill you're referring to, Michelle, is coming up Wednesday. We had that recommitted.

Mr. Wagner:

It's Engineering and Construction.

The Chair:

You're right. It's Engineering and Construction, I'm sorry.

Michelle Madoff:

I have it attached to the Committee on General Services. That's why I read from it.

The reason the present bill was held and we're discussing where the Safety Building facilities will be temporarily housed is that we went through a fiasco on this Council and a lot of people took flak for something they didn't deserve to take flak for and that was when we were relocating the Water Department. Nobody bothered to find out what comparative rates were. At that point, I believe Mr. O'Malley supported me, we didn't vote that day and ended up going to a much cheaper facility. It turned out that he had been giving us a six month lease or a two year lease which sounded like a bargain. It would not have been a bargain because once you move equipment and microfiche

and everything into a facility, it doesn't matter if it's a two week lease, it's not a bargain because you're not going to go anywhere.

I didn't not want to have this Council in the same position that we were with the relocation of the Water not knowing where the location would be if we were going to move the Public Safety Department on a temporary basis and I'd ask that all real estate agencies or all alternative sites be evaluated and a decision be made as it was last time by General Services' Mr. Jacoby. I did here from a number of people who wanted to lease their properties, they called me, and I told them it's not my decision, it's not the decision of Council, it is the purview of the Administration and that of Mr. George Jacoby.

A decision has been made. They are going to move — help me folks, it's on —

Mrs. Masloff:

West Carson Street.

Michelle Madoff:

Thank you. I did not know that until today when I called Mr. Jacoby and the reason for it is the closest other property they were considering was \$14 a square foot and \$4 a car a month rental. This is going to be no charge for the cars, the parking comes with it, and I believe it's \$10 or \$12 a square foot, I'm not sure. But it was the cheapest and there's no \$4 for the cars. I think George Jacoby obviously evaluated it and went with what he thought was the best decision.

Now, we're voting, we know what we're voting on, and I think that's important and that's how we ought to be doing things. So I'm going to vote

favorably and recommend it favorably.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
	(Pres't)

AYES 8 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mrs. Masloff presented

Bill No. 1645

Report of the Committee on Parks and Recreation for October 15, 1986 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1541

A Resolution entitled, "Resolution amending Resolution No. 418, approved June 2, 1983 and effective June 10, 1983, so as to authorize and require that Robert Morris College use any grant funds remaining from the Oktoberfest Program for payment of any operating

costs and expenses associated with the Pittsburgh Folk Festival."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods (Pres't)

AYES 8 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. DePasquale presented

Bill No. 1646

Report of the Committee on Engineering and Construction for October 15, 1986 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1565

A Resolution entitled, "Resolution further amending Resolution No. 1283 of 1985, as amended, entitled: 'Resolution adopting and approving the 1986 Capital

Budget and the 1986 Community Development Block Grant Program; and approving the 1986 through 1991 Capital Improvement Program' by creating a new line item for the Department of Engineering and Construction, a new line item for the Department of General Services and adjusting the Summary Totals of both Departments."

Which was read.

Also,

Bill No. 1566

A Resolution entitled, "Resolution providing for a Contract or Contracts, or use of existing Contracts, for the Retrofit/Rehabilitation/Renovations/Asbestos Removal of the Public Safety Building, including necessary work on private property and other work incidental thereof; and providing for the payment of the cost thereof."

Which was read.

Also,

Bill No. 1567

A Resolution entitled, "Resolution providing for an Agreement or Agreements, or Supplemental Agreement or Agreements with a Consultant or Consultants for Professional Engineering Services in connection with the Design and Consultant Management of the Retrofit/Rehabilitation/Renovations/Asbestos Removal of the Public Safety Buildings; and providing for the payment of the cost thereof."

Which was read.

Also,

Bill No. 1568

A Resolution entitled, "Resolution providing for an Agreement or Agreements with a Consultant or Consultants for Architectural/Engineering Services in connection with the design modifications to various fire stations designated to handle the new proposed fire equipment; and providing for the payment of the cost thereof."

Which was read.

Mr. Wagner:

Mr. President and members of Council, in regard to the bills pertain to the Public Safety Building, first of all, I would like my comments brought forward from last Wednesday's meeting for the record, and secondly, due to the magnitude of this project, and it is a massive project involving about anywhere from \$9 million to \$10 million in public funds, and we will have the transfer of all departments, particularly Public Safety within the Public Safety Building to another building as was indicated in previous legislation.

(BEGINNING - MR. WAGNER'S
REMARKS ON BILL NOS. 1565, 1566,
1567 AND 1568 - WEDNESDAY,
10/15/86)

Mr. Wagner:

Gentlemen, the total amount of square feet in the building is about 98,000?

Director McDermott:

It's about 140,000 square feet.

Mr. Wagner:

We talked about the time frame to

build another building and to relocate in the process and do it on the present site. We haven't talked about continuing to occupy the building and build another building on the parking lot to the rear of the building. What would it cost to build a building similar in square footage to the rear of that building on the existing parking?

Director McDermott:

I don't know what size building you're talking about but on a square foot basis, you'd be talking anywhere from \$100 to \$125 a square foot.

Mr. Wagner:

So the cost would be approximately 100 percent more than the existing renovation costs.

Director McDermott:

Than \$49 a square foot, yes.

Mr. Wagner:

What would be the expected use or anticipated life span use of a new building versus a Retrofit of the existing building?

Director McDermott:

Considering the building that we're retrofitting, they would both have the same life expectancy because we're totally refitting it with new mechanicals, new windows, new roof and there's nothing wrong with the structural system of the building.

Mr. Wagner:

In regard to some of the problems of the building as they exist now, particularly entrances, the public being knowledgeable how to access in and out

of the building, the elevator system which is antiquated, how do we anticipate those in the renovation? Maybe what I should be asking — is there a breakdown of the work to be done in the building and is that available?

Director McDermott:

Yes, it is and those are included in the retrofitting and there will be new elevators and there will be new entrances and there will be provisions made for the handicapped and it will be a modern, up-to-date facility when it is completed.

Mr. Wagner:

What will be the main entrance to the building?

Director McDermott:

Off of First Avenue.

Mr. Wagner:

In other words there will no longer be an entrance from Grant Street?

Director McDermott:

No, no, both entrances will exist but the main entrance — one of the plans that we're considering is moving the courts to the lower floor because of its high exposure and need by the public and lessening the public entrance to the upper floors.

Mr. Wagner:

How about the elevator system?

Director McDermott:

All new elevators.

Mr. Wagner:

In other words, we are simply replacing the same size of the elevators or are we going to have larger elevators or are we going to have additional elevators in the building?

Director McDermott:

They will probably be the same size but have a more faster speed for a vertical rise than the present ones and they will be up-to-date.

Mr. Wagner:

Has this plan been reviewed with all future occupants, meaning Police, Fire, EMS, the quarters that they will occupy, whether or not it's adequate?

Director McDermott:

No, that will be done during the design phase — the first seven months of the program as we develop the program. Each department will be met with and a decision made as to what floor they go back onto. We would like to suggest the departments going back into that building on a scale of the higher exposure that they have to the public that they would be on the lower floors; the less exposure that they be on the higher floors, thereby allowing less public entrance into the facility.

Mr. Wagner:

That sounds like a good idea. What is the potential for cost overruns? Looking at the allocation here, total allocation for relocation, relocation, the actual construction work and consultant's fees, I believe we're talking about \$8,500,000.

Director McDermott:

That is correct.

Mr. Wagner:

What additional cost will there be plus that?

Director McDermott:

Into that estimate we have of course as we do on every project set a five percent contingency fee which includes in the estimate and we feel that we can operate within that.

Mr. Wagner:

Director, are you really comfortable looking at that building? I know we had a tour of that building last year and the problems that it has. Are you really comfortable that we will stay within that five percent additional fee?

Director McDermott:

Yes, I am.

Mr. Wagner:

How about the time frame for doing the work?

Director McDermott:

It's very tight and that's why we've gone to construction management on this. The construction managers will be responsible for the entire schedule, the implementing of the move, getting them into their new space, starting the construction of this program and moving the people back in. It will be totally under the control of the construction manager.

Mr. Wagner:

Let's talk about the asbestos removal. During the asbestos removal will the entire building be vacated?

Director McDermott:

Yes, with the exception of the cell blocks and that will be encapsulated so that it will cause no harm to that area.

Mr. Wagner:

How about the 911 system?

Director McDermott:

We're hoping that we could coordinate this with the move to the new emergency operating center -- that the new 911 will be in operation.

Mr. Wagner:

What portion of the costs here relates to asbestos removal?

Director McDermott:

We're talking close to \$1 million.

Mr. Wagner:

And the time frame to do that?

Director McDermott:

That's within the move-out program. The 13 months that the building is vacant the first activity will be the asbestos removal and along with that the tearing out of the old mechanical, the heating, plumbing, electrical and then a construction program following that.

Mr. Wagner:

I would appreciate it if you could

get me a breakdown of those costs as they relate to the project and I have been somewhat negligent on not following up and finding out what the replacement costs would be on a new building. Your figure I believe of 125 percent —

Director McDermott:

A new building would cost two and two and one-half times what a Retrofit is.

Mr. Wagner:

I would appreciate it if you could get me that.

Director McDermott:

Sure.

(END OF REMARKS)

Mr. Wagner:

It's very important, I think, that this Council be kept abreast with this project and I would request that as part of Council voting on this legislation that we receive interim reports, possibly on a quarterly basis, as to whether or not the project is on schedule, whether or not there are cost overruns, whether or not there are any difficulties in completing it within the time frame indicated, and any other changes that may exist throughout the project.

As was indicated by Director McDermott last Wednesday here in Council, he said the project would take approximately 13 months. If that is the case, fine. I would simply like to be made aware of what is happening all along the project.

So, I'm making that request with the vote on this legislation.

The Chair:

How about making it in the form of a motion that we attach a letter to this?

Mr. Wagner:

Well, then in the form of a motion, I request that we, all of Council, be kept abreast with quarterly reports on the status of this project.

Michelle Madoff seconded the motion.

Which motion prevailed.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
	(Pres't)

AYES 8 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

MOTIONS AND RESOLUTIONS

Michelle Madoff:

I have two items I'd like to discuss. Next week I'll have a bill before Council with reference to vendors. I think what we've done is complicate a very simple issue. I would like to see

vendors have a minimum quality of aesthetics. In other words, I don't want to put a burden on people but I don't want to see dirty trucks that I see in other cities parking all over the city and having dirty little carts. I'm just briefly discussing and bouncing off Council before the bill is completely drafted, if they want to have any input, maybe an umbrella that would be gold and black, the colors of the City, a little cart, something attractive, and I don't believe we should have restrictive hours.

We should have two kinds of vendors; stationary vendors and mobile vendors. Stationary would be like the newsstand in Oakland who has been there for many, many years, stationary, like the floral place right next to Saks Fifth Avenue which doesn't bother me at all. It should be neat and attractive.

Mobile vendors would have the restriction of not being able to be within X number of feet, and I think the footage, don't hold me to it, but I think the present footage is 250 feet off someone in the same business. In other words, you won't have somebody selling pretzels in front of a food store and you won't have someone selling flowers in front of a flower store. But, if there is a flower vendor in a stationary source who pays a stationary license which is revenue for the City, and a building becomes vacant and a flower shop moves in, they move in with full knowledge that there is a vendor there selling flowers.

I don't believe we should enforce hours because when I leave here to go to a meeting sometimes and I don't have time to have dinner, I want the right to buy a pretzel to eat in my car to go to a meeting.

And I think the people who are out in the street today are out there because they don't have jobs. They're not out

there because they love to be out in the cold and the heat and what have you. They're there because it's like selling apples during the Depression; they're trying to make a living. And for us to put restrictive hours on it is absurd.

I don't believe we have congestion because of the vendors; I think that's nonsense. I think we can exercise some discretion as to common sense. If somebody becomes a problem we can deal with that on an individual basis. I don't see it as a problem. Other cities have it and it is not a problem. I don't think we have to go around the country to find out what other people are doing. This city set the standards in many areas, in coke oven maintenance, noise pollution, although we never enforced it because we never had any money, and we also set the standard for the country on lighting of garages and security guards and escorts. Instead of being followers I think we ought to help those people who are not working today who have to be vendors and not put undo hardships on them.

My bill will be coming in next week and if anybody has anything to add to it, Rick is working on it and I'm sure that he would be open to any input. He does excellent work. That's one item.

The other item, I was called by a number of the television stations and asked if I would go on the news and comment on Mr. Cannon and Mr. Norton. My feelings were that what has happened with Mr. Norton is history and that what is going to happen with Mr. Cannon is going to be based on our knowledge of him and our assessment of his performance.

Mr. Cannon informs me, and I've had some long discussions as others have, that he is going to be meeting with the unions and representatives of all the

unions. He's already met with Chief Leahy because, as you know, there's a problem with the City Administration under law meeting with the union. So, they need sort of a catalyst and I've offered to be that and I'm sure that you would as well, Mr. Woods, to bring the parties together so that we don't go out and order the wrong kind of equipment.

In the Public Safety issue, the one thing that hasn't been resolved, and that's what they were particularly trying to corner me on, is how come we pay for this expensive report but nobody has had access to it. Well, it seems that the Public Safety Department, the acting director got it on Wednesday and he's taking a few days to look at it himself, and I am making an official request today that Councilmembers also have that report and that we get it as soon as possible so that we can evaluate it before we confirm or not confirm Mr. Cannon so that we can ask some intelligent questions. That was a report that cost a lot of money. I think we're entitled to it and I would hope my colleagues would support right now that we get a copy of that report, today if possible.

Mr. Givens:

I agree, Mr. President. I think we all should have a copy of that. In fact, there shouldn't be anything secret in any report, be it derogatory or otherwise. It should be released. It's a public document, it's public money that was used to have that particular fund and that particular readout. I didn't even vote for it at the time and I hope that they can say something there that I don't already know. I doubt it very much. But it is public money that was used for it and that paid for the bill and the public should be able to look at it including every Councilmember.

Mr. DePasquale:

Mr. President, in regards to Mr. Cannon, if we have the hearing on Mr. Cannon that I believe was introduced, the request for a hearing, was that from the public or was that the Council President? Okay, so we're automatically going to have a hearing on Mr. Cannon. Are we still going to interview him on Wednesday?

The Chair:

We're going to interview on Wednesday and confirm him on Monday. The public hearing, we got a letter from some attorney that Mr. Ferlo engaged. I don't agree with the opinion —

Mr. DePasquale:

That's what I'm asking. Is there a petition signed by 25 people?

The Chair:

We just introduced two. But we don't have to, according to our Solicitor, have that hearing. We can set that hearing anytime. We can still go ahead and interview Mr. Cannon and confirm him prior to that hearing. That is not legislation, it is an appointment. It's altogether different from legislation.

Michelle Madoff:

Are you saying that you have hearings on legislation but not on appointments? Is that correct?

The Chair:

You have to have a hearing on anything that has 25 signatures, any subject.

Mr. DePasquale:

It makes no sense whatsoever to confirm someone if we're going to have a hearing. Either we don't have the hearing or we confirm him. One or the other.

The Chair:

Mr. DePasquale, I'm going to try to answer you and if anyone has any remarks to make, please raise your hand and I will recognize you.

Jeep, we're going to go ahead with normal procedure and if anyone, we have two petitions, I will schedule a hearing. But I will tell you now it will be after the confirmation or rejection.

Michelle Madoff:

Point of clarification. Are you saying that the law requires us to have a public hearing on general legislation prior to the voting on the bill but does not require a public hearing on an appointment? An appointment is basically an administrative function of the Administration but in this case we are voting. I'm a little confused; could you clarify that for me?

The Chair:

Yes. According to the City Solicitor, it's an appointment, it's not legislation. We still have to have a hearing because there's 25 signatures requesting one —

Michelle Madoff:

Do you mean if it was the sex life of the tsetse fly we'd have to have a hearing.

The Chair:

We'd have to have a hearing. But, in no way like regular legislation, would these 25 signatures hold up the appointment of Mr. Cannon or the rejection of Mr. Cannon.

Mr. Pollock:

There was a Post Gazette editorial a few months ago which was entitled, "True To Its Image" and I'd like to congratulate you on once again keeping this Council true to its image. So that the public can understand exactly what is happening, you have stated that you will not hold a public hearing and give the citizens of this City the right to ask questions and to be heard prior to the vote on this appointment. Is that accurate?

The Chair:

Well, Mr. Pollock, from your tone and your remarks, your message is coming across. That is accurate, right.

Mr. Pollock:

I'm just asking you to clarify exactly what is going to happen.

The Chair:

I think if you had been paying attention when I just spoke, and Ms. Madoff and Mr. DePasquale, you'd understand very clearly.

Mr. Pollock:

I understand. I'm saying the public might have missed it and I want to make sure the public understands completely.

The Chair:

Well I think you understand very

clearly, Mr. Pollock.

Mr. Pollock:

Well I think that Council should withhold their vote until such time as the hearing.

The Chair:

Well Mr. Pollock, you will have an opportunity to cast your vote a week from today and I suggest you do that.

Mr. Wagner:

Mr. President and members of Council, in regard to the consultant report, you have probably noticed recently, particularly in the media, that they have been more in tune about requesting that report. The request for the report goes back to May of this year when I verbally requested the report here at this Council meeting, an interim report, and then the final report at the end of May which was the time in which the report was to be completed, May 31st. I made a formal request here in front of Council and we sent a letter requesting that report and never received it. In July I put forth a piece of legislation requesting an investigation and one of the five items within that was the whereabouts of the consultant report. I indicated at that time that I was open to even amending that legislation, up or down, to get it passed here in this Council.

I thought at that time the report was very important, not simply to have a report in your hand but because the report was to be the premise for change within the Police Bureau. We found out that there has been considerable change taking place since the creation of the Public Safety Department, and still no report. Well, I found out factually this past Friday that the report is in the

hands of the Public Safety Department in a finished form and I requested a copy, and, as a matter of fact, this morning I spoke with Mr. DiNardo and he said I would have a copy of the report very soon. I would suggest that if any one of you wanted to obtain a copy, you would also make a similar request.

I think it's very important and I think it's important because we need to determine if we properly allocated and spent that \$84,000 or \$90,000. Not only that, we need to determine if the report is simply going to be a reflection of what has happened in the past. I personally feel, without even looking at the report, that portions of it are invalid due to the fact that it was never supplied within a timely fashion and the changes took place prior to its actual inception and it being in our hands.

So, I would simply state that once I get the report and once I review the report, I think this Council as a whole should take a closer look at it and determine if it is of value. If it isn't of value, I think we should be making some recommendations, maybe even including holding back on final payment on the report. I only mention that because all of you, I'm sure, may be interested in getting it and if so I would suggest that you make a request for it.

Michelle Madoff:

I don't like to kick anybody when they're down and I really think, as I said earlier, the issue is a matter of history, Mr. Norton is history. That report, unfortunately, is not history because it's something that exists today. It was ordered by Mr. Norton and I must admit that I was one of the people who had great hopes for Mr. Norton; I thought he was going to be a great asset to the City. I've been proven not to be correct for whatever reasons, maybe personal

problems that Mr. Norton had or maybe political reasons; I don't know the reasons. He may be a fine director somewhere else but obviously it's not going to work here and he's no longer here and, as I keep repeating, it's history.

But we do need to get on with giving the public a sense of security and finding out why we don't have more police officers. Are we going to get the kind of service and protection that our taxpayers and citizens are entitled to?

I'm not here to be a spokesperson for Mr. Cannon but I sometimes wonder if I had not been actually an intermediary between the police and the firemen at that time who didn't want one department over the other. If Mr. Cannon had started out maybe we wouldn't be in this mess today.

You know, it doesn't encourage people who come to work for the City and become public servants when somebody is brought in from the outside and I think that was mentioned earlier, to know that they can't aspire to the highest office within their own department. I think we have an obligation to give those people an opportunity, be it a Mr. Cannon, a DeRoy, a DiNardo, or whoever that person might be. I don't know what the Administration's thinking was because unfortunately we don't have enough meetings with the Administration to know what their thinking is to know why we have the problems that they feel they need to resolve. I think there is validity on both sides.

I am concerned, Mr. President, of the appearance, and you can see where I'm coming from and my feelings, but I am concerned with the appearance that Mr. Pollock raises. If we go ahead and confirm, without giving the public an opportunity to say what they want to say

— We know how we feel, we know what's going on, we know records. I'm going to go on record right now that I think Mr. Cannon is a very capable, admirable, administrator and if we had to vote today I'd vote for him. But I still believe that we should give the public a chance to be heard because, as the Mayor once said to me when I had one of my fights with him, that when he was on Council he saw things from one perspective and when he got to the other seat its a different perspective.

Sometimes the public doesn't understand what we're voting on. They don't understand, for example, on the Stadium. Whether we voted the \$21 million or not, we had to pay that debt service anyway and we had to pay to repair that stadium. We didn't take money that we weren't going to have to pay in any event. Maybe we made things better. And I think sometimes a public hearing where there's some interaction puts to rest a lot of appearances that we are trying to do something that we are not willing to do up front and to try to do something the deceptive way. And I'm wondering if we couldn't, I mean, I realize there's a regulation of X number of day, is that right, 10 days, is there any way of waiving that to let the public come in on Wednesday? Is there any way of doing that? Is there any way of letting the union people be represented on that day? Could anyone ask a representative of the union to come to the table if no one objects? We could but as long as someone objects they can't come.

I'm trying to think of a way of getting on with the job and still not holding up the process. The only thing I can say is, it may not be a bad idea to wait another week and get that notice out today. Do you feel very strongly about not doing that?

The Chair:

Right.

Michelle Madoff:

How does Council feel about it?
Could we ask that question?

The Chair:

I set the dates.

Michelle Madoff:

So you're going to force us to vote
before the public hearing.

The Chair:

Right. You're going to vote yes or
no.

Michelle Madoff:

You know I'm going to vote yes
because I believe it's the right person.
But I still think that is end-running the
public and I just wonder whether you
would have any objections to putting it
to a vote of this Council and yielding to
the Council vote.

The Chair:

No, it's my duty to set hearings,
time and places, and I will do that.

Mr. Wagner:

Mr. President, I have a request.
Due to the controversy surrounding the
Public Safety Department, and some
controversy surrounding the appointment
of Director Cannon, I would request
whether or not this will occur. I have
made several requests similar in the past
that the Mayor be present at the
confirmation to ask any questions
involving the Public Safety Department

and direction, seeing that that is who Mr.
Cannon reports to.

Michelle Madoff:

I don't have any problem with that;
I think it's a good idea.

The Chair:

Okay, I'll ask him, Jack. We can
request him.

Mr. DePasquale moved to excuse Mr.
Grabowski for absence from the meeting.

Mrs. Masloff seconded the motion.

Which motion prevailed.

And on the motion of **Michelle Madoff**

Council adjourned.

Municipal Record

Proceedings of the Council of the City of Pittsburgh

VOL. CXX

Monday, October 27, 1986

No. 41

Municipal Record

ONE-HUNDRED TWENTY-FOURTH COUNCIL

BEN WOODS President
MICHAEL PERRY City Clerk
LINDA M. JOHNSON Asst. City Clerk

Pittsburgh, PA
Monday, October 27, 1986

PRESENT:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

PRESENTATIONS

Mr. DePasquale:

I wonder if Joyce Teese from the School for the Blind Children in Western Pennsylvania, Harold Dom for the Blind Association, and Mr. Gene Scheck who

really sponsored and pushed this bill would come up here please.

I also would like to recognize in the audience, supporters Helen Sharkey from the Garfield Area Citizens Association, and two organizations, the Golden Triangle Council of the Blind and the Western Pennsylvania Council of Citizens with Law Vision.

Mr. DePasquale presents

No. 1694 WHEREAS, the Preamble of Pittsburgh's Home Rule Charter provides, in part, that as a responsible City, Pittsburgh "seeks to ensure that all of its citizens' needs are met, whether from public or private, city, county, state or national sources;" and,

WHEREAS, we must take the necessary safety measures to protect all of our citizens using public streets from injury or fatality; and,

WHEREAS, the institution of a "Braun Walk", or "Bell System", coordinated with the traffic lights, would signal blind persons, senior citizens, and the handicapped by the ringing of a bell to proceed across an intersection; and,

WHEREAS, Braun Walk systems have been used effectively for several years in other municipalities throughout the Commonwealth of Pennsylvania to ensure maximum pedestrian safety and encourage the blind, aged, and handicapped to move freely about streets without fear of serious accidents;

NOW, THEREFORE,

BE IT RESOLVED, that the Council of the City of Pittsburgh does hereby recommend that the Mayor appoint a task force to evaluate the institution of a Braum Walk System for crosswalk intersections in the City of Pittsburgh.

Mr. DePasquale moved to adopt the resolution.

Mr. Givens seconded the motion.

Which motion prevailed.

Mrs. Masloff:

Mr. DePasquale, some years ago we had a public hearing on this very matter and the blind people came and told us then that they didn't want the bell system, that it was disruptive, that their seeing eye dogs couldn't manage. Now maybe there has been some change in policy but you were here when we had that public hearing.

Mr. DePasquale:

There has been, Sophie; in fact, when Gene Scheck called me and came in and talked to me, I told Gene the very thing that you said, that the Blind Association and the School for the Blind had reservations in regard to some conflict with the ringing of the bells or what have you. But I've talked to the Blind Association and I've talked to Dr. Simon, the President of the Western Pennsylvania School for the Blind, and Joyce Teitz is here representing her. They have no more problems with it and they would like to see it go ahead.

Ms. Teese:

I'm Joyce Teese representing the Western Pennsylvania School for Blind Children and it's our feeling that we

would support the resolution to form a task force to study the possibility of installing the audible traffic signals at various intersections in the City of Pittsburgh. It's our feeling that this can be a very helpful tool to be used by blind persons as well as other physically handicapped and elderly persons but we want this to be applied in a reasonable manner, giving consideration on a case by case basis to the intersections under consideration.

Michelle Madoff:

Wouldn't you be concerned if there was a vendor or someone who had a similar kind of bell that would distort for the blind what they're hearing?

Ms. Teese:

That would be one of the issues to be studied, in other words, having to come up with an audible signal which would be unique and not able to be confused with other bells, other signals.

Other areas have used, in addition to the bell systems, chirping systems and so on and this would be something that could be considered so that you wouldn't have that potential confusion.

Michelle Madoff:

We'll tell Councilmembers not to chirp.

Mr. Dom:

Thank you for allowing me to speak. I do represent the Pittsburgh Blind Association and I also represent a committee on pedestrian safety which was newly formed a couple months ago. This committee is comprised of various agencies, schools, and neighborhood groups in the Bellefield area. It came out of a concern of the different

crossings there, especially at Fifth and Craig.

We are here, of course, today to certainly support a task force on this issue. I think it's necessary to have a task force to study the problems, the various views, as was just mentioned here, the various interest groups that are concerned, and also the effectiveness of this kind of system as implemented elsewhere.

So, I think a task force could be very helpful in making a decision as to how helpful this kind of a system would be here in Pittsburgh and certain areas of Pittsburgh.

I would also ask that if a task force is organized, that the various interest groups, agencies, consumers, etc., would have an opportunity to have a voice in the selection of the members of that task force, since there are so many different groups involved.

Secondly, I would ask also that perhaps the task force would consider other safety issues, such as our committee is entertaining, and that is the different phases and timings of crossing signals, right turn on red, and different other kinds of safety issues that concern both blind, elderly, other disabled groups, and even small school children.

I would also ask that perhaps the task force work along with and in cooperation with the Mayor's Committee on Accessibility since that is another vehicle that is considering the different issues on accessibility and pedestrian safety.

I thank you very much.

Mr. Scheck:

Thank you. I'm very appreciative of Councilman DePasquale and his personal staff for the preparation of this resolution which I feel is very important. I also want to very much express my appreciation to all members of Pittsburgh City Council and the City Administration for sharing this resolution with me.

This issue is long overdue, I feel, for the City of Pittsburgh. The sooner we implement this bell system at various crosswalks, the sooner we will begin to see very positive results that definitely will alleviate a lot of personal injury and fatalities which will definitely take place.

I thank you for your time today. Thank you.

Mr. Givens presents

No. 1696 WHEREAS, Landmark Savings Association is a community-conscious financial institution that has developed a style of local involvement consistent with its corporate slogan: "People to People Banking"; and

WHEREAS, for the past year the Landmark Savings Association has sponsored closed-captioned news on KDKA for the hearing impaired as a generous and compassionate investment for these handicapped people in the greater Pittsburgh area; and

WHEREAS, in addition, Landmark is both a local and national leader in providing banking services, seminars, and programs to the hearing impaired such as free interpreters, home banking, and employment opportunities; and,

WHEREAS, this corporate policy of special care for the hearing impaired has

touched the lives of these people, their families, and the local medical community;

NOW, THEREFORE,

BE IT RESOLVED, that the Mayor and the Council of the City of Pittsburgh hereby commend the people at Landmark Savings Association for enriching the Pittsburgh Community with their special charitable contributions and policies on behalf of the hearing impaired.

Mr. Givens moved to adopt the resolution.

Mr. DePasquale seconded the motion.

Which motion prevailed.

Mr. Givens:

I'd like to have Mr. Richard Eshleman who is President and Chief Executive Officer say a few words.

This particular service, I have become aware of, costs, in putting this on KDKA television, some hundreds of thousands of dollars per year and reaches out to the total viewing audience of KDKA television which encompasses, as we all know, parts of Eastern Ohio, West Virginia, and the State of Pennsylvania.

Mr. Eshleman:

Thank you very much, Mr. Givens. I won't take much of your time; I know you have a busy agenda.

Some people are interested in how this technology works, so I might just describe it. It is a miracle, I think, of wedding TV, electronics, and court stenography, such as this young lady here is doing. There is a person in the news reporting studio who does an operation much as she is doing now. The output of

that, instead of going onto this narrow paper tape, goes directly to a computer which in turn instantaneously converts the message or words being spoken essentially simultaneously. That script then is played out on a TV screen similar to that which we've all seen in the way of hurricane warnings or severe weather warnings. That lineage on the TV screen is accessible only to the hearing impaired who buy a converter box, if you will, which raises the message being sent out with the TV signal, raises it on their screen so that they can see it.

I've taken more time to describe the operation than what it takes to occur. It's seven seconds between the time we see the newscaster and the time at which the hearing impaired person can read the signal coming across.

There are thousands of people in our area, hearing impaired, who have this service and I, frankly, was not quite aware of the vividness of this service. If you wish to demonstrate for yourselves the hearing impaired problem, go home tonight when you listen to your news, turn the volume down to zero, and sit and watch for seven seconds and I think you will see the problem.

Thank you very much, Mr. Givens.

Mr. Givens:

On behalf of the Council of the City of Pittsburgh, we want you to take this resolution back to Landmark Savings and put it in the appropriate place where people can see the fine work that your company is doing.

Mr. Pollock:

May I ask you a question, sir? It seems like there would sometimes be, because of the delay, if they're showing something like a newsreel or a photo, it's

going to be kind of confusing. Obviously, the news stations have their scripts already prepared and just read it off monitors. Is there any analysis or study of possibly having it so that it occurs at the same time in the future or would that be too expensive?

Mr. Eshleman:

I don't think it's too expensive but I think the problem is a mechanical one of getting the message into a carrier wave that can go out over the TV screen. Not all of the message goes out; that is, there are words skipped. You don't need "a" or "the boy" or "a boy"; you need "boy", "boy bites dog" or whatever it is. But the essential message goes out simultaneously.

You've all seen movies that are out of sync with the audio section and it's rather bothersome. The effort is made in such a manner to keep up with the mouth and the physical expressions so that you get crying when crying should occur and so forth. This is a system that works and it works well.

The Chair:

Thank you very much.

Mr. O'Malley:

This resolution is honoring the Variety Club and I'd like to ask Mr. Sklar and Mr. Woody McDaniels if they would come up, please. Mr. Frank Sklar is President of the fundraising for the handicapped for the Variety Club and Mr. McDaniels is the Chief Barker of the Variety Club.

Mr. O'Malley presents

No. 1697 WHEREAS, on October 10, 1927, in the City of Pittsburgh Tent #1, the Mother Tent of all Variety Clubs,

was formed; and

WHEREAS, the Variety Club now consists of 56 individual Tents and has over 12,000 members; and

WHEREAS, Variety around the world has raised and spent almost a half of a billion dollars; and

WHEREAS, Tent #1 has contributed its share through Camp Variety for Spina Bifida in Bradford Woods, the Variety Rehabilitation Center in St. Francis General Hospital as well as the Speech Clinic and Brace Shop in that institution; and

WHEREAS, the Ladies of Variety have provided a very substantial part of the Handicapped Children's Funds; and

WHEREAS, the dedication of the Variety Club to children has been an excellent example of true commitment.

NOW, THEREFORE,

BE IT RESOLVED, that the Members of Pittsburgh City Council hereby recognize and commend the unending community resolve and dedication of the Variety Club, Tent #1.

Mr. O'Malley moved to adopt the resolution.

Mr. DePasquale seconded the motion.

Which motion prevailed.

Mr. Sklar:

Thank you, Councilman O'Malley, and thank all of you lovely ladies and gentlemen of the City Council of Pittsburgh and I'm saying thank you on behalf of all the officers and members of Variety Club Tent #1.

I think it's only fair to tell you, in case you don't know, Variety Club Tent #1 is the beginning of Variety Club which has spread throughout the free world and has become the largest fundraiser for handicapped children in the entire free world. This all started as a result of a baby, a little girl, Cathy Variety Sheraden, being abandoned by her mother at the Sheraton Theater in East Liberty 59 years ago.

This year the International Variety Club officers are going to come to Pittsburgh as a salute to Tent #1 in honoring our outgoing Chief Barker and two of our prominent citizens, Lester Hamburg, who I'm sure most of you know. Also, Thomas Kaywood, the President of West Penn Hospital is going to be honored at our dinner on November 7th at the new Fox Chapel Yacht Club in Fox Chapel. If any of you are interested in coming, and I heartily encourage all of you —

Michelle Madoff:

Move it in the City; we need the money.

Mr. Sklar:

It's going to be at the new Fox Chapel Yacht Club. We're going to also have present that little baby girl, Catherine Variety Sheraton, who is now 59 years old and is going to spend the evening with us. If any of you are interested, you can get ticket information by calling the Variety Club Office in Downtown Pittsburgh at the Warner Center, 281-1163.

It is my pleasure to introduce to you today the Chief Barker of the Variety Club Tent #1, Norman "Woody" McDaniels.

Mr. McDaniels:

Thank you past Chief Barker Frank and thank the Chairman.

It is indeed a pleasure to be here in front of all the honorable members of Council. We do thank you from the bottom of our hearts and our children, the Spina Bifida kids, thank you from the bottom of their hearts. And this is what it's all about. We had over 100 children at our Camp Variety for Spina Bifida this summer and we are supporting Camp Variety for Spina Bifida and every little bit helps.

Thank you very much again.

Mr. DePasquale presented

No. 1648 Resolution further amending Resolution No. 1283 of 1985, as amended, entitled, "Resolution adopting and approving the 1986 Capital Budget and the 1986 Community Development Block Grant Program; and approving the 1986 through 1991 Capital Improvement Program," by creating a new line item and adjusting the Summary Total. This amendment will provide sufficient funds for the design of the Emergency Operation and Communications Center, Bureau of Police, Public Safety Department, located at the City Warehouse.

Also,

No. 1649 Resolution providing for an Agreement or Agreements with a Consultant or Consultants for Engineering Services in connection with the Design of the Emergency Operation and Communications Center at a cost not to exceed \$20,000.00, chargeable to and payable from Code Account EC 86-90.

Also,

No. 1650 Resolution amending Resolution No. 251, effective April 2, 1986, entitled: "Providing for a Contract or Contracts, or use of existing Contracts for Renovations to a portion of the Third Floor, Public Safety Building, Police Administration Offices; and providing for the payment of the cost thereof," by amending the title and by decreasing the total project allocation by \$65,000.00 from \$265,000.00 to \$200,000.00, chargeable to and payable from Code Account EC 85-71. This amended Resolution will now cover the renovations to portions of the City Warehouse to provide for the relocation of the City's Photographic Laboratory of the Public Safety Department and to remove and relocate the existing photographic equipment from the Public Safety Building to the City Warehouse.

Which were severally read and referred to the Committee on Engineering and Construction.

Mr. DePasquale moved to suspend Rule 8 by providing for consideration of the bills only until or after the 9th calendar day following the meeting in which the bills were introduced so the bills will be on the agenda this Wednesday.

Mr. Grabowski seconded the motion.

Which motion prevailed.

Also,

No. 1651 Resolution Repealing Resolution No. 298, effective April 16, 1982, entitled: "Providing for a Contract or Contracts or the use of existing Contracts for repairing the artificial grass surface at Dean Field at a cost not to exceed \$9,000.00, chargeable to and payable from Code Account PR 82-10 Dean Field, Gutter Replacement, in the Department of Parks and Recreation (Engineering & Construction)."

Which was read and referred to the Committee on Engineering and Construction.

Mr. Givens presented

No. 1652 Resolution providing for authorization to advertise for, award and enter into a Contract, Contracts, or use of existing Contracts for the purchase and/or installation, etc., of equipment, services, materials and supplies for emergency auxiliary air conditioning units for the Bureau of Cable Communications, Department of Public Works, at a cost not to exceed \$17,000.00, chargeable to and payable from the Community Communications Trust Fund, Bureau of Cable Communications, Department of Public Works.

Which was read and referred to the Committee on Public Works.

Mr. Givens moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mrs. Masloff seconded the motion.

Which motion prevailed.

Also,

No. 1653 Resolution granting unto Edmond G. Tozzi, 965 Deely Street, his successors and assigns, the privilege and license to construct, maintain and use at his own cost and expense, a planted area and steps on a portion of the sidewalk of Deely Street in the 15th Ward of the City of Pittsburgh.

Also,

No. 1654 Communication from

Louis Gaetano, Director, Department of Public Works, requesting authorization for Lawrence Staab to attend the 1986 Video Expo Seminars and Exhibits in Orlando, Florida from November 30 through December 3, 1986, at a cost not to exceed \$1,175.00, payable from the Community Communications Trust Fund.

Which were read and referred to the Committee on Public Works.

Mr. Grabowski presented

No. 1655 An Ordinance amending the Text of the Pittsburgh Code, Title Nine, Zoning, by Redefining the term "Restricted Access Highway"; by adding a fifth statement of intent under the Purpose of Signs Chapter; by Redefining the Definition of a "V-Type" advertising sign; and by Redrafting the regulations for advertising signs with more restrictive provisions.

Also,

No. 1656 An Ordinance amending the "Zoning District Map" of the Pittsburgh Code, Title Nine, Zoning, by: Designating 40 additional roadways as "Restricted Access Highways" which include certain specified bridges, public transit right-of-ways, interstates and public streets.

Mr. Grabowski:

Mr. President, on those two zoning bills, I think it is required by law to have a public hearing; therefore, I move that we set public hearings for both of them.

Mr. DePasquale seconded the motion.

Michelle Madoff:

Comment on the same subject. My understanding is that there is to be a meeting of all concerned parties to come

up with some kind of compromise before it hits Council, even before our public hearing, because the way the bills are drafted right now presents some problems. I would suggest that in setting your date, you might want to talk to the parties so that we don't have a hearing and then they amend it and then we go to another hearing and then they amend it and then we go to another hearing.

The Chair:

Thank you.

Also,

No. 1657 Resolution amending Resolution No. 780, effective September 22, 1986, entitled: "Providing for an Agreement or Agreements with the Western Pennsylvania Conservancy for the Community Self-Help Beautification and Community Gardening Programs on highly visible vacant lots in Community Development Neighborhoods", so as to increase the amount allocated by \$33,967.31 from \$17,000.00 to \$50,967.31.

Also,

No. 1658 Resolution amending Section 11 of Resolution No. 1267 of 1977, as previously amended in 1978, 1979, 1980, 1981, 1982 and 1986, entitled: "Providing for the filing of an application by the City of Pittsburgh with the U.S. Department of Housing and Urban Development for a grant in connection with the 1978 Community Development Block Grant Program", by decreasing a line item in the Department of City Planning and increasing the Unspecified Local Option line item.

Also,

No. 1659 Resolution amending Resolution No. 1112, effective December

20, 1983, entitled: "Providing for an Agreement or Agreements with the Port Authority of Allegheny County for the operation of the Model Neighborhood Reduced Fare Bus Loop Project for the period May 1, 1980 through April 30, 1981, so as to decrease the amount authorized from \$310,000.00 to \$304,541.49 (-\$5,458.51) and to reduce the time frame of the Agreement. The balance from this 1980-81 Agreement (\$5,458.51) will be used to help fund the 1986-87 Western Pennsylvania Conservancy - Community Gardens Program.

Also,

No. 1660 Resolution amending Resolution No. 355, effective April 20, 1979, as amended by Resolution No. 406, effective May 7, 1982; and as amended by Resolution No. 1113, effective December 20, 1983, entitled: "Providing for an Agreement or Agreements for the Reduced Fare Bus Project in the Hill District and Oakland and providing for the payment of the cost thereof," so as to decrease the amount allocated from \$356,533.00 to \$341,321.01 (-\$15,211.99) and reduce the time frame of the Agreement. The balance from this 1979-80 Agreement (\$15,211.99) will be used to help fund the 1986-87 Western Pennsylvania Conservancy - Community Gardens Program.

Also,

No. 1661 Resolution amending Resolution No. 502, effective June 18, 1986, entitled: "Providing for an Agreement or Agreements with Miryam's, Inc., a non-profit organization and the Urban Redevelopment Authority of Pittsburgh, for the rehabilitation of a facility to be used to house the homeless, at a cost not to exceed \$15,000.00, chargeable to and payable from the 1985 Community Development Block Grant

Program, "Unspecified Local Option" (CC-85-01), so as to add administrative assistance as an allowable contract cost.

Also,

No. 1662 Communication from Robert Lurcott, Director, Department of City Planning, requesting authorization for John Burke to participate at the National Main Street Center Urban Demonstration Program Conference in Washington, D.C. from November 11-13, 1986, at a cost not to exceed \$600.00, payable from Code Account No. 1985 CDPA. (PRIOR APPROVAL GRANTED)

Which were severally read and referred to the Committee on Planning, Housing and Development.

Michelle Madoff presented

No. 1663 An Ordinance amending and supplementing the Pittsburgh Code, Title Seven, Business Licensing, Article III, Sales Business, Chapter 719, Vendors and Peddlers, Section 719.05, Use of Streets, and Section 719.06, Prohibited Areas, by providing for the right to stationary peddling and vending locations throughout the day and regulating peddling and vending in the proximity of related business establishments.

Which was read and referred to the Committee on Public Safety.

Mrs. Masloff presented

No. 1664 Resolution providing for a license to Duquesne Light Company to install, use, operate, maintain, repair, renew and finally remove at its sole cost and expense, one (1) pole, together with crossarms, cables and wires, two (2) anchors, guys and necessary appurtenances on City property, Schenley Park, 14th Ward, designated as Block and Lot 27-S-150, in connection

with electrical service to Pennsylvania Department of Transportation.

Which was read and referred to the Committee on Parks and Recreation.

Mrs. Masloff moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. O'Malley seconded the motion.

Which motion prevailed.

Also,

No. 1665 Resolution authorizing the issuance of a warrant in favor of Richard D. Owens Transportation Services, Inc. in the aggregate amount of \$3,007.52 in payment for transportation services provided for handicapped participants, chargeable to and payable from Code Account 1844, in the amount of \$1,930.88, and Code Account SPPTF, in the amount of \$1,076.64, in the Department of Parks and Recreation.

Which was read and referred to the Committee on Finance.

Also,

No. 1666 Resolution providing for the letting of a Contract or Contracts or the use of existing Contracts for the furnishing of kitchen equipment at the Pittsburgh Aviary at a cost not to exceed \$13,000.00, payable from the Aviary Trust Fund, in the Department of Parks and Recreation.

Also,

No. 1667 Communication from Louise Brown, Director, Department of Parks and Recreation, requesting

authorization for Debra McGuire to attend the "Zoo University Connection: Collaborative Efforts in the Conservation of Endangered Primates" at the Milwaukee County Zoo in Madison, Wisconsin from October 14-17, 1986, at a cost not to exceed \$690.00, payable from Code Account No. 1852, Miscellaneous Services. (PRIOR APPROVAL GRANTED)

Also,

No. 1668 Communication from Louise Brown, Director, Department of Parks and Recreation, requesting authorization for Paula Strasser to travel to the Metro Toronto Zoo, Toronto, Ontario, Canada, to transport birds to and from the Zoo and to observe their graphics systems from September 8-11, 1986, at a cost not to exceed \$200.00, payable from the Aviary Trust Fund. (PRIOR APPROVAL GRANTED)

Also,

No. 1669 Communication from Louise Brown, Director, Department of Parks and Recreation, requesting authorization for Hosea Holder and Michael Klinger to attend the Medic First Aid Instructor Trainer Course in Jamaica, New York on October 15, 1986, at a cost not to exceed \$650.00, payable from Code Account No. 1801, Miscellaneous Services. (PRIOR APPROVAL GRANTED)

Also,

No. 1670 Communication from Louise Brown, Director, Department of Parks and Recreation, requesting authorization for Michael T. Radley and Robert W. McFarland to attend Road Race Management's Race Director's Meeting and Trade Exhibit in Washington, D.C. from November 14-16, 1986, at a cost not to exceed \$1,000.00,

payable from Special Parks Program Trust Fund.

Also,

No. 1671 Communication from Louise Brown, Director, Department of Parks and Recreation, requesting authorization for David Fleeger to be keynote speaker and marketing seminar leader at the Pennsylvania Local Arts Network, 1986 Annual Conference at Pennsylvania State University, State College, Pennsylvania from November 9-12, 1986, at no cost to the City. Permission is also requested for use of a City vehicle.

Also,

No. 1672 Communication from Louise Brown, Director, Department of Parks and Recreation, requesting authorization for Robert Wagner to attend the AAZV Annual Meeting in Chicago, Illinois from November 2-7, 1986, at a cost not to exceed \$600.00, payable from Code Account No. 1852, Miscellaneous Services. (PRIOR APPROVAL GRANTED)

Also,

No. 1673 Communication from Louise Brown, Director, Department of Parks and Recreation, requesting authorization for Robert Wagner and Dennis Maxim to attend the African Rhino Conference in Cincinnati, Ohio from October 26-28, 1986, at a cost not to exceed \$750.00, payable from Code Account No. 1852, Miscellaneous Services. (PRIOR APPROVAL GRANTED)

Also,

No. 1674 Communication from Louise Brown, Director, Department of Parks and Recreation, requesting

authorization for Diane N. Roth, Duane Ashley, and Karen L. Jewett to attend the Pennsylvania Local Arts Network 1986 Annual Conference in State College, Pennsylvania from November 9-11, 1986, at a cost not to exceed \$392.00, payable from Code Account No. 1838, Miscellaneous Services.

Which were severally read and referred to the Committee on Parks and Recreation.

Mr. O'Malley presented

No. 1675 Resolution providing for the issuance of a warrant in the amount of \$4,736.07 in favor of Gondelman Baxter McVerry Smith Yatch & Trimm for legal services rendered to Robert Rade Stone in conjunction with Civil Action No. 85-3727, filed in the U.S. Court of Appeals for the Third Circuit, payable from Code Account No. 1075, Miscellaneous Services, Department of Law.

Also,

No. 1676 Resolution providing for the issuance of a warrant in the amount of \$12,721.46 in favor of Titus Marcus & Shapira for legal services rendered to Ronald C. Schmeiser, Director of Finance, in conjunction with Civil Action No. 85-1525, filed in the United States District Court for the Western District of Pennsylvania, payable from Code Account No. 1075, Miscellaneous Services, Department of Law.

Also,

No. 1677 Resolution providing for the issuance of a warrant in the amount of \$1,250.00 in favor of Allegheny Business Machines, Inc., for the purchase of an additional 22 Megabyte Network Terminal for the current Microfilm System in the Controller's Office,

chargeable to and payable from Code Account 1051, Equipment.

Also,

No. 1678 Resolution transferring \$5,000.00 from Code Account No. 1100, Miscellaneous Services to Code Account No. 1101, Supplies, Department of Personnel and Civil Service Commission. This Resolution is necessary for the impending expenses of training materials for our City wide training programs.

Also,

No. 1679 Resolution providing for an Agreement or Agreements for specialized professional services in connection with Labor Management Committee training including but not limited to training in decision making processes, group dynamics, and labor management committees implementation and procedures, at a cost not to exceed \$4,000.00, chargeable to and payable from Code Account LMCPTF, Department of Personnel and Civil Service Commission.

Also,

No. 1680 Resolution authorizing the City of Pittsburgh to enter into a professional services Agreement or Agreements with professional money management firms for the management of the assets of the City of Pittsburgh Pension Reform Trust Fund #2, at an annual cost not to exceed \$200,000.00, chargeable to and payable from the City of Pittsburgh Pension Reform Trust Fund #2.

Also,

No. 1681 Communication from Raymond Johnson, Jr., Deputy City Controller, requesting authorization for

Abiathar Bishop to attend the "Government Training Program" in Atlanta, Georgia on October 27-29, 1986, at a cost not to exceed \$1,400.00, payable from Code Account No. 1048, Miscellaneous Services. (PRIOR APPROVAL GRANTED)

Also,

No. 1682 Communication from Raymond E. Johnson, Jr., Deputy City Controller, requesting authorization for himself, Jeanne Terrence, Lois Brown, Kathy Kraus, Tony Tedesco, Bill Gedman, Patrick Cunningham, Nancy Perelman and Mike Parks to attend the GFOA One Day Professional Development Course - "Multi-Year Budgeting Preparation and Implementation" at the Greentree Marriott, Thursday, October 30, 1986, at a cost not to exceed \$270.00, payable from Code Account No. 1048, Miscellaneous Services. (PRIOR APPROVAL GRANTED)

Which were severally read and referred to the Committee on Finance.

Mr. Pollock presented

No. 1683 Resolution transferring \$100,000.00 from Code Account 1977, Utilities to Code Account 1926, Municipal Obligations for Non-City Water Agencies, Department of Water. This transfer is needed to offset an increase in useage of water service by City residents serviced by Western Pennsylvania Water Company, Wilkingsburg Penn Joint, and West View Water Authority, as well as increased rates for 1986.

Which was read and referred to the Committee on Finance.

Mr. Pollock moved to suspend Rule 8 by providing for consideration of the bill

only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Wagner seconded the motion.

Which motion prevailed.

Mr. Wagner presented

No. 1684 Resolution transferring the sum of \$400,000.00 from Code Account 1443, Police Salaries and Wages, Department of Public Safety to Code Account 1443-4, Police Premium Pay, Bureau of Police, Department of Public Safety. This transfer is necessary to cover Police Premium payroll for the remainder of 1986.

Which was read and referred to the Committee on Finance.

Also,

No. 1685 Resolution providing for a Contract or Contracts or the use of existing Contract or Contracts to purchase Scuba and Water Rescue equipment for River Rescue, Department of Public Safety, at a cost not to exceed \$37,000.00, chargeable to and payable from Code Account (DPSTPP), Department of Public Safety.

Which was read and referred to the Committee on General Services.

Also,

No. 1686 Resolution providing for a Contract or Contracts or the use of existing Contract or Contracts to purchase Fire Hose, Nozzles, and Appliances to be used by the City of Pittsburgh, Bureau of Fire, at a cost not to exceed \$55,000.00, chargeable to and payable from the Department of Public Safety, Bureau of Fire, Code Account

(DPSTPP).

Which was read and referred to the Committee on Public Safety.

The Chair presented

No. 1687 Communication from Ronald Schneiser, Director, Department of Finance, submitting a report, in duplicate, of deposits and the market value of securities pledged as collateral by City Depositories as of September 30, 1986.

Also,

No. 1688 Petition from the residents of the City of Pittsburgh, requesting a public hearing concerning legislation presently being considered, namely Bill No. 1591, which would create a "Comprehensive Municipal Pension Board," and Bill No. 1592, which would create and transfer monies to a "Comprehensive Municipal Pension Trust Fund." (This petition is invalid in accordance with Section 320(a) of the Home Rule Charter.)

Which were read, received and filed.

UNFINISHED BUSINESS

The Chair presents

No. 1607 Resolution approving the appointment of Glenn Cannon of 1040 Portland Street, Pittsburgh, PA 15206 as Director of the Department of Public Safety.

Which was read.

Michelle Madoff moved to approve the appointment.

Mr. O'Malley seconded the motion.

Mr. Wagner:

Discussion. Mr. President and members of Council, as Chairman of Public Safety, I have a motion coming up and I want to state the reasons for that motion prior to making it.

First of all, I want to say that obviously we have a confirmation in front of us which is very important and the confirmation is Mr. Cannon. I feel Mr. Cannon has many positive qualities for the position that is being considered. We're all very aware of many of those qualities, such as, number one, he is a resident of the City. All of us know and all of us have complained repeatedly about people moving into high-level positions and management positions in general, that are not residents of this City. In addition to that, Mr. Cannon is an employee of the City and obviously he has been an employee for a number of years of which a great portion were Director of EMS when that was an individual department in and of itself. He also, I believe, was the leadership and the reason behind that particular bureau today being as confident and as well known as it is.

His most recent position is Acting Director of Public Safety. We're all aware of that and we're all aware of the Public Safety Department and what the Public Safety Department has gone through. The reason why I'm stating that is that obviously I believe Mr. Cannon has the qualities necessary in addition to his educational background, his professional background, and what he has shown in the short period of time as being an Acting Director.

And I believe one of the strong qualities that he has shown is communication. Communication with neighborhood groups, communications with the strong unions that exist in

Public Safety and communication with this Council and in particular with myself as Chairman of Public Safety. As a matter of fact, in terms of communication, the President of the F.O.P., Mr. McNamara, came to me prior to this meeting and suggested that Mr. Cannon be confirmed today rather than delaying it as he has stated all along. I don't know the opinion of the Firefighters' union or the Paramedics' union; they have not mentioned that to me and I would suspect that it is similar.

The reason for stating all that, which may seem contrary to what I'm about to say, but I feel I must say and must do as Chairman of Public Safety, and I have said it all along and I'm not throwing a curve at anyone, is a support for delay of this confirmation. I personally think that the best test of any individual in a position is actually to work within the position. There are very few jobs in this country where people do not have a test period in the position. That is, I believe, the best way to determine if someone is capable. Every indication so far is that Mr. Cannon has passed that test; however, it has only been for two or two and a half weeks that it has been in existence.

I mentioned that to some people over the weekend and they said to me that maybe politicians should have a test period also and I had to agree with them. I thought it was an excellent idea and I believe it holds true for any and every position. I believe it should hold true also in this particular instance.

We all know that two weeks from today the Mayor will present a budget to this Council, a budget for 1987, of which there are many questions about the finances of this City, what will have to be done to have a balanced budget in 1987. The Public Safety Department for the last two years has grown

dramatically in terms of its budget and in terms of its high-level positions. I, as Chairman of Public Safety, know nothing about that budget; maybe some of you know more. As a matter of fact, I believe some of you know more than I do. That information has not been translated to me as Chairman of Public Safety.

Another reason is that the Public Safety Department has been through tremendous turmoil. I have said personally and publicly to Mr. Cannon that that department must get rid of its dirty luggage that it has carried over the last year and it must move forward with a new fresh start. I believe that also holds true with Mr. Cannon in that Mr. Cannon, I believe, is not capable, nor is anyone else, to carry some of the problems of the past and the Public Safety Department with it.

Finally, prior to making a motion I would like to say, Mr. President, you appointed me as Chairman of the Public Safety Committee back on your first day in office in January. It was not a chairmanship that I sought; it was not one that I requested. I still am not sure today why it was given to me. I don't know if it was out of choice or that no one on this Council wanted the committee, based on all the controversy within it. However, I have worked very hard in that committee to understand the Public Safety Department and I have come to this Council with many recommendations over the past ten months and I have not received support for those recommendation. I wish I would have several times. This City would not have had egg on its face like it has had on its face if I would have received that support.

I am stating that because I believe there is no one on this Council that knows Mr. Cannon better than I. There

is no one on this Council that has reviewed his performance better than I. But there is more at stake here than Mr. Cannon; there is a department. There is a department that must be analyzed and it must be properly directed. It must be properly directed by the Mayor and it must be properly directed by this Council. I believe that must take place prior to this confirmation. Therefore, I am requesting that this Council delay the confirmation of Mr. Cannon until we have a budget in front of us, until we know where this department is going, until we can have some dialogue about this department, some dialogue that is badly needed, some dialogue that should have occurred long ago and still needs to occur.

Therefore, I am making a motion at this time, seeing that the budget will be presented in two weeks, to delay the confirmation for three weeks. In essence what I'm saying is, a motion to delay confirmation for three weeks.

The Chair:

Jack, I can't honor your motion until we dispose of the motion that is on the floor. I'll hear from some other speakers but I suggest that you ask the maker of the motion if she would withdraw it to let you have your motion. If not, we'll let everyone speak and then we will vote on the confirmation or rejection of Mr. Cannon. There is a motion to approve and it has been seconded.

Mr. Wagner:

Well, there is a motion and I would ask that that motion be retracted.

Michelle Madoff:

It's my motion and I do not wish to retract it and I wish to comment.

The Chair:

Okay, a number of you made the same motion.

Michelle Madoff:

I would like to state that I have the utmost respect for my colleague, Mr. Wagner, and I believe that he is doing what he believes is correct. And I hope that he and I can disagree without being disagreeable.

In the time that Mr. Wagner has been on this Council, I think he has lent a great deal of dignity and respect and I think things have become a lot better. It isn't quite the circus that he ran against. I believe that while he has his opinion and I respect the right to his opinion and I would fight for his right to express his opinion, I respectfully disagree with it.

I think we have had Mr. Cannon interrogated, grilled, and he has gone through trial by fire. As Mr. Wagner said, he knows him perhaps better than anyone else; perhaps we know him, some of us who have been here longer, perhaps longer and better.

There is the issue that Mr. Wagner raises of the budget which is going to take place in a couple of weeks. I have spoken with Mr. Cannon and Mr. Cannon feels that in order for him to be involved in that budget, he doesn't want to propose a budget for someone else to live with, which is what happened with what is now history and that is Director Norton.

I think the public is not being well served by not having an official director. I think it's time we bite the bullet. We all know Mr. Cannon, we know what he's capable of doing and I think we ought to get on with serving the

public and getting on with the job, and let's vote for him today.

Mr. DePasquale:

Mr. President, I'd like to go on record as saying that I respect the sentiments and concerns of the Chairman of the Public Safety Department, Jack Wagner. As early as last Thursday, I told Jack I might be inclined to go along with a hold motion. That was until the hearing Friday when I thought that most of the people present, I don't say all of them, are people opposed to anything that the Mayor or the Council of this City ever proposes. Therefore, I decided then and there that I would vote for confirmation because I heard nothing there to change my mind.

Mr. Givens:

Jack brings up a very good point and I have sentiments in regards to knowing what was going to be in the 1987 budget in comparison to the 1986 budget for the Public Safety Department. I have just recently spoken to the Mayor and he assures me, Mr. President, that there have been no major or significant changes in that particular department from the '86 to the '87. If you can recall, Mr. President, probably for the past eight years I've been one of the heaviest outspoken persons on this Council for the Public Safety issue.

It was the will of this Council that we have a Public Safety Department and the chief architect of that department is, in fact, as we all know, Glenn Cannon. I am willing, as I am with any person, to give him an opportunity to let us show what he can do. If I can look back on his EMS performance, the Emergency Medical Service, he has done an outstanding job and has probably as some other departments in this City has been recognized on a national level.

So, I feel somewhat assured that this individual should get that opportunity to move forward and let's see what he can do with this Public Safety Department. All of us in this room must give 100 percent support behind this Public Safety Department because if it fails, we fail.

Mr. O'Malley:

I think it's very important that a director be confirmed as soon as possible for a number of reasons, especially with the lack of morale that this Council has talked about and the lack of leadership. Also, many of the changes that Mr. Norton has made over the past year and a half I think need to be evaluated as soon as possible, especially some of those changes that many members of this Council disagree with like the reduction of the districts from nine districts to five, the transfer of hundreds of police officers, the changes in the narcotics section, and also the changes in our community relations officers. I think these changes need to be reviewed and evaluated immediately and then changes made where the new director deems possible.

Also, I disagree with Jack that if this was any other time except at budget time I might agree that we could hold the confirmation for two weeks. But the Mayor is going to present his budget on November 10th to this Council and somebody is going to have to be accountable and responsible for that budget, someone is going to have to be responsible for its allocation and for that budget's implementation. I think it would be very difficult for Mr. Cannon as acting director to assume responsibility for a budget that is really not his. And because of the budget, I think Mr. Cannon should be confirmed as soon as possible or should be confirmed today.

Michelle Madoff:

Thank you for confirming what I just said.

Mr. Wagner:

Mr. President and members of Council, obviously we're not going to have a withdraw of those motions and we will be voting on the confirmation or non-confirmation of Mr. Cannon. That's not my desire but obviously I will be voting on that in the very near future here, and as Chairman of Public Safety, it's very important for me to vote on that issue and not to abstain on the issue. But again, I want to say that things are not as rosy as everyone thinks they are in Public Safety. There have been many inconsistencies that have gone on recently and unless some very positive things occur in the near future, they will continue to go on and there has been no change in the thinking of this Administration about several of them. Just within this past week we continued to hear the badgering of employees in the public arena, from all levels within Public Safety and within the Administration, almost as if there is an intent to pull down the morale of anyone and everyone within that department.

I can talk about issue after issue after issue; I don't want to do that. All I want to say is, no matter whether the Administration is right or wrong in what they have to say, they should not be saying it publicly like they are saying it, and it is doing nothing but to deter the morale within that entire department. You say one thing about one person and it has an impact on the entire bureau and the entire department.

I have also read, and many of you have read, of the inconsistencies and statements of the so-called investigation that went on within this City. Those

inconsistencies must be cleared up, and I don't know who is going to clear them up. There doesn't appear to be a will or an intent within the Administration or this Council to do that, but I still believe that there must, yes, there must — that information must be cleared up once and for all, along with many other inconsistencies that continue to occur. We are going to have a Personnel Appeals Board decision come down, I understand, within a week or two on approximately eight or ten detectives within the Police Bureau. Things like that have to be ironed out. It has to be determined who is right, who is wrong, and move forward on it.

I don't believe that Mr. Cannon can carry that with him. I don't believe anyone can carry it with them. It has to be determined once and for all where this department is going. Mr. Cannon sat at the table last week and I would like my comments brought forward for the record and my discussion with him, and he responded very positively to many questions that I posed to him pertaining to hiring Pittsburghers, hiring veterans, re-evaluation of the zone concept that I have spoken out about all along, as to whether or not we'll go with five zones, six zones, seven zones, or stay with nine precincts. He has shown the ability for some latitude in looking at some of these issues; crime relations officers, which the community crime prevention people certainly want, the enhancement of communications, a personnel promotion system which hasn't existed, and many, many other things. But at the same time, I can't say enough how important it is to clear these matters up and they must be cleared up, and my fear is that they will not be cleared up and I believe that this Council has an obligation to do so.

If Council obviously is not going to hold, I will vote to support Mr. Cannon,

and I will say that prior to the vote. It was my intention to vote three weeks from now for Mr. Cannon. If we are voting today, I am voting to support him and I am hoping that the items that I have discussed here can be cleared up in the future. I am hoping that a budget will be presented to me that will not be a bloated budget, like it has been the last two years, a budget with not excessive upper-management positions. We can't afford it; we don't need it. And I would hope that this Council would support me if anything contrary to those items occurs. I am stating that publicly on record prior to my vote. I will vote in support of him, and I would hope that all of us do also.

Mr. Pollock:

I would like my comments brought forward, please.

(BEGINNING - MR.. POLLOCK'S AND MR.. WAGNER'S REMARKS ON APPOINTMENT OF GLENN CANNON - WEDNESDAY, 10/22/86)

Mr. Pollock:

Glen, I have several areas of questions and I will try to be brief. One of my greatest concerns have been the deterioration in the relationship between the Director of the Public Safety Department and the public and with neighborhood groups, that is very noticeable. What would you do to alter that trend for starters and specifically, would you be willing to have regular meetings with representatives of the neighborhood groups, with the general public to field questions and take complaints.

Mr. Cannon:

I think it is important — you know the public is actually who we work for

and I think we need to get to them at every opportunity. One of the things that I really enjoyed as the Deputy Director, was my involvement with the Pittsburgh Neighborhood Alliance and the formation of the Nuisance Bar Task Force. Because what it did was, it took me back to something that I did a long time ago which was street community organization when I worked for the YMCA. I enjoyed it because I could relate immediately to what they were trying to accomplish in the neighborhoods and in the communities. We meet almost now on a monthly basis with neighborhood leaders. Whenever possible, I go into a community whenever I have been asked to go including even -- whenever I can. So I believe very strongly in hearing from the people in the communities and participating with the people in the communities and I have worked at that kind of job and I understand the importance to them of participating in that process. I think if you would like to check with PNA, we had a meeting where we had 80 community group leaders present that I coordinated and worked with the PNA to have that meeting. I have no problem with community groups in participating with them and I believe it is part of our responsibility to allow them not only to have input, but to know what is going on. They are the people that support our budget and our employees and without them we have no government. So I think it is very important that they have the opportunity to have their say. I would never want to be distant from them. I would never want to say that I will be some place and not be there.

Mr. Pollock:

Also, would you be willing to have meetings on a regular basis with representatives with the American Civil Liberties Union to monitor such activities as the protection of individual

rights, censorship and so forth?

Mr. Cannon:

Absolutely.

Mr. Pollock:

I raise that concern because there were attempts made to have those relationships and those meetings with the prior director and they never came forth.

Mr. Cannon:

I think the issues of abuse and brutality and lawbreaking wherever they appear are concerns for all of us and they are directly concerns for the Director of the Public Safety Department; and that information relating to those things must be gathered from whatever sources.

Mr. Pollock:

In the area of this report as well as the existing Public Safety Department, I am going to defer after I am done to Mr. Wagner because I think it is appropriate that he ask questions, but I will retain my right hopefully in case Jack doesn't ask you things to then ask you after he is done. The only question that I would like to ask relating to the existing Public Safety Department is and I have nothing to compare it to, but during the ten months that I have been on Council I have seen a large amount of travel request from three, four branches of the Public Safety Department and like I say I have not had the time to compare it to past years, but every week it seems like there is somebody from one of the bureaus of the Public Safety Department traveling somewhere and the cost are extremely high. Could you just give me some feedback on your view of education -- continuing education, travel, seminars and so forth.

Mr. Cannon:

I think it may appear high, but it may be for the first time that we are training our people to the levels that they need to be trained to. I believe very strongly that if we are going to ask someone to go out on the street to do a job, as managers and as legislators and administrators we have the responsibility to see that those people we ask to put their life on the line are trained, equipped and managed properly. Whether we like to believe it or not, Pittsburgh is not the center of all knowledge relating to all Public Safety issues; we send people to the National Fire Training Academy, to the National Emergency Management Institute. We sent police officers to the FBI School, to the State Police Academy; training programs where we can find and gather information. I think that I wouldn't want to sit here and tell you are going to see less request for travel for education; you are probably going to see more. We have a lot of catching up to do in a lot of areas and we will continue to request Council to allow us to send people to educational forums so that we can bring that information back into our City.

Our Bureau of Building Inspection now has more certified Building Inspectors than any other city in this country of our size; that didn't happen because we sat here, it is because we aggressively went after it and those kinds of professional standards are things that we have to bring in and have available. So I hope that answers it, but there is a concerted effort to train our people again for the benefit of our citizens and for the benefit of our employees.

Mr. Pollock:

I am sure that in your capacity as Deputy Director that you are aware of

the request for travel that have come in or did come in under Director Norton, without getting specific as to which ones you might pick out for not being relevant. Were you satisfied then with the majority of the travel request that were requested and granted?

Mr. Cannon:

Councilman, I really didn't have much look at those; they went from the Director to Council, those requests; but the concept behind them I support.

Mr. Pollock:

The next thing I wanted to get into is the question of morale and I am sure that Mr. Wagner will want to ask you about that so I will defer to him on that, but I just have a specific question in that regard. I have been talking to many individuals in the Public Safety Department to try to find out and I said to the media and other members of the public that we have an uncommon advantage this time during the conformation process of you because we have an individual who has a record on which he can run so to speak on which his examination can be based because not only have you been Deputy Director or Acting Director for a while, but you have been Deputy Director for a while and in addition to that, there was a significant amount of time as we all know that the actual Director was away from his duties so you were in effect Acting Director for probably a couple of months anyway.

Mr. Cannon:

When you total it, that is correct.

Mr. Pollock:

So I was asking around to get feedback from what people felt about working under you, with you and so forth;

and several things disturbed me and I want to bring them up because I think it is important for you to address these issues. I have been told and you can correct me if these allegations are wrong, that you were involved in our party to the photographing of members of Police and Fire Bureaus during their performance of their jobs with the purpose of displaying these photographs for slides to individuals or groups or in fact as John Craig of the Post Gazette said they were even showed to him to possibly either discredit is too strong of a word, but to show where there were problems in these departments. Now, I am not asking you to admit or deny those allegations unless you want to answer to those allegations. In light of those allegations is it difficult for you to lead those two bureaus when there is an opinion of possibly your prior actions were to discredit them. Doe it not make it a difficult position for you to be in?

Mr. Cannon:

That may be the perception on the part of some individuals. There was never an attempt to discredit them and the record will never show in any place that I ever made a statement to discredit those individuals. Although individuals made statements that I wanted to discredit them. I will stand here and say anyone can bring forward any record or any meeting or any document on which I have ever did that. The pictures that they are referring to were not taken for the purpose of discrediting anyone. The pictures when they were taken, were taken by the Training Division in the Bureau of EMS, in the department of EMS for the purpose of studying emergency scenes so that we can do the job better. It just so happens that those pictures contain other public safety people because when we respond to major incidents that EMS was involved, an overturned tractor trailer or a mass

incident or a multiple alarm fire there are other public safety people there; it was never the intent because many of those pictures were years and years old that were taken -- we used video tapes from TV stations when we can, stuff that they don't use on the air, we try to get for training purposes.

I have done a seminar which is Lessons Learned from Disaster Incidents in which we have a building collapsed, the truck through the heart of town, the bridge inspection truck that fell off the bridge in Highland Park; major incidents, the bus that ran through the building on Washington Boulevard, that there are lessons to be learned from that and anyplace we can learn and study so that we don't repeat a problem in the future, we have to do that. I have always believed that training is the basis for everything we do on the street. That is is important that when you are in a stressful situation, you are going to resort back to the thing you know, you are not going to have time to think about it and to resort back to the right to the right things require training. So I had a tremendous emphasis on training, that is why pictures were taken at scenes, not of anyone other than EMS personnel and of the scene that pointed out unsafe practice. They were not taken any time to discredit anyone.

Mr. Pollock:

Do you acknowledge that Mr. Craig's allegations that the photographs or slides that were shown to him is inaccurate or accurate ones?

Mr. Cannon:

Absolutely.

Mr. Pollock:

What was the purpose for him

seeing them?

Mr. Cannon:

Because at that time, we were trying to put together the Department of Public Safety and we were trying to show that there was a need for improvement. A picture may show one person in proper protective clothing and a person beside him in the same hazardous environment in the wrong protective clothing.

Mr. Pollock:

The bottom line and I am sure Mr. Wagner will touch on morale again, but the bottom line is that should you be confirmed, you are going to be going in with maybe a strike and a half or two strikes against you as far as the police and fire are concerned. I think it will be incumbent upon you and I am not telling you how to do your job, but I think it is going to be incumbent upon you to go out of your way to make sure that the fears and suspicions that they may have are in fact inaccurate.

Mr. Cannon:

I have tried since I came down as the Deputy to meet with them whenever possible to discuss things openly. I will continue to do that and yes, I will continue to go out of my way if that is required.

Mr. Pollock:

Just a couple items along the nature of personal items. I am dying to know this, what were you possibly thinking when you agreed to assume the position of Ward Secretary of a Democratic Committee Ward? I think it was extremely ill advised.

Mr. Cannon:

In retrospect, so do I. I had -- you have known me a long time, all of you. I hadn't Ben involved in politics, I was not a political person. You said to me when did you get interested in partisan politics? In that non-involvement, my naive -- in that area is what allowed me to get into that; and what actually occurred and I saw it and this sounds stupid and naive, but you know I worked for my church, we put money in, I work the Bingo, it helps the school. I am a band parent person; I belong to my neighborhood community club. I try to participate where I live and when someone said would you like to do this, I said what's involved? And they said there is a couple of meetings that you go to and that's it. I said well, okay, I can do that, it's in the neighborhood and it is something that I can do; it's not a lot of time and I thought it would help people to come and understand me and Public Safety better because I think there is a tremendous misunderstanding of Public Safety. And I felt that it might help me understand the system that I work in better. Well then all of a sudden, there was an editorial in the paper. I had become the second highest law enforcement official in the City, I never thought of myself as that. The step from EMS to Deputy Director was much larger than I had realized; and then it became important when that editorial came out that I be the one who make the judgment when I leave that position; even though I might have wanted to run from it at that minute because I immediately the wrong thing for it to do. I always tried to measure who I was with what I did; and that if I felt there was a conflict, then I would step and my decision was transmitted to the Ward Chairman easily a month before John Norton left or before any of this stuff came up. The thing that caused me to make that decision was that I got more involved in

the investigations in the Office of Professional Responsibility and it became very clear that there was and I could not be involved in that and I made the decision to step out of it. That's how I got in it and that's how I got out of it. It struck me and I want to say this, it struck me as odd that there was something dirty or evil about being involved in politics and that was the feeling I was getting from people.

Mr. Pollock

It is not dirty and evil, it is the appearance of impropriety. When you are in law enforcement, the last thing you want is for anyone to say well, I was arrested because I am a Republican or I am not a Democrat.

Mr. Cannon:

Sure, absolutely and I recognized then. I recognized my perception that I did not see myself as a law enforcement person. When I came to that realization, whether I was a police officer or not, which I am not, but that I would have and I did have direct input into investigations and I said I have to get out of here and I can't be involved in this; but it was the non-political experience that allowed me to be involved even in the first place.

Mr. Pollock

And my last question, subject to any things not being covered by Mr. Wagner. In reviewing your curriculum which I find extremely impressive as anyone who can read would, I am struck with just one question and that is you are 38 years old and I am sure you don't want to be Public Safety Director for the City of Pittsburgh for the next 50 years. Where do you go from here, what do you do after this?

Mr. Cannon:

I am really not sure. I know that I have asked — Mr. DiNardo and I have asked questions and Chief Moore — I don't know why we find ourselves in a place and time, why weren't we here at this point five years ago or why are we here five years from now, but for whatever reason, the events that have happened in my life that brought me to here at this point in time and I don't know why. But that's where I am and I have to do the absolute best job I can for this City while I am here; and if I am the Director, I can just promise you that I am what I am. I am the substance of what I am and that I will do the absolute best job that I can based on the job I have already done for this City for almost 12 years now. I don't think I will be here for 50 years, no I don't, but I have no plans right now other than to continue to try to do the best job I can for this City.

Mr. Pollock

Thank you.

Mr. Wagner:

Mr. Chairman, point of order first of all. Will there be a vote taken today on Mr. Cannon's nomination or will that be Monday.

The Chair:

Monday.

Mr. Wagner:

I just want to make it known, I have been up front on my position with the appointment and the confirmation that on Monday I will make a motion to hold for several weeks, probably three or four week, the final vote on that confirmation. The reason being that I

personally feel that the best test of any individual not that I don't have confidence in Mr. Cannon, I do. The best test of an individual is to work and perform in a job, no matter what that job is, and that is a better way of evaluation than any question that any Councilmember can pose at this table. Another reason behind it and it relates to the budget, I differ from some Councilmembers on what I think the needs are in Public Safety and I do want to see a budget prior to confirmation in order to make an evaluation of the direction of the Public Safety Department. Whether or not on this Council there are the votes to hold the confirmation vote for another three or four weeks, I don't know and we will find out Monday; but I am letting Council know up front my position.

As Chairman of Public Safety, I would hope that Council would entertain some of my opinions on these positions. I have looked at them in great detail and I firmly believe in the checks and balances of government and I would hope that Council would, to a greater degree. I think it is important to provide checks and balances on the administration at the Controller's Office. If this Council doesn't do it, no one will do it and this Council should not be led in any direction to do anything; it should make up its own mind and for that reason, I will put the motion on the floor.

Moving on, Mr. Chairman, I request the presence of the Mayor at today's meeting. Did we have a response to that request.

MR. WOODS COMMENTS

Mr. Wagner:

Moving on from there, I have made that request many times and I make that request for justifiable reasons. The

reason being that obviously the Acting Director, now Mr. Cannon, is not the final opinion on any issue that comes in front of Public Safety, it is the Mayor. And it is important to know what the Mayor's position is on many issues. It is also, I believe, important to know what the Mayor's position is on many issues. It is also, I believe, important for Council to have dialogue with the Mayor periodically. That never happens in a formal public forum; it happens once a year and I think that's unfortunate because the Charter gives Council the opportunity, the permission, to ask the Mayor's presence at this table at any time.

MICHELLE MADOFF COMMENTS

Mr. Wagner:

Moving on, Director, I will have to pose all the questions to you and I would like to first of all say that I have met with the Director twice and we have had about two hour sessions both times we met. And many things we have discussed have been concerns of mine all along and will continue to be relating to the policy, procedures, programs of the Public Safety Department. I have quite a few questions and I might as well just jump right into them. My colleague, Mr. DePasquale, talked about hiring Pittsburghers. Council has become very irritable as of late, I would say the last three, four, five months when we have seen continual numbers of people particularly in higher management positions hired from outside the City of Pittsburgh. We find it hard to believe that there are not competent people within the boundaries of this City. I would like to know what your position will be as Director with confirmation on giving priority to a resident or at the very least, someone from the surrounding area rather than going to Missouri, California, Arizona or wherever. We

feel it is very important not only in terms of Public Safety, but we feel it is important to the economic conditions of the City, we think it is important for morale within the department because obviously if the person comes from within and moves up other people move up and everyone has the opportunity for promotion within the department. What is your position and what will be your position if confirmed in terms of hiring Pittsburghers?

Mr. Cannon:

Again, my position that given the opportunity based on qualifications, we will always hire Pittsburghers. My record has been that if you look when I controlled promotions in EMS the people that were promoted and moved up, all were within. The people that I have had control over hiring in Public Safety, all have either lived in the City or worked for the City and were exactly what you suggested, they moved up and other people could move in their place. Only one lived outside the City and that person lived in the county. That has been my record and my position on it.

Mr. Wagner:

So, you will give priority to people that reside in the City that are competent to fill the position?

Mr. Cannon:

That is exactly right.

Mr. Wagner:

Moving on to another issue as it relates to hiring of veterans. Many veterans have prior experience in public safety matters, whether they be EMS, Fire or Police. What is your position in terms of hiring veterans, also if they are competent for the position.

Mr. Cannon:

Again and if need be, I can supply you with a list of names. The record will show that anytime I had the opportunity that the veteran was given the job, based on the competency. Chief Kennedy who went with me from being an EMT through every rank with EMS served with the 82nd Airborne in Vietnam; that is my record on it and it is there to see.

Mr. Wagner:

So where equal qualifications exist in a veteran is one of the two you will give priority to a veteran?

Mr. Cannon:

And I have.

Mr. Wagner:

A general question, but a very important question. In your present evaluation, obviously first off, I should premise by saying the Public Safety Department has gone through tremendous turmoil. A lot of individuals have been hurt, hurt dearly in terms of them working with the Public Safety Department, terminations, transfer, demotions and even people that remain in existing positions; the morale is very low as we all know and maybe I should just point blank ask you that question. What is your opinion on morale and in addition to asking you that question, what is your present evaluation of the department in general? Where it is right now today and what are your goals short range and long for that department.

Mr. Cannon:

The morale question is certainly an issue. Some people's morale is lower than others. I think that this turmoil that you speak about absolutely

negatively impacts morale of any individual. The constant change and swirling and the unknown future affects everyone from the lowest to the highest rank and it lowers everyone's morale, not just the people on the street. It is difficult to go in there every day and do the task you have to do to keep the services on the street when so many distracting issues are going on around you constantly and we have moved from just what has constantly been in turmoil for months now and I think it is absolutely has an impact on morale.

I think one of the important things is that we have to settle things down, that is a short term goal. We have to let people know that there is going to be some stability and some leadership and support of their efforts out on the street. Some people refer to the things that I tried to deal with as Deputys such as better police cars and more radios and improved fire equipment as gadgets, but they are not gadgets to the people out on the street that have to do that job and I think that it is a sign to them that one of the first things we want to do is to see that they have the tools to do their job out there and that will begin to make them feel better about what they are doing because they know someone is behind them, that someone supports them in either role. But more than that and bigger than that is to get them involved in the process. You know if you don't have information and I have heard this Council member say it so many times, you are like a mushroom and that's exactly right, you don't know what is going on and hopefully through Labor/Management Committees, through regular meetings with with the unions and not even the unions, just regular meetings with people involved, we will be able to let people know what is going on, they will have a better understanding of why things are happening and they will begin to feel better about participating

in Public Safety. Those are short term things that I think we can do.

Long range, we need to have a road map; we need to have a strategic plan of where we are going and that strategic plan needs to be for Public Safety. One of the things that we have to not do is plan in terms of how long are people's terms in office? The issue of Public Safety don't relate to how long the Mayor is the Mayor or how long any of you are Councilmembers. People that live in this town live beyond those terms; our planning has to be done five, ten, fifteen, twenty years to address the issues of Public Safety in this community. If we expect results within a year that are going to solve all the problems in that world, we are kidding ourselves and there is no planning activity anywhere that would tell you that we could undertake a task like Public Safety and try to do it in a year.

Mr. Cannon:

I would say to that in that planning process, the people that are impacted will have an opportunity for input into that process, and we will come up with a long strategic plan for the Public Safety Department in the City of Pittsburgh.

Mr. Wagner:

So, that relates to basically your priorities, your goals, and how you view morale. And while we are on that topic and talking about communication, which is very important, there have been, just recently, there was an issue relating to fire fighters on the equipment of the fire trucks, and I would like to see us move forward and purchase that equipment, but I find that in the process of discussing that issue there is not a committee within the fire fighters -- an equipment committee that would meet periodically with the Chief to discuss and

give him their input in regard to the committee. What is your position on forming a committee in that particular bureau for that particular purpose, and not only in that bureau, but in other bureaus, Building Inspection, Police and EMS.

Mr. Cannon:

I have already had discussions with the Fire Chief and part of that was at a meeting we had with the Fire Union and the Chief regarding an equipment committee. And we recommended that if had not had one, that maybe he ought to form one.

In other areas where we have been involved, we have had a Uniform Committee and in other areas, Equipment Committee, and I think that is real important, and I think it's important that people be represented on those committees from all the levels that exist, not just officers, are a number of committees; Safety, Equipment, Vehicles, Labor Relations. Those committees have to be formed in all the bureaus, and they have to be in place in operation.

Mr. Wagner:

So, what you are saying is that you will move forward and request and demand that each one of your chiefs establish committees of that type and that they meet periodically with those committees to get input?

Mr. Cannon:

Yes. But there must be participation on the part of the Unions. If I request union participation and it doesn't come forward, that is all I can do. I cannot order the Union to participate in that Committee as a union. I can have representatives of the

Department who are union members sit on a committee, but if Union leadership chooses not to form or anticipate, I can't control that.

Mr. Wagner:

Well, what I am concerned with is that there is participation; participation meaning people from the bottom rung of the ladder to the top. Now, if the Union leadership chooses not to participate, that is their decision, but the establishment of a committee and giving the employees the opportunity to have input is what I am concerned about.

Mr. Cannon:

And that will occur if I am the Director.

Mr. Wagner:

Your past responsibility as Deputy Director as it related to professional responsibility was what?

Mr. Cannon:

I was in charge of the Office of Professional Responsibility.

Mr. Wagner:

And the duties are?

Mr. Cannon:

They are to investigate all complaints regarding the performance of the professionals of the Department of Public Safety, regardless of where they work.

Mr. Wagner:

Regardless of where they work. Does that include all bureaus?

Mr. Cannon:

Yes.

Mr. Wagner:

Does that include all people?

Mr. Cannon:

Yes.

Mr. Wagner:

Has there been an investigation initiated in professional responsibility about the investigation that was initiated of an elected official?

Mr. Cannon:

yes. I did that directly myself.

Mr. Wagner:

To what degree has that investigation gone and to what degree will it go further?

Mr. Cannon:

The investigation is ended at this point and time. The information that we have has been made public, far more even than we wanted.

Mr. Pollock:

Point of order. When you say the investigation, are you referring to the actual investigation or the investigation of the investigation? I am missing you.

Mr. Wagner:

Well, what I am getting at, if I may clarify, is that I know we have initiated many investigations of many people within Public Safety; an officer that has been accused of drinking coffee in a

coffee shop for an hour, or other items similar to or more serious in nature; allegations. Probably the most important item to surface publicly since the creation of the Public Safety Department and in particular, the area of professional responsibility has been the so-called investigation which we know did exist of an elected official, and I would like to know to what degree an investigation -- an internal investigation -- not of the Controller, an internal investigation was initiated to determine how that originated, who was involved, the who, what, whens, wheres and whys, as was indicated in a recent editorial of that investigation. To what degree was the Office of Professional Responsibility involved to evaluate all of those allegations?

Mr. Cannon:

I sat down with the Chief of Police and gathered that information that you are asking. All that information has been printed in one form or another that we have available to us, with the exception of what initiated the investigation. We are not able to get access to that information. The City official that ordered the initiation of the investigation has not spoken to us and will not speak to us regarding what caused him to initiate that investigation.

Mr. Wagner:

All right. Well, I don't want to get into the details of it. I want to talk more of the concept, and I want to talk about equal treatment across the board from the top person in this City to the bottom person in this City, and I want to make sure that if we have a particular office that has a responsibility, that that office and those responsibilities are applied to where they should be applied in an equal fashion. If the allegation is about Jack Wagner, let's apply it towards

Jack Wagner. If the allegations are about Glenn Cannon, let's apply it towards Glenn Cannon. My concern is that that is not happening, and I now we have talked repeatedly, and I have said that you cannot with confirmation if you receive confirmation, carry with you so called bad luggage of the past. And whatever issues are issues of questions, are issues where questions have not been answered, they have to be answered, and I as Chairman of Public Safety want to see answers to all questions, and I want to see an Office of Professional Responsibility. If this Council is funding a Public Safety Department with an Office of Responsibility, and I don't want them to pass up one investigation and get involved in another investigation that is of very little concern. That is of great concern to me in regard to the procedures, the reason why it was implemented and the other items I just mentioned, the whys, whats, whens, wheres, whos, and everyone else. And, if the Office of Professional Responsibility has not thoroughly investigated that particular issue, I think it should.

There is also another matter, and maybe even Council should look into that. I think that's an item I think Council would have to discuss with itself. But, the point I am making is, I want to see equal treatment across the board within Public Safety, and where I don't see it, I will question why it doesn't exist. And I did not see it with the Office of Professional Responsibility immediately getting involved in that particular situation.

Mr. Cannon:

Well, my only response is that the person responsible for that office got involved in that situation, rather than having any lower level person become involved in that situation. And you and I have discussed that, and you have the

information that I have. It's been in the paper. Again, the only information I cannot present you with is why someone decided to order what he did. And we will -- know you realize, that OPR deals with internal -- we don't investigate outside of the Department of Public Safety. It is for employees of the Department of Public Safety. You are clear on that?

Mr. Wagner:

Yes, I am very clear on that. That's the reason why I am posing the question. There have been so many statements that contradict other statements, that I think it warrants an investigation from the Office of Professional Responsibility.

Mr. Cannon:

I will consider that.

Mr. Wagner:

And I think that investigation should have taken place long ago. If it hasn't, it should now, and we should get to the bottom of that. That leads me to my next point, and this is one of the items I brought up to Council earlier, as it relates to the budget.

I have been of the position all along that there should not be a Deputy Director position with the Public Safety Department. And you know, Mr. Cannon, that I have shared that with you. I think I have just given, or I am leading to giving, one of the reasons why. If there isn't an area of Professional Responsibility -- number one, I don't think it should report to a Deputy Director. I think it should report to a Director. If you are confirmed, an office of that importance should not come through someone else.

Mr. Cannon:

It had been my thought, and I think I might have shared it with you that I agree, that I believe it should also report to the Director.

Mr. Wagner:

And there are many other departments in this City where we do not have Deputy Directors. I am making that comment here at this table because I know Council will be reviewing a budget. I think with a directorship and Mr. Cannon, if he is confirmed moving into that position, he should take with him certain responsibilities for certain areas within Public Safety. If they are of such a priority, those particular responsibilities should not be the responsibility of someone under him.

MRS. MASLOFF COMMENTS

Mr. Wagner:

Well, we found that the former Superintendents of the various departments were very competent and capable of speaking on issues as it related to their particular departments in the past.

MRS. MASLOFF COMMENTS

Mr. Wagner:

And generally speaking, that has been to the media. I see no reasons why existing chiefs cannot do that in the future. As a matter of fact, Mr. Cannon has indicated that he is going to defer to chiefs much more often than his predecessor in that their opinion — I think the only need is coordination when a catastrophic situation arises. If for instance, Mr. Cannon is out of town a couple of days and a situation were to occur, I think Mr. Cannon or the Mayor

could designate very quickly and very easily someone to be in charge of that particular situation.

MRS. MASLOFF COMMENTS

Mr. Wagner:

And that would be his choice to determine who is designated to do that.

MRS. MASLOFF COMMENTS

Mr. Wagner:

And the reason that I have that opinion, and I'm using that as an example — we have seen a budget in Public Safety increase now for two years. Council put 20 some new positions in the budget last year. The previous Director made several new positions during mid-year in the budget that I didn't agree with because the job titles were not in the budget, and we have seen more high level management positions and funding of those positions within the last two years and even within the last several months. I think there is a need for you as acting Director, or if you are confirmed to be the permanent Director to take a good hard look at each and every job within the Public Safety Department to determine its value and its need, whether or not it has benefited that department and whether or not it is needed any longer in the Department. I don't believe that this City can afford to have extra positions that are not necessary in any department, particularly in a department that has been funded to a far greater degree than others.

Council has expressed its opinion that if there are positions that are not filled it would like to see filled, or the actual people out in the streets, whether they be fire fighters or police officers. I am making that statement now because

if Council does not go along with delaying the confirmation, obviously we will get a budget within two and a half weeks. In that budget, there are going to be many positions in it, and if you are confirmed between now and then, you quite possibly could have appointed people to positions of vacancies right now. That's of concern to me because it's more difficult to eliminate a position once there is someone in it. So, I am expressing my opinion as it relates to that particular position right now.

To move on to a couple of other issues, Acting Director, I am sure you have heard many of the neighborhoods' complaints in regard to many of the changes that have taken place, particularly within the Police Bureau. I have tried to bring to the attention of the Administration some of those. A couple that are of particular interest to me relate to the Community Crime Prevention Office. There has been a change in the procedures by which Crime Prevention Officers work within the precincts and deal with the communities. In that, whatever Crime Prevention Officer is assigned to a particular evening would then go to an evening meeting or have interaction with a neighborhood group, anywhere throughout the City which causes a problem in terms of communication and understanding of the neighborhood problems. What is your position, and I'm sure you have heard this concern, about correcting what appears to be a flaw in the system as it relates to community crime prevention. You know how important that is. You and I were at a meeting this past week, and we really have seen — Our City has been rated the number one city in the country for Block Watch and crime prevention activities. We have come a long way, and I would hate to see that take a step back due to a change in the procedure with Crime Prevention Officers.

Mr. Cannon:

I think it is very important that the Crime Prevention Officers be able to relate to the communities that they work in on a regular basis. I think they have to build those relationships and linkages to the groups and organizations within a given geographical area. I recognize that that has been disrupted somewhat. I have already had conversations to try and restore that because I believe it is extremely important. I have been to meetings in communities where the Crime Prevention Officer was there and seen first hand that relationship of those community people in dealing with that officer. I do not want to see that disrupted.

Mr. Wagner:

So are you going to then reinstitute the past procedure where Community Crime Prevention Officer is assigned to a particular precinct or zone on a permanent basis?

Mr. Cannon:

Given the opportunity to do so.

Mr. Wagner:

Meaning?

Mr. Cannon:

I will not make changes as an Interim Director.

Mr. Wagner:

So in other words, if you are confirmed, you will do it?

Mr. Cannon:

Yes.

Mr. Wagner:

Good. Another issue, five zone concept. I still don't know where it stands, it was intended to be implemented back in July I believe of this year. I have expressed concern about it all along and briefly reading the consultant study that was given to me yesterday by you and I appreciate that. The consultant study indicated that the suggestion was to reduce the precincts and I believe the original intention was to go to three zones.

Mr. Cannon:

That is what it said, yes.

Mr. Wagner:

We have decided it appears to go with five zones. I have been of the opinion that this city is not prepared and is not appropriate in terms of its geographics, topographics, its weather conditions, its traffic conditions to go to five zone -- to eliminate four precincts and go to five zones. One particular area, actually, two particular areas stand out in my mind. The south and west of the river, which makes up 42 percent of the geographical area of the City. The intentions to go from two precincts to one and I think from a deployment point of view and a management point of view we are designating in problems with the suggestion. The other area of the city that strikes me as not being acceptable is the Oakland area where we have the second highest populace of people on a daily basis in comparison to downtown and we are proposing to eliminate that precinct. What is your opinion and what consideration would you give to altering of that proposal of going to a five zone concept and not necessarily staying with nine, but changing to make it more acceptable to the neighborhoods that have obviously spoke out against the

plan?

Mr. Cannon:

As I have stated earlier I am reviewing hopefully with the intent of taking some action all the programs that have gone on in Public Safety in all personnel moves that have been made in Public Safety with the idea that maybe five isn't right or maybe it's wrong maybe it's good or maybe it's bad. I am certainly open to reviewing that plan that was put forth. I recognized that although crime statistics may indicate one thing, geographic distances and the barriers that exist in our community may indicate something else. I am aware of that because I have worked out on the streets for a good while. I also am concerned that we have -- I disagree with people's concern that the station is what makes it important. What makes it important is keeping people out in the patrol sectors in neighborhoods. People don't need police at a police station, they need them out in the districts so that when they get a call, they can quickly respond to that location; but you tone that or you put that in reality of the environment and so I guess what I am saying is yes, I am very open to looking at it; I am very open to suggestions and if it should be changed that we can do a better job, then that's what we need to do.

Mr. Wagner:

I would appreciate if you would, and that was recommended 20 years ago in a study to go to five zones; it was turned down for justifiable reasons. One of the reasons was what my colleague spoke about earlier, Michelle Madoff, there were portions of the study that didn't make any sense and one was related to the zone concept where a police officer would patrol Grandview Avenue and Carson Street, the reason

being that on a map it looks like they are connected and they are not.

Mr. Cannon:

That's right.

Mr. Wagner:

I have talked to several police officers who were under another Public Safety Director at that time and they indicated to me the reasons why it was not implemented. It was one of the items of that study which was a quality study that was not implemented and they indicated that there were not significant savings, deployment of forces would take longer and they could not really see the value at that time or any value at that time and I am asking you to please take a look at that and re-evaluate it prior to being implemented.

Mr. Cannon:

I will do that.

Mr. Wagner:

There have been a lot of promotions, transfers, demotions within the department. You as management as administration have total authority as to who is promoted, demoted, transferred or whatever, except for whatever the union contracts indicate and whatever you have to meet with those contracts. My concern has been that it has not been done for justifiable reasons meaning number one, a personal file has not existed on employees. Number two, a Supervisor has not sat down and discussed with them why they are being transferred, demoted or promoted and most importantly that there has not been a merit basis for doing those things. What is your intention to correct what I consider to be a major deficiency in the personnel system within the Public

Safety Department.

Mr. Cannon:

I have already instructed the research and planning people through Lou DiNardo to develop a merit based personnel system for Public Safety; one that would allow for routine personnel evaluations in writing reviewed with each employee and placed in the employees file; review and signed by the employee. Also, to look at those situations where there is discretion in promotion that we in fact develop a basis for that so that it is not a totally subject but becomes an object of process and that needs to — that process needs to be coupled with a file that shows what the employees performance has been up to that point. I have already instructed that that be done; that the research begin on that and that we move as quickly as possible to put a personnel evaluation system in place within the Department of Public Safety.

Mr. Wagner:

Have you identified a time frame to do it?

Mr. Cannon:

No, I just said it is something — its one of those things that's so obviously absent. Again, I just draw back on my own experience that existed in my other management experience; everyone there received evaluations on a regular basis and new employees have written evaluations at 30, 60, 90, and 180 days and then annually after that. That is just part of how you manage. People have a right to know how they are doing in their job. And what is the purpose of that? We spend a lot of money to hire and train people. We don't hire them to fail; we want them to succeed. There is a line about bowling with a sheet across the

alley. You know you're suppose to roll the ball down, but you can't see the pins and when you miss then we jump on your back and say you didn't do it right. How is a person supposed to know what is expected of them if no one sits down and says look this is your job, these are the things you are going to be measured by and then we measure you and this is how well you are doing and this is not how well you are doing and we take corrective action. The purpose of discipline is not to punish people; and evaluation isn't to punish people, it's to develop better performance and when we can do that -- these are people we are talking about. They have the right to know how they are doing in their job and they have the right to know what is expected from them and I have already instructed that we begin developing that process.

Mr. Wagner:

I am pleased to hear that. Can you promise me that when it comes to promotions within Public Safety, it will be done on merit for the individuals within?

Mr. Cannon:

I can promise you that I will do everything in my power to get that merit system in place on which to base promotions.

Mr. Wagner:

Within six months?

Mr. Cannon:

Jack, as quickly as possible. As I said, it's so obviously absent that it is a high priority.

Mr. Wagner:

Okay, it's a high priority item, good. One of the reasons why the Public Safety Department was created, there were about five or six reasons indicated in the Mayor's address to Council. One of them was to establish a Disaster Management Plan. It has been two years, we have not seen one, when will this Council get a Disaster Management Plan?

Mr. Cannon:

May I look over my shoulder a moment?

Mr. Wagner:

Please do.

Mr. Cannon:

I have the draft document on my desk right now and I would hope that I can have it in all of your hands before the Mayor's Budget Message.

Mr. Wagner:

In other words, within three weeks?

Mr. Cannon:

Let me explain the process and why it may be a draft. The document that we are developing, we are having certified by the Pennsylvania Emergency Management Agency that it meets the requirements of them and the federal government. The reason we are doing that is if you have an approved plan, there is probably funding available that will come in and support certain positions in our Emergency Operating Center, up to 50% of their salaries. So what we give you is what we are sending them, but it will be stamped draft because we don't have their final

approval back. But we have been working. We sent them a number of documents had them returned to us with comments and suggestions and that is so our entire development process falls within the state and federal guidelines.

Mr. Wagner:

I am pleased to hear that and that is something that Councilman Givens has talked about for quite some time and I am sure that he is pleased to hear that also. I don't want to talk in any great degree about the consultant study,, but what I do want to do is request from the Assistant City Clerk that we have a post agenda on this consultant study and we will work out whether it is next Wednesday or the following Wednesday as to what is most agreeable for all parties. I think there is a tremendous need to discuss this in public. I have looked at it already. I have serious problems with it and I need to sit down and ask other questions with all of you about it prior to this study being utilized for anything. The most important question relates to who the consultant met with and how the opinions were formed and incidentally there are not many solid opinions there with information to back it up, but I would like to talk about that at another time.

What priority do you give and some of these issues relate to police particularly because there has been a lot of talk in the Police Bureau about a lot of things and a lot of changes to organize Crime and Vice. What priority is given — will be given within the Police Bureau to that particular area in the future in terms of manpower?

Mr. Cannon:

Well, I have already had some conversations with our police officials about reorganizing that effort and

increasing manpower allocation to that. I have to count on the judgment of people that have expert in those areas from both within and outside of our city; but I have already had conversation relating that area and the fact that I believe there are three people there now

Mr. Wagner:

Two.

Mr. Cannon:

They are done to two? Alright, well it certainly needs to be renovated, rejuvenated and put back into service.

Mr. Wagner:

Just several years ago, there were 16 people.

Mr. Cannon:

I recognize that, I was told that.

Mr. Wagner:

And I would like to see that particular area, those specialty areas I think are very important; areas such as that, Narcotics, and others. Auto theft. Another reason for the creation of the Public Safety Department two years ago was to address the auto theft problem. Since that time the auto theft problem has escalated far greater than it was then. What emphasis is going to be placed on the auto theft problem in this City?

Mr. Cannon:

Already there have been initial efforts at increasing citizen awareness and what can be done to help prevent your car from being stolen. Commander Rocco is working in those areas and has

been developing programs. I am aware that that statistic excuse the rest of our statistics and raises our overall crime percentage. I think it is extremely important that we grab hold of that issue and deal with it; and I have spoken to the Assistant Chief in charge of that area. I was a victim of it myself two nights or three nights ago and not for the first time. My car has been broken into before. Absolutely it is an epidemic in our City and we have to get a handle on it.

Mr. Wagner:

Well, crime is up and that is just one of the areas crime is up in —

Mr. Cannon:

But that area as you pointed out is up —

Mr. Wagner:

And if we made a public commitment two years ago to address the problem, I think we have to intensify our efforts because obviously we haven't done what I think we need to do and I think it gets back to again inner action with the people out there working on a daily basis on the problem and I believe there are six officers assigned to it. We have to find out what they think we should be doing and move in that direction.

Mr. Cannon:

That is exactly right.

Mr. Wagner:

I ask this question to all directors that come in front and I only had the opportunity to do it several times and however, it is a very important question. To what degree will you be

influenced by politicians for political reasons as a Director of Public Safety?

Mr. Cannon:

As little as possible. Again, you all — Councilman Pollock said you have an extent advantage because I have been here and I am in my 12 year now. You all know that my primary goal was to be as professional as I could possibly be in what we did; and that is the record that I have to stand on and I will resist efforts from anyone at any place to politicize the activities that go on in our department.

Mr. Wagner:

Director, what I am referring to is not the issue orientated items. I am talking about influences coming from whatever direction —

Mr. Cannon:

That is what I said, coming from wherever.

Mr. Wagner:

So, I am pleased to hear you respond to it like that. Physical fitness standards. The commitment was made to have physical fitness standards for new hires and I know you have stated publicly you would like to see a police — a new group of police come on board. Will there be physical fitness standards coming in the door?

Mr. Cannon:

We have had a number of meetings scheduled with Personnel and Civil Service, three meetings in fact, that we were scheduled to go over that very issue. All three of those meetings were canceled because the key player was not here to participate. We rescheduled for

next week on that issue to see if we can't come to an agreement as to what the fitness measure may be for new hires. We are not talking about things like running, jumping and lifting, but a fitness capability evaluation a cardiovascular evaluation of a person's ability to become fit or to do physical work. The problem is that fitness evaluations at point of hire must be job related and that's the tremendous issue that we have gotten into; so we think by using a certain score on one's ability to be fit we may be able to develop a standard for new hires.

Mr. Wagner:

I am talking about items such as pulling the trigger of a pistol, handling a K-9 dog, things of that nature.

Mr. Cannon:

Those are the things that you cannot evaluate which is the indication that we have received. Those are things you expect someone to do after they are on the job. We bring people in and hire them and then put them through the academy. So we have to measure fitness in a way that says that they will be able to do those and then when they are trained, they can perform those tasks. So not only is there an entrance fitness requirement, but there is an evaluation of fitness as they go through the training process and then at the end people should be able to perform certain tasks at certain levels; and that's what we are working on.

Mr. Wagner:

But still, we have to have something up front.

Mr. Cannon:

Absolutely and I am saying to you

that is something that I will begin being involved in next week.

Mr. Wagner:

I understand the EMS has something.

Mr. Cannon:

Yes.

Mr. Wagner:

The Fire fighters have physical standards; they have been cut back recently and two years ago, something that I didn't support, but the Police still have none and that's the important issue.

Mr. Cannon:

That's right, I agree with you and there has to be something there. I am not in disagreement.

Mr. Wagner:

I have asked you what I think are the important questions I wanted to ask you. Some of the important points I want to make and I believe it is important to make them public. It is important that this department move forward. I have said publicly that I question whether or not the Public Safety Department should even exist. I know realistically, that it is going to exist and it is not the intent of the Administration or Council to change that and I think it is important therefore for us to move forward and to begin to bring back some confidence level with the employees, management with the employees and with the public in Public Safety.

In order for that to happen, I believe a couple of things have to stop. Over the last year, we heard a continual

badgering of employees publicly whether it is overweight, new releases saying what the number of days off particular people had, whether it's someone who is said to be loafing and that becomes a news story. Whatever it may be, the point I want to make is that there is no way on this earth that morale is going to improve within the Public Safety Department is the management system continues to badger the employees publicly. I can't stress that enough, the battle will go on forever between the unions and management or unions and Administration. There has to be a cease and desist order when it comes to that and I am very hopeful if you are confirmed that you will see that that doesn't exist any longer. We are airing out the problems publicly that should not be aired out publicly. If there is a problem with an employee, I think that should be dealt with professionally and privately and I am hopeful if you are the Director that you will address that in the future.

I think that is an important item and I saved that until the end in talking here because it just can't go on, or else the problems will intensify and the differences will become greater. So I am hoping that all management people within Public Safety will be more select as to what their comments are publicly about what is going on internally within that department.

In addition, I am hoping that all rules are enforced equally across the board. If a management person does something that is not part of the policies and procedures they should be reprimanded just as another person should be reprimanded. That must take place and that all relates I believe to morale within that department. And I believe you are the person if confirmed that is going to have to implement these types of procedures or set the example

to make sure not only implement the procedures, but set the example to make sure that happens.

As Chairman of Public Safety, I want to work with the Public Safety Department. I want to do it on an issue orientated fashion. I do not want to do it on a personal fashion. I want to deal with you and with others on a professional fashion. That does not mean that we are not going to have differences when it relates to issues and I don't want anyone to think that differences as they relate to issues are not healthy, they are healthy. Information to come up on the table, whether it be the five zone concept or Crime Prevention Officers or whatever it may be, I believe is healthy. I believe it should happen, it should be public dialogue, not only between this Council and all of you, but between all of you and the public.

I am stating that publicly because I think it is important to state it publicly; and at this point I am going to summarize by saying that publicly I am leaning towards voting for confirmation for Director Cannon. Some of the questions that he has answered and I have asked them here at the table to get them on public record, I know he has said those to me privately, but I feel it is very important to ask them publicly; but you do want a road plan for that department, something that has not existed. You do want some stability with the people, process, you want to create communications and enhance communications between the particular bureaus and I am very pleased to hear that you will take a look at the Crime Relations Officers and the zone concept and most importantly and maybe the most important is to implement a personal system evaluation within the department. So therefore, Mr. Cannon, I am out of questions unless you want to make any comments or state anything

that I haven't asked you.

Mr. Cannon:

I think you covered quite a bit.
Thank you.

(END OF REMARKS)

The Chair:

Is there any further discussion on
the appointment?

And on the question, "Shall the
appointment pass finally?"

The ayes and noes were taken
agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of
Council being in the affirmative, the
appointment was approved.

REPORTS OF COMMITTEES

Mr. O'Malley presented

Bill No. 1689

Report of the Committee on Finance for
October 22, 1986 transmitting sundry
resolutions and one ordinance to Council.

Which was read, received and filed.

Also, with an affirmative
recommendation,

Bill No. 1569

A Resolution entitled, "Resolution
providing for the issuance of a warrant in
favor of Conn Construction Company
(Converse Branscome, Jr., President) in
the amount of \$10,863.39 in payment of
Extra Work, being in addition to the
original contract price of \$2,536,174.03
on Controller's Contract No. 27563,
furnished for the benefit of the City in
connection with the Reconstruction of
the Pennsylvania Avenue Bridge and
Roadway and providing for the payment
thereof."

Which was read.

Also,

Bill No. 1570

A Resolution entitled, "Resolution
providing for the issuance of a warrant in
favor of A & B Smith Company in the
amount of \$4,139.53 for the purchase of
a Blu-Ray Whiteprint Machine and
Accessories; and providing for the
payment thereof."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills
pass finally?"

The ayes and noes were taken
agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9

NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 1575

A Resolution entitled, "Resolution transferring the amount of Nine-Hundred Forty-Seven (\$947.00) Dollars from Code Account RPPP, Residential Parking Permit Program Trust Fund, Index Code 254102, to Code Account NCDRPPP, Residential Parking Permit Program Trust Fund Non-CDBGP, Index Code 254110, both accounts within the Department of Public Works."

Which was read.

Also,

Bill No. 1591

An Ordinance entitled, "An Ordinance supplementing the Pittsburgh Code, Title One, Administrative, Article IX, Boards, Commissions and Authorities, by adding Chapter 176, "Comprehensive Municipal Pension Trust Fund."

Which was read.

Also,

Bill No. 1592

A Resolution entitled, "Resolution to provide for the transfer of the assets of the City's various pension funds to the board of trustees of the Comprehensive Municipal Pension Trust Fund as required by the 'Municipal Pension Plan Funding Standard and Recovery Act.'"

Which was read.

Michelle Madoff:

On Bill 1591, I believe there is a request for a public hearing.

Mr. Perry:

Bills 1591 and 1592.

The Chair:

That's the ones that have been ruled invalid. They're not valid.

Michelle Madoff:

Well, I don't know enough about what is happening with the pension trust fund and there seems to be some great concerns about the police officers pensions being affected. I apologize for not having been here to get all that information the other day; was there any information? I understand it wasn't even discussed.

The Chair:

Yes it was discussed and it's by state law that we have to enact this. It's not changing the pension boards in any manner; this group will invest the money from now on. It's by state law that this board —

Michelle Madoff:

A third party has to do it. Okay, so that's not even a matter of joining funds, it's an enabling act that mandates us to do it. It takes precedent. Thank you.

Mr. Givens:

On Bills 1591 and 1592, we had discussion this past Wednesday when they set up the pension boards and that includes all three municipal pension plans, that of the municipal, police and fire. And the fact that the present

boards are set up in such a way that at least the municipal, that the Council is represented on that particular board.

I had asked then our Finance Chairman, Mr. O'Malley, if he would make some amendment to this bill to include at least a Council representative, either that or the President of Council or his designee, be in there and I just wondered if that was forthcoming or if you gave it any thought, Jim.

Mr. O'Malley:

It's my understanding that all the present board members were transferred to this new board which the President of Council must sit on.

The Chair:

And I spoke to the Mayor on Friday and that's what they're going to do.

Mr. Givens:

But that's not the way this bill reads.

The Chair:

The bill reads that all seven members must be present members of the existing boards.

Mr. Givens:

Where does it say that?

The Chair:

That's under the state law, so that anyone appointed to this board must be a present member of one of the three existing boards.

Mr. Givens:

That's true but there are still four

members to be appointed by the Mayor and three to be appointed by one from each of the three pension boards. That does not guarantee that there will be a member of Council there.

The Chair:

They have assured me that they are going to do that.

Mr. Givens:

You're saying to me that it does, by state law?

The Chair:

Right, and they assured me that they would do that.

Mr. O'Malley:

They will appoint a member of Council?

The Chair:

It will be the member that sits on there which happens to be the President.

Mr. Givens:

Yes, but the ordinance doesn't say that, Ben. That's what I'm trying to say. Is this a verbal agreement?

The Chair:

I called after the meeting on Wednesday with Schmeiser and I said all seven members of this board must be ones that are sitting on the existing three boards, any member from one of them. They assured me it would and they assured me it would be a member of Council.

Mr. Givens:

Okay, as long as that remains that way I have no great concern. But if that would ever change, then this bill would have to be reintroduced and amended to assure by law. Right now that assurance is a verbal one and I'll go along with it, but if it doesn't continue that way in the proceeding years, then I would think that future Councils would have to look into it very deeply.

Mr. Pollock:

Also on Bills 1591 and 1592, I just want to go on record so that in the future it can't be claimed that I did not object that I feel that just because a petition came in after the three day period, if there were enough citizens that cared to sign a petition and to present it to Council saying that they would be here, just because it came in after the three day period, if it came in before the vote, that we should withhold voting until such time as the citizens are heard.

You called it an invalid petition, or somebody called it an invalid petition, but all that means is that it doesn't hold up the legislation. They still have the right to a public hearing. So what it means is that they will have their public hearing after Council votes which, as has already been shown, several members of Council feel that that's the way the government should function. I, myself, do not and I want to go on record as saying that.

Michelle Madoff:

Mr. Pollock and Mr. Woods, my understanding, which I just learned today and was not aware of, is that one must request a public hearing within three days but you don't need to get the signatures in in three days; you can get

them in in three weeks. Is that correct? You mean the signatures have to be in in three days? That's impossible.

The Chair:

It's only 25 signatures. I could walk down that hall and get 25 signatures.

Michelle Madoff:

You're saying that any time anybody wants a hearing, and maybe it's on a very select subject where people don't live in the close neighborhood, like flat water rates, for example, we worked on it for three years and you have to get people all over the City and you only have three days to get 25 signatures? If there's a scheduled hearing. But if people want a hearing on anything, they can get 25 signatures? What we're talking about here is a time frame, is that correct, Mr. Pollock? What you're concerned about is a time frame.

Mr. Pollock:

Yes. After three days.

The Chair:

That's what it said.

Michelle Madoff:

What I understood you to say, Mr. Woods, was that you need to request a hearing in three days but not necessarily have the petition in.

The Chair:

The way you request a hearing is to have a petition in.

Michelle Madoff:

I thought you meant you say, "I would like to have a hearing. I'm going to

go out and get signatures." And then you had a reasonable time in which to get the signatures.

Mr. Pollock

What we're talking about is after three days but before the fourteen days to vote. So, that three to fourteen period where the Charter says you don't have to withhold but I think good common sense would dictate that you would hold. That's what it boils down to.

The Chair:

And that's why there's nine members of Council and we all have different opinions.

Mr. Wagner:

Mr. President, I would just remind my colleagues that any member of Council can initiate a request in the form of a vote for a public hearing on any piece of legislation.

Also,

Bill No. 1593

A Resolution entitled, "Resolution providing for an Agreement or Agreements between the City of Pittsburgh alone and/or with The School District of Pittsburgh and/or with the County of Allegheny and Real Estate Appraiser or Appraisers for professional and consulting services in connection with the City's sale or acquisition of real estate and real estate tax assessment matters involving real estate in the City, and providing for the payment of the cost thereof."

Which was read.

Also,

Bill No. 1594

A Resolution entitled, "Resolution amending Resolution No. 355, effective April 30, 1986, entitled: 'Resolution providing for a professional services Agreement or Agreements for the provision of a needs assessment in connection with an automated activities tracking system for the Department of Law,' by increasing the total allocation by \$2,000.00 for the Bureau of Information Systems."

Which was read.

Also,

Bill No. 1595

A Resolution entitled, "Resolution amending Resolution No. 354, effective April 30, 1986, entitled: 'Resolution providing for an Agreement for the provision of computer training services to City Information Systems,' by increasing the total allocation by \$10,000.00."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9

NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 1597

A Resolution entitled, "Resolution providing for the issuance of thirty (30) warrants in favor of State certified evaluators for the Public Safety Training Academy's Voluntary I Firefighter Certification Program and providing for the payment thereof."

Which was read.

Michelle Madoff:

On Bill 1597, I had wanted to ask a number of questions and was, as I said, unable to do that. Who are the people that are taking the training? Are they people that are already firefighters or are they people applying to be firefighters? Are these the people who get their certification and then are eligible for promotion?

I've had a number of calls about what is happening on the firefighters certification program and I need a lot more information than I have. Does anybody know anything about it?

The Chair:

It's for our present firefighters, am I right, Mr. Wagner?

Mr. Wagner:

Yes.

Michelle Madoff:

What about the people who are applying to be firefighters? Do they take this test?

The Chair:

No. This is present firefighters that must be certified.

Michelle Madoff:

I don't think that's quite accurate. I think that needs to be checked.

The Chair:

The City does not pay for that; we pay for people to take our test to be firefighters but this is altogether different.

Michelle Madoff:

Alright then perhaps another question might be asked. If anybody wants to go and take the test who is in the process of either taking the training to be a firefighter or isn't a firefighter as yet by not even being in a program but ultimately becomes one, does that give them a leg up on promotion?

The kind of information I'm getting, and I don't know whether it's true but it certainly is relevant, is that we are taking people who've had very short time in the Fire Department, giving them this course and say, "Oh, look how wonderful, they're certified, they ought to be promoted." And they're not always necessarily the best firefighters.

I also have some questions on the firefighting certification test. There's no grading.

I would like to put that bill back into Committee until we get some more information.

Mr. Pollock seconded the motion.

The Chair:

Can you answer it, Mr. Wagner?

Mr. Wagner:

What information do you need?

Michelle Madoff:

I want to know what the caliber, qualifications and grading of the test and who is eligible to take the firefighter test and what impact it has on promotions. I have someone who I will put you in touch with, a specific person that you can talk to who claims that this is being used as a mechanism for promoting people who don't deserve to be promoted. There's no grading if you attend six sessions then you're automatically certified. You don't even have to pass a qualifying test. There is no scope or outline of qualifications. Are you aware of this? Do you know anything about the test?

Mr. Wagner:

No, I have not seen the test.

Michelle Madoff:

That's the thing. Until somebody can tell me what -- It's like the questions on the hearings you held, Mr. Wagner, on firefighters' qualifications, being able to lift certain weights and so on, I don't know what goes into the certification and I understand there are some questions that need to be answered. As I said, Wednesday was not my opportunity to do that and I would like to put that back into Committee, if you would. And I will give you the lieutenant's name that you can speak with.

The Chair:

Jack, is there a time limit on this?

Mr. Wagner:

Not to my knowledge.

WHICH MOTION PREVAILED.

Also,

Bill No. 1536

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Ace Demolition, Inc. in the amount of \$23,100.00 in payment of the partial demolition of a Three-Story Masonry Building located at 617 Second Avenue, 1st Ward, City of Pittsburgh; and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 1625

A Resolution entitled, "Resolution

authorizing the transfer of Eight Hundred Two Thousand Three Hundred Dollars (\$802,300.00) from Code Account 44, Index Code 004408, Workers Compensation, One Hundred Fifty Thousand Dollars (\$150,000.00) from Code Account 1402-9, Index Code 140293, Department of Public Safety-Administration Worker's Compensation, and Three Hundred Twenty Thousand Dollars (\$320,000.00) from Code Account 41, Index Code 004101, Real Estate Tax Refunds to various departmental Workers Compensation Code Accounts."

Which was read.

Mr. Wagner:

In regard to Bill No. 1625, I would simply like to compliment our Finance Department for finally breaking down the dollars anticipated for workers compensation losses and allocating those dollars to all appropriate departments that have those losses. That's a very significant piece of legislation and the managers and directors of those departments should be held accountable for all financial losses and human suffering that relates to workmen's compensation. The bottom line is, I think the losses will decrease as a result of it.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale Mr. O'Malley
Mr. Givens Mr. Pollock

Mr. Grabowski Mr. Wagner
Michelle Madoff Mr. Woods
Mrs. Masloff (Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Givens presented

Bill No. 1690

Report of the Committee on Public Works for October 22, 1986 transmitting one ordinance and one resolution and to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1538

An Ordinance entitled, "An Ordinance amending Title Four - Public Places and Property, Article I - Streets and Sidewalks, Chapter 419 - Regulated Activities, Section 419.08 - Business establishments to keep sidewalks clean, by limiting the storage of rubbish material for collection purposes to an approved receptacle for one hour."

Which was read.

Also,

Bill No. 1576

A Resolution entitled, "Resolution granting unto Edward K. Jaros, 1521 Stratmore Avenue, his successors and assigns, the privilege and license to construct, maintain and use at his own cost and expense, a Building Encroachment on a portion of the right

of way of Gulf Way in the 28th Ward in the 28th Ward of the City of Pittsburgh."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Grabowski presented

Bill No. 1691

Report of the Committee on Planning, Housing and Development for October 22, 1986 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1442

A Resolution entitled, "Resolution approving the proposal dated September, 1986, for redevelopment activities in Redevelopment Area No. 39 - North

Shore, located in portions of the 22nd Ward and 23rd Ward of the City of Pittsburgh; approving Modification No. 4 to the Redevelopment Area Plan, and making certain findings related thereto." (AS AMENDED IN COMMITTEE)

Which was read.

Mr. Wagner:

In regard to Bill No. 1442, we had a public hearing on that bill a week and a half ago and at that time I requested a listing of all businesses within that redevelopment area that would be impacted by the proposed development. I received a letter from the Deputy Executive Director of the URA, Mr. Raymond Christian, and there are seven businesses within that area totaling approximately 70 employees.

I would simply like to make a request of Council through the form of a motion along with this bill that every attempt be made as early as possible to contact all of these businesses to make sure that they relocate within the City of Pittsburgh.

The Chair:

I agree. Is there a second?

Michelle Madoff seconded the motion.

Which motion prevailed.

The Chair:

I'd like to have a letter attached with this, Mike.

Also,

Bill No. 1582

A Resolution entitled, "Resolution

providing for an Agreement, or Agreements with a Consultant or Consultants for a Transportation Systems Management (TSM) study in portions of the Squirrel Hill area in the City's East End."

Which was read.

Also,

Bill No. 1583

A Resolution entitled, "Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire all of the City's right, title and interest, if any in and to the publicly owned property in the 5th Ward of the City of Pittsburgh designated in the Deed Registry Office of Allegheny County as Block and Lot No: 10N-79 under the Residential Land Reserve Fund."

Which was read.

Also,

Bill No. 1584

A Resolution entitled, "Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire all of the City's right, title and interest, if any in and to the publicly owned properties in the 5th Ward of the City of Pittsburgh designated in the Deed Registry Office of Allegheny County as Block and Lot Nos: 10J-343, and 10J-344 under the Residential Land Reserve Fund."

Which was read.

Also,

Bill No. 1585

A Resolution entitled, "Resolution approving the execution of a Contract for Disposition of Land by and between

the Urban Redevelopment Authority of Pittsburgh and Caraway and Lillie E. Houston for the sale of Parcel 47 in the 5th Ward of the City of Pittsburgh in Redevelopment Area No. 32 (RESALE FOR REHABILITATION)."

Which was read.

Also,

Bill No. 1586

A Resolution entitled, "Resolution approving execution of Contracts for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and various redevelopers for the sale of various properties in the 21st Ward of the City of Pittsburgh in Redevelopment Area No. 27 (REAR YARDS)."

Which was read.

Also,

Bill No. 1587

A Resolution entitled, "Resolution approving execution of a Contract for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and Larry Johnson for the sale of Parcel 111 in the 21st Ward of the City of Pittsburgh in Redevelopment Area No. 27 (RESIDENTIAL REHABILITATION)."

Which was read.

Also,

Bill No. 1588

A Resolution entitled, "Resolution approving execution of a Contract for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and Donald A. Spencer for the

sale of Parcel 35 in the 21st Ward of the City of Pittsburgh in Redevelopment Area No. 27 (RESIDENTIAL REHABILITATION)."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Wagner presented

Bill No. 1692

Report of the Committee on Public Safety for October 22, 1986 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1598

A Resolution entitled, "Resolution amending Resolution No. 598, effective July 15, 1986, entitled: 'Resolution

providing for a Contract or Contracts or the use of existing Contracts for the purchase, installation and construction of fencing for the Police Firearms Range, by increasing the total allocation by \$5,000.00 for the Department of Public Safety."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. DePasquale presented

Bill No. 1693

Report of the Committee on Engineering and Construction for October 22, 1986 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1571 ..

A Resolution entitled, "Resolution providing for a Contract or Contracts for the Rehabilitation of the Charles Anderson Bridge over Boundary Street; providing for a Reimbursement Agreement or Agreements with the Commonwealth of Pennsylvania, Department of Transportation; and providing for the payment of the cost thereof."

Which was read.

Also,

Bill No. 1572

A Resolution entitled, "Resolution providing for a Contract or Contracts, or use of existing Contracts for lighting installation or replacement at various park facilities; and providing for the payment of the cost thereof."

Which was read.

Also,

Bill No. 1611

A Resolution entitled, "Resolution providing for a Contract or Contracts, or use of existing Contracts, for the Reconstruction of the Department of Public Works' Second Avenue Buildings and providing for the payment of the cost thereof."

Which was read.

The Chair:

Is there any discussion on the bills?

Mrs. Masloff	(Pres't)

AYES 9

NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

MOTIONS AND RESOLUTIONS

Mr. Givens:

If I could have Janet Fingers and the Principal from the Thaddeus Stevens School, Mr. Donald O'Rourke and Mary Miller and one of the other teachers back there, if you might just come up here if you have some good words to lend.

Mr. Givens presents

No. 1695 WHEREAS, the students at Thaddeus Stevens School would like to join with the faculty and parents to publicly honor Janet Fingers; and

WHEREAS, this public honor is in appreciation of her past and present services rendered to the students at Thaddeus Stevens School; and

WHEREAS, for a period of sixteen years Janet Fingers has unselfishly given of her time in the Thaddeus Stevens School Gymnasium and schedules her own work for evenings to generously accompany students to and from events; and

WHEREAS, Janet Fingers' concern for the spiritual, social, and physical well

being of the students has enriched the lives of thousands.

NOW, THEREFORE,

BE IT RESOLVED, that the Members of Council of the City of Pittsburgh join with the students and faculty of Thaddeus Stevens School in extending our commendations to Janet Fingers for dedication, devotion, and service.

Mr. Givens moved to adopt the resolution.

Michelle Madoff seconded the motion.

Which motion prevailed.

Mr. Givens:

I'd like to bring some people up. First of all, I'm going to hold Janet until the very last. If I could call on the Principal of the school, Donald O'Rourke to say a few comments in regards to this.

Mr. O'Rourke:

It sure is a pleasure to be here in City Council with Janet. I've only been at the Stevens School for a year or so but the wonders that I've seen that she's done with the students in the thousands, not just the few that I've seen go through her hands in working with the teachers and myself and the community. She's a sincere, dedicated person to give that much time of her life to the students of Elliott, West End, Esplan, Broadhead Manor and many other students that come from the City of Pittsburgh. So, it's my real pleasure to be here with Janet and have the opportunity to work with her for the year and a half that I've been with her. So, many, many congratulations again.

Mr. Givens:

If I could get Mary Miller to come up here to say a few kind words. Mary was the person who brought this to my attention along with many other neighbors in that community.

Ms. Miller:

Thank you. I'd just like you all to know Janet Fingers. She is a beautiful person and she has helped us alot. Thank you.

Mr. Givens:

We have a few of the students right here that might be able to offer some kind words and some personal comments as to what Miss Fingers has done for you.

Student:

I just want to say that she's the best I have ever known.

Student:

She is really nice and she helped us alot.

Mr. Givens:

I'd like at this time to bring up Janet.

Ms. Fingers:

I'd like to thank everybody who has been involved with everything that I've done down at the school. I'd like to give my appreciation to Mary Miller, Don O'Rourke, Pat DiNardo, Barb Jett, Janet and Kelley, and this is Jeff Rectenwald. I'd like to thank everybody that is here also. Thank you for your kindness.

The Chair:

Thank you.

Michelle Madoff:

Mr. President and members of Council, I have never really been a sports fan but I have been trying to be one. It took six years to get tickets to the Steelers; I waited in line patiently for my turn to come to fruition and although I have wonderful seats, they are now in the back with the draft. I have been trying to take some time really to monitor what's going on at the Stadium and I have two very major concerns.

One of them is that there just isn't enough parking available and there have been some suggestions made for alternative kinds of parking where people could park in the City and have some kind of boat take them across, not just the boats that the Conleys provide but perhaps the Conleys could expand their fleet to make transportation available.

But the kind of thing that I'm really concerned about is that we are towing cars. I drive by and I see people who are attending the games, their cars being towed, when they're in innocuous places, not bothering anybody, but because we say they shouldn't be there, without any rhyme or reason. On the periphery of the parking lot going to the inner circle parking there is room for about 100 cars and we just tow them for no reason, none. I want to have that discussed in Council at a post agenda.

I also am concerned about the fact that if you leave a few minutes early, or you leave at any time before the game, invariably you will get beer poured on you, you will have cars splattered with beer, you have bottles dropped, which is why I really started to go as frequently as I do. Metzenbaum's press secretary

was missed by a bottle by about two inches which would have been a national story. We don't need that kind of news coming out of Pittsburgh.

I am not happy with the kind of security that is being offered at the Stadium. I do not know, I just learned from Mr. Lally today who the Stadium guard company is. If they're not being paid enough to provide enough security people then pay them more. But something has to be done about security at the Stadium, particularly during the Steeler games and obviously during the Pirate games as well.

I would like to hold a post agenda inviting whoever handles the traffic for the City of Pittsburgh Police, why we are towing these people. We don't need the money that badly to discourage people who need the parking spaces. Item one.

Invite the Conleys or anyone else that would be suitable to provide parking and some transportation over to the Stadium. I don't know what happened to Mr. Wagner's idea of the aerial but perhaps he would like to have some people here at that time to talk about that concept.

I would like to have the Stadium management and people from the Stadium Authority. Sophie, I'm sure, would recommend the right people and tell us who the right people should be from the Stadium Authority. Whitmer, yourself, who else?

Mrs. Masloff:

Mr. Scanlon, Mr. Bergen.

Michelle Madoff:

The decision makers. All of them. And I want to know what we can

do to stop this terrible vandalism. It's not funny to have cups and bottles and beer poured over you, and this is not once, it's not twice, it's all the time. And when people are going out at the end of a game, they are being jostled, there are no police officers, there's nobody there with dogs. So, I want somebody from our Police Department to see whether we can provide police protection, and I want the private security company here. I want somebody from that company here to tell us why they don't provide enough guards. Maybe they're not being paid enough. And I want the people who make the decisions at the Stadium, I want it monitored. I'd like that held A.S.A.P. and I would be very happy if you do it on a day, Mr. President, it does not necessarily have to be a post agenda; it could be on a day that we're having another hearing. That might be more convenient for people. I'd like to do it as a post but if it becomes necessary, we'll do it as a hearing. Let's hope we can avoid that.

The Chair:

I have one announcement. Everyone knows that the Bloomfield Bridge will be opened Saturday at 12:00 and everyone is invited to walk across the bridge to the Polish Hill side. Everybody in the Bloomfield community is having some festivities and everyone is invited.

Mrs. Masloff:

Also there's going to be a wedding performed.

And on the motion of **Mr. Grabowski**

Council adjourned.

Municipal Record

Proceedings of the Council of the City of Pittsburgh

VOL. CXX

Monday, November 3, 1986

No. 42

Municipal Record

ONE-HUNDRED TWENTY-FOURTH COUNCIL

BEN WOODS President
MICHAEL PERRY City Clerk
LINDA M. JOHNSON Asst. City Clerk

Pittsburgh, PA
Monday, November 3, 1986

PRESENT:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

PRESENTATIONS

The Chair:

We're going to take some resolutions first but we have one that we would like to give out now. Could I ask Mrs. Sophie Masloff to come forward,

and this one you're going to love.

Mrs. Masloff:

Al, before I call you to present this resolution to you I want to say that while we're delighted to have you with us today to honor you for your turkey promotion, I must say in all candor, that there have been occasions where you have been referred to as "that turkey" for your occasional roasting and carving up of us public officials.

Others who have been subjected to your gobbledegook have mentioned in passing that perhaps it should be you who should be stuffed rather than a turkey.

Of course, I would not be a party to nor condone such rantings as my affection for you knows no bounds. I would hope that you keep this in mind when my performance in these august Chambers does not measure up to your high standards.

But seriously, Al, to paraphrase the immortal Bard -- "We have not come here to bury Julius but to praise him."

And that is the sincere intent of the resolution I am presenting in Council today -- to express the appreciation of Members of Council and the community for the substantial assistance you have given to needy families during the Thanksgiving holiday the past five years through your highly successful Julius' Turkeys Promotion on KDKA TV.

Al, would you come forward for the

presentation?

The Chair:

And you better bring some help with you.

Mrs. Masloff presents

No. 1755 WHEREAS, since 1982, KDKA-TV has conducted an annual charitable campaign known as Julius' Turkeys in which they provide free Thanksgiving turkeys for needy and unemployed families; and

WHEREAS, this whole charitable effort began when an anonymous viewer sent Al Julius \$10.00 and asked him to buy a Thanksgiving turkey for a family in need; and

WHEREAS, the generous public support of this charitable effort has generated steadily increasing contributions to purchase more and more turkeys, beginning in 1982 with \$90,000.00 for 9,000 turkey to last year's \$360,000.00 for 36,000 turkeys; and

WHEREAS, most contributions come from individuals who know that their money goes directly to needy families without any draining of funds for operating expenses because of the assistance of the Greater Pittsburgh Community Food Bank in establishing a distribution network and \$10.00 turkey certificates redeemable at area grocery stores.

NOW, THEREFORE, BE IT RESOLVED, that the Mayor and the Council of the City of Pittsburgh do hereby commend KDKA-TV's tremendous charitable effort in raising more than \$1 million to provide over 100,000 Thanksgiving turkeys these past four years to needy families in the Pittsburgh area; and

BE IT FURTHER RESOLVED, that we urge everyone in the Pittsburgh metropolitan area to contribute generously to Julius' Turkeys so that Thanksgiving can be a blessed celebration of plenty for every local household in 1986.

Mrs. Masloff moved to adopt the resolution.

Michelle Madoff seconded the motion.

Which motion prevailed.

Mr. Julius:

Sophie, thank you very much.

As you know, I am not known for my modesty nor for my tact, but I will tell you that I am known probably for just telling the truth the way I see it which is certainly not the way you people see it. But the truth of this resolution is that I am just a conduit for the money; and that's a fact.

People have donated to Julius' Turkeys and the money came and went immediately to the people. Every dollar that came in. There were no expense accounts; there were no administrative overheads. Every dollar that came in went to somebody.

Michelle Madoff:

Do you have receipts?

Mr. Julius:

The Food Bank has receipts.

So, when I accept this, I'm accepting this on behalf of the thousands, actually the tens of thousands of people who donated to Julius' Turkeys.

As Sophie said, the money came in

\$10 checks, most of it. As far as I know, nothing came from corporations. The only corporation I do have to thank is KDKA for allowing me to do something like Julius' Turkeys, for giving me the freedom to speak my mind, which in essence made Julius' Turkeys successful. And also I have to thank you people of Council whose actions and inactions have given me so much material for so many commentaries. You too have contributed to whatever success I have had and in a way to Julius' Turkeys.

Take your best shot. I recognize Michelle.

Michelle Madoff:

This turkey would like to give \$20 towards the turkeys.

Mr. Julius:

That's very nice of you, Michelle. Thank you very much.

Mr. O'Malley:

I agree with Sophie; I don't always agree with your commentary but one thing we do agree on is the good work and the good will that you created by Julius' Turkeys and I certainly support it and I would urge you to keep up the good work.

Michelle Madoff:

Just take it easy on us, will you?

Mr. O'Malley:

No, don't take it easy on us. Keep us moving

Mr. Wagner:

Al, I owe you a few after last week

and I did agree with you but in regard to this, I really compliment you for it. I compliment you most because I think Thanksgiving is such a significant holiday in our country and it means so much to anyone and everyone in America and it's a way of helping people realize that people are caring for them and thinking about them and I just think it's fantastic.

Mr. Julius:

I think that you people are aware probably more than anybody about the hunger and the unemployment that exists in this area. If you tear down over on Second Avenue, J & L, and people think that because you erased J & L you've erased the problem of unemployment. You can't see J & L anymore so you can't see those people who are unemployed. That's wrong and you people know it as well as I do. That's why this year is probably going to be the toughest year of all to raise money because a lot of people say, "Hey, it went away, things look better, things are coming back, employment is coming back to the City", and all the rest, and you people know what kind of employment is coming back to the City and you know how bad it really is. So it's going to be a tough year this year.

Michelle Madoff:

Do you want to give him some money for a turkey? Come on, Ben, ante up, ante up, Ben. A little money for some turkeys.

The Chair:

You paid for me.

Michelle Madoff:

No, not for you, honey. I mean, we've got a thing going but you have to pay for your own way.

Mr. Givens:

Al, the tradition that you have started is commendable, especially for KDKA TV and it's something that, I think, other people have tried to do within the City. I remember my own experiences of being in the U.S. Military in far flung areas of the world, and I mean some far flung areas of the world, and it was always an endeavor, at least at Christmas and the holidays, New Years and Thanksgiving, etc., that the men in the field, and the women, receive a turkey dinner. That is traditional with all of America and for you to help the people that need it out there the most and having that particular season go by, but for it to be the land of plenty, then hopefully everyone will receive at least part of that turkey that you have gendered up through your campaign. Thank you, Al Julius.

Mr. DePasquale:

I just have one complaint. When I was President of the Local down at Three Rivers, we gave turkeys to the members one year and I caught holy hell because we didn't have any kosher turkeys. I hope you have some kosher turkeys.

Mr. Julius:

You reminded me of something. I'm going to have to see if we can get some.

Michelle Madoff:

Could I please ask for Reverend Floyd W. Alexander to please step forward.

Michelle Madoff presents

No. 1765 WHEREAS, this year, the St. James A.M.E. Church celebrates its

120th Anniversary of worship and service in the East Liberty Community; and,

WHEREAS, founded in 1866, St. James has enjoyed a long and distinguished history as a vibrant voice for religious education, missionary zeal, housing for the elderly, family support services, and community activities; and,

WHEREAS, St. James African Methodist Episcopal Church continues to carry on its unique work in a spirit of love and dedication through the thirty-five lay organizations that bring the Church's vision into reality; and,

WHEREAS, St. James also has established an international character with activities such as entertaining Bishop Tolbert, then High Commissioner of Canada and Jamaica, hosting the Kuntu Repertory Theatre, and housing the Afro-American Institute of Music; and,

WHEREAS, the Church has conducted building campaigns for the establishment of community services such as the erection of the Sumpter Education Building and the Deaconess Home for the Elderly;

NOW, THEREFORE, BE IT RESOLVED, that the Mayor and the Council of the City of Pittsburgh hereby extend our heartfelt congratulations to the people of St. James A.M.E. Church in East Liberty on the 120th Anniversary celebration of their spiritual service and fellowship.

Michelle Madoff moved to adopt the resolution.

Mr. DePasquale seconded the motion.

Which motion prevailed.

Michelle Madoff:

Perhaps Reverend Floyd Alexander, the Pastor of the church for the past 13 years, would like to say a few words.

Reverend Alexander:

I certainly want to express my thanks to the members of Council for this resolution and say to you that we are striving to do everything that's positive to make East Liberty a better place to live and certainly counting upon you to help us to do the work that is so much needed. Thank you.

Michelle Madoff:

I think it's very important that you are dedicated to the community and helping everybody, not just East Liberty.

Council presents

No. 1758 WHEREAS, the recent bankruptcy case of LTV has caused severe distress with the LTV retirees as well as economic hardship in the Pittsburgh metropolitan area;

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Pittsburgh supports the LTV retirees in their demands that the Federal bankruptcy court in New York City not reduce or eliminate their medical coverage, life insurance, supplemental pension benefits, or any other pension benefits; and,

BE IT FURTHER RESOLVED, that the Council forward this resolution to the bankruptcy court expressing the concern of the citizens of the City of Pittsburgh.

Also,

No. 1759 WHEREAS, the recent

bankruptcy case of LTV has caused severe distress with the LTV retirees as well as economic hardship in the Pittsburgh metropolitan area;

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Pittsburgh recommends that the Urban Redevelopment Authority joins with the Steel Valley Authority to intervene in the LTV bankruptcy proceedings with the purpose of protecting the best interests of the community in regard to tax base, land use, and the general public welfare.

Also,

No. 1760 WHEREAS, the recent bankruptcy case of LTV has caused severe distress with the LTV retirees as well as economic hardship in the Pittsburgh metropolitan area;

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Pittsburgh recommends that the Urban Redevelopment Authority and the Department of City Planning investigate the recertification of the LTV sites as redevelopment areas so that the land use can be redeveloped with maximum public and community input.

Also,

No. 1761 WHEREAS, the recent bankruptcy case of LTV has caused severe distress with the LTV retirees as well as economic hardship in the Pittsburgh metropolitan area;

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Pittsburgh urges that work begin immediately on the Metal Retention Study to plan for reconstruction of a viable steel industry in the region with its proceedings to be open to input from community groups as to the scope and

direction of the study focusing its initial efforts on the electric furnaces of LTV South Side to determine whether these furnaces can be restarted as a stand alone hot steel producer or utilized in conjunction with currently closed and/or presently operating finishing facilities of LTV (Pittsburgh and Aliquippa), USX, Sharon Steel, Weirton Steel and Wheeling-Pittsburgh.

Mr. DePasquale moved to adopt the resolutions.

Mr. Wagner seconded the motion.

Which motion prevailed.

Mr. O'Brien:

I appreciate what City Council has done and it's always nice to do business with a friendly Council. I'm sure that if we had a friendly steel industry throughout the country and it would cooperate with the people, as you Councilpeople have done here, we wouldn't have the problem that we have today.

When I appeared before you last Thursday, I didn't know how many of you Councilpeople knew Al Julius, but I just wanted to tell you that a couple weeks ago Al Julius buried the steel industry, he gave the eulogy. I'm just hoping that we're going to be able to resurrect the steel industry because the only way we can get away from giving turkeys is to have full employment, and there's no reason why we can't have full employment. The steel workers are willing to sit down with anyone throughout the country and try to resolve this situation.

No economy in the world -- You can't maintain an economy without a steel industry. The Chairman of Dupont said that about six months ago, the

Chairman of the Ford Motor Company said it, and Ted Turner, the owner of the Atlanta team, when he was conducting the summer games over in Russia. He was interviewed on the Ted Koppel show and he said that what the United States should be worrying about is their steel industry. And I think this is what the Steel Valley Authority is about to do and we appreciate the cooperation of the Council and the Mayor of the City of Pittsburgh.

Thank you.

Mr. Givens presents

No. 1764 WHEREAS, the current LTV bankruptcy proceeding threatens the security of the LTV retirees with the possibility of reducing or eliminating their medical coverage, life insurance, supplemental pension benefits, and other retirement benefits; and,

WHEREAS, work should begin immediately on the Metal Retention Study to plan for reconstruction of a viable steel industry in the region with proceedings to be open to input from community groups as to the scope and direction of the study focusing its initial efforts on the electric furnaces of LTV South Side to determine whether these furnaces can be restarted as a stand alone hot steel producer or utilized in conjunction with currently closed and/or presently operating finishing facilities of LTV (Pittsburgh and Aliquippa), USX, Sharon Steel, Weirton Steel, and Wheeling-Pittsburgh; and,

WHEREAS, City agencies should join with the Steel Valley Authority to intervene in the LTV bankruptcy proceedings with the purpose of protecting the best interests of the community in regard to tax base, land use, and the general public welfare;

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Pittsburgh urges the bankruptcy court in New York City to protect the vital retirement pensions, benefits, and insurance coverage of the LTV retirees; and

BE IT FURTHER RESOLVED, that the Council urges the Urban Redevelopment Authority and the Department of City Planning to investigate the recertification of the LTV sites as redevelopment areas so that the land use can be redeveloped with maximum public and community input.

Mr. Givens moved to adopt the resolution.

Michelle Madoff seconded the motion.

Which motion prevailed.

Mr. Givens:

Mr. President, before we adopt that I think it's very obvious that there's four resolutions that you had submitted and the one resolution that I had submitted. Up until, I think it was Friday, I was knowledgeable of the fact that you were going to put in four. Prior to then and prior to the public hearing, all Councilmembers had received a letter from the Steel Valley Authority. In there I think they asked all the Councilpeople if they would put a resolution in. At that time my office then went to the Chief Clerk and asked if anyone had presented it up until that time and the answer was no, they did not. So my office then went ahead to take in what the letter to all Councilmembers so indicated and I came up with this particular resolution. But I think it's best to be left with Frank. If the Authority wants four separate resolutions, then that's the way it should go in. My particular resolution, even

though it was read and adopted and seconded, really took all four resolutions and combined them into one and I don't know what is the best appropriate way to present this to other government bodies, just in one resolution or in four resolutions, whichever you think would have the most weight and the most direction. I don't like to belabor you with that and I'm sorry I didn't have an opportunity to speak with you, Mr. O'Brien, but --

Mr. O'Brien:

The main purpose is that the resolutions get there.

Mr. Givens:

Just so that they get the total picture, not just the bankruptcy but we're asking other agencies within, like the Urban Redevelopment Authority, to look into certain aspects of it, and maybe it would be best just to send one directly to them. But I had thought that the context of all four in one resolution would be probably something that would be more informative to the bankruptcy jobs as well as the URA people, as well as to our Legislators in the State House, to know that -- I have a bit of a problem when I have four pieces of paper and one of them gets lost. At least this one, there is a bill, a bill number, and it covers all four subjected areas.

The Chair:

And what happens if you lose that one? You're out of luck.

Mr. Wagner:

Mr. President, may I comment? I just wanted to mention in regard to the resolutions, the various ones, and the comment that I made at the public hearing about other governmental

entities and City Councils in Western Pennsylvania hopefully passing similar resolutions, I think the only resolution, one or two, pertain to the bankruptcy. The area relating to J & L within the City, I think, is more of a City resolution than it is other municipalities. Consequently, I would just suggest that those resolutions be forwarded to the appropriate municipalities. Hopefully they'll pass them and then send them on to the New York City Bankruptcy Court, as we are doing.

Mr. DePasquale:

To elaborate on what Jack said, Frank and Mr. President, and we discussed it at the hearing, one of the gentlemen brought up that there should be some sort of task force or committee composed of elected officials in Western Pennsylvania and Eastern Ohio, as far as Cleveland, and Northern West Virginia. I think that it would have more input there than a resolution. A resolution means well and it's a good thing, don't get me wrong. Some people may listen to them, some people may not. But a task force composed of the people I'm talking about I think would bring a lot more pressure on these people to do something because it's obviously a desperate situation.

The Chair:

The City Clerk is preparing the letter now; he's getting peoples' names from all over the Tri State area so that we can send a letter here from Council asking to help us form this task force along with yourselves. I spoke to Judy about this in my office shortly before we came to the meeting.

Michelle Madoff:

I have a question and a statement. Has the Mayor supported you on this, and the Commissioners, and the Governor?

Mr. O'Brien:

Yes, the Mayor is in full support, and he donated —

Michelle Madoff:

And the Commissioners?

Mr. O'Brien:

And the Commissioners. We're working with the Commissioners on the Bond Commission. There's room for a lot of players in this thing.

Michelle Madoff:

The point that I wanted to make is that with all the resolutions that were made, probably the one that must be addressed immediately is that people do not feel a cut on somebody else's finger. So we have to make them feel it by saying, if we don't have medical coverage, and we can be cut off at our job, it can happen to you. And if we don't get our pension benefits, it can happen to you. And I'm hoping that whoever is listening in your organization will start getting the message out. It isn't just us; it could happen to you. We never thought it would happen to us; it could happen to you. And that's where people live, where it could happen to them.

Mr. O'Brien:

Thank you very much.

Mr. Givens presents

No. 1763 WHEREAS, Giant Eagle Markets, Inc. has announced its plans to open a retail beer sales "warehouse" in a former supermarket facility at 78 Penn Circle West in East Liberty; and

WHEREAS, the proposed facility is

immediately adjacent to a senior citizen's apartment complex known as East Mall Apartments and was constructed with the intent of attracting a food store to serve said complex; and

WHEREAS, business, political and community leaders from the East End, as well as residents of said complex, have expressed their outright opposition to the granting or transfer of a retail beer sales license by the Pennsylvania Liquor Control Board to Giant Eagle Markets, Inc. to open such an operation.

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Pittsburgh hereby requests that the Pennsylvania Liquor Control Board refrain from issuing a retail beer sales license for the aforementioned location until a public hearing has been scheduled and held in Pittsburgh for the purpose of ascertaining the impact such an operation would have on the surrounding community; and

BE IT FURTHER RESOLVED, that the Council of the City of Pittsburgh will immediately ask the City Planning Department to prepare amendments to the zoning code of the City of Pittsburgh to further restrict the area and the conditions under which such an operation can open in the event the Pennsylvania Liquor Control Board fails to respond in this very instance in a manner deemed appropriate and fitting.

Mr. Givens moved to adopt the resolution.

Mr. DePasquale seconded the motion.

Which motion prevailed.

Mr. Givens:

I'd just like to say a few words. Both Representative Frank Pistella and

myself, representatives from Senator Spector and Senator Heinz's office, have been a part of various meetings. There have been several meetings that have been conducted there and the impact of all this to restrict this from ever opening up. If it does, I don't know if you're familiar with that address and where its located at, but as you come in Penn Avenue, right underneath the arch, that's the high-rise for the elderly and that's the arch, and right adjacent to that is a nice commercial store which is now going to be a Beer World.

I have Dolores who is from the community and from that particular high-rise for the elderly to say a few words on behalf of the senior citizens who are located in that particular building.

Ms. Sanchez

This is unexpected by I do have on behalf of all of the retired people, myself being one of them, we need a store. We will have no access to food. We will have the older people, the people who cannot walk. The people on crutches and in wheelchairs will have to be carried to the other areas and you know what that is, they'll have to drive.

Also, we do not need a beer distributor in the area. I, myself, have been attacked by people who have received liquor in the back of the apartments.

We are asking you, please, to favor this proposal, to go along with us. I am a representative for many, many people and we are here just to say please hear us. We need a food place there, both for the redevelopment of East Liberty, to bring stores back that were there when I was a child, and that was quite a while ago. Also, we need access to a food store, not to a beer distributor. Help us,

and thank you.

Michelle Madoff:

Have you spoken to the East Liberty Association? Are they supporting you on this?

Ms. Sanchez:

Yes, we have had meetings previous to this time. We have asked for media support.

Michelle Madoff:

And there's a public hearing scheduled, Mr. Givens?

Mr. Givens:

I just noticed Mr. Flaherty introduced a piece of legislation requesting a public hearing. The people out there have a petition to go before the Council for a hearing predicated upon the Liquor Control Board and what they do.

Michelle Madoff:

I think what they're saying is that perhaps the President of Council would schedule a hearing so that we would petition the Liquor Control Board not to give them a license. After the fact holding a hearing isn't going to do us any good.

Mr. Givens:

We're asking the Liquor Control Board to have a public hearing here in Pittsburgh. We want to hear from the Liquor Control Board whether or not they'll do that. If they do not do it, then the appropriate body to come before would be the Council of the City of Pittsburgh.

Michelle Madoff:

I respectfully disagree and I'm worried. If we wait to see what the Liquor Control Board does, it may be too late. I think we need a public hearing, a public airing of the problem, and get a message to the Liquor Control Board before they even think about giving them a license.

Mr. Givens:

Michelle, we have legislators in that district that are going to hand-carry this petition along with letters that they've already sent from their office. We will be hearing from the Liquor Control Board very quickly.

Michelle Madoff:

So you're not concerned about whether we have a hearing in a hurry?

Mr. Givens:

It leaves other branches of government to have an opportunity to take care of an appropriate course of action before we jump up and start running.

The Chair:

Thank you very much, Mr. Givens.

Mr. DePasquale presented

No. 1698 Resolution providing for the issuance of a warrant in favor of Trumbull Corporation (Perry J. Dick, President) in the amount of \$2,103.37 in payment of Extra Work, being in addition to the original contract price of \$4,083,511.40 on Controller's Contract No. 26925, furnished for the benefit of the City in connection with the Reconstruction of Grant Street, Phase I; and providing for the payment thereof,

Charging the same to the Grant Street Trust Fund. Prior approval granted by Council August 27, 1986.

Also,

No. 1699 Resolution providing for the issuance of a warrant in favor of Conn Construction Company (Converse Branscome, Jr., President) in the amount of \$1,434.14 in payment of Extra Work, being in addition to the original contract price of \$2,536,174.03 on Controller's Contract No. 27563, furnished for the benefit of the City in connection with the Reconstruction of the Pennsylvania Avenue Roadway and Bridge; and providing for the payment thereof, charging the same to the Pennsylvania Avenue Bridge Trust Fund, Index Code No. 253070. Prior approval granted by Council September 10, 1986.

Which were read and referred to the Committee on Finance.

Also,

No. 1700 Repealing Resolution No. 593, effective July 15, 1986, entitled, "Providing for an Agreement or Agreements with a Consultant or Consultants for Professional Engineering Services in connection with the design for increased illumination in Market Square; and providing for the payment of the cost thereof not to exceed \$5,000.00, payable from Code Account PW 83-26.

Also,

No. 1701 Resolution amending Resolution No. 1040, effective December 6, 1983, entitled, "Providing for an Agreement or Agreements with Michael Baker, Jr., Inc., for Preliminary Design and License Application in connection with the proposed Hydroelectric Project at Allegheny River Lock and Dam No. 2; and providing for the payment of the

cost thereof;" by amending the title to read Consultant or Consultants and by increasing the total project allocation from \$315,000.00 to \$390,000.00 chargeable to and payable from the following Code Accounts: PW 83-40, \$315,000.00 and EC 86-91, \$75,000.00 = \$390,000.00.

Also,

No. 1702 Resolution further amending Resolution No. 1283 of 1985, as amended, entitled "Resolution adopting and approving the 1986 Capital Budget and the 1986 Community Development Block Grant Program; and approving the 1986 through 1991 Capital Improvement Program" by creating two (2) new line items and adjusting the Summary Total.

Also,

No. 1703 Resolution providing for a contract or contracts, or use of existing contracts, for the relighting of Sullivan Field; and providing for the payment of the cost thereof. Chargeable to and payable from Code Account EC 86-92. At a cost not to exceed \$70,000.00.

Also,

No. 1704 Communication from Paul McDermott, Director, Department of Engineering and Construction, requesting authorization for himself, Paul Wolfe and William Siess to travel to Indianapolis, Indiana to view and discuss their "Market Street Project" which is similar to our Grant Street, Phase I Project on October 28, 1986, at a cost not to exceed \$725.00, payable from Code Account 1482, Miscellaneous Services. Prior approval granted by Council October 21, 1986.

Which were severally read and referred to the Committee on Engineering and Construction.

Mr. Givens presented

No. 1705 Resolution transferring the amount of Fifteen Thousand (\$15,000.00) Dollars from Code Account 1612-1, Repairs, Index Code 161216, to Code Account 1610, Miscellaneous Services, Index Code 161000 and Ten Thousand (\$10,000) Dollars from Code Account 1611-1, Utilities, Index Code 161117, to Code Account 1502, Miscellaneous Services, Index Code 150201, all accounts within the Department of Public Works.

Which was read and referred to the Committee on Finance.

Mr. Givens moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Grabowski seconded the motion.

Which motion prevailed.

Also,

No. 1706 Resolution granting unto Kenneth and Celeste Martin, their successors and assigns, the privilege and license to construct, maintain and use at their own cost and expense, a house and steps encroachment in a portion of the right-of-way of Yew Street in the 8th Ward of the City of Pittsburgh.

Also,

No. 1707 Resolution accepting the dedication of certain property from Signet Associates which is located between Pulaski Way and Wiggins Street

in the 6th Ward, City of Pittsburgh.

Which were read and referred to the Committee on Public Works

Mr. Givens moved to suspend Rule 8 by providing for consideration of the bills only until or after the 9th calendar day following the meeting in which the bills were introduced so the bills will be on the agenda this Wednesday.

Mr. Grabowski seconded the motion.

Which motion prevailed.

Also,

No. 1708 Resolution granting unto Ron and Denise Daugherty, their successors and assigns, the privilege and license to construct, maintain and use at their own cost and expense, an off-street parking area on a portion of the unimproved Reese Street in the 19th Ward of the City of Pittsburgh.

Which was read and referred to the Committee on Public Works.

Mr. Grabowski presented

No. 1709 An Ordinance amending the Pittsburgh Code, Title Nine, Zoning District Map No. 9, by changing: From "R1" One-Family Residence to "C1" Neighborhood Retail District all that certain property bounded by Brownsville Road; Lauch Way; Clifton Street; Askal Way, 29th Ward.

Mr. Grabowski:

Mr. President, I move to hold a public hearing on that bill.

Mr. Givens seconded the motion.

Which motion prevailed.

Also,

No. 1710 Resolution approving a Conditional Use Exception under Section 993.01(a)(25) of the Pittsburgh Code, Title Nine, Zoning, Article V, Chapter 993 as amended, to McDonald's Corporation, lessee, and Jiffy Lube Company, sub-lessee, for authorization of a unit group building development to allow construction of a Jiffy Lube Building in addition to the existing McDonald Restaurant on property located on the corner of West Liberty Avenue and Wenzell Avenue, 19th Ward.

Also,

No. 1711 Resolution providing for Agreement(s) with the Health and Welfare Planning Association for the Administration of "Commission on Families", cost not to exceed \$50,000, chargeable to 1976 CDBG-ULO Project No. 4-40-05-0200-76-907-76-35.

Also,

No. 1712 Resolution approving execution of Contract by and between URA and John Pritchett, Jr. and Ann Pritchett for the sale of Block 22E Lots: 246 and 247 in the 21st Ward for \$550.00 — Residential Land Reserve Fund. (1443-41 Warner Street)

Also,

No. 1713 Resolution approving execution of a Contract by and between URA and Ralph C. Johnson and Fannie M. Johnson for the sale of Block 23F, Lot 303 in the 25th Ward for \$1,200.00 — Residential Land Reserve Fund. (312 Jacksonia Street)

Also,

No. 1714 Resolution approving execution of Contract by and between

URA and Garfield Jubilee Association, Inc. for the sale of property in the 10th Ward for \$5,500.00 — Residential Land Reserve Fund (530 N. Atlantic a/k/a 330 N. Atlantic Ave.) Block & Lot 50G-40B

Also,

No. 1715 Resolution authorizing the URA of Pittsburgh to acquire all of the City's right, title and interest, if any, in and to the publicly owned property in the 21st Ward of the City of Pittsburgh designated in the Deed Registry Office of Allegheny County as Block and Lot(s): 22E-247 under the Residential Land Reserve Fund.

Also,

No. 1716 Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire that property in the 21st Ward of the City of Pittsburgh owned by Dorothy Ringgold and spouse if married, and designated as Block and Lot 22P-337 in the Deed Registry Office of Allegheny County, under the Residential Land Reserve Fund, said property having been certified by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh.

Also,

No. 1717 Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire that property in the 25th Ward of the City of Pittsburgh owned by Ricardo P. Gurjardo and designated as Block and Lot 23F-303 in the Deed Registry Office of Allegheny County, under the Residential Land Reserve Fund, said property having been certified by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh.

Also,

No. 1718 Resolution authorizing the URA of Pittsburgh to acquire all of the City's right, title and interest, if any, in and to the publicly owned property in the 25th Ward of the City of Pittsburgh designated in the Deed Registry Office of Allegheny County as Block and Lot(s): 23F-178 under the Residential Land Reserve Fund.

Also,

No. 1719 Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire that property in the 21st Ward of the City of Pittsburgh owned by Jeremiah F. Dillon and Susan Dillon and designated as Block and Lot 22P-337 in the Deed Registry Office of Allegheny County, under the Residential Land Reserve Fund, said property having been certified by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh.

Also,

No. 1720 Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire that property in the 21st Ward of the City of Pittsburgh owned by Recon Land Company and designated as Block and Lot 22G-87 in the Deed Registry Office of Allegheny County, under the Residential Land Reserve Fund, said property having been certified by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh.

Which were severally read and referred to the Committee on Planning, Housing and Development.

Michelle Madoff presented

No. 1721 An Ordinance directing the Allegheny County Board of Elections to place before the qualified voters of the City of Pittsburgh a referendum

question as to whether or not said voters are in favor of amending the Home Rule Charter to provide for the election of City Council Members: 1) Nine at large, or 2) Nine by district only or 3) a combination of seven by district and two at large. (SPONSORED BY MICHELLE MADOFF)

Also,

No. 1722 Resolution providing for the transfer of funds totaling Four Hundred and Sixty Thousand (\$460,000) Dollars from various Code Accounts to Code Account 1132-2, Index Code 113225, Telephone Services and Equipment, Department of General Services.

Which were read and referred to the Committee on Finance.

Also,

No. 1723 Resolution providing for the letting of a contract or contracts, or for the use of existing contracts, for various energy conservation projects in an amount not to exceed Twenty Thousand (\$20,000) Dollars, chargeable to and payable from Code Account 4-30-01-0004-86, (GS8604), Index Code 370569, Energy Conservation, Bureau of Repairs and Operating Maintenance, Department of General Services.

Also,

No. 1724 Resolution providing for the letting of a contract or contracts, or for the use of existing contracts, for various public buildings maintenance services in an amount not to exceed One Hundred Thousand (\$100,000) Dollars. Funds are available in Code Account 4-30-01-0003-86 (GS8603), Index Code 370510, Bureau of Repairs and Operating Maintenance, Department of General Services.

Also,

No. 1725 Resolution providing for a professional services agreement or agreements for "Hands-On Driver Training" for the Department of General Services, at a cost not to exceed Forty-Eight Thousand (\$48,000) Dollars, chargeable and payable from Code Account 1128, Index Code 112805, Miscellaneous Services, Department of General Services.

Which were severally read and referred to the Committee on General Services.

Also,

No. 1726 Resolution authorizing the Public Safety Department to enter into an Agreement or Agreements for services and materials to conduct a Public Service Campaign for the purposes of promoting the City's non-emergency telephone number, not to exceed \$2,000.00. (SPONSORED BY MICHELLE MADOFF)

Which was read and referred to the Committee on Public Safety.

Mrs. Masloff presented

No. 1727 Resolution authorizing the transfer of funds as invoices are submitted for the purchase of Asphalt at a cost not to exceed \$75,000.00 from Code Account PR86-02, 4-10-10-0002-86, Index Code 320895 in the Department of Parks and Recreation to the Department of Public Works Code Account AR, Asphalt Reimbursement Trust Fund, Index Code 250100.

Also,

No. 1728 Resolution transferring \$17,185.37 in appropriations from Capital Budget Project PR86-02, 4-10-10-0002-86, Index Code 320895,

Resurfacing of Park Roads to Project PR86-04, 4-10-15-0008-86, Index Code 322875, Play Equipment in the Department of Parks and Recreation.

Which were read and referred to the Committee on Finance.

Also,

No. 1729 Resolution providing for the filing of application or applications by the City of Pittsburgh with the Commonwealth of Pennsylvania, Department of Environmental Resources, for a grant in connection with the improvement and renovation of Schenley Park through the Department of Parks and Recreation; providing for the creation of the Pennsylvania Conservation Corp Trust Fund.

Also,

No. 1730 Resolution providing for the letting of a contract or contracts, or the use of existing contracts, for the furnishing and delivery of various play equipment for the Department of Parks and Recreation, payable from Code Account PR86-04, 4-10-15-0008-86, Index Code 322875, Play Equipment, Department of Parks and Recreation, and for payment thereof not to exceed \$17,185.37.

Also,

No. 1731 Communication from Louise Brown, Director, Department of Parks and Recreation, requesting authorization for Betty Weber Hammer to attend the USTA Recreational Tennis Leadership and USTA National Junior Tennis in Los Angeles, California from November 14-16, 1986, at a cost not to exceed \$100.00, payable from the Special Parks Program Trust Fund.

Also,

No. 1732 Communication from Louise Brown, Director, Department of Parks and Recreation, requesting authorization for Janice Fraizer to travel to the Columbus Zoo for some on-the-job training in gorilla care from December 1-5, 1986, at a cost not to exceed \$500.00, payable from Code Account No. 1852, Miscellaneous Services.

Which were severally read and referred to the Committee on Parks and Recreation.

Mr. O'Malley presented

No. 1733 Resolution providing for the issuance of a \$1,276.00 warrant in favor of Dorothy Wozniak in full settlement for property damage due to water breaks, charging same to Code Account No. 46, Judgment.

Also,

No. 1734 Resolution authorizing the issuance of a warrant in favor of Carnegie Mellon University, in payment of Labor-Management Committee training for the benefit of the City without previous authority of law; and providing for the payment thereof. Total cost not to exceed \$13,272.00, payable from the Labor-Management Committee Program Trust Fund, Department of Personnel.

Also,

No. 1735 Resolution providing for an Agreement or Agreements with an accounting firm to provide professional auditing services as required by the Pennsylvania Department of Labor and Industry in connection with the Job Training Partnership Act (JTPA) Program and providing for the payment of the costs thereof. The total amount payable under this Resolution will not

exceed \$30,000.00, payable from the JTPA Trust Fund.

Also,

No. 1736 Resolution authorizing the conveyance of property in the 25th Ward, Perrysville Avenue, Block and Lot 46-P-16, to the Perry Hilltop Association for Successful Enterprises for \$1.00. Property to be used in connection with renovation of Perry South Senior Citizen Center.

Also,

No. 1737 Resolution amending Resolution No. 903-I, approved October 13, 1986 for sale of a vacant lot (28th Ward) Block and Lot 67-L-162 to Roy R. Patterson and Concetta A. Patterson (W) for the sum of \$350.00. Resolution is to correct T.S. number, also Plan Lot number.

Also,

No. 1738 Resolution providing for the filing of a petition for the sale of certain property or properties in various Wards of the City of Pittsburgh, acquired at tax sales in accordance with Act No. 171 of 1984.

Also,

No. 1739 Communication from Richard Caliguri, Mayor, City of Pittsburgh, requesting authorization for Jean M. Sickle to attend a conference sponsored by the PA Commission for Women in Harrisburg, PA on November 15, 1986, at a cost not to exceed \$200.00, payable from Code Account No. 1021.

Also,

No. 1740 Communication from Richard S. Caliguri, Mayor, City of

Pittsburgh, requesting authorization for David Donahoe to represent the Mayor at the "Partners for Livable Places" meeting in Washington, D.C. from November 13-14, 1986, at a cost not to exceed \$400.00, payable from Code Account No. 1017-09.

Which were severally read and referred to the Committee on Finance.

Michelle Maloff:

Point of order. Those introduced today probably should fall under Public Safety, but I just wanted to let you know it was introduced.

Mr. Wagner presented

No. 1741 Resolution providing for the issuance of a warrant in favor of International Business Machines Corporation, P.O. Box 12147, Philadelphia, PA 19105, in the amount of \$2,118.00 in payment for rental of equipment furnished for the benefit of the City, payable from the DPSTPP Code Account.

Which was read and referred to the Committee on Finance.

Also,

No. 1742 Resolution providing for a Contract or Contracts or the use of existing Contract or Contracts to purchase furniture for Emergency Medical Services and providing for the payment thereof at a cost not to exceed \$17,000.00, payable from the EMNEAS Code Account.

Also,

No. 1743 Communication from Glenn Cannon, Director, Department of Public Safety, requesting authorization for John Daniel to attend a National

Association for Children of Alcoholics Conference in East Rutherford, New Jersey, from November 14-15, 1986, at a cost not to exceed \$500.00, payable from the DPSTPP Code Account.

Which were read and referred to the Committee on Public Safety.

The Chair presented

No. 1744 Communication from Thomas Flaherty, City Controller, submitting the Fiscal Audit Report of Carnegie Institute as of December 31, 1985, pursuant to Resolution No. 42 of 1985.

Also,

No. 1745 Communication from Thomas Flaherty, City Controller, submitting the Fiscal Audit of the Bureau of Police - Service Branch, Department of Public Safety, of revenues collected from cash transactions for the years ended December 31, 1985, 1984 and 1983.

Also,

No. 1746 Communication from Thomas Flaherty, City Controller, submitting the Fiscal Audit of the Bureau of Building Inspection, Department of Public Safety, of revenues collected from cash transactions of the Office of Licenses and Permits as of December 31, 1985 and 1984.

Also,

No. 1747 Petition from the residents of the City of Pittsburgh requesting a public hearing concerning the proposed Beer-4-Less location in the East Mall, in the East Liberty section of the City of Pittsburgh and also request that the pertinent governmental and

private sector personnel attend this hearing. (This petition is valid in accordance with Section 320 of the Home Rule Charter.)

Also,

No. 1748 Petition from the residents of the City of Pittsburgh, requesting a public hearing concerning the issue of Pittsburgh "twinning" with a Nicaraguan City. (This petition is valid in accordance with Section 320 of the Home Rule Charter.)

Which were severally read, received and filed.

REPORTS OF COMMITTEES

Mr. O'Malley presented

Bill No. 1749

Report of the Committee on Finance for October 29, 1986 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1612

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of General Roofing Company (D. Dale Hamilton, III, President) in the amount of \$7,348.60 in payment of Extra Work, being in addition to the original contract price of \$257,666.00 on Controller's Contract No. 27280, furnished for the benefit of the City in connection with the Emergency Jobs Bill - Roof Rehabilitation of Various City Facilities; and providing for the payment thereof."

Which was read.

Michelle Madoff:

I would like my comments from last week brought forward on Bill 1612.

(BEGINNING - MICHELLE MADOFF'S
REMARKS ON BILL NO. 1612 -
WEDNESDAY, 10/29/86)

Michelle Madoff:

Mr. McDermott, we have a contract to do roofs?

Director McDermott:

Yes.

Michelle Madoff:

We have a consultant to tell us how to do the roofs?

Director McDermott:

Yes.

Michelle Madoff:

We have a large number of dollars set aside to do the roofs, \$257,000.00.

Director McDermott:

Yes.

Michelle Madoff:

We need that like we need a hole in the head. People who do roofs know how to do roofs. They give you a price, and they tell you how to do the roof, and Mr. Wagner has made that point many times. Now, the question becomes why do we need \$7,000.00 more?

Director McDermott:

Well, the bill here identifies each one of the reasons that the money was needed for on four different jobs.

Michelle Madoff:

Why didn't we know that up front? We had a consultant?

Director McDermott:

When you start tearing the roof off, you find conditions underneath around the flashing and around the roof drains that are not visible until you start tearing things off.

Michelle Madoff:

I know that. I have lived in a home and had repairs, and I know when you do bridges you sometimes find things behind you that you don't know. But then what do you need a consultant for? Why are we paying a consultant? Why don't you just have a roofer go up, examine, and if he runs into a reasonable unexpected problem, and I'm not so sure that that should even be a factor because if he was in the private sector he would come up with a price and examine the roof and whatever price he came up with, he would be married to that price.

So, if a contractor came to my home and said he was going to do my roof for \$4,000.00 and he would examine it first and he would give me a price, he would know if the flashings were bad, and he would lift some of the tile up, and he would know up there, and if he couldn't do it for \$4,000.00 and make a profit, that's his problem. Why are we constantly giving the low bid and then coming back and giving extra money. All of the time.

Director McDermott:

We are not giving extra work. We are paying for --

Michelle Madoff:

The guy made a mistake.

Director McDermott:

There has been no mistake made. You don't have an understanding of the work that a consultant does in preparing the contract documents to go out for bid. You can't let a man come and tell you he is going to give you a price for performing a certain amount of work. You must establish what work you want done to receive the competitive bids that are necessary to proceed with the contract.

Michelle Madoff:

You mean you couldn't have four contractors go up on roofs and say give us a price for the work that we are going to have done and go with the lowest bidder.

Director McDermott:

Sure. You can do that as long as you hand them the contract documents telling them exactly the information they need so that they are all putting their prices on the same identical material.

Michelle Madoff:

If four contractors went up on all the roofs you want to have done, all four contractors having examined the conditions of the roof, could come back with a bid.

Director McDermott:

On what materials?

Michelle Madoff:

You mean you don't have that capacity with all the people that you have to know what the materials would be.

Director McDermott:

Oh, we know, and that's why we put the contract documents together --

Michelle Madoff:

And that's why you also hire a consultant after you put the contracts together --

Director McDermott:

The consultant puts the contract documents together.

Michelle Madoff:

You can't do it in house?

Director McDermott:

We don't have enough staff.

Michelle Madoff:

How many people do you have in staff?

Director McDermott:

In house, about 85.

Michelle Madoff:

You only have 85 people, and you can't put the contracts together.

Director McDermott:

This isn't the only contracts we are working on. We are working on over 100 and some contracts.

Michelle Madoff:

And with 85 people, you cannot deal on over 100 contracts.

Director McDermott:

No, we cannot.

Michelle Madoff:

What about in the private sector? Could 85 people --

Director McDermott:

No, they could not. We have about 1/3 of the staff that we need.

Michelle Madoff:

Well, I question that, and I am not very well versed on --

Director McDermott:

Well, you can question that.

Michelle Madoff:

But I will tell you that within a year I will be so versed on it, I could do your job.

Director McDermott:

Good. I'll move right away.

Michelle Madoff:

You can take my job.

THE CHAIR COMMENTS

Director McDermott:

Thank you.

Michelle Madoff:

We will swap jobs.

Director McDermott:

No, we won't. You come and take mine. You sit over here.

Michelle Madoff:

Paul, when I break the story of what is going on in the tab sheets in this City, it's going to be the biggest story that ever hit this City. Remember that, and you were forewarned, and in public.

(END OF REMARKS)

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Mrs. Masloff	Mr. Woods
	(Pres't)

AYES 8 NOES 1

(MICHELLE MADOFF VOTING NO)

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Also,

Bill No. 1621

A Resolution entitled, "Resolution transferring the sum of \$10,000.00, Ten Thousand, from Code Account No. 1167, Index Code Number 116707, Wages, Regular Employees, Department of Environmental Services, to Code Account No. 1160-1, Index Code Number 116012, Premium Pay, Department of Environmental Services."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 1626

A Resolution entitled, "Resolution providing for the issuance of a warrant in the amount of Three Thousand Two Hundred Eighty-Four Dollars and Thirty-Six Cents (\$3,284.36) for computer equipment unavailable from City's

existing contract in favor of BUSSINESSLAND for the Bureau of Information Systems, City Information Systems, Department of the Mayor, Code Account No. 1045, Index Code 104505, Equipment."

Which was read.

Also,

Bill No. 1627

A Resolution entitled, "Resolution providing for the issuance of a warrant in the amount of \$25,000.00, payable to Gordon J. Isherwood, c/o William A. Weiler, Esquire, 4762 Liberty Avenue, Pittsburgh, PA 15224, in the full settlement of a claim for personal injuries and providing for the payment thereof."

Which was read.

The Chair

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 1628

A Resolution entitled, "Resolution Repealing Resolution No. 334, Item C, approved April 10, 1985, which authorized the sale of property in the 17th Ward, being a lot located at Roscoe Street, designated as Block 13-B, Lot 19 to Beverly B. Petrone, for the sum of \$300.00."

Which was read.

Also,

Bill No. 1629

A Resolution entitled, "Resolution amending Resolution No. 36, Item J, approved February 4, 1986, amended by Resolution No. 335, approved April 23, 1986, which authorized the sale of property at 121 Cagwin Street, designated as Block 35-J, Lot 157 to John R. Kilkeary and Mary G. Kilkeary, his wife, for the sum of \$500.00."

Which was read.

Also,

Bill No. 1630

A Resolution entitled, "Resolution amending Resolution No. 202, Items C, G and J, approved March 19, 1986, which authorized the sale of property in various wards of the City of Pittsburgh. All of the properties are vacant land."

Which was read.

Also,

Bill No. 1631

A Resolution entitled, "Resolution providing for the filing of a petition or petitions for the sale of certain properties, acquired at tax sales in

accordance with Act No. 171 of 1984. Properties are in various Wards of the City of Pittsburgh."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 1632

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Perkin-Elmer Corporation, in the amount of \$780.00 in payment for services furnished for the benefit of the City in connection with repairs to the Spectrophotometer; and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill

pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Which was read.

Also,

Bill No. 1633

A Resolution entitled, "Resolution transferring \$7,000.00 from Code Account 1920 (192005), Salaries, Administration Division to Code Account 1921, Premium Pay, Administration Division."

Which was read.

Also,

Bill No. 1634

A Resolution entitled, "Resolution transferring \$35,000.00 from Code Account 1981 (198101), Premium Pay, Distribution Division to Code Account 1983 (198309), Supplies \$7,000.00 and to Code Account No. 1986 (198606) Materials \$28,000.00."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 1635

A Resolution entitled, "Resolution authorizing the issuance of a warrant in the amount of \$1,550.00 in favor of Earnest and Willie Wilkerson, 2029 Fairlawn Street, Pittsburgh, PA 15221 in payment for emergency sewage work at 1936 Bedford Avenue, Ward 3, without previous authority of law and providing for the payment thereof."

Which was read.

Also,

Bill No. 1597

A Resolution entitled, "Resolution providing for the issuance of thirty (30) warrants in favor of State certified evaluators for the Public Safety Training Academy's Voluntary I Firefighter Certification Program and providing for

the payment thereof." (AS AMENDED IN COMMITTEE)

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 1683

A Resolution entitled, "Resolution transferring \$100,000.00 from Code Account 1977 (197707), Utilities to Code Account 1926 (192609), Non-City Water Agencies."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Givens presented

Bill No. 1750

Report of the Committee on Public Works for October 29, 1986 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1652

A Resolution entitled, "Resolution providing for authorization to advertise for, award and enter into a Contract, Contracts, or use of existing Contracts for the purchase and/or installation, etc., of equipment, services, materials and supplies for emergency auxiliary air conditioning units for the Bureau of Cable Communications, Department of Public Works, and providing for the cost thereof, at a cost not to exceed \$17,000.00."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill

pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Grabowski presented

Bill No. 1751

Report of the Committee on Planning, Housing and Development for October 29, 1986 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1622

A Resolution entitled, "Resolution providing for the filing of Application(s) for financial assistance by the City of Pittsburgh with the Pennsylvania Department of Community Affairs, Commonwealth of Pennsylvania."

Which was read.

Mr. Givens:

Was anyone on Council informed that Strategy 21 -- Did we have many undertakings or any part as to

establishing the priorities within the City of Pittsburgh via Strategy 21? I ask that of my fellow Councilmembers. I know this Councilmember did not have any partaking of Strategy 21. As a legislative body, you would think that someone from Strategy 21, be it the Allegheny Conference, etc., would come down here and at least talk to the President of Council, maybe the Finance Chair, or any other committee that would be directly involved in Strategy 21 type of action. This has not happened and yet I'm asked to go to the State, the Pennsylvania Department of Community Affairs and ask for money now to fund Project 21 Strategies. I feel very offended, and the fact that I was not even brought in, discussed with, or had any dialogue as to undertaking the Strategy 21. Most of it I do not disagree with; however, I would have had some priorities or at least had them put on their agenda when they discussed some vital areas, especially affecting our neighborhoods within the City of Pittsburgh that apparently was never discussed.

Mr. Wagner:

Mr. President, if I may. I think Mr. Givens brings up a good point in that we need to see a priority list of what projects the Administration, the URA, Planning, feels are the priority projects. We know of several Stadium projects that are part of Strategy 21. The Pittsburgh Technology Center, the former J & L site, and small portions of the Strip Project are also part of that and I believe even today they mentioned something about Herr's Island could even be a portion of it. But we should know what the priorities are, where we're focusing our attention in pursuing these dollars. I would ask that we obtain a report of some type and maybe even, Mr. Givens, what we should do is simply set up a post agenda and maybe this coming

Wednesday would be a good time for it, to talk about these projects.

Mr. Grabowski:

Mr. President, I think that other members of Council make valid points here and perhaps the priorities that the planners have envisioned may not be the priorities that this Council would like to see. Perhaps we should look into this a little closer and I would move to recommit this bill.

Michelle Madoff seconded the motion.

Mrs. Masloff:

I'm opposed. I don't think we ought to lose an opportunity to file an application for this money. I think we should file the application for this money and then decide.

Mr. Pollock:

I'm also opposed.

Mrs. Masloff:

I think we're going to lose an opportunity. All we're doing is filing an application and then I think we can decide what we're going to do with it but if we lose an opportunity to file an application we may not get this money for any project.

The Chair:

I agree with Councilwoman Masloff. I think that we should follow her suggestion. It is an application.

Michelle Madoff:

May I ask a question since I seconded the motion? Is there a time frame constraint? If there is, I'll withdraw my second.

The Chair:

I have no idea.

Mr. Grabowski:

None that I'm aware of.

Mr. Pollock:

I agree with Mrs. Masloff. The last thing that should happen is that we should try to get this Council to come to a consensus as to an application because we'll never get an application in.

Michelle Maloff:

I withdraw my second.

Mr. Wagner:

I'll second it then, Mr. President.

Mr. Givens:

May I suggest to Council that any time you ask for money from the State that the State is required to know what the Strategy 21 is going to go forward with. Unless the bill depicts those subject areas, I do not know. Remember, Strategy 21 does not just include the City of Pittsburgh; it includes all of Allegheny County, in fact, our Southwestern region area for development. So, I want to be specific as to what this Strategy 21 is going to do for the City of Pittsburgh and what projects are going to be assisted by this money for the Strategy 21 to develop it, to get engineers to come in here, to get consultants in here, and to say what they are going to do. This money just doesn't come to Strategy 21 without strings attached in the State of Pennsylvania, I assure you. It comes to the City of Pittsburgh, hopefully, with the intent and the idea of putting certain projects in priority. I want to know what those

projects are, and I think the Chairman was absolutely right in holding this for one more week until at least this Councilman and some others can get some clarification on Strategy 21.

The Chair:

I disagree with you, Mr. Givens. I don't know what the time frame would be; it might be immediate. Anyone who has a concern now, I respect everyone's opinion, but this was here last Wednesday and no one said a word.

Mr. Givens:

I wasn't here last Wednesday.

The Chair:

Still, no one said a word last Wednesday and that's when it should have been discussed. We might be hindering this program by not applying for it. We don't know. You say no, I don't know. That's why I'm asking you to go ahead with it. Many, many times we've applied for money from the State or Federal Government and we've changed the priorities after we got the application in, even after we've gotten the money. You all know that.

Mr. DePasquale:

We're voting to allow an application; it's not binding legislation on Council.

The Chair:

Right.

Okay, we're voting on recommital. All in favor will vote aye; all opposed will vote no.

Is there any further discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens Mr. Wagner
Mr. Grabowski

AYES 3 NOES 6

VOTING NO:

Mr. DePasquale Mr. O'Malley
Michelle Madoff Mr. Pollock
Mrs. Masloff Mr. Woods
 (Pres't)

And a majority of the votes of Council not being in the affirmative, the motion failed.

The Chair:

Now on the bill itself.

Mr. Wagner:

Mr. President, could I request that we ask the Administration to submit to us a priority list as it relates to this legislation?

The Chair:

Most definitely.

Mr. Wagner:

Thank you.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale Mr. O'Malley
Mr. Grabowski Mr. Pollock
Michelle Madoff Mr. Wagner
Mrs. Masloff Mr. Woods
 (Pres't)

AYES 8 NOES none

(MR. GIVENS ABSTAINING)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Michelle Madoff presented

Bill No. 1752

Report of the Committee on General Services for October 29, 1986 transmitting sundry resolutions to Council

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1468

A Resolution entitled, "Resolution amending Resolution No. 1283 of 1985, entitled: "Resolution adopting and approving the 1986 Capital Budget and the 1986 Community Development Block Grant Program; and approving the 1986 through 1991 Capital Improvement Program," increasing a line item and adjusting the Summary Totals."

Which was read.

Also,

Bill No. 1469

A Resolution entitled, "Resolution providing for the letting of a Contract or Contracts for the furnishing and delivery of Motorized Fire Equipment for the Department of General Services, and for the payment thereof."

Which was read.

Also,

Bill No. 1623

A Resolution entitled, "Resolution providing for the letting of a Contract or Contracts; or for the use of existing Contracts for the purchase and installation of approximately eight (8) Twin Post Hydraulic Lifts for the Department of General Services, Code Account 4-30-01-0001-86, (GS 86-01) Index Code 370320, Miscellaneous Equipment for City Departments of payment thereof."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of

Council being in the affirmative, the bills passed finally.

Mrs. Masloff presented

Bill No. 1753

Report of the Committee on Parks and Recreation for October 29, 1986 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1664

A Resolution entitled, "Resolution providing for a license to Duquesne Light Company to install, use, operate, maintain, repair, renew and finally remove at its sole cost and expense, one (1) pole, together with crossarms, cables and wires, two (2) anchors, guys and necessary appurtenances on City property, Schenley Park, 14th Ward, designated as Block and Lot 27-S-150, in connection with electrical service to Pennsylvania Department of Transportation."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner

Michelle Madoff Mr. Woods
Mrs. Masloff (Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. DePasquale presented

Bill No. 1754

Report of the Committee on Engineering and Construction for October 29, 1986 transmitting sundry resolutions to Council

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1613

A Resolution entitled, "Resolution amending Resolution No. 145, effective March 3, 1986, entitled: 'Providing for an Agreement or Agreements with a Consultant or Consultants for Engineering Services in connection with the Shop Inspection of the fabrication of the structural steel for the Bloomfield Bridge, Phase IV; and providing for the payment of the cost thereof,' by providing for a Supplemental Agreement or Agreements and by increasing the total project allocation by \$638.03."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken

agreeably to law, and were:

Ayes:

Mr. DePasquale Mr. O'Malley
Mr. Givens Mr. Pollock
Mr. Grabowski Mr. Wagner
Michelle Madoff Mr. Woods
Mrs. Masloff (Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 1614

A Resolution entitled, "Resolution further amending Resolution No. 1283 of 1985, as amended, entitled: 'Resolution adopting and approving the 1986 Capital Budget and the 1986 Community Development Block Grant Program; and approving the 1986 through 1991 Capital Improvement Program,' by increasing two (2) line items and adjusting the Summary Totals."

Which was read.

Michelle Madoff:

Mr. President, I am going to vote no on four bills on principle. I am voting no because I am doing extensive research, and in depth research project on the outside consulting being done in this department. It has nothing to do with the bills per se but I'm consulting in general and I just wanted to state my reasons for the record.

Mr. Givens:

Mr. President, there one technical matter on Bill 1614. There are really two bills in one.

Michelle Madoff:

Why do you say that?

Mr. Givens:

I'm directing my attention primarily to the Chief Clerk. Mike, on Bill 1614 you have really two bills in one here. There's two line items to be changed to be changed, they're different in nature, and I've noticed this creeping into some of our bills. Each bill is supposed to be singular in nature, not multiple in nature. We have two appropriations in that particular bill.

I'll go along with it today but I would hope that when they come up in the future that you reject them and ask them for specific legislation. Each and every bill should be singular in purpose.

Michelle Madoff:

I second that.

Mr. DePasquale:

Mr. President, I share Michelle's concern in regards to the consultant fees. I'm just wondering if there shouldn't be some kind of a cap put on. I don't mean to ask for recommitment at this time or vote against it, but I think in the future we ought to look a little more closely at these consultant fees and talk to Director McDermott and see if he can get them down some. Some of them are a bit high.

Michelle Madoff:

Mr. DePasquale, thank you for your support. I want you to know that as of this date the consulting with Mr. McDermott came into his new job, although we are doing a lot more projects. It's already at \$4.8 million. Do you know we could build a building with

that?

Mr. Givens:

I just want to say that I echo the same concerns as Mr. DePasquale. For several years I voted against every consultant fee because I felt, and just this \$20,000 in this particular bill does not mean that the actual cost is going to be \$20,000. However, this Council is giving a blank check for this particular service and we don't know where it's really going to come out, probably someplace between the \$10,000 and \$20,000 expense. But we should have legislation before us to authorize it and again to approve it before it goes out on final.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Mrs. Masloff	Mr. Woods
	(Pres't)

AYES 8 NOES 1

(MICHELLE MADOFF VOTING NO)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 1615

A Resolution entitled, "Resolution further amending Resolution No. 522, effective June 13, 1985, as amended by Resolution No. 1126, effective December 11, 1985, entitled: 'Providing for an Agreement or Agreements, or Supplemental Agreement or Agreements, with a Consultant or Consultants for Engineering Services in connection with the Shop Inspection of the fabrication of the structural steel for the Pennsylvania Avenue Bridge; and providing for the payment of the costs thereof,' by increasing the total project allocation by \$3,478.64."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 1616

A Resolution entitled, "Resolution further amending Resolution No. 294,

effective April 24, 1984, as amended by Resolution No. 1015, effective November 29, 1984, entitled: 'Providing for an Agreement or Agreements, or Supplemental Agreement or Agreements with Robert W. Hunt Company (Daniel V. Biank, P.E., General Manager) for Professional Engineering Services in connection with the Steel Inspection for the Bloomfield Bridge, Phase III; and providing for the payment of the cost thereof,' by increasing the total project allocation by \$34,809.40."

Which was read.

Also,

Bill No. 1617

A Resolution entitled, "Resolution providing for an Agreement or Agreements with a Consultant or Consultants for Engineering Services in connection with the In-Depth Inspection of the Fort Pitt Boulevard - Eastbound/Market Street Bridges; providing for a Reimbursement Agreement or Agreements with the Commonwealth of Pennsylvania, Department of Transportation; and providing for the payment of the costs thereof."

Which was read.

Also,

Bill No. 1618

A Resolution entitled, "Resolution further amending Resolution No. 1372, effective December 23, 1982, as amended by Resolution No. 820, effective September 30, 1983, entitled: 'Providing for an Agreement or Agreements or Supplemental Agreement or Agreements, with a Consultant or Consultants for Engineering Services in connection with the Rehabilitation of a

portion of Fort Pitt Boulevard - Eastbound; and providing for the payment of the cost thereof,' by amending the title to include the Rehabilitation of the Market Street Overpass and by increasing the total project allocation by \$240,000.00."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Mrs. Masloff	Mr. Woods
	(Pres't)

AYES 8 NOES 1

(MICHELLE MADOFF VOTING NO)

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 1619

A Resolution entitled, "Resolution providing for a Contract or Contracts or use of existing Contracts, for the Rehabilitation of Swisshelm Park Playground; and providing for the payment of the cost thereof."

Which was read.

Also,

Bill No. 1620

A Resolution entitled, "Resolution Repealing Resolution No. 880, effective August 31, 1981, entitled: 'Providing for an Agreement or Agreements or use of existing Agreements for professional services in connection with the Phase II Design of Volunteer's Field; and providing for the cost thereof.'"

Which was read.

Also,

Bill No. 1648

A Resolution entitled, "Resolution further amending Resolution No. 1283 of 1985, as amended, entitled, 'Resolution adopting and approving the 1986 Capital Budget and the 1986 Community Development Block Grant Program; and approving the 1986 through 1991 Capital Improvement Program,' by creating a new line item and adjusting the Summary Total."

Which was read.

Also,

Bill No. 1649

A Resolution entitled, "Resolution providing for an Agreement or Agreements with a Consultant or Consultants for Engineering Services in connection with the Design of the Emergency Operation and Communications Center; and providing for the payment of the cost thereof."

Which was read.

Also,

Bill No. 1650

A Resolution entitled, "Resolution

amending Resolution No. 251, effective April 2, 1986, entitled: 'Providing for a Contract or Contracts, or use of existing Contracts for Renovations to a portion of the Third Floor, Public Safety Building, Police Administration Offices; and providing for the payment of the cost thereof,' by amending the title and by decreasing the total project allocation by \$65,000.00."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

MOTIONS AND RESOLUTIONS

The Chair presents

No. 1757 WHEREAS, on Sunday, November 2, 1986, The Champions Association in conjunction with Cameron Coca-Cola and the Pittsburgh Brewing Company will present "A Salute to Pittsburgh's Finest," honoring a dozen of our area's most outstanding community leaders and athletes; and,

WHEREAS, this year's featured honoree's include Bill Nunn, as he completes his twentieth year in scouting and management for the Pittsburgh Steelers; and,

WHEREAS, also being recognized for their outstanding community service to the people of Pittsburgh are Harvey Adams, Jr., President of the N.A.A.C.P., Bob Pitts, President of Black Catholic Ministries in the Pittsburgh Catholic Diocese, and Reverend Duane Darkins, Pastor of the Greater Pittsburgh Faith Tabernacle Church; and,

WHEREAS, the tremendous personal achievements of several local athletes are also being honored: Roger Kingdom, Lee McRae, Princess Johnson, Charles Smith, Jerome Lane, Mark Hassell, J.T. Thomas, and Dwight White.

NOW, THEREFORE, BE IT RESOLVED, that the Mayor and the Council of the City of Pittsburgh hereby join with the Champions Association as they honor local community leaders and sports figures who have distinguished themselves with their personal achievements, social commitment, and exemplary behavior for Pittsburgh's youth.

Mr. O'Malley moved to adopt the resolution.

Michelle Madoff seconded the motion.

Which motion prevailed.

Mr. Grabowski presented

No. 1762 WHEREAS, the first POLISHFEST '86 will be held on Sunday, November 9, at the Soldiers and Sailors Memorial Hall in celebration of Polish culture in the Pittsburgh metropolitan area; and,

WHEREAS, the purpose of this festival is to bring together under one roof all of the diverse resources, colorful traditions, and hidden treasures that our area's Polish-Americans offer in music, song, dance, dress, crafts, history, religion, and culinary delights; and

WHEREAS, POLSHFEST '86, under the Directorship of Lawrence G. Kozlowski, has been organized by several local Polish churches, fraternal organizations, performing ensembles, and interested individuals in a show of solidarity and pride of culture; and

WHEREAS, Pittsburgh has long been noted for its rich diversity of ethnic cultures which has enabled us to be chosen as the "Most Liveable City in America;"

NOW, THEREFORE,

BE IT RESOLVED, that the Mayor and the Council of the City of Pittsburgh do hereby proclaim Sunday, November 9, 1986, as POLSHFEST DAY in the City of Pittsburgh as a tribute to the outstanding contribution of Polish-Americans to our City and our nation as we join in this wonderful celebration of culture, ethnicity, and tradition.

Mr. Grabowski moved to adopt the resolution.

Michelle Madoff seconded the motion.

Which motion prevailed.

Mr. Wagner presents

No. 1756 WHEREAS, in April, 1985, Council adopted the BOCA Basic National Existing Structures Code, 1984 Edition, as part of the Bureau of Building Inspection's overhaul of Pittsburgh's building code; and

WHEREAS, Section 302.1.1 of this Existing Structures Code provides for the display of street numbers on all structures in a position easily observed and readable from the public right of way; and

WHEREAS, in the interest of the public's safety, Pittsburgh property owners should clearly display their street numbers so that police, fire, and emergency medical officers can quickly spot the address from their passing vehicles in the event of a safety emergency; and

WHEREAS, the government of the City of Pittsburgh needs the responsible civic cooperation of the citizens of Pittsburgh in order to insure the delivery of comprehensive and efficient safety services.

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Pittsburgh hereby urges the citizens of Pittsburgh to clearly display their street numbers on all existing structures; and

BE IT FURTHER RESOLVED, that Council urges the Bureau of Building Inspection within the Department of Public Safety to enforce Section 302.1.1 of the BOCA Existing Structures Code in the interest of the public's safety.

Mr. Wagner moved to adopt the resolution.

Mr. DePasquale seconded the motion.

Which motion prevailed.

Michelle Madoff:

Point of order. With all due respect to my colleague, I introduced this bill several months ago and it passed.

Mr. Wagner:

I don't recall it.

The Chair:

I don't recall it either.

Michelle Madoff:

Mike Perry, did I introduce this bill?

Mr. Perry:

I don't recall, Michelle. But if you say so, yes.

Michelle Madoff:

Does anybody remember? Do you know what I was told at the time? What I was told at the time was that it was already part of the Code and they're going to encourage people and they were working on it and amending the Code.

The Chair:

I think you're right, that it's already part of the Code.

Mr. Wagner:

Mr. President, if my colleague introduce it, I'm happy because it shows even more importance related to it. This is a very important resolution. The original intention I had and probably Michelle had also was to write an ordinance indicating that all buildings in this City —

Michelle Madoff:

All houses.

Mr. Wagner:

All houses must have numbers,

addresses, on them because that literally can be the difference between life and death for our emergency personnel responding to those homes, whether it be Fire, whether it be Paramedics, whether it be Police. This has been brought to my attention by the unions, particularly Mark Schneider of the Paramedics, and confirmed by the Police and Fire, that this is a serious problem in the City and probably one out of ten homes, at a minimum, do not have an address on them. On some streets where you don't have a building next door, and they are responding to an emergency, it can mean actually seconds, minutes, lost in the response.

What we are asking the Bureau of Building Inspection is to please begin to enforce this ordinance and we would like voluntary cooperation from the public to actually go out and to purchase the numbers, if you don't have them on your buildings, and if that doesn't happen in a voluntary fashion, what we're asking the Bureau of Building Inspection within the Department of Public Safety is to enforce the ordinance. Thank you.

Michelle Madoff:

I introduced a bill today to have a non-emergency 911 number that people can call. The gentleman, I have forgotten his name, who deals in Public Safety came to see me and this is one of the items we also discussed and there seems to be repetition here. We all seem to feel this is a very necessary bill.

It would appear to be that it might be appropriate to have a letter to Mr. Imhoff asking him when, how, and why because it doesn't mean anything if I introduce it and six months later somebody else introduces it and then six months later, Mr. Woods, you'll introduce it because someone will approach you. We need answers. When and how do they

plan to enforce -- does Mr. Imhoff plan to do his job?

Mr. Pollock:

I think the resolution is excellent. I don't remember, since I've been on Council -- Well, it hasn't been since I got here.

I think in addition, God knows how many dozens of thousands or hundreds of thousands of residences are in the City. By the time they get around to them it will be a hundred years. What I would ask is that when the City taxes go out next year, in the beginning of the year, that there be a copy of the ordinance in it saying what they could be fined and saying that the Building Inspection is going to start enforcing it. And that will put the fear in them and they will then go out and do it themselves.

Michelle Madoff:

Excellent idea.

Mr. DePasquale:

I agree that obviously that's an excellent resolution but I found through my experience that business establishments are more guilty than residences. If you go Downtown, nobody has a number in front of their building. Half the time you don't know where you are.

Mr. Wagner:

Mr. President, if I may. Mr. DePasquale is right. Businesses are more guilty than residences and we would ask them also, because they have the public within their businesses, to adhere to this ordinance.

I think Mr. Pollock's idea is excellent, if we could put it in with

either the taxes or the water bill or whatever. But what I would like the City Clerk to do is please send this resolution to the new Safety Director, Glenn Cannon, and also to the Bureau Chief, Mr. Imhoff, and ask for enforcement.

Mr. Pollock:

One other letter should go out. I think the Bureau of Cable should get it and ask them to put a little notice on their revolving things. They could put language on saying that it is a crime to not have a street number and that you can be fined up to \$1,000.00. That, too, might help.

Mr. Wagner presents

No. 1801 Resolution approving the appointment of Constance Wellons 120 Climax Street, Pittsburgh, PA 15210 as a member of the Allegheny County Sanitary Authority for a term to expire December 31, 1987.

The Chair:

Mr. Wagner, since we just received this, and you know the rules that we have to receive something like this 48 hours prior to presentation, I would ask you if you would please submit this for next Monday. Bring it back next Monday.

Mr. Wagner:

Mr. President, if I may comment on that. The Administration, every week, without fail, gives us legislation on Mondays prior to these Council meetings to be introduced. On two previous confirmations to Alcosan, two members of Council, Mr. DePasquale and Mr. O'Malley, they were submitted on that Monday. The question, though, then was that we voted on them the same day they were submitted. And my disagreement to that whole thing was that we did not

have time to consider the name.

In submitting this resolution, I am not in any way suggesting that we should vote on this. All I'm asking is that this resolution receive the same courtesy as any resolution that the Administration has submitted in the past on a Monday or Council has introduced on a Monday, and let it go through its normal course of two weeks. In other words, this person would not come in front of Council until a week from Wednesday.

The Chair:

I understand what you're saying but I disagree with you. When we get legislation like we presented today, you receive that 48 hours in advance. The City Clerk receives it, I believe, on a Thursday or Friday, you receive it in the mail at your home every Saturday, as a courtesy, mailed by the City Clerk, and it's presented to you again on Monday morning. That procedure has been here since I've been here.

Mr. Wagner:

Mr. President, it's done every Monday. The Administration introduces bills every Monday.

The Chair:

It is presented in the City Clerk's Office when? Thursday or Friday?

Mr. Perry:

By Friday, noon.

The Chair:

Friday, noon. It's mailed out immediately to your home, you receive it on Saturday. The rule says that it must be deposited in the City Clerk's Office 48 hours prior to come before Council in

a Monday meeting. That's what the rules say.

Mr. Wagner:

Why is it violated every week then?

The Chair:

It is not violated every week. I'm trying to explain it to you. It is deposited here every Friday afternoon. All legislation that you receive that we present on Monday, we get it here in City Council on Friday. You get a copy of it at your home on Saturday. The Law Department mails you a copy that you get on Saturday.

Mr. Wagner:

You're right, plus there is legislation introduced at the Mayor's Conference Meeting on a weekly basis by the Administration on a Monday morning. And anyone that attends those meetings can confirm what I have to say, that that happens repeatedly, week after week after week. If we permit the Administration to do that, I would think that you would permit a Councilmember to do the same.

The Chair:

I don't permit the Administration to do that when it is brought to my attention.

Mr. Wagner:

It happens every week.

The Chair:

Then I suggest that the next time it happens, if it happens next Monday, bring it to my attention and we will not honor it.

Mr. Wagner:

Well the time that you introduced Mr. DePasquale's name and Mr. O'Malley's name --

The Chair:

I did not do that. Mr. Stone did that; that was when Mr. Stone was President.

Mr. Wagner:

Well I am respectfully requesting that this go through the normal procedure of Council, the two week procedure, and that it be introduced today.

The Chair:

I respect your request but I will not honor it.

Mr. Pollock:

Ben, I don't think you want to start a precedent where they can't ever introduce legislation that morning because lots of times they just didn't have a chance to get it done Friday. And as Jack said, there's legislation every week introduced on Monday morning that didn't make the agenda because they didn't get it to Mike on time on Friday. Council doesn't approve because there's only two or three of us there.

Mr. Perry:

But still Council approves it, gives me the okay to accept it.

Mr. Wagner:

Mr. President, if I may. I would like to ask the Parliamentarian if I am permitted to introduce this today.

The Chair:

Jack, the Parliamentarian has to read Council's rules and that's what Council's rules say.

Michelle Madoff:

Same subject. Mr. Perry, the mail that goes out that I'm supposed to have at my home on Saturday, frequently I pick it up when I get home from work on Monday.

Mr. Perry:

You're speaking of the File Copies.

Michelle Madoff:

Right, and I sometimes I don't get them until after we have met. It's a fact of life.

But more important, Mr. Wagner, I think what you've done is shared with us the name of somebody you'd like to have submitted and since you've asked to go through the normal procedure, by introducing it Monday it can even be expedited by waiving Rule 8. It can come up Wednesday, be discussed, and vote on it the following Monday.

The issue really today is that there is not only one vacancy but correct me, I'm not sure, I believe there's two vacancies because one gentleman passed away. I have spoken with two of the Commissioners and as you know, in my naivete when I first got here eight and a half years ago, Mr. DePasquale may remember this, in the back room, and I went in and said, being innocent, not knowing this is how things are done, said, "You know, I'm an environmentalist and I've been working on this for ten years; would you like to have my expertise? I would like to serve on the Committee." I was told that no, I couldn't have that

position, that if I wanted it I would have to speak to Mr. Bulls and would I want to take a minority seat away. I hope everybody that was there remembers that; it was a harrowing experience for me. Here is an opening, there are two openings.

I would suggest that my colleague, Mr. Wagner, also contact the County Commissioners who have an appointment to fill, and I would hope that this Council would consider also filling one of the two vacancies with the most qualified candidate, myself.

Mr. Givens:

You're over-qualified, Michelle.

Michelle Madoff:

I'm not over-qualified.

Mr. O'Malley:

I think what Mr. Wagner was alluding to was prior to Mr. Woods becoming President, many of us would walk in here on a Monday afternoon and find a name in front of us for an appointment that had to be voted on that afternoon. I think that's how the 48 hour rule came about, because many of us weren't prepared to come in, look at an appointment to a position, and then vote on it. I think that's how our 48 hour rule came about, that it would at least give us an opportunity to look over the appointment and their credentials.

There is an opening on Alcosan. There are many people that are interested in that appointment. I'd just like to make a recommendation that anybody who is interested, that they should submit a letter to Mr. Woods and they should also submit --

Michelle Madoff:

Why to Mr. Woods? Why not to Mr. DePasquale?

Mr. O'Malley:

Because he is the President of Council, or to Mr. DePasquale, submit a letter that their interested in the appointment along with their credentials and qualifications.

Mr. DePasquale:

If I may, Mr. President, without mentioning any names, I have no opposition or nothing against the young lady that Councilman has chosen or has elected to put up for an appointment as a board member for Alcosan.

I just want to caution Council in regards to a little history at Alcosan. We have had a board member from Brighton Heights for the past eight years. Unfortunately, she passed away, and she was replaced by Joe Stanic who passed away about a month ago. However, they were both appointees of Commissioner Forester as County appointees. So, in reality, even though they resided in the City, they were appointed by the Commissioners.

Now we have a vacancy there and there is nobody from Brighton Heights. However, I understand that the Commissioners are about to replace the late Joe Stanic and they are not going to pick anybody from Brighton Heights, they're going to pick somebody from the County. In other words, other than the City of Pittsburgh. They claim that they were more or less pressured into it before because of the odor problem down there and whether some people agree or not we've just about eliminated that. I mean, we're not going to have complete elimination. Now wait a minute, let's be

fair about it; you're not going to have a utopia where you're not going to smell anything. You know what you're dealing with in sewage, it's something else. But the problem is better than when we first went down there. It was so bad, the odor was so bad, you just couldn't stand to be in that area and you couldn't stand to be in Brighton Heights. In fact, there were weddings called off, and funerals, and what have you. It was that bad that they had to run out of the church.

But what I'm saying is that we should look forward, perhaps, to appointing somebody from Brighton Heights or, incidentally, a Black because we have a Black vacancy down there now. The only Black on the board was Jim Bulls and despite of what has happened to Jim Bulls, he never missed a meeting and he served very well. He's gone now and we have to consider that too.

I just want Council to be made aware of my feelings in the matter in regards to a replacement at Alcosan.

Mr. Given:

I feel very strong, Mr. President, and go along with Mr. DePasquale. The people that are most affected by Alcosan are the people who live abutting to Alcosan. Either this City or the County has to appoint somebody from that North Side community to sit on that board because they are the ones that get it and as a result, it was Joe Stanic and it was people from the Brighton Heights Community Center that made all of Council aware of the terrible problem that they have down there. We have a Councilman, our President, who lives right abutting over top of that hill, who probably had quite a bit a harassment, as a community leader and activist in the labor movement, during that period of time. But we have to have somebody

from the North Side Community of Brighton or right in the ward up there that if there is a breakdown in that Authority, and regardless of what the County people think, yes, we serve a lot of County communities, but we are the terminus area for all of that sanitary sewage. And as a result, I want someone from North Side. Right over that abutment up there we have some darn good community leaders up there and one of them should hopefully be appointed to that position to replace Joe Stanic.

The Chair:

Could I just say this; we are getting a little off track. We were talking about whether I could accept or reject the appointment.

Mr. Wagner:

Mr. President and members of Council, first of all, I think it's important to understand that any member of this Council can submit a name at this table for the appointment to this authority. It does not have to come from the President, even though I respect the President's position; it does not have to come from Mr. DePasquale, even though I respect the fact that he's the Chairman of Alcosan. All nine members of this Council have a right to submit any name they want to submit with the name that they feel is competent to that board. That right is given to us in the Charter.

That's what I am suggesting to do today. I am suggesting to submit a name for a specific reason. The specific reason relates to a serious problem in the Saw Mill Run Basin. The name I have submitted is a resident and a neighborhood activist within the Saw Mill Run Basin.

Everyone may think that the only problem, as it relates to Alcosan, is in

Brighton Heights, and I agree, that is a problem. But there are a dozen Pittsburgh neighborhoods that have been impacted in a very negative fashion due to the fact that there has been a severe sewer problem in the Saw Mill Run Basin.

I believe that it is absolutely mandatory that the appointee to Alcosan should come from the Saw Mill Run Basin. It is the only way that issue is going to be addressed within Alcosan.

I have all along on this Council brought that issue up. I have addressed that issue from the City of Pittsburgh, I have gone out and insisted that the Administration get more involved in the dredging of the Creek. I have also been involved in the Water and Sewer Authority in that area, and I have requested all along that Alcosan become involved in it. Alcosan must address that problem. It's the only way that problem is going to be addressed and it impacts the entire southern corridor along Route 51. No one knows until they have to live with it how difficult it is to get a sewer tap-in to build one home in that corridor.

We just recently almost had a senior citizen high-rise turned down, and if anyone knew the extensive meetings that had to take place to get with the DER people to make exception after exception after exception to get the approval on the senior citizen high-rise. If we didn't get it, and we got it at the last minute, we would have lost 3 million in HUD dollars, for 52 units.

This problem has existed too long. Alcosan has to become involved in it; they have to become actively involved in it. There has been rhetoric all along that is going on; it hasn't happened. That's the reason why I have submitted who I consider to be a very competent person, a Black female - and there are no females on the Alcosan board, to my

knowledge I don't remember any - and someone that is very involved in the City of Pittsburgh and has been in the past.

Not to talk about that person, but I really think, to be quite frank, and I'm being quite frank with all of you, that you want your choice on Alcosan also, and that's fine. And you should have your opportunity. I am stressing the importance of this choice, not because of the individual but because of the individual's qualifications and concerns. This individual would make a quality member of the Alcosan board.

The Alcosan board at this time has three members. If one of you are missing for some reason, out of town, you can't even get a quorum if you have to make an important decision on something. I think it's important to get a new member appointed to Alcosan and to get it appointed quickly.

I submitted this name today, and the reason why it was the last minute was that I did not talk and the person did not confirm their intent to want to be on this board until late this morning. Therefore, it took me that time to get this in writing.

As I indicated, Mr. President, if you have your choice, fine; Mr. DePasquale, fine. Whatever. This person will, I feel, stand the test of being competent, of high integrity, and having a desire to want to do a good job.

Again, I would ask you to please entertain this name as being introduced today. We do it on a weekly basis for the Administration for various legislation, and if we're doing it for the Administration on a weekly basis, we should do it for a Councilmember.

There's nothing more I can say than that except that I would like to see this

appointment move forward as quickly as possible.

The Chair:

As I said once to you, I respect your opinion and I hope you respect mine, but I'm going to hold to what I stated. Please submit it next Monday — or it's already submitted and we'll entertain it next Monday. Just make sure it's 48 hours ahead of time and re-submit it next Monday.

Mr. O'Malley:

On Mr. Wagner's comments on Saw Mill Run Boulevard, I think they were very unfair to blame the problems that we're having on Saw Mill Run with Alcosan. Mr. Wagner is very aware that Alcosan does not have responsibility for Saw Mill Run Boulevard. Saw Mill Run Boulevard is owned by the City of Pittsburgh and the responsibility falls equally on Alcosan and the City of Pittsburgh and also on the Water and Sewer Authority on which Mr. Wagner sits.

Purposely, Saw Mill Run Boulevard was left out of the 1956 Agreement which created Alcosan.

Also, when the Water and Sewer Authority was created, I believe in the last couple of years we have floated bonds for improvements to the Water and Sewer Authority. Every sewer in the City of Pittsburgh was included in the Water and Sewer Authority. Every sewer was included except Saw Mill Run Boulevard. Saw Mill Run Boulevard was included in the original draft, which Mr. Wagner is very well aware of, that Saw Mill Run Boulevard was included in the original draft, and the Water and Sewer Authority, and was excluded without his knowledge.

So, the City of Pittsburgh created a Water and Sewer Authority. One, I helped create it to address the Saw Mill Run problem and it was excluded. The reasons why it was excluded, I do not know.

It's very unfair to blame the problems of Saw Mill Run on Alcosan. Alcosan does not own Saw Mill Run Boulevard.

Mr. DePasquale:

Mr. President, if I may; it's very appropos. Mr. O'Malley neglected to say that Alcosan has recently passed a bond issue and approximately \$8-1/2 to \$9 million of that bond issue is going to be addressed to Saw Mill Run Boulevard. If we're to believe Engineering, it could be as high as a \$300 million project but they're saying a piecemeal thing, costing about \$30 million would be the answer.

Now, if Alcosan comes up with the \$9 million, and we're going to come up with that amount of money, it was part of the bond issue, we'll need about \$21 million more.

With all due respect to Councilman Wagner and to Councilman O'Malley, the problem we're having is coming from the communities, municipalities. They refuse to cooperate. They're giving us most of the stuff there and they will not give us a hand financially or otherwise.

The City, as far as not including Saw Mill Run in the bond issue, I am not aware of that and if it happened, it shouldn't have. But at the same time, the City is going to have to address it; they're going to have to come up with some money, as Alcosan is, and certainly the municipality. Legally, I understand we can't force the municipalities into this thing. What they're doing is taking a free ride. They're contributing more and

more to the system and refuse to give us a hand financially or otherwise.

Mr. Wagner:

I think it's important that we're talking about Saw Mill Run because the problem is that it's not talked about enough, at least not in the circles of government. It's been there for 40 years and it's been ignored for 40 years. We can talk about it forever and forever. The City of Pittsburgh has made some commitments towards Saw Mill Run, towards improving the interceptor all the way up to Woodruff Avenue. That work still is not completed. Almost \$5 million has been put into it.

The problem with Saw Mill Run is that 60 percent of the sewage that runs through Saw Mill Run, and Mr. DePasquale is right, comes from outlying communities south of the City of Pittsburgh. The problem is that the City of Pittsburgh has no jurisdiction over those communities, but Alcosan does. Alcosan accepts their sewage just as it accepts the City of Pittsburgh's sewage.

The City of Pittsburgh does not want to go out and rebuild a whole sewer line through the entire length of the City of Pittsburgh, of which 60 percent of the sewage is actually servicing the outlying communities. The only entity of government that can do that is Alcosan and Alcosan has to bite the bullet and do it.

Now, Mr. DePasquale, you said \$7 or \$8 million in bond money is going to be devoted towards it. That is music to my ears and I am hoping that that happens very soon because I believe it's the beginnings of addressing a problem.

What I want to see is a full-time member on the Alcosan board that lives with the problem on a daily basis. I don't

think there's anything wrong with that because I think that person will bring to life the issue all the time and let everyone know how severe the issue is, and it is very severe. I can't stress that enough, and we read several times a year of the backlog in the homes in West End and Overbrook. All of you get the calls, like I get the calls, of the people that are almost ready to move out of their homes. They have abandoned their businesses, development has ceased, and the issue is not going to go away. We can benefit in many ways through development along the corridor and making the City more liveable.

Michelle Madoff:

On another subject. Jack, I'll vote for the person and I'll give up my expertise in being over-qualified.

I happened inadvertently to read my Saturday Press on Sunday and was dismayed to read a little story that I don't know if my colleagues have read. "City Worker Suspended For Paving A Private Lot." Is everybody here aware of it? Is anybody here not aware of it?

It appears that a number of gentlemen, five people who work for Public Works, were approached by, as I understand the story, by the owner of a lot who had been trying to get the City to come out and solve a problem because children were putting on a hydrant next to their lot and it was doing damage to the street. One of the people involved was a foreman and his name, and I have his permission to use his name, incidentally, he supplied me with the letter today, is a Mr. John Gipko who is the foreman.

Mr. Gipko pleads guilty, thought he was doing something rather innocent because the man or the people who own the lot said to him, "Look, if you're in

the area, we need a little asphalt. It's really ruining this street; would you give us a little asphalt?" The amount of asphalt was \$25 worth and it appears that Mr. Gipko went to the Law Department instead of going to his department head, who is Mr. Lou Gaetano, and four other people were incriminated in the fact that the Supervisor, Mr. Gipko, had a Mr. Rodney Katen, a Daniel Reinheimer, a Shawn Trainor, and a Gary Namoitka, help do the job, do the work.

I agree that when you do something that you're not supposed to do, if you violate the City ordinance, you pay the price. But I don't think we can have preferential treatment or selective enforcement and I think we ought to let the punishment fit the crime.

It appears that five hydrants are turned on by kids, they damaged the private property, and this is why this gentleman needed some asphalt. As I said before, it was only \$25 worth of asphalt.

I think the appropriate penalty would be to put these people on leave for two weeks without pay and to have them pay back the time, triple time. They've already paid the \$25 back.

Now, why do I say that we should — Why would Michelle Madoff who is always "known as the watchdog" say we should let these people go? It has come to my attention that about three months ago someone went for a joy ride with a City asphalt truck and did \$2500 worth of damage. Persons in the supervisory area of the Public Works Department went to Mr. Gaetano and said, "Look, it's their first offense, they've never done anything before, they're going to reimburse the \$2500; let them go." I don't remember ever hearing about the \$2500; I don't remember hearing about

the joy ride; I don't remember hearing about anybody being suspended. But here are four innocent men, and I have the letter before me that was sent to me and signed by Mr. John Gipko which closes with — He goes on incidentally through the letter about he feels that it's a personal vendetta and harassment by another member of the Public Works Department, but he closes with: "I feel that not only myself and Dan Reinheimer have been victims, but Shawn Trainor, Gary Namoitka and Rod Katen have all been victims of this man. I feel they all should be given their jobs back because they were only following the orders of their foreman." In other words, what happened is that these men were told by their foreman to do a job and they did it.

We could argue the merits of, should the foreman be fired for doing something that obviously he shouldn't have done. I'm not going to defend him; I'm not his attorney. But how do we have selective enforcement? How do we have some people who put out \$25 worth of asphalt fired, not suspended but fired, and someone else who goes for a joy ride, because it's their first offense, let off the hook? These men have never been in trouble before either. And four of them only showed up because their supervisor told them to and I got this information by checking it out.

I don't know but I think this Council ought to take a responsible role. I don't think that we can interfere with the Administration's job; we can't say who to hire and who to fire. But I don't think it's fair. I think it's unjust; it's selective punishment. Incidentally, the foreman's mother had a stroke and was hospitalized, and I believe died, I'm not sure, the day that this happened to the foreman because he's never had any problem or been in any trouble. She was just so devastated by this happening.

Again, how many times have people been suspended for having marijuana cigarettes and not fired?

Mr. Givens:

Michelle, can I respond to you?

Michelle Madoff:

Certainly. I'm asking Council to support me in sending a letter to the Mayor asking him to reinstate certainly the four people who only showed up and listened to their boss, their foreman, and to reconsider even the foreman, to handle it as a disciplinary measure, not a firing.

The Chair:

We have a Personnel Appeals Board here. If the union is not going to stick up for them, and they probably belong to the union, they should go down and file a grievance. If not, with the Personnel Appeals Board. That's what it was created for.

Mr. Givens:

I just want to say, Mr. President, I was aware of this by at least Tuesday or Wednesday of last week. The Director of the Department was not in town and even the second in command was not here. In the meantime, the newspapers came out with the report. I think its incumbent upon at least this Councilman to sit down with the Director and investigate into this and hopefully what Michelle has just indicated right now and if it is that small amount of asphalt and the reason behind it etc., I think the punishment, if its accurate, and I have not heard that, and I hope they have not made a decision on that yet. But hopefully, I'd like to discuss that with the Director and come to whatever punishment or chastising that must be

done in this particular case and I'd like it just to lay at that level right now.

Michelle Madoff:

I respect what you're saying, Mr. Woods; there's an appropriate agency to deal with this. But it is backlogged; there are so many hearings before it.

The Chair:

No, there's not.

Michelle Madoff:

My understanding is that there are a number of Police hearings that are going before it.

The Chair:

Not the Personnel Appeals Board.

Michelle Madoff:

Well, I just think that when we harrass one vendor, for example, and not the other vendors, when we zero in on certain factions that may be a political issue and not on others, it isn't fair. And I'm just thinking, we may have our differences and we quarrel amongst each other, but I think basically we're fair people and that we care that one person is not treated differently from another.

I raised the issue because I think that we ought to look into it. Mr. Givens, that's your Committee, is it not?

Mr. Givens:

It sure is.

Michelle Madoff:

Would you please take care of it and get back to us as you said you were going to and let us know what you

believe has to happen.

Mr. Givens:

I've been communicating.

On another subject. We're all in receipt, as of Friday, of a letter from one of the Commissioners of Allegheny County asking that both the Commissioners, the Mayor, and this Council, sit down to look into situations at Alcosan. Just not predicated on that letter but other things that are happening, and some comments that have been made editorial-wise and newspaper-wise in regards to Alcosan, how it's managed, how it's run, etc., I would hope that the Chairman of Alcosan, Mr. DePasquale, would have the Executive Directors and others come up and as far as all of us in this room have to look at all the authorities that we have responsibility to and I think Alcosan is no exception. We have URA that has had trouble, we've had trouble on the Auditorium Authority thing, we've had commissions and boards that have all kinds of trouble, both the City and the County.

But many people, I don't think, are aware of what Alcosan has done for the citizens of the City of Pittsburgh as well as Allegheny County. I'm hearing Legislators, even from the North Side indicate they want change in the composition of the Board. I don't think that changes anything. If we have some actors, and apparently some have indicated by their resignation that they are leaving Alcosan, that the mission of Alcosan and what it has meant or not has meant to the people of the City of Pittsburgh I think should be discussed and I would like to submit, Mr. President, that we have a post agenda predicated upon when the Alcosan board and its Executive can feel a time when they can come in to this Council and brief us and

openly discuss Alcosan, where it is, where it's going, and what should the composition of that board be. I for one feel that when we all hear of what Alcosan has been over the last 11 years, I think most taxpayers will be happy and will probably want that board to remain just as it is.

Mr. DePasquale:

Mr. Chairman, if success warrants an investigation, Alcosan warrants one. We're the only authority in Allegheny County in the black and we haven't raised the rates in 12 years. Apparently nobody cares about this but this is a fact and I don't care what anyone says or anyone does. You're talking about a successful board and a successful operation and we're not talking about the other boards. I don't mean to throw coal in the fire but if you're going to start calling names, I can name some of these authorities that have been an absolute disgrace but no one is worried about them. It was a little while ago that \$3 million went south but they said, "Well, it was a little slip." Well, \$3 million and they gave the guy a lot of credit when he left the department; he's a wonderful guy. \$3 million is misappropriated and apparently nobody seemed to be worried about the \$3 million, especially the newspapers in the City of Pittsburgh.

Mr. Wagner moved to approve the Minutes of Monday, October 6, 1986.

Mrs. Masloff seconded the motion.

Which motion prevailed.

And on the motion of **Michelle Madoff**

Council adjourned.

Municipal Record

Proceedings of the Council of the City of Pittsburgh

VOL. CXX

Monday, November 10, 1986

No. 43

Municipal Record

ONE-HUNDRED TWENTY-FOURTH COUNCIL

BEN WOODS President
MICHAEL PERRY City Clerk
LINDA M. JOHNSON Asst. City Clerk

Pittsburgh, PA
Monday, November 10, 1986

PRESENT:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

The Chair:

I would like to ask Mrs. Masloff and Mr. Givens to please escort the Mayor in to make his 1987 Budget Address.

Ladies and gentlemen, Mayor Richard Caliguiri.

Mayor Caliguiri:

Mr. President, Members of Council, friends, City employees and, of course, the people of Pittsburgh.

Today marks the tenth time I have appeared before the people of Pittsburgh to deliver a State of the City Address. The bottom line today is good news.

For the fifth consecutive year, I am recommending no increase in tax rates.

When I stood at this podium in November of 1977, I said that I was both confident and optimistic about the years ahead.

The promise of a decade ago has been fulfilled.

What I could not foresee was that we would make so much progress in strengthening our City while experiencing drastic changes in our economy combined with significant shifts in national policy toward cities.

Despite these obstacles, we have rebuilt our bridges, roads, water and sewer systems, completed millions of dollars of new and renovated housing, constructed new recreation facilities and programs; we have fostered the creation of neighborhood development organizations, renewing old commercial districts and developing innovative approaches to marshalling citizen participation and energy.

We have brightened the skyline with new and exciting complexes, and we have worked with our universities to strengthen our research capability. We have found cooperative approaches to the ongoing problems of the unemployed, homeless and hungry, and we have struck new working relationships with county and state governments. Council has been a working partner through these years, and I am grateful for your efforts on behalf of a better Pittsburgh.

While it is tempting to reflect on the satisfactions of the past, I am struck today by the fact that, in just thirteen years, we will turn the corner on the next century. The real test of our community and those who are chosen to lead us is whether we have prepared ourselves for this transition.

I submit that we have made a good beginning — a solid foundation on which to build. While admitting that the tasks ahead are formidable, we will take the lessons of our success and combine them with new energy and commitment to spawn economic opportunity, fairness and equity as we move into a new century. Ten years ago, I asked the citizens of Pittsburgh to embark on Renaissance II. They did so with spirit and enthusiasm.

Today, I ask that we open a new renaissance — one that will evolve not just as a renewal of the next five years, but as the renewal for the 21st century — a Renaissance for the year 2000.

There could be no more symbolic introduction of this next era — no clearer sign of positive change — than the raising of the flags at the Pittsburgh Technology Center on the J & L site last month. It marked the continuing transition of our economy and paid tribute to the progress that has been forged in our area by government and

private sector cooperation. It also demonstrated how we have reacted positively and affirmatively to the challenge that change has presented.

While being the most dramatic, that single event does not provide the entire basis for my declaration that the next renaissance has begun. Consider:

- Strengthening the backbone of Pittsburgh — its neighborhoods — remains at the forefront of our commitment to the future. We will make a five-year, \$8 million investment in neighborhood commercial revitalization programs.

We will combine important neighborhood support projects such as the Pennsylvania Brighton Redevelopment acquisitions, the reopening of Penn Avenue, and sponsorship of the Oakland Portal development.

We have programmed over \$2 million in funding for community-based development organizations, key instruments of Renaissance II and Renaissance 2000. The \$517 million six-year capital program I presented earlier this year details a further investment in neighborhood jobs and opportunity.

- Our Center for Business Assistance is an important key to our future. In a short time, it has closed some 51 loans which used \$2.7 million in public funding to generate \$23.4 million in private investment, thereby creating and stabilizing over 1,000 jobs in city neighborhoods. The Center has developed a new program to work on a one-to-one basis with small and medium-sized businesses in an effort to give this major economic segment the special attention it needs and deserves.

- Our North Shore will be enhanced

by the start of construction of the Buhl Science Center and Omnimax Theater. I am pleased to announce — officially — that the new Science Center will be located at the Stadium. Over the next several weeks, City and Buhl Staff will be examining several possible sites on Stadium property as well as reviewing the plans with Stadium tenants.

This project will be the most significant tourist attraction project since our commitment to renovate the Pittsburgh Zoo several years ago.

But the Science Center will be more than a tourist attraction. It will teach our children that technology and research provide a path to the future. It will reinforce the new emphasis on the study of sciences in our outstanding school system.

- The promotion of our city and area is a key part of the next renaissance. Two weeks ago, we announced the opening of a new Office of Promotion designed to market the City around the world securing our title as the Renaissance City. Already the renewed vigor of the Pittsburgh Convention and Visitors Bureau is yielding returns — an 81 percent increase in advance hotel bookings and nearly 9,000 inquiries at our new Visitors Information Booth during its first three months of operation.

- Council's action will lead to the first stages of The Development at Washington's Landing — the name I am proposing for the Herrs Island project. Let us give this long-awaited project a new name along with a new commitment as we honor the first President's exploration and crossing of the Allegheny River.

- In addition to generating jobs through commercial development

projects, our support for new and innovative housing solutions will continue writing success stories like 3,100 loans valued at \$8.3 million, a \$10 million modernization program in our housing authority neighborhoods as well as \$1.75 million in new units at scattered sites — all during the past year.

We opened one and gave final approval to three other projects that will mix residents with special needs and circumstances with other tenants. Five bridge housing facilities are now funded.

Our approach to housing as we enter Renaissance 2000 will place emphasis on meeting residents' human needs through special programs such as Project Self Sufficiency, designed to better serve young single parent families and targeted action at crime and drug abuse in these neighborhoods.

- Our construction program provides the foundation for the next Renaissance. For example, this year we will complete or put under contract projects worth \$90 million to meet the community's capital needs including bridges, roads, community facilities and our water and sewer improvement program. These efforts, combined with support by county government for mass and air transportation development, means that we are investing wisely in our future.

- Our central business district will continue to be the keystone of the region in the next century even as it expands across the rivers. This coming year will see the initiation of a major renovation of Mellon Square Park with efforts under way to finalize fund raising for renovation of Market Square Park. The downtown vista will brighten further with the opening of the Benedum Theater, the completion of CNG Tower and Fifth Avenue Place, and the

continued expansion of Station Square. We are supporting efforts to develop a hotel/retail complex on Steel Plaza.

To address the need for downtown living, work has begun on the Penn Station renovation in the Penn Liberty corridor which will soon be anchored by the magnificent VISTA Hotel at Liberty Center. Across the Allegheny, we will acquire important North Shore property for similar development.

The Parking Authority continues to play its major role by completing \$9 million of acquisitions, renovations and security improvements to seven downtown facilities. These actions will guarantee parking facilities vital to downtown's future.

As a strength of this area and as a safe and exciting place to be, downtown, like every asset, needs reinvestment and new strategies as times change. We have made major gains with various development projects, but we need to examine our retail strategies and housekeeping.

I have, therefore, instructed the Department of City Planning to develop a new central business district initiative program treating downtown as the important city neighborhood it is.

I have also asked our planners to begin work on an effort I am calling the "Fifth Avenue Square Project". It will be an effort to upgrade the major retail corridor involving Fifth, Smithfield, Wood and Forbes, including street hardware, signing and sidewalks as well as festive amenities and housekeeping. A part of this assignment will be to work with the private sector to forge a new downtown coalition similar to those that have been helpful in promoting other City neighborhoods.

- Perhaps the most significant step toward preparing for the next century was shedding the parochial cloak and working with County and University officials to realize the goals of Strategy 21 — receiving for the first time major state commitments to capital projects important not just to the city but to our region.

With the support of area counties gathered over two years of combined effort, the legislation to create a 21st century regional development and reconstruction commission has been introduced and is now the subject of public hearings. Our efforts to bring state government to our economic development table through this concept has been rewarded not only by Strategy 21 but by a firm commitment by the Governor-elect to actively assist our economic development activities.

- Renaissance 2000 must fortify our solid long-standing values and traditions along with extending equal opportunity for all. A new community-wide effort has begun to promote the value of family life while we complete an effort to raise the community conscience toward women's issues.

- The next century will demand that government itself be leaner, more efficient and more productive than ever.

Of all of our initiatives in this area, the one with the biggest promise in terms of improved service is the one that has developed with the most difficulty. What is important, however, is that we have made real progress in improving the quality of our public safety services.

First responder training is under way, with saving lives the goal of all involved; our boarding house inspection, water rescue, arson strike and hazardous materials teams demonstrate how

coordination can lead not only to an appreciation of a fellow employee's work but a more professional response to emergency situations.

The task forces on nuisance bars, traffic safety, as well as new efforts in employee fitness and safety, improved communications and training and millions invested in new equipment are providing the basic tools for our professionals to do their jobs more effectively and, therefore, more productively.

I am more resolved than ever to see these efforts through to their successful, beneficial conclusion.

In addition, we are completing the draft of a major reform of the civil service and trial borad systems to provide for fair, but effective management of our uniform services. Legislation will be on the agenda of the Senate and House of Representatives when the new term convenes in January.

- And, finally, preparing for the next century calls on our imagination and our resolve. From the historic public/private coalition to save major league baseball to our unprecedented effort to block consolidation of the major retail stores, we have been and must be prepared to take action to protect our community in an era of consolidations and takeovers where speculators use precious national capital to enhance their economic position at the expense of our communities.

We did not build this foundation of Renaissance 2000 alone, nor can we successfully make the transition to the 21st century without a cooperative commitment to cities and their role in the nation and in this state.

Clearly, 1986 did not mark the best year for American cities in their

relationship with the national government. Elimination of federal revenue sharing, slashes in other urban programs -- a litany too long and discouraging to repeat here -- place yet another burden on cities whose entire existence has been as both the first and the last refuge of our people.

The intersection of this new national attitude along with a projected flat growth in our tax base provides the city with the most severe financial challenge in her history.

The 1987 operating budget I am presenting today calls for expenditures of \$278.9 million a DECREASE -- I repeat -- a DECREASE of some \$9 million from last year. The total revenues we anticipate collecting this year amount to \$7 million LESS than we collected in 1986. In any other time, this situation would have been the basis for a local tax rate increase or massive layoffs of personnel.

Those solutions, however, remain last on my list of remedies and are not the ones that I propose to you today.

As a result of unprecedented effort by city employees, management and staff, we have, over the past two years, implemented a cost control program designed to maximize the use of available revenues without calling for increased taxes. It is the kind of program that the taxpayers expect and demand we carry out before asking them for additional resources. Therefore, no area has been spared examination.

An important component of this effort was a wage freeze program agreed to by a majority of the city's workers, through -- regrettably -- not by all of them, as well as management employees. I am grateful to those employees and their representatives for

their cooperation and understanding during difficult times.

At the same time, I am angered and frustrated by a system that allows a third party to add millions to a budget bound not by what is on the table, nor by the fiscal facts presented to him.

Although the numbers speak for themselves, let me be clear.

There is no breathing room in this budget. We must absorb these untimely salary increases through further measures to improve productivity.

Further, I pledge that these additional costs will not be covered at the expense of other city employees or the taxpayers.

We have examined every function in city government approaching our problems with reason and judgment, filling positions where good management or effective cost return were possible and eliminating positions where the task could be performed in another way. This year, we have eliminated a total of 254 positions adding up to \$6.5 million in budget savings. We have accented investments in equipment, technology and training for employees, so that they could do their job more efficiently and effectively.

The management of our finances has led the initiatives. A restructuring of the city's outstanding debt will produce some \$7 million in savings over the next several years, and further improvements in our cash management system will result in additional revenue to the city.

We have completed an agreement to sell water to West Penn Water beginning in 1988 that could net as much as \$2 to \$5 million a year in rate control

revenue for city water customers, thereby establishing a procedure to use this great asset for the benefit of our residents.

In areas where continued high levels of service are expected and required, we have directed special management efforts. For example, we were able to reduce the number of refuse routes from 86 to 74 during the year without affecting service. This means that over a five-year period, we have reduced the cost of refuse collection by \$8 million annually.

We are completing a maintenance management system for our parks to allow us to do more work with fewer people. We have re-equipped every city department while significantly improving our vehicle maintenance program.

We have made a thorough examination of our recreation facilities. For 1987, we have been able to keep facility closings to a minimum involving one pool and minimal adjustments in other recreation programs. We will still have the most comprehensive recreation program of any community in the area.

In lieu of closing additional facilities, we have planned a pool fee program. Pittsburgh will join every other local public pool program in initiating a charge system providing for passes to be available for all pools with daily admissions available at the major pools. To accommodate those unable to purchase admissions, we will have a daily free swim period. The recreation program changes will save \$400,000 annually.

We will also explore the use of private contractors to manage the South Side Skating Rink and the Schenley Park Golf Course with an eye toward

eliminating our subsidies by 1988. These moves can save \$300,000 yearly.

We will continue to have civilians perform support functions within the public safety department, a practice designed to effectively utilize the skills of trained uniformed personnel where needed most — patrolling the streets in our neighborhoods.

We have already announced redeployment of police designed to improve productivity and effective coverage. I have authorized the Director to provide for a 6th zone to be housed at the former #7 (South Side) station. It will be accommodated, however, without an increase in the budget plan.

Increased costs for fire protection services will be covered by the elimination of 8 companies.

Because most fire stations house more than one company, this reduction can be made, in most cases, without closing a neighborhood fire station. The Director will involve the firefighters' union in developing the implementation of this plan.

We will continue to meet our pledge to enhance police presence in our neighborhoods and for adequate coverage at all fires. Through better communication training and equipment, we will have a better and more productive force. The message that I get from the taxpayers is that they prefer this approach rather than additional taxes.

As these adjustments are made, we will continue to hire new recruits to accommodate retirements and attrition. Therefore, I have honored the Director of Public Safety's recommendation to call a new police class before the present list expires and

will call for new fire classes — if our cost control plan is met.

I have informed the Director, however, that the allocation to public safety is not unlimited and that I expect productivity to provide for whatever increased costs we experience.

The result of these effects and others has been to overcome a projected \$20 million budget deficit by holding the line or reducing appropriations to city departments.

The guiding principles behind all of our policy initiatives have been to provide for the safety of our citizens first, continue to rebuild neighborhood facilities, keep our business districts sound and provide recreational programs to our citizens. I believe we have remained true to these principles.

But, we cannot be all things to all people, and we can no longer carry the load of being the only municipal government to support regional functions and services.

We have, therefore, reduced or eliminated support of various regionally oriented festivals and special events. In addition, we will institute a policy of requiring these activities to assume, over a period of time, a greater share of the cost of providing the extraordinary security and other city services they now require.

This reduction has also been extended to the support of a number of cultural programs, but does continue providing for the purchase of programs directed to city residents.

No one knows more than I the value of these amenities to a city and no administration has worked more faithfully to make them a part of life in

Pittsburgh.

Yet, after instituting significant cost control initiatives within city government, I believe the burden of our fiscal problems must not be shared.

This is particularly true as we look toward the future. While the reductions and changes for 1987 have been held to a minimum, the picture for 1988 is bleak. Unless a broader revenue base is achieved during the coming year, further and more exacting changes will have to be made in city programs and support for outside services. It is important to note that in order to balance this budget, we have taken advantage of a number of one-time revenues and expenditure reductions.

I cannot emphasize too strongly that this problem will not go away, and it will become worse if we choose to ignore it.

As the state treasury bulges with the receipts from growth-oriented taxes, Pittsburgh and its fellow municipalities suffer under a taxation system designed for a different age — one that places an increasing burden on those least able to pay and that chases out young, middle income families. This pattern is unacceptable.

I have called on the Legislature repeatedly to take action by providing either a share of state revenues or the ability to fairly and equitably raise additional local revenues without placing communities at a competitive disadvantage.

Despite the loss of nearly \$250 million in revenue to local governments in Pennsylvania, and intensive lobbying efforts by elected officials from all over the state, we seem no further toward the goal of local tax reform than we were

eight years ago when the last state administration took office.

I will continue to work cooperatively with other elected officials and state government to address this crisis through the political process but I have no choice but to pursue alternatives.

I have directed the City Law Department to file an action in Commonwealth Court challenging the constitutionality of provisions of the Home Rule Law and the Local Tax Enabling Act which substantially prohibits municipalities from taxing all persons who earn their living in the municipality.

While I would much prefer that the Legislature take action which would benefit all municipal governments and avoid the issue of cities vs. suburbs, I must take whatever action I can to protect our taxpayers and limit the burden they carry. I expect that other municipalities facing a similar dilemma will join us in this action.

We have previously demonstrated that there is a significant cost to the City for serving as a regional business, educational and health center and this is true of many other municipalities in Allegheny County and throughout the State. To carry out this responsibility, we maintain a high level of services funded principally by residents.

In addition to achieving fairness in our region, the fact is that many exciting development possibilities, key to the region's growth, will not be possible unless the revenue base of the city is broadened. Unlike many Renaissance II projects which were driven by corporate sponsorship, we now find projects requiring substantial capital investments from a city capital budget straining to

meet the city's basic needs.

For too long we have muddled the debate on local government financing with talk of municipal isolationism. The projects and programs we initiate in Pittsburgh — like the Technology Center — produce jobs not just for the city but for the entire area. This is an issue of our ability to remain a strong core of the region.

The agenda is clear. The commitment of local officials is solid. The time for action is now.

Just as we move to prepare financially for the coming century, so must we examine our governmental structure.

While I reject the notion that I or my colleagues cannot represent the best interests of all Pittsburghers when making important decisions, I recognize that, in a democracy, the perception of equal representation is just as important as the fact.

I have, therefore, recommended that we in city government reach a consensus on restructuring our legislative system and support our decision not only before the Federal Court now dealing with this issue but in a referendum if required. Let us resolve this issue in an affirmative manner and move on.

The year ahead — the thirteen years ahead — are pivotal and challenging. While much of our attention will be focused on forging a new relationship with the state both for economic development and government finance, we will also devote energy to other efforts to improve our service delivery to the community.

The vista before us is emerging as one in which we devote new efforts to

strengthening our community by promoting family life, providing for the hungry and homeless, fortifying our neighborhoods and continuing our plans to provide opportunities for housing and economic development, to see our future rising on the site of our past and to trust in the support we give each other.

From time to time we will be disappointed and frustrated with our progress.

But these are not the times for the weak spirit. We will be tested, as we have been in the past, but we will be equal to the challenge. We must rise above the moaners and complainers and those who offer nothing to the future but a negative perspective and, of course, their own personal ambition. Our attention must be on those who have ideas, who have imagination and who have the energy and zeal to be a part of the next renaissance.

We are fortunate that Pittsburgh is filled with so many who fit this mold.

Ten years past — confidence and optimism, trust and accomplishment. Thirteen years ahead — a new century filled with opportunity and promise.

We have much to do to achieve the goals that Renaissance 2000 puts within our grasp.

But, from where I stand, I like what I see.

November 10, 1986
Richard S. Caliguiri, Mayor

PRESENTATIONS

Mr. DePasquale presented

No. 1766 Resolution providing for

the issuance of a warrant in favor of Criscella Construction Company (Emeric A. Criscella, President) in the amount of \$9,700.00 in payment of Extra Work, being in addition to the original contract price of \$45,825.00 on Controller's Contract No. 27188F, furnished for the benefit of the City in connection with the Handicapped Modifications to Special Populations Program Centers, payable from Code Account CDEC 85-60. (PRIOR APPROVAL GRANTED)

Also,

No. 1767 Resolution providing for the issuance of a warrant in favor of F.A. Beto, Inc. (F.A. Manfredi, President) in the amount of \$1,287.55 in payment of Extra Work, being in addition to the original contract price of \$176,165.00 on Controller's Contract No. 27769, furnished for the benefit of the City in connection with the Emergency Medical Station No. 1, payable from Code Account EC 86-78. (PRIOR APPROVAL GRANTED)

Which were read and referred to the Committee on Finance.

Mr. Givens presented

No. 1768 Resolution amending Resolution No. 478, effective June 10, 1986, entitled: "Resolution providing for the letting of a Contract or Contracts for the design, lease purchase, and installation of high pressure sodium street lighting for the Department of Public Works, for a period not to exceed five (5) years," by decreasing the total allocation by \$200,000.00 from \$600,000.00 to \$400,000.00, chargeable to and payable from Code Account 1545, Street Lighting and amounts appropriated from time to time in succeeding calendar years.

Which was read and referred to the Committee on Public Works.

Mr. Givens moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Grabowski seconded the motion.

Which motion prevailed.

Also,

No. 1769 Resolution transferring \$130,720.00 from Code Account CC, Community Communications Trust Fund to the General Fund, City of Pittsburgh for reimbursement of indirect costs incurred by the Bureau of Cable Communications for 1986.

Which was read and referred to the Committee on Finance.

Also,

No. 1770 Resolution granting unto Walnut Corporation, their successors and assigns, the privilege and license to construct, maintain and use at their own cost and expense, a canopy, steel cornice and 3" channel over a portion of the sidewalk of Walnut Street in the 7th Ward of the City of Pittsburgh.

Also,

No. 1771 Communication from Louis Geatano, Director, Department of Public Works, requesting authorization for Ellen Clair to attend "Time-Text", a Priority Management System Seminar at Two Gateway Center, Pittsburgh, Pennsylvania on December 4, 1986, at a cost not to exceed \$375.00, payable from the Community Communications Trust Fund.

Which were read and referred to the Committee on Public Works.

Mr. Grabowski presented

No. 1772 Resolution providing for the filing of an application by the City of Pittsburgh with the United States Department of Housing and Urban Development for a grant in connection with the City Center UDAG Project; providing for the execution of a grant agreement and related documents and for the filing of requisitions and other data; approving the City Center UDAG Project; providing for required assurances; providing for execution of payment vouchers on Letter of Credit and for certification of authority signatures; creating a Special Trust Fund in connection with the Project, and providing for the deposit of the funds in a bank account.

Also,

No. 1773 Resolution providing for the execution of a Cooperation Agreement or Agreements with the Urban Redevelopment Authority of Pittsburgh for the implementation of the City Center UDAG Project at a cost not to exceed \$15,000,000.00, chargeable to and payable from City Center UDAG Project Trust Fund.

Also,

No. 1774 Resolution providing for the filing of an application by the City of Pittsburgh with the United States Department of Housing and Urban Development for a grant in connection with the Oakland Portal UDAG Project; providing for the execution of a Grant Agreement and related documents and for the filing of requisitions and other data; approving the Oakland Portal Project; providing for required assurances; providing for execution of

payment vouchers on Letter of Credit and for certification of authority signatures; creating a Special Trust Fund in connection with the Project; and providing for the deposit of the funds in a bank account.

Also,

No. 1775 Resolution providing for the execution of a Cooperation Agreement or Agreements with the Urban Redevelopment Authority of Pittsburgh for the implementation of the Oakland Portal UDAG Project at a cost not to exceed \$1,250,000.00, chargeable to and payable from the Oakland Portal UDAG Project Trust Fund.

Also,

No. 1776 Resolution providing for the execution of a Cooperation Agreement or Agreements with the Urban Redevelopment Authority of Pittsburgh for the implementation of Housing Projects funded by the Pennsylvania Department of Community Affairs at a cost not to exceed \$1,000,000.00, chargeable to and payable from State Funded Housing Project Trust Fund.

Which were severally read and referred to the Committee on Planning, Housing and Development.

Mr. Grabowski moved to suspend Rule 8 by providing for consideration of the bills only until or after the 9th calendar day following the meeting in which the bills were introduced so the bills will be on the agenda this Wednesday.

Mr. Givens seconded the motion.

Which motion prevailed.

Mr. O'Malley presented

No. 1777 Resolution providing for the issuance of warrants in the aggregate amount of \$6,000.00 in full settlement of claims by Joan Sims, arising from her employment with the City, payable from Code Account No. 46, Judgments.

Also,

No. 1778 Resolution providing for the issuance of a \$1,000.00 warrant in favor of Elizabeth & Jeanette Nieder in settlement of claims for property damage due to a water main break, payable from Code Account No. 46, Judgments.

Also,

No. 1779 Communications from Richard S. Caliguiri, Mayor, requesting authorization for Mina Gerall to attend the final phase of the competition for the All-American City Award in Kansas City, Missouri from November 7-9, 1986, at a cost not to exceed \$700.00, payable from Code Account No. 1017, Miscellaneous Services. **(PRIOR APPROVAL GRANTED)**

Also,

No. 1780 Communications from Richard S. Caliguiri, Mayor, requesting authorization for George Whitmer to attend a board meeting of the Pennsylvania State League of Cities in Reading, Pennsylvania on October 29, 1986, at a cost not to exceed \$350.00, payable from Code Account No. 1017, Miscellaneous Services. **(PRIOR APPROVAL GRANTED)**

Also,

No. 1781 Communication from Edward Walkowski, Manager, City Information Systems, requesting

authorization for Joseph Imbimbo and Mary Nolf to attend the Technology Transfer Institute Seminar concerning Data Bases in Atlanta, Georgia from December 2-5, 1986, at a cost not to exceed \$4,100.00, payable from Code Account No. 1043, Miscellaneous Services.

Also,

No. 1782 Communications from Edward Walkowski, Manager, City Information Systems, requesting authorization for Joseph Kostrub and David Atkins to attend the SRI Seminar concerning the Principles of Prototyping in Buffalo, New York from December 8-9, 1986, at a cost not to exceed \$2,700.00, payable from Code Account No. 1043, Miscellaneous Services.

Also,

No. 1783 Communication from Melanie Smith, Director, Department of Personnel, requesting authorization for Anne McCafferty to attend the regular meeting of the Pennsylvania Service Delivery Area Association in Harrisburg, Pennsylvania on November 20, 1986, at a cost not to exceed \$350.00, payable from JTPA-1 Trust Fund.

Which were severally read and referred to the Committee on Finance.

Mr. Wagner presented

No. 1784 Resolution providing for an Agreement or Agreements with the Vietnam Veterans, Inc. for professional services in connection with bringing the Mobile Vietnam Veterans Memorial to Pittsburgh for the benefit of the residents of Pittsburgh at a cost not to exceed \$7,000.00, chargeable to and payable from Code Account 1838, Miscellaneous Services, Department of Parks and Recreation. **—(SPONSORED)**

BY MR. WAGNER)

Which was read and referred to the Committee on Parks and Recreation.

Mr. Wagner moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Wagner seconded the motion.

Which motion prevailed.

Also,

No. 1785 Resolution providing for an Agreement or Agreements with the Center for Emergency Medicine of Western Pennsylvania (CEM) to provide Medical Command for the Bureau of Emergency Medical Services for the protection of life and health of the people within the City of Pittsburgh at a cost not to exceed \$30,000.00, chargeable to and payable from the Department of Public Safety, Bureau of Emergency Medical Services, Code Account (DPSTPP).

Also,

No. 1786 Communication from Glenn Cannon, Director, Department of Public Safety, requesting authorization for Coleman Conroy, Project Chief, Electrical Division and James Russell, Electrical Inspector, Bureau of Building Inspection, Department of Public Safety to attend a seminar on National Electrical Code Changes at the Pittsburgh Hilton on September 25, 1986, at a cost not to exceed \$290.00, payable from Code Account No. 1476.

Also,

No. 1787 Communication from

Glenn Cannon, Director, Department of Public Safety, requesting authorization for Commander Craig B. Edwards, Commander Earl Buford, and Police Officer Cheryl Doubt, Bureau of Police, Department of Public Safety, to attend a conference hosted by the Chicago Police Department to be held November 6-8, 1986, in Chicago, Illinois, at a cost not to exceed \$2,200.00, payable from Code Account PRIST. **(PRIOR APPROVAL GRANTED)**

Which were severally read and referred to the Committee on Public Safety.

The Chair presented

No. 1788 Communication from Paul C. Brophy, Executive Director, Urban Redevelopment Authority, submitting the Position and Salary Report as of June 30, 1986, of all employees of the said Authority.

Also,

No. 1789 Communication from Thomas Flaherty, City Controller, submitting the Fiscal Audit of Dog Licenses, Department of Finance, of revenues collected and expenditures paid from cash transactions for years ending December 31, 1985, 1984 and 1983.

Also,

No. 1790 Communication from Thomas Flaherty, City Controller, submitting the Fiscal Audit Report of the South Side Ice Skating Rink, Department of Parks and Recreation, for revenues collected and expenditures paid from cash transactions for the years ending December 31, 1985, 1984 and 1983.

Also,

No. 1791 Communication from

Thomas Flaherty, City Controller, submitting the Fiscal Audit of the Schenley Park Ice Skating Rink, Department of Parks and Recreation, of the revenues collected and expenditures paid from cash transactions for the years ending December 31, 1985, 1984 and 1983.

Which were severally read, received and filed.

REPORTS OF COMMITTEES

Mr. O'Malley presented

Bill No. 1792

Report of the Committee on Finance for November 5, 1986 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1665

A Resolution entitled, "Resolution authorizing the issuance of a warrant in favor of Richard D. Owens Transportation Services, Inc. in the aggregate amount of \$3,0007.52 in payment for transportation services provided for handicapped participants, furnished for the benefit of the City without previous authority of Law; and providing for the payment thereof."

Which was read.

Also,

Bill No. 1675

A Resolution entitled, "Resolution providing for the issuance of a warrant in the amount of \$4,736.07 in favor of

Gondelman Baxter McVerry Smith Yatch & Trimm for legal services rendered to Robert Rade Stone in conjunction with Civil Action No. 85-3727, filed in the U.S. Court of Appeals for the Third Circuit."

Which was read.

Also,

Bill No. 1676

A Resolution entitled, "Resolution providing for the issuance of a warrant in the amount of \$12,721.46 in favor of Titus Marcus & Shapira for legal services rendered to Ronald C. Schmeiser, Director of Finance, in conjunction with Civil Action No. 85-1525, filed in the United States District Court for the Western District of Pennsylvania."

Which was read.

Also,

Bill No. 1677

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Allegheny Business Machines, Inc., for the purchase of an additional 22 Megabyte Network Terminal for the current Microfilm System in the Controller's Office without previous authority of the law."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 1678

A Resolution entitled, "Resolution transferring Five Thousand Dollars (\$5,000.00) from Code Account No. 1100 (110007) Miscellaneous Services to Code Account No. 1101 (110106) Supplies, Department of Personnel and Civil Service Commission."

Which was read.

Also,

Bill No. 1679

A Resolution entitled, "Resolution providing for an Agreement or Agreements for specialized professional services in connection with Labor Management Committee training including but not limited to training in decision making processes, group dynamics, and labor management committees implementation and procedures; and providing for payment of cost thereof."

Which was read.

Also,

Bill No. 1680

A Resolution entitled, "Resolution authorizing the City of Pittsburgh to enter into a professional services agreement or agreements with professional money management firms for the management of the assets of the City of Pittsburgh Pension Reform Trust Fund # 2, at an annual cost not to exceed Two Hundred Thousand Dollars (\$200,000.00) chargeable to and payable from the City of Pittsburgh Pension Reform Trust Fund # 2."

Which was read.

Also,

Bill No. 1684

A Resolution entitled, "Resolution transferring the sum of four-hundred-thousand dollars (\$400,000.00) from Code Account 1443, Index Code (144303) Police Salaries and Wages, Department of Public Safety to Code Account 1443-4, Index Code (144345) Police Premium Pay, Bureau of Police, Department of Public Safety. This transfer is necessary to cover premium payroll for the remainder of 1986."

Which was read.

Also,

Bill No. 1705

A Resolution entitled, "Resolution transferring the amount of Fifteen Thousand (\$15,000.00) Dollars from Code Account 1612-1, Repairs, Index Code 161216, to Code Account 1610, Miscellaneous Services, Index Code 161000 and Ten Thousand (\$10,000.00) Dollars from Code Account 1611-1, Utilities, Index Code 161117, to Code Account 1502, Miscellaneous Services, Index Code 150201, all accounts within

the Department of Public Works.

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 768

A Resolution entitled, "Resolution providing for the issuance of a warrant to Michelle Madoff in the amount of ~~\$15,000.00~~ \$10,000.00 in full settlement of claim for personal injury, and providing for the payment thereof." (AS AMENDED IN COMMITTEE)

Which was read.

Michelle Madoff:

On Bill 768, the judgment to settle with Michelle Madoff on her claim, I want to present Mr. Givens with my extra pair of eyes. Since he says I have two pair of eyes, two sets of eyes —

The Chair:

Alright, let me stop this right now.

Michelle Madoff:

I did not say it; he said it.

The Chair:

Wait a minute. We are going to conduct this meeting without personal reference and please, Ms. Madoff, address the bill.

Michelle Madoff:

You're absolutely right. Mr. Chairman, may I ask that the rules apply across the board.

The Chair:

Yes, they do.

Michelle Madoff:

May I ask that when the statement was made originally by my Council colleague, that you did not call him on it at the time.

The Chair:

I was not chairing the meeting, Ms. Madoff, but I am chairing this meeting. Now, let's stick to Bill 768.

Michelle Madoff:

Unfortunately, the situation has been that I have been made to appear as if I am holding up the City ransom because if I go to court which is indeed a fact, I would probably collect something like \$40,000 to \$45,000 because there is some kind of chart that designates the amount of money that one would receive for certain kinds of claims.

My injury that took place here in Council which was stated by a colleague happened during the meeting is not fact; it happened just prior to the meeting, about two minutes before the meeting started. I had gone to talk to a reporter about a problem, I was moving in a hurry, the cable was there and I tripped. The information that was presented before this Council as someone who witnessed it and saw me trip coming back from the cable is absolutely erroneous. There were so many erroneous statements made, so many fallacious statements made, that I was terribly offended, not to mention the fact that I think we all have very short memories.

Most people have children who have had broken arms or themselves have had broken arms in their youth. Generally a broken arm is set in an emergency room. My arm was set in the operation room. It was so badly dislocated, they couldn't do it in an emergency room. It was set under general anesthesia in the operating room and I was detained in the hospital which is also very, very unusual for a broken arm.

I also want to remind my colleagues that members of Council, as well as all elected officials in the State of Pennsylvania, are not, I repeat, not covered by Workmen's Comp. God forbid, if someone were to walk in here and hurt a member of Council and they were paralyzed like Governor Wallace, and in a wheelchair the rest of their lives, there would be not one penny once they were out of office.

I am not, and have not asked for one cent, other than out of pocket expenses. And in order to get this behind us, I lowered my request from \$15,000 to \$10,000. People do not understand that of that \$10,000, almost \$6,000 would go in reimbursement to Blue Cross, Blue

Shield, because when you settle a claim, you automatically must reimburse any funds that you would receive. So that for something like \$3,000 to \$4,000, for example, when I was in Washington and I had to have therapy, there was a \$90 bill incurred for therapy not covered by Workmen's Comp, not covered by Blue Cross, not covered by Blue Shield or Major Medical. When you go to a doctor with an injury of this nature, you are not covered under the coverage that we have for Blue Cross, Blue Shield. If you have therapy, most of it is not covered. The rest of my life, whatever I will incur because of this unfortunate accident, I will not be covered. If I were a regular City employee, I would be covered should there be a residual effect. At the moment, for the record, the only significant problem I have is when it is raining out, I have pain in the arm, and the arm is slightly shorter than the other arm, but I cannot reach my left arm behind my back to button clothes.

I don't know what will happen in the future but I want to go on record as saying that I reject the sum that was voted for me. I do not want to have the City go to the expense of hiring an attorney to have to represent the City because they cannot sue a member of Council or represent and defend a member of Council. I've also decided not to pursue it through the courts with my own attorney; I will absorb all losses. But I hope that what has happened to me will serve as a lesson to the rest of Council that I'm not the only one that could have something happen and thank God, to my knowledge, I don't have anything more serious than the injury to my arm; I don't have a cancer, I don't have a heart problem. And I hope that should anyone else have a problem in an accident incurred on their job, who is an elected official, that they will remember that they are not covered.

With that, I want to formally ask my colleagues not to vote to award me the \$10,000. I don't want it. I think it was given in poor grace; it was given to make me look bad. I was made to look like I was blackmailing this Council because the questions were asked, "Won't it be cheaper if we give her the money now than if we go to court?" I don't want it. Somehow, God will provide. I'm fortunately not destitute; I will absorb all losses.

Mr. DePasquale:

Mr. President, my only comment is that I think a motion for recommitment should be made because if the bill was asked to be approved by Council, I think the majority will vote for it.

The Chair:

But, if the majority of Council votes no on Bill 768, it will be defeated and will not have to come back to Committee. You can vote the bill down right now and it doesn't have to come back before Committee.

Michelle Madoff:

I won't accept the money so you might as well vote it down.

Mr. Grabowski:

I just want to be clear that Michelle now would prefer that we defeat this legislation so that this money is not forthcoming.

Michelle Madoff:

That is correct.

Mr. Pollock:

I'd like my comments on Bill 768 brought forward, please.

Mr. Givens:

I'll stick by all the statements that I had made Wednesday and I would like all my remarks to be brought forward.

(MR. GIVENS' & MR. POLLOCK'S REMARKS ON BILL NO. 768 FROM WEDNESDAY, NOVEMBER 5, 1986)

Mr. Givens:

Yes. I have to appreciate pain and suffering, etc., and I have to appreciate that the City of Pittsburgh and all of the Councilpeople here are on, in fact, a pension system and in that pension system if one has received in the line of duty, meaning when they're working here within the Council or in any official capacity, received injuries to themselves, then they are compensated through our pension system and the fact that one can then appeal to that pension system for disability. If the injury is such that it is a disabling injury or one that can cause pain and suffering for the life time of that person or the possibility of pain and suffering in the future as declared by a competent medical physician, then that person will be compensated for. That is how we take care of people who work for the City of Pittsburgh. No city employee to my knowledge can turn around and sue the City of Pittsburgh right now and the federal government to a great degree is that way.

The injury that ensued was one that all of us were knowledgeable about, meaning that there were cable lines and still are, in fact, cable lines throughout the Council right here — they have rugs on top of them right now or mats to give it some type of security, but we are all knowledgeable and aware of that. It was an accident; it wasn't planned and it wasn't pre-meditated and as a result there was suffering involved and

everything like that but for us to use taxpayers' dollars in order to pay for an injury of anybody that is able to perform and be back in the line of duty in a matter of weeks is something that I think we all have to, in our own conscience, think about very earnestly.

As I indicated, we are compensation. Council, because we are only elected for a specific term of office, four years right now, that at the end of that four years if that injury would not enable you, then you would have other recourses by going to Social Security and if the Enabling injury was such that you could not perform as a person or in the educational background of your particular profession whichever that might have been.

Again, we are using taxpayers' dollars to settle a suit of an elected official. No place in history that I can recall when this first came up and in doing other research on it, calling other major cities and small cities, have I ever heard of an elected official suing his own municipal body in order to gain some wages for an injury that in fact did not disable them and in fact where they are compensated for if they do retire from the City. May I suggest to you that if it was a one-term Councilperson and if he was not eligible for pension under the City of Pittsburgh, I would have second thoughts. And this particular principal that we are talking about, Michelle Madoff, she in fact, has enough time with the City, over eight years, that she is in fact eligible for pension when she so chooses to get that pension.

May I suggest also that that individual, and I don't know the clarity of this and maybe someone from the Legal Department can come up and tell me about it. If she seeks this money, could she then come back at a future date on her pension plan and say that she has

incurred injury while working for the City of Pittsburgh so documented, etc., and come back and get what you would consider double-dipping?

(THE CHAIR COMMENTS)

Mr. Givens:

Full settlement? Well, someone would have to explain to me from the Legal Department what "if full settlement" means.

(THE CHAIR COMMENTS)

Mr. Givens:

In a situation like that, in some cases the City might be better off in doing it this way because all of us know that on the pension if you go on disability over a long term, you will receive a considerable amount of more money but it has to be determined whether the injury was disabling or not. I would have to bring in, and I would hope that this Council --

Mr. Pollock:

-- he's like a one-man debate team.

(THE CHAIR COMMENTS)

Mr. Pollock:

-- this is fascinating, I'm dying to hear more.

Mr. Givens:

Well I'm glad you're entertained Mr. Mark Pollock.

Mr. Pollock:

I've never seen a one-man debate team.

(THE CHAIR COMMENTS)

Mr. Givens:

I would have to bring the medical experts from the City of Pittsburgh in here to discuss this particular case as to the type of injury, the type of immobility and we're sitting here in fact as being a judge and jury in awarding any case of this particular magnitude because it did not go through the court system. It did not go through our law firm and the fact that the Solicitor of the City of Pittsburgh is recommending this and the Mayor of the City of Pittsburgh is recommending this and the Administration is recommending this to us.

(THE CHAIR COMMENTS)

Mr. Givens:

Well, I'll indicate to you that I would have to get medical testimony here before I would want to make judgment on whether or not to give anybody, and in fact this is what we're doing. We're bypassing the judicial system and making a judgmental factor as to whether any person within city government cannot get a settlement from this Council, the legislative body, so I hate to say it to cut a fellow Councilperson etc., but I would have to get the expert opinions from the medical profession as to how disabling this injury is because I haven't noticed anything in change of character in Michelle Madoff, her personal habits and her movements since her injury has been somewhat healed.

A case in point if I might Mr. Chairman. We know and all of us know legislatively right here that this is a very high and stressful job and any medical professional will tell you that, any elected official and major municipal

thing. I underwent open heart surgery okay, could I then come back in again and sue the City of Pittsburgh because I was under duress or because of my occupation?

(THE CHAIR COMMENTS)

Mr. Givens:

It's an occupation and we know --

(THE CHAIR COMMENTS)

Mr. Givens:

If I could speak to the fact. And in fact we know that there are occupational hazards here when in fact you want to have this on cable television, there has to be wires from must like in any studio. When we go to a studio in KDKA Channel 2, does not someone almost have to escort us into that studio and say to watch the wire, watch that wire and watch another wire. Now they work in that studio and never have I heard anyone from a major studio suing its employer because they tripped over a wire in a T.V. studio. They can never get another job and I submit here that if this thing goes through, never should a person ever be elected to another office again if they're going to turn around and sue their own people when in fact she has two sets of eyes herself and should have known that that wire was down there and all of us know how that individual walks around in this Council and disturbs the Council but in fact causes --

Mr. Pollock:

-- Come on, cut this out.

Mr. Givens:

If you could please -- I'm talking. You can say your piece Mr. Pollock when you have the floor -- you're disturbing

me and my trend of thought.

All of us in this Council know where we are at when we walk around etc., and in fact I feel very personally that this person caused her own accidents because of the amount of traveling she was doing and you might say a hazardous condition knowingly that someday she was going to fall and to sue the City of Pittsburgh and the taxpayers of the City of Pittsburgh — no way could I approve that and I do want medical testimony to the fact.

Mr. Pollock:

This is an intentional injury.

(MRS. MASLOFF COMMENTS)

Mr. Givens:

I'd like to respond to Sophie's comments.

(MR. DEPASQUALE COMMENTS)

(MR. PELLEGRINI COMMENTS)

(THE CHAIR COMMENTS)

(MR. GRABOWSKI COMMENTS)

Mr. Givens:

Thank you. As the Solicitor so indicated, he is covered on Workmen's Compensation. When Michelle was off she was not covered under Workmen's Compensation, but this Council by its action of excusing absent members in fact is giving Workmen's Compensation. In fact, when I was off for a three-month period, I did not receive Workmen's Compensation. In fact, this Council approved my absence for a three-month period of time.

I can go back to Lou Mason when

he was a Council President and he was undergoing serious hospitalization for almost a two-year period and in fact this Council saw that that elected official during this period of time was in fact covered. It wasn't called Workmen's Compensation but it's the same thing; full pay, full rights, full benefits. Now what happens after a person's time is terminated and they can't find work again? We have our pension system here if a person is eligible. Again I go back and say that if that person did not have eight years of service and I doubt then that we would be obligated as a body and as a Council to indicate to the individual that yes they should be compensated. This person still has another right of appeal and that right is on that pension system and it's a good one and it's here for all of us and we don't get Workmen's Compensation. Workmen's Compensation doesn't last for a lifetime, it's until medically it's determined that a person cannot come back to work again. Once that determination is made, then that individual is put on a pension and then that medical professional looks pension and if a person so asks for medical disability then they get whatever the medical professional would allow, be it 50 percent, 25 percent or 100 percent medical pension disability which gives that person many advantages both in the amount of money that they receive for the amount of service that they've had with the City of Pittsburgh and one helluva tax break and some of them have many tax loopholes in that money, giving them a much greater pension than they would normally have gotten if they retired without any pension or disability.

(THE CHAIR COMMENTS)

(MR. GRABOWSKI COMMENTS)

(MR. PELLEGRINI COMMENTS)

(MRS. MASLOFF COMMENTS)

(MR. PELLEGRINI COMMENTS)

Mr. Pollock:

Dan, I've been on record repeatedly saying that I don't think City Council should vote on any action, whether it be the settlement of it or the continuance of it or the dismissal of a colleague. You and I have talked about this both at this table and in your office and we have suggested a plan by which Council would not have to vote on the settlement of an action by a member of Council. For whatever reason the members of Council and/or the plaintiff, Michelle, chose not to accept that option. I would want to put that on record because I intend to abstain. I don't think Council should vote on an action involving a member of Council. It's here before us and we can't do anything about that and I think that -- I have already decided previously but I just haven't had time to work with you on legislation that would actually prohibit Council from settling an action by a member of Council and it would only be within the jurisdiction of the Solicitor's Office. I think that's the way out of this.

(MRS. MASLOFF COMMENTS)

Mr. Pollock:

We sat at the table.

(MRS. MASLOFF COMMENTS)

Mr. Pollock:

All Council has to do is authorize by resolution the Solicitor to settle the case with the court and the other attorney and then the judge will take a consent settlement. We don't approve the case, we don't approve the settlement, we don't approve anything. We turn it over back to Danny and say he does whatever he wants to do.

(MR. DEPASQUALE COMMENTS)

(MR. PELLEGRINI COMMENTS)

(MRS. MASLOFF COMMENTS)

(MR. PELLEGRINI COMMENTS)

Mr. Pollock:

What happened was that the last time I suggested it, there was a lot of noise made about it and a couple members of Council made noise about it and it was withdrawn and Michelle said that she would go to court because she didn't want to take the heat but that's what it boiled down to.

Mr. Givens:

Just finally one last statement and I have to address it to all the Councilmen. If any of us in our own workplace would have tripped over a wire and fractured or dislocated our elbow, would we have turned around and sued the City of Pittsburgh? Now I would almost like to put that for a vote because I think I know what my answer would be.

Mr. Pollock:

I'm sure you would put that to a vote at a later date.

Mr. Givens:

I have the floor, Mr. Chairman and I've gotten interruptions from this Councilperson numerous on this debate and some other comments and I'd appreciate it if it would stop.

(THE CHAIR COMMENTS)

Mr. Givens:

As I indicated, I would like to put

that to a vote but I will not and I don't want to embarrass my fellow Councilmembers but I would hope that I know how that case would come out. I would then ask the Solicitor, in getting your various briefs from the people that were at the scene of the accident, no one came and spoke to me in regards to this accident. Did anyone from our Legal Department talk to fellow Councilmembers?

(MR. PELLEGRINI)

Mr. Givens:

It's very sad that you did not seek people because I had seen the direction of flight on this individual Councilperson

Mr. Pollock:

-- What was it, a nosedive?

(THE CHAIR COMMENTS)

Mr. Givens:

I have seen the direction of flight of the individual from her particular chair back to the back of the hall, passed over the wire and was coming back over the wire when she had tripped and fell down. Now all of us have an obligation. Did anyone ever say to the Bureau of Cable Communications that these wires are a hazard? Did any of the Councilpersons approach the Finance Chairman or the President of Council saying that we have a hazard in our workplace? The workers themselves are responsible for monitoring their work area if in fact there's a hazard, if in fact all of this end the act that we are elected, we are all our own bosses, we all in fact are the persons to say what is a hazard in our workplace. I have pointed certain things out to the Chief Clerk when I thought there was a hazard within

the Council Chambers for whatever reason or within our own work area. The individual had walked over the wire and came back in and walked back over it again so she knew that the wire was there previously. Those wires have been strung in the same location for approximately 2-1/2 years she had walked over those same wires on numerous occasions; it wasn't a one-point incident did the individual take any initiative upon herself and if it would go to a court case, I would think that the Solicitor of the City of Pittsburgh, in defending the taxpayers of the City of Pittsburgh would have to ask that question. I would think if you were a jury and was sitting up there and listening to what had to say that that individual who was in fact her own boss and in fact could make decisions of safety in her own workplace in fact did not do so and that this condition existed for 2-1/2 years, I hope the jury would give her zero and I think that the case did go before the courts and that's exactly what might happen.

As Steve Grabowski has indicated here, no legislator has ever, no elected official to my knowledge in my lifetime has ever sued their own city. Let the people out there who put us into office have to look at that. Now the one thing that might come out of this and that is that we are vulnerable, especially those that are under eight years of service as an elected official, we might consider passing legislation with the taxpayers, then will forward us the opportunity of all other city workers by giving us some type of medical insurance to cover us in case of an injuring accident that impairs us. In a case like this that insurance company would be paying the City of Pittsburgh for our wages and any other compensation that we might be getting during that period of time and then we don't have to excuse absent members if they in fact have an injury and have

fallen down. Other than that in a normal vacation, we should be here at our legislative post. So for this and this reason only and the fact that it is so precedent setting that I've never heard it in the rest of my life that we put this bill back on the table again and get something that is going to be of a permanent solution to things that might happen to future Councilpeople and especially those that are under eight years of elected service.

(MR. WOODS COMMENTS)

Mr. Pollock:

Well, once again you're misinformed. If you'll go back over the transcript for today, at no time did I ask who asked to have this untabled and number two, if you go back over the transcript when this last was done, Mr. Pellegrini was going to submit legislation and not myself.

(END OF REMARKS)

Mr. Givens:

It's disgusting that any elected official would start out at \$40,000, come down to \$15,000 and then come down to \$10,000. It should never —

Michelle Madoff:

I thought we weren't permitted personal comments.

Mr. Givens:

I'm discussing the bill. This bill should never have been brought before the Council of the City of Pittsburgh. And as Michelle so indicated, there is a void in the zero through eight years of an elected official. They are not covered under our pension plan and that is an area of void, and one that we should

address, because serious injury could ensue anyone in that particular category. Anyone from eight years and above as a municipal employee that's covered under the pension system and would at least get all rights and benefits under that pension system which is adequate as is in many workmen's compensation cases as well as any pension system. We have a very liberal, I feel, pension system for municipal employees, which we do come under. Michelle does bring up that one point; she does not fall under that category. Other members of this Council do fall under that category and I think that should be looked into by the Finance Chair to see if we can close that void because there is an area that if people do get hurt and cannot perform their position as an elected official, then they are left out in the cast and not so much then themselves but their families also would be left out and that would be a hard thing. I think this Council could retroactively induce anything that we can.

May I say that this is not, in my mind, in this particular case that any person still has the right to sue and let's wait until after next May's election.

Michelle Madoff:

May I respond, Mr. President? I think there needs to be some clarification here. I think my colleague is not aware because it just seems like yesterday that I got here, but I have been here for eight and a half years, eight years as of June 1st, so we're going into eight and a half years; at the end of this year I'll have served eight and a half years. Yes, after eight years, members of Council are covered under what pension there is offered. If I were to leave Council today, my pension would be \$4,000 a year. I think if someone were terribly wounded, if they were

paralyzed, I don't think \$4,000 a year would be adequate to cover their expenses. While the hospital bills would be covered to a certain extent, if we were allowed to maintain the Blue Cross, Blue Shield, and that would also come out of your pension. In other words, your Blue Cross, Blue Shield, if you're allowed to stay as part of the group, is deducted from that \$4,000. I don't think that would be adequate to cover the bills that are not covered if someone were — As I said, I'm fortunate; I feel blessed that, thank God, my accident wasn't as severe as it might have been, which is one of the reasons, incidentally, that I've thought it over and decided to let the issue go.

There is an area where somebody has served six years or five years or seven years, and I know of an instance where a colleague of ours that is no longer going to be with the County is not vested, and they are really in trouble. They don't even have their \$4,000 or whatever it is in pension, which is really even more of an injustice.

I just wanted to get the record clear that we don't get great big pensions. Whether you were to leave government for the restaurant business or I were to leave for any other reason, there is not a huge pension available to us.

The Chair:

Can I ask, before you speak, Jeep, we were on 768, we're kind of drifting and we're into pensions and other things that have nothing to do with 768. So, Jeep, please confine yourself to 768.

Mr. DePasquale:

I just want to mention that my aye vote will be predicated on the fact that the Law Department approved and

recommended the settlement.

Mr. Grabowski:

One further question and I think Michelle is going to have to answer this. Did I understand your statement before to indicate that you were dropping your suit against the City and that you no longer wanted this as settlement?

Michelle Madoff:

And I'm not going to court either.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale Mr. Woods
 (Pres't)

AYES 2 NOES 5

VOTING NO:

Mr. Givens Mrs. Masloff
Mr. Grabowski Mr. O'Malley
Michelle Madoff

(MR. POLLOCK AND MR. WAGNER
ABSTAINING)

And a majority of the votes of Council not being in the affirmative, the bill was defeated.

Mr. Givens presented

Report of the Committee on Public Works for November 5, 1986 transmitting two resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1653

A Resolution entitled, "Resolution granting unto Edmond G. Tozzi, 965 Deely Street, his successors and assigns, the privilege and license to construct, maintain and use at his own cost and expense, a planted area and steps on a portion of the sidewalk of Deely Street in the 15th Ward of the City of Pittsburgh."

Which was read.

Also,

Bill No. 1706

A Resolution entitled, "Resolution granting unto Kenneth and Celeste Martin, their successors and assigns, the privilege and license to construct, maintain and use at their own cost and expense, a house and steps encroachment in a portion of the right-of-way of Yew Street in the 8th Ward of the City of Pittsburgh."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9

NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Grabowski presented

Bill No. 1794

Report of the Committee on Planning, Housing and Development for November 5, 1986 transmitting sundry ordinances and resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1329

An Ordinance entitled, "An Ordinance amending the Pittsburgh Code, Title Nine, Zoning, Article III, Chapter 921, Section 921.02, Zoning District Map No. 6, by changing: From "R4" Multiple-Family Residence District to "C3" Commercial District all that certain property bounded by: JACKSONIA STREET; Lots Numbered 134, 135, 136, 137, 138, 139, 140, 141, and 142, Block 23-J in the Allegheny County Block and Lot System; SAMPSONIA WAY; and the "C3" Zoning District Boundary Line located east of BRIGHTON ROAD between JACKSONIA STREET and SAMPSONIA WAY, 25th Ward."

Which was read.

Also,

Bill No. 1511

A Resolution entitled, "Resolution approving a Conditional Use Exception under Section 993.01(a)(10) of the Pittsburgh Code, Title Nine, Zoning, Article V, Chapter 993 to the Western Pennsylvania School for Blind Children for demolition of four (4) existing buildings; renovations of remaining buildings; construction of two (2) new three-story wings and redesign of the exterior of the site to include 102 parking stalls for property located at the intersection of BAYARD STREET and NORTH BELLEFIELD STREET, identified as Block 27-G, Lot Numbered 287 in the Allegheny County Block and Lot System, 4th Ward."

Which was read.

Also,

Bill No. 1657

A Resolution entitled, "Resolution amending Resolution No. 780, effective September 22, 1986, entitled, 'Providing for an Agreement or Agreements with the Western Pennsylvania Conservancy for the Community Self-Help Beautification and Community Gardening Programs on highly visible vacant lots in Community Development Neighborhoods', so as to increase the amount allocated from \$17,000 to \$50,967.31."

Which was read.

Also,

Bill No. 1658

A Resolution entitled, "Resolution

amending Section 11 of Resolution No. 1267 of 1977, as previously amended by Resolutin Nos. 483, 829, 999 and 1563 of 1978; by Resolution Nos. 252, 308, 590 and 706 of 1979; by Resolution No. 352, 448 and 1191 of 1980; by Resolution Nos. 560, 888 and 1363 of 1981; by Resolution Nos. 418 and 911 of 1982; and by Resolution Nos. 98 and 286 of 1986, entitled, 'Providing for the filing of an application by the City of Pittsburgh with the U.S. Department of Husing and Urban Development for a grant in connection with the 1978 Community Development Block Grant Program' by decreasing a line item in the Department of City Planning and increasing the Unspecified Local Option line item."

Which was read.

Also,

Bill No. 1659

A Resolution entitled, "Resolution amending Resolution 1112, effective December 20, 1983, entitled, 'Providing for an Agreement or Agreements with the Port Authority of Allegheny County for the operation of the Model Neighborhood Reduced Fare Bus Loop Project for the period May 1, 1980 through April 30, 1981, so as to decrease the amount authorized from \$310,000.00 to \$304,541.49 (-\$5,458.51) and to reduce the time frame of the Agreement."

Which was read.

Also,

Bill No. 1660

A Resolution entitled, "Resolution amending Resolution No. 355, effective April 20, 1979, as amended by Resolution No. 406, effective May 7, 1982; and as amended by Resolution No. 1113, effective December 20, 1983, entitled,

'Providing for an AGREEMENT or Agreements for the Reduced Fare Bus Project in the Hill District and Oakland and providing for the payment for the cost thereof, so as to decrease the amount allocated from \$356,533.00 to \$341,321.01 (-\$15,211.99) and reduce the time frame of the Agreement."

Which was read.

Also,

Bill No. 1661

A Resolution entitled, "Resolution amending Resolution No. 502, effective June 18, 1986, entitled, 'Providing for an Agreement or Agreements with Miryam's, Inc., a non-profit organization and the Urban Redevelopment Authority of Pittsburgh, for the rehabilitation of a facility to be used to house the homeless, at a cost not to exceed \$15,000.00, so as to add administrative assistance as an allowable contract cost."

Which was read.

Also,

Bill No. 1579

An Ordinance entitled, "An Ordinance amending the Pittsburgh Code, Title Nine, Zoning, Article III, Chapter 921, Section 921.02, Zoning District Map No. 12 by changing: From "C2" Highway Commercial District and "M2" Limited Industrial District to "C4" Commercial District all that certain property bounded by: HAMLET STREET; THE BOULEVARD OF THE ALLIES; McDEVITT PLACE; FORBES AVENUE and CRAFT AVENUE; 4th Ward."

Which was read.

Also,

Bill No. 1580

An Ordinance entitled, "An Ordinance amending the Pittsburgh Code, Title Nine, Zoning, Article III, Chapter 957 and Chapter 981 by requiring Administrator Approval of a Site Plan in "C4" Commercial Districts for new or changed use of land; for every structure to be erected, enlarged or altered for a residential use in excess of two (2) dwelling units and for every structure to be erected or enlarged for a commercial use to have in excess of 2,400 square feet of gross floor area."

Which was read.

MOTIONS AND RESOLUTIONS

Mr. Wagner and Mr. DePasquale present

No. 1799 WHEREAS, November 10, 1986 marks the 211th Anniversary of the United States Marine Corps, established in 1775; and,

WHEREAS, the Marine Corps was

originally formed as a rapid deployment force to establish a beachhead and hold the position for the other armed services to occupy; and,

WHEREAS, the Marine Corps has become a legendary fighting force in our nation's military history with gallant combat efforts dating back to the Revolutionary War, and particularly heroic actions in our own century with the European Expeditionary Forces in World War I, the Pacific Theatre at Guadalcanal, Iwo Jima, and Okinawa in World War II, on the frozen battlefields of Korea, and the tropical jungles of Vietnam, and recently in Lebanon and Grenada; and

WHEREAS, the brave men who made the supreme sacrifice for their country and the Corps are a testament of the Marines' devotion to the defense of our nation;

NOW, THEREFORE, BE IT RESOLVED, that the Mayor and the Council of the City of Pittsburgh, on behalf of its citizens, proclaim the week of November 10th through November 16th as "Marine Week" in Pittsburgh as a tribute to the 211th Anniversary of the United States Marine Corps.

Mr. Wagner moved to adopt the resolution.

Mr. O'Malley seconded the motion.

Which motion prevailed.

Mr. Wagner:

If I may, Mr. DePasquale presented that resolution Saturday evening, I believe, at the Marine Corps Ball, and I did also at the Federal Building. And today is the Marine Corps birthday.

The Chair:

Thank you. Congratulations, Marines.

Mr. Wagner presents

No. 1801 Resolution that the appointment of Constance Wellons of 120 Climax Street, Pittsburgh, Pennsylvania 15210, be and the same is hereby confirmed as a member of the Allegheny County Sanitary Authority to fill the unexpired term to expire December, 1987.

Which was read.

The Chair presents

No. 1802 Resolution that the appointment of William T. Ondek of 1104 Davis Avenue, Pittsburgh, Pennsylvania 15212, in the 27th Ward, be and the same is hereby approved and confirmed as a member of the Allegheny County Sanitary Authority to fill the unexpired term to expire December 31, 1987.

Which was read.

Mr. Wagner:

Mr. President, on the appointees to Alcosan, when would they come in front of Council and then when would Council vote on them?

The Chair:

Ten days.

Mr. Wagner:

Ten days and then we would vote the following Monday?

The Chair:

Right.

The Chair presents

No. 1800 WHEREAS, the City of Pittsburgh has always been a national leader in education, whether it be research or in actual practice, with the academic community supporting the many businesses and industries in our City; and,

WHEREAS, the City of Pittsburgh wishes to recognize the value and importance of educating our children and to stress the vital importance of mathematics to our society and City; and

WHEREAS, the City of Pittsburgh recognizes the achievements and contributions of the engineering community and joins the program sponsor, the Pennsylvania Society of Professional Engineers/Pittsburgh Chapter, to promote "MATHCOUNTS' WEEK;" and,

WHEREAS, the City of Pittsburgh wishes to honor those students who win local, state and national Mathcounts competitions, as well as the many thousands who benefit as program participants;

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Pittsburgh does hereby proclaim the week of November 10th to 16th, 1986 as "MATHCOUNTS' WEEK" throughout the City of Pittsburgh and expresses our appreciation for the achievements of those students and teachers who have done so much in bettering their communities and in contributing so extensively to the vitality and progress of the City of Pittsburgh.

Mr. O'Malley moved to adopt the resolution.

Mr. Wagner seconded the motion.

Which motion prevailed.

Mr. Wagner:

Mr. President, I move to televise the public hearing coming up, I believe on the 25th, that the Paramedics have requested.

Mr. DePasquale seconded the motion.

Which motion prevailed.

Mr. DePasquale moved to approve the Minutes of Tuesday, October 14, 1986 and Monday, October 20, 1986.

Mr. Wagner seconded the motion.

Which motion prevailed.

And on the motion of **Mrs. Masloff**

Council adjourned.

Municipal Record

Proceedings of the Council of the City of Pittsburgh

VOL. CXX

Monday, November 17, 1986

No. 44

Municipal Record

ONE-HUNDRED TWENTY-FOURTH COUNCIL

BEN WOODS President
MICHAEL PERRY City Clerk
LINDA M. JOHNSON Asst. City Clerk

Pittsburgh, PA
Monday, November 17, 1986

PRESENT:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

PRESENTATIONS

Mr. Grabowski presented

No. 1803 Resolution providing for the filing of an application by the City of Pittsburgh with the United States Department of Housing and Urban

Development for a grant in connection with Phase I of the City Center UDAG Project; providing for the execution of a grant agreement and related documents and for the filing of requisitions and other data; approving Phase I of the City Center UDAG Project; providing for required assurances; providing for execution of payment vouchers on Letter of Credit and for certification of authority signatures; creating a special trust fund in connection with the Project; and providing for the deposit of the funds in a bank account.

Also,

No. 1804 Resolution providing for the execution of a Cooperation Agreement or Agreements with the Urban Redevelopment Authority of Pittsburgh for the implementation of Phase I of the City Center UDAG Project at a cost not to exceed \$6,000,000.00, chargeable to and payable from Phase I of City Center UDAG Project Trust Fund.

Also,

No. 1805 Resolution providing for the filing of an application by the City of Pittsburgh with the United States Department of Housing and Urban Development for a grant in connection with Phase II of the City Center UDAG Project; providing for the execution of a grant agreement and related documents and for the filing of requisitions and other data; approving Phase II of the City Center UDAG Project; providing for required assurances; providing for

execution of payment vouchers on Letter of Credit and for certification of authority signatures; creating a special trust fund in connection with the Project; and providing for the deposit of the funds in a bank account.

Also,

No. 1806 Resolution providing for the execution of a Cooperation Agreement or Agreements with the Urban Redevelopment Authority of Pittsburgh for the implementation of Phase II of the City Center UDAG Project at a cost not to exceed \$6,000,000.00, chargeable to and payable from Phase II of City Center UDAG Project Trust Fund.

Also,

No. 1807 Resolution providing for the filing of an application by the City of Pittsburgh with the United States Department of Housing and Urban Development for a grant in connection with Phase III of the City Center UDAG Project; providing for the execution of a grant agreement and related documents and for the filing of requisitions and other data; approving Phase III of the City Center UDAG Project; providing for required assurances; providing for execution of payment vouchers on Letter of Credit and for certification of authority signatures; creating a special trust fund in connection with the Project; and providing for the deposit of the funds in a bank account.

Also,

No. 1808 Resolution providing for the execution of a Cooperation Agreement or Agreements with the Urban Redevelopment Authority of Pittsburgh for the implementation of Phase III of the City Center UDAG Project at a cost not to exceed

\$6,000,000.00, chargeable to and payable from Phase III of City Center UDAG Project Trust Fund.

Which were severally read and referred to the Committee on Planning, Housing and Development.

Mr. Grabowski moved to suspend Rule 8 by providing for consideration of the bills only until or after the 9th calendar day following the meeting in which the bills were introduced so the bills will be on the agenda this Wednesday.

Mr. Givens seconded the motion.

Which motion prevailed.

Also,

No. 1809 Resolution approving an Agreement by and between the Urban Redevelopment of Pittsburgh and Signet Associates & Polish Hill Civic Association in which the Urban Redevelopment Authority of Pittsburgh will provide financial assistance to the purchasers of houses to be constructed in the 6th Ward of the City under the terms and conditions of the Neighborhood Housing Program. The developer will construct 8 townhomes on this property. The Officer is: Barry Lhormer, President.

Also,

No. 1810 Resolution amending Resolution No. 230 effective March 31, 1986, entitled: "Resolution authorizing the Mayor and the Director of the Department of City Planning to enter into Agreements with the following groups: Greater Pittsburgh Visitors and Convention Bureau to utilize funds for construction of a new building; Hill District Project Area Committee to assist in neighborhood Revitalization Activities; Mom's House to assist in

rehabilitation of building; and Bedford Dwellings Residence Council to assist in Food Distribution to unemployed persons, by correcting the name of the group Greater Pittsburgh Visitors and Convention Bureau to Greater Pittsburgh Visitors and Convention Bureau Education Foundation, Inc."

Which were read and referred to the Committee on Planning, Housing and Development.

Mr. O'Malley presented

No. 1811 Resolution providing for the issuance of warrants in the aggregate amount of \$7,000.00 in full settlement of a claim for personal injuries by Garrick Clark, a minor, and Anne Clark, his mother and natural guardian, and Anne Clark in her own right, arising from an accident which occurred at a Pittsburgh recreational area know as Kite Hill Park on Hillcrest Avenue. The plaintiffs allege that the injuries sustained by the minor plaintiff were as a direct, sole and exclusive result of the City of Pittsburgh's failure to maintain the sidewalk area adjacent to its playground property, and failure to properly repair an area of sidewalk previously excavated by the City of Pittsburgh Department of Water, payable from Code Account No. 46, Judgments.

Also,

No. 1812 Resolution transferring the sum of \$105,000.00 from Code Account No. 46, Judgments to Code Account No. 1080, Consumer Protection and Anti-Trust Proceedings. This transfer is necessary to pay expenses for the remainder of 1986.

Also,

No. 1813 Resolution providing for a Contract or Contracts or use of

existing Contracts for the furnishing, delivery, and installation of a cardiopulmonary resuscitation (CPR) learning system for the City of Pittsburgh's Safety Program at a cost not to exceed \$30,000.00, payable from Code Account No. 1067, Safety Program, Department of Finance.

Also,

No. 1814 Resolution Repealing Resolutions, approved on various dates, for sale of properties in various Wards of the City of Pittsburgh, in accordance with Act No. 171 of 1984.

Also,

No. 1815 Resolution providing for the filing of a petition or petitions for the sale of certain properties, acquired at tax sales in accordance with Act No. 171 of 1984.

Also,

No. 1816 Communication from Melanie Smith, Director, Department of Personnel, requesting authorization for Terry Woodcock to attend a two-day seminar in Washington, D.C. from December 3-4, 1986, at a cost not to exceed \$900.00, payable from the JTPA-1 Trust Fund.

Also,

No. 1817 Communication from Melanie Smith, Director, Department of Personnel, requesting authorization for Dave Farley to attend the Annual Meeting of the United States Conference on Mayors and Training Council in Washington, D.C. from January 20-22, 1987, at a cost not to exceed \$900.00, payable from the JTPA-1 Trust Fund.

Also,

No. 1818 An Ordinance directing the Board of Elections to place before the qualified voters a referendum question as to whether they are in favor of amending the Home Rule Charter to provide for the election of City Council: (1) Nine at Large or (2) a combination of Seven By District and Four At Large.

—(SPONSORED BY MR. O'MALLEY)

Also,

No. 1819 An Ordinance amending the Pittsburgh Code, Title Two, Fiscal, Article VII, Business-Related Taxes, Chapter 246, Home Rule Earned Income Tax, Section 246.02, Imposition of Tax, by changing the rate of tax and by clarifying administrative procedure.

Also,

No. 1820 An Ordinance amending and supplementing the Pittsburgh Code, Title Two, Fiscal, Article VII, Business-Related Taxes, Chapter 256, Realty Transfer Tax, Sections 256.03, Exceptions, by changing the rate of tax and by conforming the Exceptions to amendments of the Enabling Act.

Also,

No. 1821 An Ordinance amending the Pittsburgh Code, Title Two, Fiscal, Article VII, Business Related Taxes, Chapter 243, Business Privilege Tax, Section 243.02, Tax Levy and Rate, by changing the rate of tax.

Also,

No. 1822 An Ordinance amending the Pittsburgh Code, Title Two, Fiscal, Article VII, Business-Related Taxes, Chapter 247, Institution and Service Privilege Tax, Section 247.02, Tax Levy and Rate by changing the rate of tax.

Also,

No. 1823 An Ordinance amending the Pittsburgh Code, Title Two, Fiscal, Article VII, Business Related Taxes, Chapter 253, Parking Tax, Section 253.02, Tax Levy and Rate, by changing the rate of tax.

Also,

No. 1824 An Ordinance amending the Pittsburgh Code, Title Two, Fiscal, Article VII, Business-Related Taxes, Chapter 241, Amusement Tax Computation, by changing the general rate found in Subsection (a).

Also,

No. 1825 An Ordinance amending the Pittsburgh Code, Title Two, Fiscal, Article VII, Business-Related Taxes, Chapter 245, Earned Income Tax, Section 245.02, Levy and Rate, by changing the rate of the tax.

Also,

No. 1826 An Ordinance amending the Pittsburgh Code, Title Two, Fiscal, Article VII, Business-Related Taxes, Chapter 249, Mercantile License Fees and Tax, Section 249.04, Tax Rate, by changing the rate of tax.

Also,

No. 1827 An Ordinance amending the Pittsburgh Code, Title Two, Fiscal, Article VII, Business-Related Taxes, Chapter 251, Occupation Privilege Tax, Section 251.02, Levy and Rate, by changing the rate of tax.

Also,

No. 1828 An Ordinance amending and supplementing the Pittsburgh Code, Title Two, Fiscal, Article VII, Business-

Related Taxes, Chapter 255, Realty Transfer Tax, Sections 255.02(a), Levy and Rate, and 255.03, Exceptions, by changing the rate of tax and by conforming the Exceptions to amendments of the Enabling Act.

Also,

No. 1829 An Ordinance amending the Pittsburgh Code, Title Two, Fiscal, Article IX, Property Taxes, Chapter 261, Personal Property Tax, Section 261.02, Levy and Rate, by changing the rate of tax.

Also,

No. 1830 An Ordinance amending the Pittsburgh Code, Title Two, "Fiscal", Article IX, "Property Taxes", Chapter 263, "Real Property Tax", Section 263.01, "Levy and Rate on Lands and Buildings", by levying the real property tax for 1987.

Also,

No. 1831 Resolution making appropriations to pay the expenses of conducting the public business of the City of Pittsburgh and for meeting the debt charges thereof for the year beginning January 1, 1987.

Also,

No. 1832 Resolution fixing the number of officers and employees of all departments of the City of Pittsburgh and the rate of compensation thereof for the year beginning January 1, 1987.

Also,

No. 1833 Resolution adopting and approving the 1987 Capital Budget and 1987 Community Development Block Grant Program; and approving the 1987 through 1992 Capital Improvement

Program.

Which were severally read and referred to the Committee on Finance.

Mr. Pollock presented

No. 1834 Resolution providing for a Contract or Contracts or the use of existing Contracts for the purchase of microfilm equipment to be used in the Department of Water at a cost not to exceed \$22,000.00, chargeable to and payable from Code Account 1925, Equipment, Administration Division.

Which was read and referred to the Committee on Water.

Mr. Wagner presented

No. 1835 Resolution amending Resolution No. 18, approved January 21, 1983, entitled: "Authorizing and directing the Bureau of Cable Communications, Department of Public Works to broadcast all of Council's Regular Legislative Sessions, Standing Committee Meetings," by providing for the broadcast of all public hearings, except Zoning hearings.
(SPONSORED BY MR. WAGNER)

Which was read and referred to the Committee on Public Works.

Also,

No. 1836 Communication from Glenn Cannon, Director, Department of Public Safety, requesting authorization for Detective Chester Williams and Commander Edward Patterson, Bureau of Police, Department of Public Safety, to attend Maglocien's Symposium on Terrorism in Baltimore, Maryland from November 18-20, 1986, at a cost not to exceed \$250.00, payable from the DPSTPP. Permission is also requested for use of a City vehicle. (PRIOR

APPROVAL GRANTED)

Also,

No. 1837 Communication from Glenn Cannon, Director, Department of Public Safety, requesting authorization for Inspector John F. Purnell, Fire Prevention, Department of Public Safety to attend the National Emergency Training Center Seminar to be held November 10 through November 21, 1986 in Emmitsburg, Maryland, at a cost not to exceed \$250.00, payable from Code Account (PRIST), Bureau of Fire, Department of Public Safety. (PRIOR APPROVAL GRANTED)

Which were read and referred to the Committee on Public Safety.

Mr. Woods presented

No. 1838 Communication from Dante Pellegrini, City Solicitor, Department of Law, submitting a report summarizing settlement claims not to exceed \$750.00, for the Third Quarter of 1986, payable from Code Account No. 1081, Petty Claims. Also, submitting a report summarizing settlement claims in excess of \$750.00, for the Third Quarter of 1986, payable from Code Account No. 46, Judgments.

Also,

No. 1839 Petition from the residents of the City of Pittsburgh, requesting a public hearing concerning the representation of the Brighton Heights area on the ALCOSAN Board of Directors. (This petition is valid in accordance with Section 320 of the Home Rule Charter).

Which were read, received and filed.

Also,

No. 1840 An Ordinance directing the Allegheny County Board of Elections of place before the qualified voters a referendum question as to whether they are in favor of amending the Home Rule Charter to provide for the election of City Council Members: 1) Nine at Large or 2) Seven by District. —(SPONSORED BY MR. WOODS)

Which was read and referred to the Committee on Finance.

Also,

No. 1841 Resolution providing for an Agreement or Agreements with the Allegheny Chamber of Commerce, for professional services in connection with the Business Outreach Program, at a cost not to exceed \$3,000.00, chargeable to and payable from Code Account 1103, Miscellaneous Services, Department of City Planning; and transferring \$3,000.00 from Code Account 10, Accounts Payable Prior Years to Code Account 1103, Miscellaneous Services, Department of City Planning. —(SPONSORED BY MR. WOODS)

Which was read and referred to the Committee on Planning, Housing and Development.

REPORTS OF COMMITTEES

Mr. O'Malley presented

Bill No. 1842

Report of the Committee on Finance for November 12, 1986 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1698

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Trumbull Corporation (Perry J. Dick, President) in the amount of \$2,103.37 in payment of Extra Work, being in addition to the original contract price of \$4,083,511.40 on Controller's Contract No. 26925, furnished for the benefit of the City in connection with the Reconstruction of Grant, Phase I; and providing for the payment thereof."

Which was read.

Also,

Bill No. 1699

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Conn Construction Company (Converse Branscome, Jr., President) in the amount of \$1,434.14 in payment of Extra Work, being in addition to the original contract price of \$2,536,174.03 on Controller's Contract No. 27563, furnished for the benefit of the City in connection with the Reconstruction of the Pennsylvania Avenue Roadway and Bridge; and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale Mrs. Masloff
Mr. Givens Mr. O'Malley

Mr. Grabowski Mr. Wagner
Michelle Madoff Mr. Woods
 (Pres't)

AYES 8 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 1722

A Resolution entitled, "Resolution providing for the transfer of funds totalling Four Hundred and Sixty Thousand (\$460,000) Dollars from various Code Accounts to Code Account 1132-2, Index Code 113225, Telephone Services and Equipment, Department of General Services."

Which was read.

Michelle Madoff:

On Bill 1722, the telephone bill, my colleague, Mr. Pollock, has some concerns that I believe he is reviewing telephone bills of the City, and I'm sorry he's not here; I wanted to ask him what he wanted to do with this bill. I think we have to go ahead with it simply because of the dollars involved; we have to pay for the equipment we've ordered. But I understand there's going to be some large outstanding amounts found in departments.

I've already mentioned the issue of calling the adult lines, the pornographic lines, etc. for \$1.50 a call coming out of one department. They don't know who is doing it or whether its more than one person, but it's a significant amount of dollars, lots of money, hundreds of dollars.

I would also like to suggest that for

the use of Councilmembers, perhaps Mike Perry could design a little card, because I call areas on social calls and I have my own charge number. But I also call the same areas on business for the City. I'm working on a project now on software with LTD but I'm calling and people would not know whether its personal or not and if we had a little card that we could just record the numbers and why we're calling, I think that would be helpful to turn in at the end of the month, if something could be prepared for us.

Also,

Bill No. 1727

A Resolution entitled, "Resolution authorizing the transfer of funds as invoices are submitted for the purchase of Asphalt at a cost not to exceed \$75,000.00 from Code Account PR86-02, 4-10-10-0002-86, Index Code 320895 in the Department of Parks and Recreation to the Department of Public Work's Code Account 4R, Asphalt Reimbursement Trust Fund, Index Code 250100."

Which was read.

Also,

Bill No. 1728

A Resolution entitled, "Resolution transferring \$17,185.37 in appropriations from Capital Budget Project PR86-02, 4-10-10-0002-86, Index Code 320895, Resurfacing of Park Roads to Project PR86-04, 4-10-15-0008-86, Index Code 322875, Play Equipment in the Department of Parks and Recreation."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. O'Malley
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
	(Pres't)

AYES 8

NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 1733

A Resolution entitled, "Resolution providing for the issuance of a \$1,276.00 warrant in favor of Dorothy Wozniak in settlement of claims for property damage and providing for the payment thereof."

Which was read.

Also,

Bill No. 1734

A Resolution entitled, "Resolution authorizing the issuance of a warrant in favor of Carnegie Mellon University, in payment of Labor-Management Committee training for the benefit of the City without previous authority of law; and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. O'Malley
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
	(Pres't)

AYES 8 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 1735

A Resolution entitled, "Resolution providing for an Agreement or Agreements with an accounting firm to provide professional auditing services as required by the Pennsylvania Department of Labor and Industry in connection with the Job Training Partnership Act (JTPA) Program and providing for the payment of the costs thereof."

Which was read.

Also,

Bill No. 1736

A Resolution entitled, "Resolution authorizing the sale of 2115 Perrysville Avenue in the in the 25th Ward of the City of Pittsburgh to the Perry Hilltop Association For Successful Enterprises for a total sum of \$1.00."

Which was read.

Also,

Bill No. 1737

A Resolution entitled, "Resolution amending Resolution No. 903, Item I, approved October 13, 1986, which authorized the sale of property in the 28th Ward, being a vacant lot, located at 224 Pringle Street, designated as Block 67-L, Lot 162 to Roy R. Patterson and Concetta A. Patterson for the sum of \$350.00."

Which was read.

Also,

Bill No. 1738

A Resolution entitled, "Resolution providing for the filing of a petition or petitions for the sale of certain property or properties, acquired at tax sales in accordance with Act No. 171 of 1984, "Second Class City Treasurer Sale and Collection Act", effective December 11, 1984."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. O'Malley
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
	(Pres't)

AYES 8

NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 1741

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of International Business Machines Corporation, P.O. Box 12147, Philadelphia, PA 19105, in the amount of \$2,118.00 in payment for rental of equipment furnished for the benefit of the City; and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. O'Malley
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
	(Pres't)

AYES 8

NOES none

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Mr. Givens presented

Bill No. 1843

Report of the Committee on Public Works for November 12, 1986 transmitting two resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1708

A Resolution entitled, "Resolution granting unto Ron and Denise Daugherty, their successors and assigns, the privilege and license to construct, maintain and use at their own cost and expense, an off-street parking area on a portion of the unimproved Reese Street in the 19th Ward of the City of Pittsburgh."

Which was read.

Mr. Wagner:

Mr. President and members of Council, Bill No. 1708, I asked some questions in regard to that bill last week from the Director of Public Works. He indicated that we would have that information, a map, some photos; it hasn't yet been presented to us. Therefore, I'd like to make a motion to recommit the bill.

Mrs. Masloff seconded the motion.

Which motion prevailed.

Also,

Bill No. 1768

A Resolution entitled, "Resolution amending Resolution No. 478, effective June 10, 1986, entitled: 'Resolution

providing for the letting of a Contract or Contracts for the design, lease purchase, and installation of high pressure sodium street lighting for the Department of Public Works, for a period not to exceed five (5) years, Code Account 1545, Index Code 154500, Street Lighting, Department of Public Works, for payment thereof, by decreasing the total allocation by \$200,000.00."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. O'Malley
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
	(Pres't)

AYES 8 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Grabowski presented

Bill No. 1844

Report of the Committee on Planning, Housing and Development for November 12, 1986 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1710

A Resolution entitled, "Resolution approving a Conditional Use Exception under Section 993.01((a)A(25)) of the Pittsburgh Code, Title Nine, Zoning, Article V, Chapter 993 to McDonald's Corporation, lessee, for authorization for a Unit Group Building Development to sublet a designated portion of the zoning lot to the Jiffy Lube Company for construction of a one-story building to be occupied as a fast auto lubrication service business with an optional quick type auto wash with the McDonald's Restaurant to continue as is. The property is located on the corner of WEST LIBERTY AVENUE and WENZELL AVENUE, 19th Ward."

Which was read.

Mr. Givens:

On Bill 1710, I would request that the effective date would be that of the Mayor's signature on it. These people are ready to go and as quickly as they can, you know, while there's still a little bit of weather left, to get this thing off the ground.

Mr. Wagner seconded the motion.

Which motion prevailed.

Michelle Madoff:

Discussion. May I point out to my esteemed colleagues and the President of this Council, that on the bill that I introduced with reference to changing the rules of Council to the number of members of Council, that I also said that we could adopt it when the Governor signs it. In other words, we are permitted to do just what we're doing

now and then make it effective when its signed.

I just wanted to point out that there should not be a double set of rules.

Also,

Bill No. 1711

A Resolution entitled, "Resolution providing for an Agreement or Agreements with the Health and Welfare Planning Association for the Administration of "Commission on Families", at a cost not to exceed \$50,000.00."

Which was read.

Also,

Bill No. 1712

A Resolution entitled, "Resolution approving execution of a Contract for Disposition of Land by and between Urban Redevelopment Authority of Pittsburgh and John Pritchett, Jr. and Ann Pritchett for the sale of Block 22E Lots 246 & 247 in the 21st Ward of the City of Pittsburgh (REAR YARD)."

Which was read.

Also,

Bill No. 1713

A Resolution entitled, "Resolution approving execution of a Contract for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and Ralph C. Johnson and Fannie M. Johnson for the sale of Block 23F Lot 303 in the 25th Ward of the City of Pittsburgh (PARKING)."

Which was read.

Also,

Bill No. 1714

A Resolution entitled, "Resolution approving execution of a Contract for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and Garfield Jubilee Association, Inc. for the sale of Block 50G Lot 40B in the 10th Ward of the City of Pittsburgh (RESALE FOR REHABILITATION)."

Which was read.

Also,

Bill No. 1715

A Resolution entitled, "Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to condemn and acquire all of the City's right, title and interest, if any, in and to the publicly owned property in the 21st Ward of the City of Pittsburgh designated as Block and Lot 22E-247 in the Deed Registry Office of Allegheny County, under the Residential Land Reserve Fund, said property having been certified as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh."

Which was read.

Also,

Bill No. 1716

A Resolution entitled, "Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire that property in the 21st Ward of the City of Pittsburgh owned by Dorothy Ringgold and spouse if married, and designated as Block and Lot 22P-337 in the Deed Registry Office of Allegheny County, under the Residential Land Reserve

Fund, said property having been certified by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh."

Which was read.

Also,

Bill No. 1717

A Resolution entitled, "Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire that property in the 25th Ward of the City of Pittsburgh owned by Ricardo P. Gurjardo and designated as Block and Lot 23F-303 in the Deed Registry Office of Allegheny County, under the Residential Land Reserve Fund, said property having been certified by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh."

Which was read.

Also,

Bill No. 1718

A Resolution entitled, "Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to condemn and acquire all of the City's right, title and interest, if any, in and to the publicly owned property in the 25th Ward of the City of Pittsburgh designated as Block and Lot 23F-178 in the Deed Registry Office of Allegheny County, under the Residential Land Reserve Fund, said property having been certified as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh."

Which was read.

Also,

Bill No. 1719

A Resolution entitled, "Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire that property in the 21st Ward of the City of Pittsburgh owned by Jeremiah F. Dillon and Susan Dillon, husband and wife and designated as Block and Lot 22P-337 in the Deed Registry Office of Allegheny County, under the Residential Land Reserve Fund, said property having been certified by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh."

Which was read.

Also,

Bill No. 1720

A Resolution entitled, "Resolution authorizing the Urban Redevelopment Authority of Pittsburgh owned by Recon Land Company and designated as Block and Lot 22-G-87 in the Deed Registry Office of Allegheny County, under the Residential Land Reserve Fund, said property having been Certified as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh."

Which was read.

Also,

Bill No. 1774

A Resolution entitled, "Resolution providing for the filing of an application by the City of Pittsburgh with the United States Department of Housing and Urban Development for a grant in connection with the Oakland Portal UDAG Project; providing for the execution of a Grant Agreement and related documents and for the filing of requisitions and other data; approving the Oakland Portal

Project; providing for required assurances; providing for execution of payment vouchers on Letter of Credit and for certification of authority signatures; creating a Special Trust Fund in connection with the Project; and providing for the deposit of the funds in a bank account."

Which was read.

Also,

Bill No. 1775

A Resolution entitled, "Resolution providing for the execution of a Cooperation Agreement or Agreements with the Urban Redevelopment Authority of Pittsburgh for the implementation of the Oakland Portal Urban Development Action Grant Project and further providing for the payment of the costs thereof not to exceed \$1,250,000.00."

Which was read.

Also,

Bill No. 1776

A Resolution entitled, "Resolution providing for the execution of a Cooperation Agreement or Agreements with the Urban Redevelopment Authority of Pittsburgh for the implementation of Housing Projects funded by the Pennsylvania Department of Community Affairs; providing for the payment of the costs thereof not to exceed \$1,000,000; providing for the creation of a Special Trust Fund in connection therewith; and providing for the deposit of the funds in a bank account."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. O'Malley
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
	(Pres't)

AYES 8 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Michelle Madoff presented

Bill No. 1845

Report of the Committee on General Services for November 12, 1986 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1723

A Resolution entitled, "Resolution providing for the letting of a contract or contracts, or for the use of existing contracts, for various energy conservation projects and providing for the payment of the cost thereof."

Which was read.

Also,

Bill No. 1724

A Resolution entitled, "Resolution providing for the letting of a contract or contracts, or for the use of existing contracts, for various public buildings maintenance services, and providing for the payment of the cost thereof."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. O'Malley
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
	(Pres't)

AYES 8 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 1725

A Resolution entitled, "Resolution providing for a professional services agreement or agreements for "Hands-On Driver Training" for the Department of General Services, and providing for the payment of the cost thereof."

Which was read.

Michelle Madoff:

On Bill No. 1725, all we're doing is giving the authority to do a program; we're not defining the program. I have a call in now to the young woman who is supposedly running the program to find out what is happening.

My understanding is that a driver who is experienced goes out with an inexperienced driver and perhaps helps him in what they do. I'm looking into simulation. The reason is that they can come back over and over and over again. If we buy our refuse trucks for five years under the Leasing Authority, the simulation disk would be good for five years and as long as that truck was available.

I don't think we can hold it up because I think its only on money at this point, but I want to be sure that we don't lose control of what happens. It's unfortunate because there's no one in today. I tried getting everybody and no one is there. Everybody is sick; all the secretaries are out, no one is around, they're all at meetings.

My question is, does this come to us before there is an actual program or once we vote on this is it out of our hands?

The Chair:

It's out of our hands. They put the program together, General Services.

Michelle Madoff:

Would there be any problem in holding it a week?

The Chair:

It's your Committee. It's up to you.

Michelle Madoff:

I'd like to hold it one week just so I could check it.

Mr. DePasquale seconded the motion.

Which motion prevailed.

Mrs. Masloff presented

Bill No. 1846

Report of the Committee on Parks and Recreation for November 12, 1986 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1729

A Resolution entitled, "Resolution providing for the filing of application or applications by the City of Pittsburgh with the Commonwealth of Pennsylvania, Department of Environmental Resources, for a Pennsylvania Conservation Corp Grant to be used for the improvement and rehabilitation of Schenley Park, under the Department of Parks and Recreation, providing for the execution of a Grant Contract and for the filing of requisitions and other data, providing for required assurances; providing for certification of authorized signatures; providing for the execution of payment vouchers on Letter of Credit; providing for the creation of the Pennsylvania Conservation Corp Trust Fund; providing for the deposit of funds into the Trust Fund; and for the payments of costs and expenses of the Pennsylvania Conservation Corp Project."

Which was read.

Also,

Bill No. 1730

A Resolution entitled, "Resolution providing for the letting of a contract or contracts, or the use of existing contracts, for the furnishing and delivery of various play equipment for the Department of Parks and Recreation, payable from Code Account PR86-04, 4-10-15-0008-86, Index Code 322875, Play Equipment, Department of Parks and Recreation, and for payment thereof."

Which was read.

Also,

Bill No. 1784

A Resolution entitled, "Resolution providing for an Agreement or Agreements with the Vietnam Veterans, Inc. for professional services in connection with bringing the Mobile Vietnam Veterans Memorial to Pittsburgh for the benefit of the residents of Pittsburgh, at a cost not to exceed \$7,000.00, chargeable to and payable from Code Account 1838, Miscellaneous Services, Department of Parks and Recreation."

—(SPONSORED BY MR. WAGNER)

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale Mrs. Masloff

Mr. Givens Mr. O'Malley
Mr. Grabowski Mr. Wagner
Michelle Madoff Mr. Woods
 (Pres't)

AYES 8 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Wagner presented

Bill No. 1847

Report of the Committee on Public Safety for November 12, 1986 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1742

A Resolution entitled, "Resolution providing for a Contract or Contracts or the use of existing Contract or Contracts to purchase furniture for Emergency Medical Services and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale Mrs. Masloff
Mr. Givens Mr. O'Malley

Mr. Grabowski Mr. Wagner
Michelle Madoff Mr. Woods
 (Pres't)

AYES 8 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. DePasquale presented

Bill No. 1848

Report of the Committee on Engineering and Construction for November 12, 1986 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1700

A Resolution entitled, "Resolution Repealing Resolution No. 593, effective July 15, 1986, entitled, 'Providing for an Agreement or Agreements with a Consultant or Consultants for Professional Engineering Services in connection with the design for increased illumination in Market Square; and providing for the payment of the cost thereof.'"

Which was read.

Michelle Madoff:

On Bill 1700, it's a perfect example. I had objected very strenuously to spending \$5,000.00 to have a consultant tell us how to light Market Square when we have an expert in house. Mr. Lou Gaetano has done it a hundred thousand times and was perfectly willing to offer his expertise.

Someone saw the light and that bill was repealed, and I think I'm being fed, sort of a token little playcation, in that we won't charge \$5,000.00 for a consultant, Mr. DePasquale, that we've got the next bill coming in at \$75,000.00 over on consultants.

And for the record, the consulting bill to date is \$4.8 million over three years. The gentleman in charge of that department came on board five years ago, Mr. McDermott. Most of the contracts were started three years ago and in that time we spent \$4.8 million. We could have probably had built a new Safety Building with that money.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 1701

A Resolution entitled, "Resolution amending Resolution No. 1040, effective December 6, 1983, entitled, 'Providing for an Agreement or Agreements with

Michael Baker, Jr., Inc., for Preliminary Design and License Application in connection with the proposed Hydroelectric Project at Allegheny River Lock and Dam No. 2; and providing for the payment of the cost thereof,' by amending the title to read Consultant or Consultants and by increasing the total project allocation from \$315,000.00 to \$390,000.00." (AS AMENDED IN COMMITTEE)

Which was read.

Mr. DePasquale:

Mr. President, the original amount was \$315,000 and we're being told now that \$75,000 is just for a consultant?

Michelle Madoff:

That's right, Mr. DePasquale.

Mr. DePasquale:

I don't recall, was it discussed at the meeting Wednesday?

The Chair:

Yes.

Mr. DePasquale:

I make a motion to recommit.

Michelle Madoff seconded the motion.

Which motion prevailed.

Michelle Madoff:

Are we going to allow comments on the recommittal?

The Chair:

No, it's recommitted.

Michelle Madoff:

Well, Mr. Givens wants to make a comment and if its on the recommittal, I'd like to make a comment.

The Chair:

No, on the recommittal there's no comments. We'll discuss it Wednesday.

Michelle Madoff:

May I ask that my comments from last Wednesday be brought forward on those bills as to why I'm supporting Mr. DePasquale's recommittal.

(BEGINNING - MICHELLE MADOFF'S REMARKS ON BILL NO. 1701 - WEDNESDAY, 11-12-86)

Michelle Madoff:

That's the bill I was referring to, the \$5,000. We didn't need to have a consultant and we now have \$4.8 million in consultants. It may only be \$5,000, but maybe we're moving in the right direction. This is the kind of thing Mr. Gaetano knows about and is doing.

MR. DEPASQUALE COMMENTS

Michelle Madoff:

For the record, I'd like to say why I'm opposed. We're talking about another consulting fee of great magnitude. I don't know that we need it. I want to look at the tab sheets.

(END OF REMARKS)

Also,

Bill No. 1702

A Resolution entitled, "Resolution further amending Resolution No. 1283 of

1985, as amended, entitled, 'Resolution adopting and approving the 1986 Capital Budget and the 1986 Community Development Block Grant Program; and approving the 1986 through 1991 Capital Improvement Program' by creating two (2) new line items and adjusting the Summary Total."

Which was read.

Also,

Bill No. 1703

A Resolution entitled, "Resolution providing for a contract or contracts, or use of existing contracts, for the relighting of Sullivan Field; and providing for the payment of the cost thereof."

Which was read.

Mr. Givens:

I'd just like to make a comment on Bill 1703, Sullivan Field. All this past summer on Sullivan Field, there were no lights. The foundation of these lights apparently eroded; they were concrete base with a steel structure coming down from the lights and they just rotted away. A good windstorm came up in March and one of them blew over and tha was it.

That was March of 1986. The bill is just going in now. We have many softball leagues, we had to farm people from the Sullivan Field area to the South Hills and the West Hills of Pittsburgh in order for teams to be able to compete in ballgames.

It's inconceivable to me that it took this long and it's no problem with Mr. DePasquale because this comes out of Parks and Recreation, primarily, and I've talked to Louise Brown until it ran out my ears, on this particular field.

This field went the whole summer season without any lights. It's going the whole football season without any lights.

That's not too bad, but about five or six blocks away, the Bloomfield recreational facility, banks lights have been out in that field where the field is not properly illuminated.

That's bad enough but we go five more blocks over to the 28th Street Bridge and we hit West Penn up on Polish Hill. Again, the same situation happened up there, Jeep. The lights, half the banks are out, half of them are in.

Then the best field we have in the City of Pittsburgh is Ft. Pitt Hill up on top of Garfield Hill there. There were no lights at all on that particular field for about the last year or two. I asked Louise Brown countless times to do something about that. We're going to go out, we're going to survey it, we're going to find out what the cost will be, etc. Nothing has happened. This is the first bill that has come through for any appropriation to correct that.

The Bloomfield Bridge, excuse me, are getting new lights aligned with the new bridge. You might have seen them when you're out there; the skeleton of the light fixtures are coming up on the Bloomfield Bridge. But for a city to have to endure this for this long a period of time when, in fact, the money was in the budget, Mr. President, and this Councilman and probably others that have been talked to by people in these communities, told us about this and we would go and confront primarily Louise Brown, and nothing would happen. This is not the way government can operate. And Louise Brown is going to be coming up before this Council on this budget deliberation for 1987 and she's going to have to give me serious reasons why this went on for one whole year when, in

fact, there was money in the budget and appropriated. Why this didn't happen, I don't know. It's something we must have a better track record than this. To ignore people like this and to have to throw kids and our whole schedule of all the events that happen on these overcrowded fields already, to have to scatter them throughout the City and inundate other neighborhoods that already had a compressed athletic program.

All of us know, as we grew up in the City of Pittsburgh, these are the types of programs that kept the kids busy, kept them off the streets, and kept them away from crime, and kept them under good leadership by the coaches and the leaders of these various athletic groups, and did something with our youth of the City of Pittsburgh all over. But especially this area was impacted this last summer and I did not appreciate it one bit. I do appreciate, Mr. DePasquale, that we're doing something, at least getting some money in there to put some lights up. You can't tell me that they can't put a set of lights up in the City of Pittsburgh and it's going to take us two years to do it.

Thank you, Mr. President.

Michelle Madoff:

Same subject. I couldn't agree more with my colleague, Mr. Givens, and it goes beyond that. It is not just lights; he is just touching on the tip of the iceberg. We paved a number of the tennis courts in some of the areas where the minorities really have no other activities and this has been one of their social activities and one of their outlets and we've just done nothing about repaving the courts.

We have courts in Squirrel Hill that were paved recently and immediately

went bad. I want to know who we're suing, who put it in, whether it's being re-done, and I don't get any more answers than he gets.

I was going to call for a post agenda but I think Mr. Givens is right. The proper forum will be when Ms. Brown comes for budget next year to say, "Why don't you do what you're supposed to do with the money we give you, and if not, don't ask for it." I think we need an accounting from her as to the fields and tennis courts that are in disrepair, as to who paved them, why they were not done properly. I've asked for this; I haven't gotten any answers either. I ask for it all the time, I send notes all the time; I get letters from constituents that I pass right on and they're ignored. The people are really up in arms and the person who is getting the most slack out of this is the Administration, the Mayor. They think he doesn't care. And I don't think that's the way it is. I think this is an area where a department head is really dropping the ball because we're not talking, if I may use a Freudian slip, which is really not a great deal of money.

The Chair:

Is there any further discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9

NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

MOTIONS AND RESOLUTIONS

Mr. Givens:

Mr. President, if I might have some of the people that would please come forward on the resolution on the bank robbery that we had up there and the capturing of one of the criminals. Would you please come forward?

Mr. Givens presents

No. 1849 WHEREAS, on Thursday, October 30, 1986, young men from the Garfield community aided police officers in the apprehension of two bank robbers, which also led to the capture of an escaped murderer following an heroic chase through back yards and alleys; and

WHEREAS, citizens Albert Thom and Kevin Denham began the chase while helping police searching for two men who were suspected of holding up the Equibank Branch of Penn Avenue earlier that same day; and

WHEREAS, Albert Thom first found the Western Penitentiary inmate, who had escaped from West Penn Hospital the day before, hiding in a garage in Comry Way between Gross and Winebiddle Streets, as he helped the police search for the gun used in the bank holdup; and

WHEREAS, after Mr. Thom and Mr. Denham chased the escaped murderer over fences and across yards, Kevin Denham wrestled him to the Ground, holding him while Anthony J. McIntyre ran to get Police Officer Lawrence

Schohn to make the arrest; and

WHEREAS, in a spirit of public service, Richard Swartz, Director of the Bloomfield-Garfield Corp., unselfishly gave his automobile to officers pursuing one of the robbers, enabling them to apprehend the man; and

WHEREAS, Crime Unit Detectives Salvatore Crisanti and Edward Gray were instrumental in this dangerous search and chase which resulted in the apprehension of an escaped murderer, as well as the two alleged robbers.

NOW, THEREFORE,

BE IT RESOLVED, that the Council of the City of Pittsburgh does hereby commend citizens Albert Thom, Kevin Denham, Anthony J. McIntyre and Richard Swartz of Garfield, Police Officer Lawrence Schohn, First Grade Detective Salvatore Crisanti, and Chief Police Photographer Edward Gray, for this heroic pursuit and courageous capture in the performance of their duties as private citizens and police officers.

Mr. Givens moved to adopt the resolution.

Michelle Madoff seconded the motion.

Which motion prevailed.

Mr. Givens:

Mr. President, if I might. There was over \$1,000.00 that was retrieved from the bank robbers, and I don't know if you can all remember it, but it was the bank robbers that they were looking for, as well as the escaped murderer that they had from West Penn, and something that was very dangerous at that particular time. This individual was crouched up in a garage in a kind of back

alley way where hardly anybody was going into. No cars were being parked in there; the garage was just recently constructed so there was nobody in there. The next day, the day before this person's capture, in pajamas, he was waiting for an event to happen in Bloomfield, an event where all of my children and many of yours were involved, and that was Halloween. This individual was waiting for Halloween to walk out in his pajamas where all of the kids were on that Halloween day, to make his escape, knowing that that whole area was being prowled both by the citizens as well as the Police Department of the City of Pittsburgh.

There was also a Sergeant John Long who was also involved in that, but not instrumental in the actual capture itself. There was a Tommy McIntyre who went and got the police while his two buddies here subdued the individual. There was a Port Authority bus that saw what was happening and used his actual vehicle to block the robber's escape from the Equibank. All of this took place in a very short period of time.

I just want to bring to your attention and to the media's and to everybody else what happened in last night's news account. There was an individual that went to the aid of a woman that was having some problems, apparently being attacked by, they found out later, by her boyfriend. But not knowing that, two young gentlemen from Clarion State College went to help that individual. Just one of those passer-byers, you know what I mean. One of them is dead today; the other is severely wounded. This is what happens when an individual citizen, like these three gentlemen right here, and the police officers that have this every day of their life, when they go to help somebody, not knowing.

When that individual was fleeing from the scene, the murderer was fleeing from the scene, he did reach in here and pull up his pajamas, they found out after the fact. To begin with, they thought that he was going after his gun, and not knowing if he had a gun or did not have a gun. And this is the type of thing that they subjected themselves to.

In the Bloomfield-Garfield area, we take care of our own, as we do in many areas of the City of Pittsburgh. And I'm delighted at this time, to bring these young gentlemen and police officers forward to give testimony to what happened. It's not very often in the annals of anything that you can catch two bank robbers, on the scene almost, and one murderer who escaped from the hospital, and having kids in the local neighborhood told where they might be and then actually pursue in the chase.

At this time, I would like to bring Mr. Denham up here to say a few words, and Mr. Thom to say a few words, and then I'd also like Rick Swartz to say something and the police officers to give comment because their families are in the back of Council and I'm very proud of them and I hope all of you people are too.

Mr. Denham:

Thanks. I just did it because my sister lives in that alley where the murderer was. I didn't know what was happening right off the bat until Albert told me what was going on and that's when I chased him. Albert is the one that found him first.

Mr. Thom:

I have three children sitting in the back there, and as Mr. Givens said, the next day was Halloween and had he walked out in his pajamas, he could have

done far worse. He probably could have killed somebody because he had nothing to lose at that point in time. It wouldn't have made any difference to him. I didn't feel anything as far as safety; I saw his picture in the paper and we tried to do what we thought was best for our own neighborhood and the residents.

This is Tony McIntyre here. He's the one, when I found the guy in the garage, he's the one that ran and told the police officers that we had recognized him and he helped us in capturing this gentleman who I guess now is back in the Penitentiary.

I thank everybody here.

Officer Schohn:

As a police officer of the City of Pittsburgh, we couldn't have done it without these fellows. It was their courageous work by chasing him. I thought that Halloween started early when I saw a guy running in front of me in pajamas, but if it wasn't for them, we never would have caught him. I'm proud to be here and happy that this worked out the way it did.

Detective Crisanti:

I have to voice my partner's feelings. If all the people cooperated and did as much as these people, we wouldn't have many problems.

Mr. Givens:

Mr. President, needless to say, the alarm had gone out and many other police officers were in the pursuit and coming in to this particular neighborhood to help out the other officers, knowing that we had some pretty desperados there. When you rob a bank, you know you're going away for 10 to 20 years and when you're a murderer, and an escapee,

you have nothing to lose.

So, they all put themselves in great danger and I'm glad the scenario ended very successfully and they captured not just one, but three different people. And hopefully, that will spread the word, don't come into the Bloomfield-Garfield area of the City of Pittsburgh if you're going to try to do any of your dirty work.

Thank you, Mr. President.

Mrs. Masloff presents

No. 1850 Resolution appointing Patrick Kevin O'Toole of 3364 Parkview Avenue, Pittsburgh, PA 15213 as a member of the Cable Communications Advisory Committee, At-Large, Three Year Term, to fill the unexpired term ending December 31, 1987.

Which was read.

Also,

No. 1851 Resolution appointing Sonia E. Thacker of 430 Bausman Street, Pittsburgh, PA 15210 as a member of the Cable Communications Advisory Committee, At-Large, Three Year Term, to fill the unexpired term ending December 31, 1987.

Which was read.

Mrs. Masloff moved to approve the appointments.

Michelle Madoff seconded the motion.

Which motion prevailed.

Mr. Wagner:

Mr. President, I have a couple procedural questions on the people coming in front of us on the Alcosan. That will be a final vote next week, I

suspect.

The Chair:

No. It should have been, but, and I remember, we have to do this, we have a petition from at least 25 residents of the City of Pittsburgh asking for a public hearing on the appointee of Alcosan. If you recall, I know we could just go ahead and appoint without having the first, we could have the hearing later, but a number of my colleagues chastised me for wanting to do that with Glenn Cannon. So, we will have the public hearing first and then we will vote on the particular individual.

Mr. Wagner:

In that case then, it would be appropriate to hold off with those people coming in front of Council.

The Chair:

Sure.

Mr. Wagner:

Do we know when the public hearing will be yet? Will it be as soon as possible?

The Chair:

We're trying to make it as soon as possible but if you look at our calendar with the budget and the number of hearings we have set, I can't see it for a couple of weeks.

If you wish to make a motion not to bring them in this Wednesday, that's fine. They've both been notified but we can cancel it, if you would rather wait.

Mr. Wagner:

I think it would be appropriate to --

I don't even believe there is a need for a motion to do that, is there?

The Chair:

I have to have the consensus of the Council. I could just go ahead and do it but I don't want anyone to say that I'm doing it arbitrarily.

Mr. DePasquale:

Mr. President, on the same subject, did I hear right that the Brighton Heights people have asked for a hearing and also the people from Saw Mill Run?

The Chair:

No, just the ones -- The only petition I got was Brighton Heights.

Mr. Grabowski:

I move that the nominees do not come before Council this Wednesday, until after we have the hearing.

Mr. Wagner seconded the motion.

Which motion prevailed.

Mr. Wagner:

Do we know what date yet? We have a schedule for the various dates that department heads will be coming in front of Council. Do we yet have a date as to when the Mayor will be in front of Council?

The Chair:

Mr. O'Malley has that. It's on your worksheets.

Mr. O'Malley:

Everybody should have gotten a copy of the schedule from now until

December 19th.

Mr. Wagner:

I have received the schedule but in the two previous years, at least one of the two years, the Mayor was not part of the presentation. I'd like to know when the Mayor himself will be in front of Council.

The Chair:

The Mayor always comes.

Mr. Wagner:

I don't mean just to talk about the Mayor's Departmental Budget; I mean about the budget in general.

The Chair:

He comes to talk about his budget, the Administration, the part of the Fifth Floor that he runs, his immediate office. The department heads talk about their particular departments. I imagine if you wanted to ask him when he was sitting there something about another department, there's nothing wrong with that. I don't know.

Mr. Wagner:

The Charter gives us the opportunity once a year to discuss the budget in general with the Mayor. We don't get that opportunity from a formal legislative point of view to do that. It can be done privately but I think with the importance of the budget, any budget, that we should have the opportunity to do that at great length as it relates to the budget in general.

The Chair:

I think that once he's here, we could do that. Once he discusses the

Administration, I'm sure he could go on to other things.

Mr. Wagner:

So, the Mayor will be here —

The Chair:

On the date it says, "Mayor's Office".

Mr. Wagner:

I have a couple of other items, Mr. President, that also relates to the budget. I have not yet seen it but I understand the Administration has a half-hour program on cable TV about the budget. It is on four times a day and will run for a considerable period of time, more or less lobbying the public in support of their budget. When will Council have the opportunity to do the same thing?

The Chair:

I don't think we do have the opportunity to do this, other than what our budget hearings are, Jack. We've never done it. I haven't seen it, I haven't even heard about it. I don't watch television that often and I certainly don't watch Channel 17.

Mr. Wagner:

I believe in all fairness to good government that Council, specifically as it relates to the various committees that we chair, should have the same opportunity and the public should be able to hear not only the opinion of the Administration but the opinion of Council, as it relates to that budget. I can't see us using the cable TV system as a vehicle only for the Administration when, in fact, the cable TV system is paid by the users of that system. It's

really not paid by the Administration. So, I am requesting publicly that we have the same opportunity to discuss the budget as we see it, as the Administration has the same opportunity.

The Chair:

I'll tell you what. I'll look into it but I just think during our budget process we are doing that and especially when we get into Committees. I realize in Grants and Donations there's really not a lot of meat there. I mean, you listen to people coming in and requesting money. But as you know, and this is your third budget, when we sit down and get into the Committees and the departments, that's when you get into the real meat and you express yourself and you find out where everything is going and where they've been.

To me, and it's my own opinion, it's sufficient. But I will look into what you're requesting.

Mr. Wagner:

I see no problem with the Administration doing it; I have no objection to it. It's just that I think Council should have the same opportunity to address the public as frequently and as often as the Administration has.

The Chair:

I see what you mean. In other words, they're supposed to be doing this four times a day and you'd like to have ours on four times a day.

Mr. Wagner:

My last item as it relates to the budget. Obviously, Mr. O'Malley and I are having a little disagreement as it relates to the budget and I simply want

to state that there have been two letters circulated with Council from Mr. O'Malley and one from me.

In regard to the budget, I feel it's very important that Council does not accept the budget, per se, as presented by the Administration. I say that because I firmly think that each and every one of us are the check and balances of this government. I will respect all of your opinions as it relates to the various committees that you chair, and your suggestions as they relate to those committees, whether we are adding, deleting, or amending anything within that particular departmental budget. I would hope the same courtesy would be given towards me in Public Safety.

I believe that its very important and I agree with one of the statements in Mr. O'Malley's memo as it relates to identification of revenue source of funds. I think it's important that we do identify additional funds, whether they be from deleting, amending, or adding to the budget. And I would hope we do that more this year than ever and we not accept everything that has been given to us this year more than ever because there are significant cuts in the budget and we all see through the Grants and Donations how difficult it is going to be to make some very difficult decisions.

The Chair:

I just want to make one comment. Since I've been here, and this is my sixth budget or whatever, we've always made, I shouldn't say radical changes in the budget, but more than enough and I assume, I know I want some changes in this budget and I'm going to recommend some, and I think the last two you've been through, you've seen that we've done that. I see no difference in this budget and we'll do the same thing.

Michelle Madoff:

On the same subject. I have been talking to my colleagues, talking to Reggie Young, I've lobbied the Mayor and I've made no secret about it, that we should have a grants person. The Mayor asked me if I'd introduce legislation but I deferred to you, Mr. President, and we'll do it at budget time. What I'll need is some guidance from the Budget Office as to what day and what time we should hit on that subject so it doesn't get lost in the cracks. So, I would count on the Finance Chairman to make sure that that subject comes up at the right time and to guide me in that.

As far as other items on the budget are concerned, Mr. Wagner, I think my colleague, Mr. Pollock, would agree that if anybody has any expertise in the Water Department it would be me; I've had it for eight years. I've just been on General Services for about a month and I'm pretty much up on what happens in the Water Department and I plan to overview that and there are a lot of committees that I've looked at. I just called Louise Brown about 20 minutes ago, before we came in, and asked her for some data on the Aviary, Zoo, and Conservatory, which I plan to go public with and to present.

That's how we change the budget. I really and truly believe that you have some genuine concerns about how things happen in this Council, but I must say, and I really hate to give Mr. Woods kudos, but things are a lot better than they used to be. They're so much better you have no idea. We used to sit here when the Ayatollah who had every department head witting with the whole staff, all day long, because he wanted to be important. I think Mr. Woods and Mr. O'Malley are running a proficient ship. I have some disagreements about things that we talked about in our back room, I

know you don't like me to say that but since I gave you a compliment I'm allowed, and that is that I think your idea, Mr. O'Malley, to have \$5000 to pay an accounting firm is very productive, it is very progressive, and where Mr. Woods thinks that the media would tear us apart, I think they would applaud us. I think that we ought to pursue that avenue, if even more dollars, to help you prepare a budget that you think would help us because one good idea from an accounting firm might save the City hundreds of thousands of dollars and you're on the right track. With that, I think that I've expressed my opinion on that.

I have another item. I don't know how many people are aware, and I'm pretty sure all of Council is, that the City is about to get another award, another honor. We've been named one of the most 15 liveable cities. I understand that there's going to be an interview done; they're going to go to the five leading cities. Guess who is the first city they're coming to. Pittsburgh. And guess when they're coming. In May. It was on the front page of the Washington Post, there was an article about cities that are being chosen and we're the first city they're going to visit, I think it's one of the major networks. When the major network comes here, where is the first place that they're going to go? They're going to go to Mount Washington. That's our Niagara Falls, that's our major sightseeing tour.

I would urge Mr. DePasquale, get a message to Mr. DePasquale, and a formal letter from this Council, and I'm making it in the form of a motion, that we send a letter to Mr. McDermott that the road they'll be taking up to the overlooks looking out at our City, and taking photographs of the most liveable city, is repaired and we don't end up as a joke where they ridicule us for seven years of

having that road either shut down completely or shut down partially. And now we have water leaking all over the road and we're just lucky that in November we have not had cold enough weather to freeze the water seepage on the Roadway. It is a deathtrap. I hope everybody hears me; it is a deathtrap.

I have talked to the restaurateurs on Mount Washington and they are terrified that somebody gets hurt on that road, slips on the ice, as we had an accident last year, someone leaving one of the restaurants, one of the employees, spun around, was knocked unconscious. We will have lawsuits that we can't even imagine because it isn't something we know about. We know what happens. I don't know what the legal term is, Mr. Pollock, but we're liable, we know, and we've got to do something about correcting this problem. It is a new problem; we have not had water on the Roadway. Mr. Gigliotti was in charge of cleaning up the debris that was plugging up the drainage; I don't know what's going to happen to get that done.

So, I would like to have a memo sent to the Mayor asking him to please see that McArdle Roadway is a showpiece before the major network gets here in the beginning of May to record Pittsburgh as the first city they're reporting on as the most liveable city. And perhaps Mr. DePasquale, who wasn't here, will get a copy of the letter and that would go to Mr. McDermott and to Mr. Lou Gaetano expressing our concern that we don't get laughed at after we're going to be interviewed as the first most liveable city under that designation.

One other item. I would like to request that my remarks on Bill No. 1380 from Wednesday, November 12, 1986 be incorporated into this meeting. The bill was tabled in the meeting.

**(BEGINNING - MICHELLE MADOFF'S
REMARKS ON BILL NO. 1380 -
WEDNESDAY, 11-12-86)**

Bill No. 1380

Resolution authorizing Council to create a position in the 1986 Budget for an individual whose sole duty will be to solicit funds from the corporate and private sectors for the purpose of obtaining revenue for grants and donations for non-profit, educational and/or cultural groups.

Michelle Madoff:

Mr. Schillo and I finally communicated and we understood each other, and he has prepared language to amend the CTAC contract. I'm not going to read it into the record, but I will give a copy of, I'll do a summary of this for the record. It essentially says that the contract with CTAC will provide a special emphasis on resource development by developing the capacity of client organizations to utilize a range of fund-raising strategies as follows: Provide assistance to organizations and fund-raising planning, provide assistance in developing or getting funding proposals, provide training in grass roots fund raising. That basically is what they do now. Finally, Denys Candy mentioned the Pittsburgh Trust for Cultural Resources recently hired someone to assist small arts groups in fund raising. Basically what we want to do is, in the 1987 Budget change the CTAC contract to assign a person who will do nothing more than raise money, with the blessing of the City and the Council, probably if the President of Council is willing to do that, to give a letter encouraging people, to help all the groups that we're going to have to refuse this year on Grants and Donations--

THE CHAIR COMMENTS

Michelle Madoff:

May I finish? Basically the CTAC Program will be the source for the Grantsperson. In other words, I will table my bill. It will be picked up at Budget time, and we are going to add dollars to CTAC, because CTAC doesn't have the capacity or money to hire someone to go out and do what needs to be done, and since Mr. Schillo and the Administration feels it should be done through CTAC--ahh he's nodding his head--am I correct? Would you join us, please? You can't record a nodded head.

Mr. Schillo:

Pardon me?

Michelle Madoff:

They cannot record a nodded head. That is the mechanism which, or modus operandi, which we should be using. Unlike other cities who have taken it upon themselves to hire a Grantsperson to make up for all the Grants and Donations monies that we're going to have to cut off this year, and I think it's irresponsible of us, but I'm taking any route I can get to help all the groups that need help, Women's groups, and all the small, little groups that we've turned down, and some of the major groups whose funds we're going to have to cut this year. Have I stated the case correctly, Mr. Schillo? Would you care to add anything?

Mr. Schillo:

You've stated it totally correctly.

THE CHAIR COMMENTS

Michelle Madoff:

In reading this it doesn't really quite say that; it vacillates and it's a

little wishy-washy, but that's the intent, is that correct? Even though it isn't clear, that's the intent.

Mr. Schillo:

I think if you want to change that, Michelle, change the language, tighten it up, whatever, it would be appropriate for you to make that suggestion to City Planning.

Michelle Madoff:

I've already done it, and I'm going to ask, please, if I may, whether the City Clerk will have that segment of today's statement brought forward in the minutes for Monday, and give me a copy for my Administrative Assistant to put in the Budget hearing, so that I will remember when the CTAC appropriations are made to confer with Finance Chairman, Finance Chairman first of all, and see what we can do to make that viable.

Mr. Schillo:

City Planning.

Michelle Madoff:

Finance Chairman, first of all.

THE CHAIR COMMENTS

Michelle Madoff:

Certainly.

THE CHAIR COMMENTS

Michelle Madoff:

That's correct, Mr. Chairman.

THE CHAIR COMMENTS

Michelle Madoff:

Simply. If I could ask you, could you use anymore money, what would your answer be?

THE CHAIR COMMENTS

Michelle Madoff:

Okay. The point is, there just isn't enough money, even with the training, and it's just like in the environmental days when we said if you wait to clean up pollution, wait to educate--the approach was don't do anything, educate kids. By the time the kids would be educated they'd be dead. It's the same premise.

THE CHAIR COMMENTS

Michelle Madoff:

Education is one facet, but actually having the money right now for the needy, the street people, is another facet. We need it now. So there's two arms, one is the training of groups to go out and to learn how to do it so ultimately maybe that Grantsperson would be able to shift its direction, or the monies from whatever the Grantsperson raises will be shifted to other needy causes. But, at the moment, the Grantsperson's money will, and still always will, be given to the CTAC general fund of distribution dollars to appropriate groups. We don't decide that; CTAC will make that decision. Is that your understanding, Mr. Schillo?

Mr. Schillo:

Uh huh.

Michelle Madoff:

That's mine. Nothing will change. Everything will remain the same. The only thing, instead of the City having a

Grantsperson, like other cities do, to go out to corporations—and incidentally, little companies have never been approached, where the bulk of charity is available now, would come from, the Grantsperson would raise this money, it would go into the general fund of CTAC, but there would be a person who does nothing but raise money to help all the programs that they have, and their ongoing program that we fund would also be a training program for groups, saying we don't know if there'll ever be enough money to meet your needs, it's just that the need has become so great we can no longer vacillate, we can no longer pretend it isn't there. And when we turn people down this year—Mr. Woods, I need your help on this, if I may. Mr. Chairman, may I address Mr. Woods? Mr. Woods, when we have to turn people down on budget this year, this would be a good avenue to say here, we've not only got CTAC for you, but we've provided a Grantsperson who's really going to help you out and concentrate on raising money to help you. So that would be an avenue to help us because, you know, one of the services Council Members offer is scapegoating. The Mayor may detail what we appropriate, but at least we're doing everything within our power to raise those monies. And I have a feeling that if we ask the Mayor directly whether he's in support of this, which I would suggest you do, I would bet that he supports it. I'd put money on it.

THE CHAIR COMMENTS

Michelle Madoff:

Is increase the budget to CTAC, with restrictions.

THE CHAIR COMMENTS

Michelle Madoff:

No, what I've done is to table the

bill and bring it up again at Budget hearings.

THE CHAIR COMMENTS

Michelle Madoff:

And go the route Mr. Schillo has suggested at times of our budget hearings, increase CTAC's dollars, but we write the contract that says this money is for a Grantsperson, that that person cannot do anything else.

THE CHAIR COMMENTS

Michelle Madoff:

Now I want to table it.

THE CHAIR COMMENTS

Michelle Madoff:

Table it. I'll address it at Budget hearings.

(END OF REMARKS)

And on the motion of **Mrs. Masloff**

Council adjourned.

Municipal Record

Proceedings of the Council of the City of Pittsburgh

VOL. CXX

Monday, November 24, 1986

No. 45

Municipal Record

ONE-HUNDRED TWENTY-FOURTH COUNCIL

BEN WOODS President
MICHAEL PERRY City Clerk
LINDA M. JOHNSON Asst. City Clerk

Pittsburgh, PA
Monday, November 24, 1986

PRESENT:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

PRESENTATIONS

Mr. Depasquale presented

No. 1852 Resolution providing for an Agreement or Agreements with a Consultant or Consultants for Landscape Architectural Services in connection

with the Design of a Handicapped Accessible Nauture Trail at Frick Park at a cost not to exceed \$20,000.00, chargeable to and payable from EC 86-65 - \$10,000.00 and EC 86-60 - \$10,000.00.

Also,

No. 1853 Communication from Paul McDermott, Director, Department of Engineering and Construction, requesting authorization for himself to meet with the Federal Interstate Tax Force in Harrisburg, PA on November 12, 1986, at a cost not to exceed \$300.00, payable from Code Account No. 1482. (PRIOR APPROVAL GRANTED)

Which were read and referred to the Committee on Engineering and Construction.

Mr. Givens presented

No. 1854 Resolution vacating a portion of Brighton Road between Taylor Avenue and Sampsonia Street in the 22nd Ward, City of Pittsburgh.

Also,

No. 1855 Communication from Norman Walker, Director, Department of Environmental Services, requesting authorization for Ruby Allen, Daisy Allen, Elaine Hauser, Janice Rivers and Jean Todd to attend the P.C.O. Training and Update Program at the Dravosburg American Legion Hall in Dravosburg, PA on December 2, 1986, at a cost not to exceed \$150.00, payable from Code Account No. 1176, Miscellaneous

Services. Permission is also requested for use of a City vehicle.

Which were read and referred to the Committee on Public Works.

Mr. Grabowski presented

No. 1856 Resolution authorizing the transfer of \$73,525.51 from the 1983 Community Development Block Grant Program to the General Fund of the City of Pittsburgh for reimbursement of Salaries, Wages, and Fringe Benefits paid to employees in support of the City's 1985 Community Development Block Grant Program.

Also,

No. 1857 Resolution providing for authorization and transfer of funds in the amount of \$611,528.87 from the 1985 Community Development Block Grant Program Trust Fund, Department of City Planning (CP-85-01) CP 85-01, CD Planning, Program Salaries and Indirect Cost Reimbursement, Code Account CDCPS, to the General Fund of the City of Pittsburgh for reimbursement of salaries and indirect cost for the Community Development Block Grant Program.

Which were read and referred to the Committee on Finance.

Also,

No. 1858 Resolution providing for the filing of an application by the City of Pittsburgh with the Pennsylvania Department of Community Affairs for a grant in connection with the Bryn Mawr Road Project; providing for execution of a Grant Agreement and related documents and for the filing of requisitions and other data; providing for required assurances; providing for creating a Special Trust Fund in

connection with the Project; and providing for the deposit of the fund in a bank account.

Also,

No. 1859 Resolution providing for the execution of a Cooperation Agreement or Agreements with the Urban Redevelopment Authority of Pittsburgh for the implementation of the Bryn Mawr Road Project, designating the Authority as agent for the City of Pittsburgh for the Project, at a cost not to exceed \$200,000.00, chargeable to and payable from Bryn Mawr Road Project Trust Fund.

Which were read and referred to the Committee on Planning, Housing and Development.

Mr. Grabowski moved to suspend Rule 8 by providing for consideration of the bills only until or after the 9th calendar day following the meeting in which the bills were introduced so the bills will be on the agenda this Wednesday.

Mr. Givens seconded the motion.

Which motion prevailed.

Mrs. Masloff presented

No. 1860 Resolution authorizing the transfer of the aggregate amount of \$400,000.00 from the 1986 Community Development Block Grant Trust Fund, Code Account CDPR, Housing Authority Recreation Salaries, to the General Fund of the City of Pittsburgh for reimbursement of salaries and wages paid to employees in support of the City's Community Development Block Grant Program.

Which was read and referred to the Committee on Finance.

Mrs. Masloff moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Michelle Madoff seconded the motion.

Which motion prevailed.

Also,

No. 1861 Resolution authorizing the issuance of a warrant in favor of Flying Tiger Line Inc. in the amount of \$689.14, in payment of freight charges for the Pittsburgh Zoo, chargeable to and payable from Code Account 1852, Miscellaneous Services, Department of Parks and Recreation.

Also,

No. 1862 Resolution authorizing the issuance of a warrant in favor of Jungle Enterprises, Inc. in the amount of \$1,320.00 in payment for the purchase of birds, chargeable to and payable from Code Account ATF (Aviary Trust Fund), Administration, in the Department of Parks and Recreation. (PRIOR APPROVAL GRANTED)

Also,

No. 1863 Resolution authorizing the issuance of a warrant in favor of James L. Smith Insurance Agency in the amount of \$4,500.00 in payment for General Liability Insurance for Senior Citizens Center Services Contract, chargeable to and payable from Senior Citizens Code Account 1843, in the Department of Parks and Recreation.

Which were severally read and referred to the Committee on Finance.

Also,

No. 1864 Resolution providing for an Agreement or Agreements with the Perry Hilltop Association for Successful Enterprises, Inc. (PHASE) located at 2131 Perrysville Avenue for the partial rehabilitations of a building located at 2115 Perrysville Avenue for the use as a Senior Citizen Center, at a cost not to exceed \$65,000.00, chargeable to and payable from Senior Citizen Program Trust Fund (SCPTF).

Also,

No. 1865 Communication from Louise Brown, Director, Department of Parks and Recreation, requesting authorization for Ann Berkowitz to attend the Road Race Management's Race Director's Meeting and Trade Exhibit in Washington, D.C. from November 14-16, 1986, at a cost not to exceed \$500.00, payable from the Special Parks Program Trust Fund. (PRIOR APPROVAL GRANTED)

Which were read and referred to the Committee on Parks and Recreation.

Mr. O'Malley presented

No. 1866 Resolution transferring \$10,000.00 from Code Account No. 1022, Salaries, Regular Employees, Pittsburgh Magistrates Court, Office of the Mayor, to Code Account No. 1022-1, Premium Pay, Pittsburgh Magistrates Court, Office of the Mayor. This transfer of funds is necessary to replenish the soon to be depleted Premium Pay Account.

Which was read and referred to the Committee on Finance.

Mr. O'Malley moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Wagner seconded the motion.

Which motion prevailed.

Also,

No. 1867 Resolution providing for the issuance of a \$1,447.50 warrant in favor of Joseph & Rose Redondo in settlement of claim for sidewalk damage by City tree roots, payable from Code Account No. 46, Judgments.

Also,

No. 1868 Resolution providing for the issuance of a \$968.05 warrant in favor of Duquesne Light Company in full settlement for damage to a utility pole, payable from Code Account No. 46, Judgments.

Also,

No. 1869 An Ordinance supplementing the Pittsburgh Code, Title Two Fiscal, Article VII, Business Related Taxes, by adding Chapter 248, the Medical and Higher-Educational Facilities User Privilege Tax, pursuant to the Authority of the Local Tax Enabling Act, 1965, December 31, P.L. 1257, et. seq. and the City of Pittsburgh Home Rule Charter. —(SPONSORED BY MR. O'MALLEY)

Also,

No. 1870 Resolution authorizing the transfer of \$237,000.00 from the JTPA-1 Trust Fund, to the 1986 General Fund of the City of Pittsburgh for reimbursement of Indirect Costs of the Job Training Partnership Act Program for Fiscal Years 1984, 1985 and 1986.

Also,

No. 1871 Resolution amending and supplementing Resolution No. 573,

approved July 2, 1986 and effective July 10, 1986, entitled: "Resolution providing for an Agreement or Agreements with the Prudential Insurance Company of America - Prudential Asset Management Company, Inc., for professional services in connection with the administration of the Deferred Compensation Plan for the City of Pittsburgh personnel, at no cost to the City", by also authorizing the City to enter into Agreements with various providers.

Also,

No. 1872 Resolution authorizing the Mayor and Director of Finance to enter into a Professional Services Agreements or Agreements with a professional services contractor to conduct field surveys to ascertain the completeness and accuracy of City wage tax data files at a total costs not to exceed \$25,000.00, chargeable to and payable from Code Account 10, Accounts Payable Prior Years.

Also,

No. 1873 Resolution Repealing Resolutions, approved on various dates, for sale of properties in various Wards of the City of Pittsburgh, in accordance with Act No. 171 of 1984.

Also,

No. 1874 Resolution providing for the filing of a petition or petitions for the sale of certain property or properties, acquired at tax sales in accordance with Act No. 171 of 1984.

Also,

No. 1875 Communication from Melanie Smith, Director, Department of Personnel, requesting authorization for Barbara Brown to attend a Commonwealth of Pennsylvania

Department of Labor and Industry Youth Training Seminar in Harrisburg, PA on December 4, 1986, at a cost not to exceed \$280.00, payable from the JTPA-1 Trust Fund.

Which were severally read and referred to the Committee on Finance.

Mr. Pollock presented

No. 1876 Resolution providing for the issuance of a warrant in favor of Commonwealth of Pennsylvania Department of Environmental Resources, in the amount of \$1,400.00 in payment for certification of Water Treatment Plant Laboratory, chargeable to and payable from Code Account 1972, Miscellaneous Services, Purification and Pumping Division.

Also,

No. 1877 Resolution providing for the issuance of a warrant in the amount of \$5,400.00 in favor of Allegheny County Sanitary Authority for a permit fee for the discharge of residue at the Water Treatment Plant, chargeable to and payable from Code Account No. 1972, Miscellaneous Services, Purification and Pumping Division.

Which were read and referred to the Committee on Finance.

Mr. Wagner presented

No. 1878 Resolution transferring the sum of \$75,000.00 from Code Account 1461, Fire Salaries and Wages, Department of Public Safety to Code Account 1461-2, Fire In-Grade Pay, Bureau of Fire, Department of Public Safety. This transfer is necessary to cover In-Grade payroll for the remainder of 1986. (PRIOR APPROVAL GRANTED)

Which was read and referred to the Committee on Finance.

Mr. Wagner moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. O'Malley seconded the motion.

Which motion prevailed.

Also,

No. 1879 Communication from Glenn Cannon, Director, Department of Public Safety, requesting authorization to amend Council Bill No. 122 to allow two additional days of reimbursement (February 22 & 23, 1986) for Douglas Garretson who attended the Today Conference and Pre-Conference Workshops in San Diego, CA on February 17-21, 1986. Additional cost not to exceed \$70.00, payable from the DPSTPP Code Account.

Also,

No. 1880 Communication from Glenn Cannon, Director, Department of Public Safety, requesting authorization for fourteen (14) persons to attend "Leak, Spill and Fire Control" in Upper St. Clair, PA on November 22 and 23, 1986, at a cost not to exceed \$1,680.00, payable from the PRIST Code Account, Bureau of Administration. (PRIOR APPROVAL GRANTED)

Which were read and referred to the Committee on Public Safety.

REPORTS OF COMMITTEES

Mr. O'Malley presented

Bill No. 1881

Report of the Committee on Finance for November 19, 1986 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1766

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Criscella Construction Company (Emeric A. Criscella, President) in the amount of \$9,700.00 in payment of Extra Work, being in addition to the original contract price of \$45,825.00 on Controller's Contract No. 27188F, furnished for the benefit of the City in connection with the Handicapped Modifications to Special Populations Program Centers; and providing for the payment thereof."

Which was read.

Also,

Bill No. 1767

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of F. A. Beto, Inc. (F.A. Manfredi, President) in the amount of \$1,287.55 in payment of Extra Work, being in addition to the original contract price of \$176,165.00 on Controller's Contract No. 27769, furnished for the benefit of the City in connection with the Emergency Medical Station No. 1; and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 1769

A Resolution entitled, "Resolution transferring One Hundred Thirty Thousand, Seven Hundred Twenty Dollars (\$130,720.00) from Code Account CC, Community Communications Trust Fund (Index Code 250555) to the General Fund, City of Pittsburgh for reimbursement of indirect costs incurred by the Bureau of Cable Communications for 1986."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale Mr. O'Malley
Mr. Givens Mr. Pollock
Mr. Grabowski Mr. Wagner
Michelle Madoff Mr. Woods
Mrs. Masloff (Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 1777

A Resolution entitled, "Resolution providing for the issuance of warrants in the aggregate amount of \$6,000.00 in full settlement of claim by Joan Sims, and providing for the payment thereof."

Which was read.

Also,

Bill No. 1778

A Resolution entitled, "Resolution providing for the issuance of a \$1,000.00 warrant in favor of Elizabeth J. Nieder and Jeanette A. Nieder in settlement of claims for property damage and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale Mr. O'Malley
Mr. Givens Mr. Pollock
Mr. Grabowski Mr. Wagner
Michelle Madoff Mr. Woods
Mrs. Masloff (Pres't)

AYES 9 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Mr. Givens presented

Bill No. 1882

Report of the Committee on Public Works for November 19, 1986 transmitting two resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1707

A Resolution entitled, "Resolution accepting the dedication of certain property from Signet Associates which is located between Pulaksi Way and Wiggins Street in the 6th Ward, City of Pittsburgh."

Which was read.

Mr. Givens:

We held Bill 1707 one week by mistake and the people are wanting to move out there in the Sixth Ward, Polish Hill, of the City of Pittsburgh. I ask that this bill be enacted upon the signature of the Mayor.

Mr. O'Malley seconded the motion.

Which motion prevailed.

Also,

Bill No. 1770

A Resolution entitled, "Resolution granting unto Walnut Corporation, their successors and assigns, the privilege and license to construct, maintain and use at their own cost and expense, a canopy, steel cornice and 3" channel over a portion of the sidewalk of Walnut Street in the 7th Ward of the City of Pittsburgh."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Grabowski presented

Bill No. 1883

Report of the Committee on Planning, Housing and Development for November 19, 1986 transmitting sundry resolutions

to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1803

A Resolution entitled, "Resolution providing for the filing of an application by the City of Pittsburgh with the United States Department of Housing and Urban Development for a grant in connection with Phase I of the City Center UDAG Project; providing for the execution of a grant agreement and related documents and for the filing of requisitions and other data; approving Phase I of the City Center UDAG Project; providing for required assurances; providing for execution of payment vouchers on Letter of Credit and for certification of authority signatures; creating a special trust fund in connection with the Project; and providing for the deposit of the funds in a bank account."

Which was read.

Also,

Bill No. 1804

Resolution providing for the execution of a Cooperation Agreement or Agreements with the Urban Redevelopment Authority of Pittsburgh for the implementation of Phase I of the City Center Urban Development Action Grant Project and further providing for the payment of the costs thereof not to exceed \$6,000,000.00."

Which was read.

Also,

Bill No. 1805

A Resolution entitled, "Resolution providing for the filing of an application by the City of Pittsburgh with the United States Department of Housing and Urban Development for a grant in connection with Phase II of the City Center UDAG Project; providing for the execution of a grant agreement and related documents and for the filing of requisitions and other data; approving Phase II of the City Center UDAG Project; providing for required assurances; providing for execution of payment vouchers on Letter of Credit and for certification of authority signatures; creating a special trust fund in connection with the Project; and providing for the deposit of the funds in a bank account."

Which was read.

Also,

Bill No. 1806

A Resolution entitled, "Resolution providing for the execution of a Cooperation Agreement or Agreements with the Urban Redevelopment Authority of Pittsburgh for the implementation of Phase II of the City Center Urban Development Action Grant Project and further providing for the payment of the costs thereof not to exceed \$6,000,000.00."

Which was read.

Also,

Bill No. 1807

A Resolution entitled, "Resolution providing for the filing of an application by the City of Pittsburgh with the United States Department of Housing and Urban Development for a grant in connection with Phase III of the City Center UDAG

Project; providing for the execution of a grant agreement and related documents and for the filing of requisitions and other data; approving Phase III of the City Center UDAG Project; providing for required assurances; providing for execution of payment vouchers on Letter of Credit and for certification of authority signatures; creating a special trust fund in connection with the Project; and providing for the deposit of the funds in a bank account."

Which was read.

Also,

Bill No. 1808

A Resolution entitled, "Resolution providing for the execution of a Cooperation Agreement or Agreements with the Urban Redevelopment Authority of Pittsburgh for the implementation of Phase III of the City Center Urban Development Action Grant Project and further providing for the payment of the costs thereof not to exceed \$6,000,000.00."

Which was read.

Mr. Givens:

On Bills 1803 through 1808, last Wednesday I requested the Chief Clerk to write to the NAACP and they have minority participation in all City contracts. I wanted to know if they were satisfied. I have not heard from them; I don't know if anyone else did.

Also, I asked for an accounting from our Urban Redevelopment Authority, Mr. Ray Christman, to give this Council a report on the participation by federal, state and local rules and regulations, as to whether or not the City was complying with all of those, including that of Urban, which also has

their own set of guidelines and rules. Why I asked that is that each one of them sometimes asks for a little bit more stringent requirements for minority participation. I have not received that and that is sad.

These bills will come back before us. This is an application right here and these bills will come back before us again. So, I will have an opportunity to discuss that particular issue.

The labor unions, etc., and the Allegheny Labor Council all responded with a positive yes, let's go forward on these.

The fact that these bills must be in Washington, D.C., talking to the Chairman, Steve Grabowski, on it, I do not want to hold them up. But I think it sends out another flag to this Councilman that when we ask at Council sessions for particular information, to give us that information for decision-making, and we do not have it, then as one Councilperson has indicated many times, we operate in a vacuum. Hopefully, again, we'll have an opportunity on acting on these bills once more and hopefully I will still get a response from the NAACP, I will still get a response from the Urban Redevelopment Authority as to whether or not we are, in fact, meeting the guidelines and, in fact, are people satisfied with what we're doing here within the City of Pittsburgh. I need that information before we make final deliberation when the bills come before us sometime in the future.

Thank you, Mr. President.

Mr. Grabowski:

Mr. President, I didn't realize that Councilman Givens did not have the information he requested but, in fact,

there is a time constraint on these bills and I'm glad that he's not asking that we hold it. But perhaps at this Wednesday's Committee Session we can deviate somewhat from the normal practice of Council and discuss with Mr. Christman the information that Councilman Givens is requesting.

The Chair:

I don't chair that meeting, Mr. Grabowski or Mr. Givens, but I hope to be present at that meeting and if anyone intends to discuss these bills I will object because at the Committee Meeting we only discuss what is on that agenda for that day.

Michelle Madoff:

Mr. President, I agree with your position and I think if somebody wants information they should do what we did or what other people do and that's to hold a post agenda. That would be the appropriate place.

Mr. Wagner:

I need one point explained. Councilman Givens indicated that the bills will come in front of us again.

The Chair:

These are applications.

Mr. Wagner:

Could I have a clarification of that? When and how will they come in front of us again?

The Chair:

When they start the projects they'll have to come in.

Mr. Givens:

When the money comes in we have to again appropriate that money, if it comes in.

Mr. Grabowski:

It's quite possible these applications will be rejected and there won't be any money forthcoming and Councilman Givens' concerns will never have an opportunity to realize themselves.

Mr. Givens:

I'd like my remarks from Wednesday to be brought forward on Bills 1803 through 1808.

(BEGINNING - MR. GIVENS' REMARKS ON BILL NOS. 1803 THROUGH 1808 - WEDNESDAY, 11/19/86)

Mr. Givens:

Mr. Ray Christman, please? On all the new bills that we have just acted upon and my vote I would like record as being yes on that Mr. Chief Clerk for the development of the UDAG going for Downtown. There is one stipulation and Michelle's bills tie into it to a certain degree. I am very concerned on minority participation in construction under UDAG grants. What I need from you by tomorrow and I hope you can distribute it to all the Councilmembers is a review of all our past UDAG grants and minority participation by federal, state and our own City laws. I want them broken down, Ray, if you can by the federal requirements, what they require, and a little bit about what the law says on there; any state regulations that require minority participation and our own Councilmatic directives and URA adapted minority participation. I am not personally going to approve another

UDAG grant in this City unless I know that we are complying with all of the various rules and regulations on minority participation.

Secondly, to my dismay, when our last major UDAG Grant has gone in on the Grant/Liberty Development, the new hotel that is going right there, I saw very few labor and contractors from the State of Pennsylvania; most of them have come in from Ohio. Again, someplace, I don't know if this is a request for it when it comes down for final approval and disposition of land, I need to get a guarantee from our Labor Council, the Allegheny Labor Council/Construction Contractors of this area, builders of this area and they have a Council out there that they agree or have some type of agreement with the developers of this new development Downtown, the three phase prong at least on the first phase of it before this Council appropriates the money that we have some type of a written understanding between the unions and the contractors here in the Southwestern Pennsylvania as to how and who are going to be hired on this particular entity. I am not again, approving another UDAG and have people come in from another state and build what our own people are sitting and we saw 45,000 people of our own people right here in the Southwestern Pennsylvania primarily walking. And I don't want to see that happen again and I want to be assured that they are taken care of. If in fact the developer cannot come to a written agreement with the contracting unions in our Southwestern Region in our State of Pennsylvania, then I cannot personally approve any further UDAGs. Can you do that Director?

Mr. Christman:

We would —

Mr. Givens:

First of all on the minorities?

Mr. Christman:

Let me talk first about the past. We provide monthly reports on the status of all UDAG projects regarding minority participation to the MBE Committee; and I can assemble information on what the records have been on other UDAGs pretty quickly for you. As far as this proposed UDAG that you voted on today, that UDAG like all UDAGs would have to have an improved Minority Business Enterprise Plan that would be approved by Jim Simm's committee and my assumption has been that that kind of process has been gone through. I don't know at what point of the pipeline we are on that, but I can find that out for you also.

Mr. Givens:

Ray, you know I have two eyes and I have been at this last contractual site where we provide a substantial amount of money for a UDAG Grant and to my knowledge, I wasn't seeing any minority participation in that particular development. I know the plans say we are to do it, but I want to know after the contract has been completed, actual man hours, percentage --

Mr. Christman:

Are you talking about Liberty Center?

Mr. Givens:

Yes, Liberty Center is mostly what I was interested -- well, I am going back on most of the developments that have been completed already in the City of Pittsburgh over the last say four to five years.

Mr. Christman:

Well, we have those records and I think our level of meeting the 15 percent goal is pretty good, but I will get them for you by tomorrow.

Mr. Givens:

Put them down on one or two sheets saying percentage wise. If the Federal Government for example says ten percent, five percent; if the State says 15 percent; if our local directive says 20 percent which I think is our goal, 20 percent participation --

Mr. Christman:

Our goal is 15 percent and I think that's the only requirements imposed on us by State and Federal Government. It is just a locally imposed goal that we have of 15 percent. I think our record is pretty good, but I will get that information to you.

Mr. Givens:

Then Mr. Chief Clerk, I would like a letter to go to the various unions in regards to what I have indicated here on the host agreement. Have they been satisfied of the last UDAG grants? And I want the major principles in the black community to be notified that this UDAG grant is coming in and that we have to get a very quick response on it because final vote on this will be Monday as to whether or not they have been satisfied or any expiration -- I know the NAACP for example has a committee that deals in with the particular issue. I want to hear from the Chairman of that committee. Thank you.

(END OF REMARKS)

The Chair:

Is there any further discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Michelle Madoff presented

Bill No. 1884

Report of the Committee on General Services for November 19, 1986 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1725

A Resolution entitled, "Resolution providing for a professional services agreement or agreements for 'Hands-On Driver Training' for the Department of General Services, and providing for the payment of the cost thereof."

Which was read.

Michelle Madoff:

At the request of Mr. Jacoby, I'd like to amend the bill to change from hands-on driving to driver training.

The Chair:

We have a rule in Council that any amendments in a Monday meeting will be in writing. I'm just doing this because --

Michelle Madoff:

I don't think it's a substantive change. We're just taking two words out that were requested the other day.

The Chair:

Why not just leave it the way it is?

Michelle Madoff:

We can't because it's not accurate.

Mr. Pollock:

I move to waive the rule this one time.

Mr. Wagner seconded the motion.

Which motion prevailed.

Michelle Madoff:

Comment. The reason that we did not have this information in writing nor get it in time is that Mr. Jacoby and Dawn Botsford made a mistake. They apologized profusely; they thought they didn't have to have it in for another week. And that is how this happened. It was not our office; it was their problem.

The Chair:

Tell them the next time they want to amend a bill they not only notify you,

if they would notify the City Clerk he would see that it would be in writing for you or any other Councilperson and we wouldn't have this.

Mr. Wagner:

I would like my comments to be brought forward for the record.

(BEGINNING - MR. WAGNER'S
REMARKS ON BILL NO. 1725 -
WEDNESDAY, 11/19/86)

Mr. Wagner:

I just have one request to go along with the legislation. I would like to put on the record that the Safety Administrator from the City and also the Safety Administrator from the Department of Public Safety Administrator from the Department of Public Safety be part of this to make sure they are well aware of this training procedure whatever it is.

(END OF REMARKS)

Michelle Madoff:

I'd like my comments to be brought forward from the other day.

(BEGINNING - MICHELLE MADOFF'S
REMARKS ON BILL NO. 1725 -
WEDNESDAY, 11/19/86)

Michelle Madoff:

I discussed this with George Jacoby. He assures me - this is a bill that I wished to have approved if the dollars are available; however, we are talking about going to another procedure and I have requested information. In other words, what procedure you use is not relevant to the \$48,000. We are going to try to change the procedure to do simulation if it is already not being

done. Does everybody know what simulation is or shall I define that? Does anybody want to know what I am talking about? We are talking about computer simulation and camera simulation that can bring up and train people like that. We buy our trucks every five years approximately, which is particularly incidentally for Refuse drivers and the program that we have right now is we have an experienced driver taking people out and training them and upgrading their skills. By having a simulation where they can actually touch the screen and make things happen and if they do something wrong, the result of what they do wrong will come up on the screen and they can go in over and over and over again and take the training as opposed to having somebody a person with them in a cab. So, we are looking into the various programs and I have requested from General Services and from the woman who does the training what the program exists of right at this point; but whatever way we go, we still need the dollars to do the training, so I have no problem with voting on the dollars unless my colleagues would like to hold until they know what specific program we are going to have. We have to have a program.

MR. GIVENS COMMENTS

Michelle Madoff:

Well, in the simulation they do the training of people who handle toxic waste, how to handle germ warfare, how to handle sophisticated equipment so that it is done on simulation, it is the state of the art; it is going to be even a greater state of the art in years to come. Training drivers through simulating dangerous situations is very simple to do and the advantage is you are not taking the actual truck out that is worth \$80,000 and endangering the truck. Through simulation, you can do the same thing. I have not as yet

received response to what the actual program is, but I have been told and this gets back to what Sophie said about you have to trust somebody and that the cost to have either the Hands-On-Driving or hands on and a combination of simulation or convert all to simulation and it is still going to cost these kinds of dollars; so we need to appropriate the dollars to get moving with the program one way or the other. And we may not be able to go to simulation that quickly and we have drivers right now that could be doing damage that would be far more costly both insurance wise and to our vehicles, so we have to do with whatever training exists at the moment.

So, I am looking ahead and perhaps I am trying to say this, but we must vote for the bill now.

MR. GIVENS COMMENTS

Michelle Madoff:

I will try again. At the moment the program is a Hands-On-Driver Training Program; there is some, I understand, but I have not had it verified, simulation. I have asked for this information and I have not received it as yet, but at any event, we must have driving training ongoing and immediately for the people who are taking an \$80,000 highly sophisticated equipment and therefore I move that we approve it and I will be looking into other alternatives and if we decide to change the program, I will report back to Council even though we don't vote on the type of program, I will report back that we are now doing something hopefully better or combination thereof.

MR. GIVENS COMMENTS

Michelle Madoff:

I think it might be a good idea in

the future whenever we have these kinds of bills, that the person who is doing the hands on driver training be here to tell us about the program and exactly what they are going to do. I have been trying to get information, that's my committee and I haven't gotten information because although it goes through General Services, the people who do the actual training are people in other departments or not in that particular office and I think Mr. Givens has a good point, before he actually votes, he ought to know what kind of training. I am trying to get that information myself. It may be in my office since I requested it.

(END OF REMARKS)

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9

NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Wagner presented

Bill No. 1885

Report of the Committee on Public

Safety for November 19, 1986 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1785

A Resolution entitled, "Resolution providing for an Agreement or Agreements with the Center for Emergency Medicine of Western Pennsylvania (CEM) to provide Medical Command for the Bureau of Emergency Medical Services and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. DePasquale presented

Bill No. 1886

Report of the Committee on Engineering and Construction for November 19, 1986 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1701

A Resolution entitled, "Resolution amending Resolution No. 1040, effective December 6, 1983, entitled, 'Providing for an Agreement or Agreements with Michael Baker, Jr., Inc., for Preliminary Design and License Application in connection with the proposed Hydroelectric Project at Allegheny River Lock and Dam No. 2; and providing for the payment of the cost thereof,' by amending the title to read Consultant or Consultants and by increasing the total project allocation from \$315,000.00 to \$390,000.00." (AS AMENDED IN COMMITTEE)

Which was read.

Michelle Madoff:

My concern is the \$75,000 additional consultant fee. We have \$4.8 million in consultant fees in three years and I will make a protest vote of no.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Mrs. Masloff	Mr. Woods (Pres't)

AYES 8

NOES 1

(MICHELLE MADOFF VOTING NO)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

MOTIONS AND RESOLUTIONS

The Chair presents

No. 1888 WHEREAS, when Pittsburgh's future as a successful hockey town was in question and its tradition as a City of Champions on the decline, the Pittsburgh Penguins drafted Mario Lemieux from Montreal, Canada; and

WHEREAS, young Mr. Lemieux immediately brought strong leadership to the hockey franchise, a quality of athletic excellence that has rejuvenated the team, and a charisma which has restored fan enthusiasm; and

WHEREAS, Mario will now combine his exploits on the ice with charitable activities on the local level to help those less fortunate than himself; and

WHEREAS, Mario will share the proceeds of his newly-formed fanclub, "Lemieux's Legion," with the Epilepsy Foundation, through a catalog of shirts, jackets, and caps, the circulation of a newsletter, and the marketing of a musical recording written in his honor.

NOW, THEREFORE, BE IT

RESOLVED, that the Mayor and the Council of the City of Pittsburgh do hereby proclaim Tuesday, December 2, 1986, as "Mario Lemieux Day" in the City of Pittsburgh, to honor this explosive young Canadian emigre whose presence and athletic achievements have been so important to the morale of the Pittsburgh Community.

Mr. O'Malley moved to adopt the resolution.

Mr. DePasquale seconded the motion.

Which motion prevailed.

The Chair:

I have an announcement I would like to make, and it should be in all of your boxes now.

Governor Thornburg has asked, and we have granted permission, for him to use our Chambers tomorrow at 3:00 p.m. to sign the legislation permitting the Home Rule Charter change of how we choose our Council to be placed on the ballot this coming May.

Michelle, when you asked me if we would vote on my resolution this coming Wednesday we had already spoken to him and that's why I said yes, we will.

So, that will be signed into law tomorrow at 3:00 p.m. All of Council is invited to attend if they choose to, and the Mayor. It will be in these Chambers at 3:00 p.m. tomorrow.

Mrs. Masloff:

What he's going to do is sign the bill just putting it on a referendum? That's all?

The Chair:

Right. And then the voters of the City of Pittsburgh will decide from that point on.

Michelle Madoff:

Mr. President, in our little joshing when you thought you were pulling my leg and said it's only different when you have it than when I present a bill, and I told you I would go public, you knew that the Governor was going to be here tomorrow at 3:00 to sign this. This is strictly an enabling act that allows a change to be put a referendum on the ballot. However, if the Mayor's proposal of 7-4 or your proposal of 7 by district, with the majority of Council, were agreed upon amongst ourselves, either or any other combination, my understanding from Dan Pellegrini is that he will petition the courts that we will bite the bullet, this Council will be responsible, not force the public opposition, the minorities, those that are disenfranchised will have to seek signatures and that we will resolve the problem in this Council.

I understand that's going to be a subject for Wednesday's Council meeting. Do you have a bill before us on 7 by district? I have a bill that has three proposals, 7-2, Council at large, or by district; my premise being, giving the people the chance to vote for whatever they want. I am not going to vote and decide for the public, nor should anybody here. However, if it is the will of Council that they're going to back your proposition of 7 by district, and I think there are sufficient votes for that, or if we're going to go with 7-4, and I don't know whether there are sufficient votes for that although it is the position of the Mayor and the Administration and many people feel that going to 7-4 or 7 by district would not give the same kind of

power to the Democratic Party. That's something that I'm not very astute at and those who vote will have to make their decision in how they vote. I see Wednesday as being a very long drawn out debate kind of day.

My question becomes, have you looked into the fact, is it factual that if this Council makes a decision to go with one of the preference by a majority vote, that the proponents will not have to go out and get their signatures, the matter would be taken care of, unless they wish to get a signature for something entirely different. In other words, if my bill passes to put all three propositions on the ballot, and yours passes, and there are four questions, then they go to the ballot with the four questions. They don't have to go out and get signatures, it's already on the ballot. Why should we force people to go out and get signatures when we don't have to? Am I factual on that or would you have somebody here from the Law Department to clarify that on Wednesday?

The Chair:

There will be somebody here but if this Council and the Mayor would try to settle this lawsuit out of court and if the plaintiffs agree, that still would not stop anybody from putting a question on the ballot of how we elect our Council. If this Council votes in the affirmative on Wednesday and the following Monday, or whenever we vote, those questions, if the Commissioners permit, those questions will be on the ballot.

Michelle Madoff:

So you're saying the same thing I'm saying and I understand it correctly.

The Chair:

All we would do is stop you from

collecting petitions.

Michelle Madoff:

But we're just saying that we're being responsible and not forcing people to do what we're doing anyway. In other words, they don't have to hit us over the head to make us do what's right; we're doing it on our own.

Would it be appropriate at that point to put on the ballot to eliminate Council entirely and the County government entirely and to go to metropolitan government?

The Chair:

I've been speaking about that for some time.

Michelle Madoff:

Would this be the appropriate place to put on the ballot metropolitan government?

The Chair:

The only thing you could put on is if the City of Pittsburgh wanted that question on.

Michelle Madoff:

I think the City of Pittsburgh wants that question on. I think the Mayor supported that; I've supported it. I mean, I think it's time we did away with these 130 municipalities, townships, and boroughs, when we've got 911 people on the phone calling to Sewickley or to McKeesport and saying, "We have a criminal at large, in chase, and he's coming into your district and we can't go in and get him". I think the public realizing that would go to metropolitan government for their own protection. I don't think they understand.

Mrs. Masloff:

How can Pittsburgh do that without out the surrounding --

Michelle Madoff:

I don't know; I'm asking the question whether it would be appropriate to put that on the ballot.

The Chair:

I have legislation drawn up, I've sent people to look at Indianapolis, Indiana about metropolitan government --

Michelle Madoff:

Send them to Toronto, Canada, which is my hometown. It works.

The Chair:

Indianapolis, Indiana is patterned after that but it would only be a question in the City of Pittsburgh if we would do that. You would have to get the Commissioners to put it on County-wide. I don't know how they do it in the county.

The only thing we can pass in this Council is what appears on the ballot for the City of Pittsburgh.

Michelle Madoff:

Well, obviously our putting on metropolitan government, even if the majority of the people approved it, would still not happen without the support of the county. It would be just an exercise in futility.

The Chair:

Right.

Mr. Grabowski:

On the subject of Governor Thornburg coming to the Council Chambers, perhaps it would be very appropriate if you contacted him or the City Clerk contacted him and asked him if, in addition to signing the Council by district bill here, he would also sign the bill that permits municipalities to pay interest on taxes held that are owed to the taxpayers.

Last week the Senate passed a final version of that bill that several months ago this Council spearheaded. This Council should take the credit for passing that legislation. Of course, Representative Itkin took charge of it in Harrisburg, but I think it would be appropriate if Governor Thornburg signed that bill here also since it was this Council that in fact initiated that action.

The Chair:

I kind of like that idea myself. Mike, as soon as this meeting is over, would you try to contact them?

Michelle Madoff:

While he's at it, let's make sure he signs the bill, the whistle blower bill. It's gone before the Senate and the House and it's ready for final action. We'd love to have the whistle blower bill signed at the same time so the people who talk about fraud and expose fraud in government are not subject to losing their jobs. It is now ready for his signature.

The Chair:

Okay now, that was for a point of information. Mr. Givens, you have a resolution.

Mr. Givens:

If I could have Scout Troop 614 come forward, I'd appreciate it, and the parents of David Kraska.

Mr. Givens presents

No. 1887 WHEREAS, David J. Kraska, a sixteen year-old junior at Carrick High School and resident of Overbrook, has been selected as an Eagle Scout from Boy Scout Troop 614 where he has been a member since 1981; and

WHEREAS, Eagle Scout represents the sixth and highest level of achievement in skill, community service, and scouting leadership; and

WHEREAS, after passing exacting tests, accumulating numerous merit badges, and completing a battery of personal interviews, David J. Kraska demonstrated the Scout spirit through adherence to the Scout Oath and Law; and

WHEREAS, David J. Kraska entered the Boy Scout Court of Honor in a ceremony on Sunday evening, November 23, 1986 in St. Norbert Auditorium, as only one out of a million boys who rise to the rank of Eagle Scout; and

WHEREAS, David's scouting excellence, as well as his participation on his school's track and cross country teams, has made his parents, David and Margaret Kraska, proud of his achievements, character, and service.

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Pittsburgh does hereby commend David J. Kraska on the occasion of his elevation to the level of Eagle Scout for his outstanding achievements in the areas of skill, service, and leadership.

Mr. Givens moved to adopt the resolution.

Michelle Madoff seconded the motion.

Which motion prevailed.

Mr. Givens:

I would like to ask the Scout Master from Troop 614, Bill Burt to come forward and say a few words and I'd like then, his father to come after him.

May I say that Bill is a police officer out at the Training Academy of the City of Pittsburgh. So, if he looks a little out of uniform here, you know where he's coming from.

Mr. Burt:

Thank you. It was a real honor for you to have Dave down here for this resolution. He's worked hard for it and, like Mr. Givens said, one out of a million boys receive Eagle Scout.

Allegheny Trails has been good to our troop and has been good to scouting in general. If there's any way that the City can help scouting, or scouting can help the City, we feel that we can work in a partnership.

The youth is something that we look forward to; they are going to be our future leaders. We help to mold them and we hop that we're doing a good job. Thank you.

Mr. Givens:

I've been informed by one of the Chief Clerk's assistants that we only have two people come up to the microphone but I didn't know that until the rule was going to come in.

If I could have David come up, the father of David Kraska.

Mr. Kraska:

When he came home from first grade with a thing from the Boy Scouts to be a Cub Scout and all these boys here, he's only one of them, and Tom here was the first one of our Eagle Scouts and we have a potential of nine more. These boys work hard and I think the City of Pittsburgh should be proud of the Boy Scouts because its part of a young man growing up.

Mr. Givens:

And now the newest Eagle Scout in Allegheny County.

David Kraska:

I just want to come up here and thank the Assistant Scout Masters of our troop because they do a big part in helping us out. I want to say thank you to Mr. Dwayne Hires, Mr. Ed Moore, Mr. Paul Dank, and our District Committee Chairman, Mr. Tom Hipcus.

Mr. Givens:

Thank you, David, and at this time I'd like to present to you the resolution that this Council, as so read by myself and adopted by all the Councilmembers. Thank you very much.

The Chair:

Thank you.

Michelle Madoff:

Mr. President and members of Council, we have, as everyone knows, a very serious situation pending in the City which is the position of the paramedics who have been picketing the building and

are planning to do so when we light the Christmas tree tomorrow in full force, and who have taken the position that they've operated for a year without a contract and they're asking for parity. I presume that members of Council are aware that the Mayor has offered arbitration in the best form possible. They've extended themselves beyond arbitration as they have in other instances.

But the fact still remains, the paramedics have operated for a year without a contract and they're being asked to wait one more year before they get parity. They will get the right to negotiate but not the money for another year.

They did something that I disapprove of that the Administration is very distressed about. I understand it needs to be clarified and perhaps the Chairman of our Safety Committee, Mr. Wagner, could verify this as to its validity and perhaps the President of Council would like to check on it. It appears that the paramedics have supposedly contacted paramedic services outside of our City and said, "Please honor the picket line." Normally, that would be a normal kind of procedure, but when we're talking about the lives of our children, the well being of our residents, it is one thing if the paramedics don't want to work but it's quite another thing to say, "We don't want anybody else to come in."

I'm going to ask them and their leadership and I'm going to ask the President of this Council to please speak to them, and certainly Mr. Wagner, to change that particular action and to negate that action by rescinding their request to suburban paramedic services. I think that does not speak well for what I believe is one of the finest paramedic services in this country.

On the other hand, we are confronted with a problem of, are we going to raise the budget in order to pay the paramedics. Personally, I'm of the opinion that it is not necessary. I think we can give them an increase and we can reach parity in a contract without raising budget dollars but virtue of the fact that one has only to look at the budget in the eight years I've been here. Five percent of that budget, and perhaps you could help me, Mr. Woods, is something like \$260 million this year.

The Chair:

\$280 million.

Michelle Madoff:

Five percent of that budget is never ever filled. Five percent of that budget is always left in a surplus. Always. Because even if we wanted to stay up day and night and have no weekends off, jobs cannot be filled simply by the method and the opportunities that must be given to all. So, if you take five percent out of a \$280 million budget, we're talking about I believe \$900,000. My math may not be perfect, I'll do that when I leave here, but I think I'm close to the figure. Ten percent of \$280 million would be \$280,000, cut in half would be --

The Chair:

\$228 million.

Michelle Madoff:

I'm sorry. Ten percent of \$280 million is \$28 million and cut that in half -- we have enough money with five percent to pay the paramedics.

Furthermore, I will be presenting to this Council and to the public the stats on the Zoo, the Aviary, and the

Conservatory. As of this moment, to the best of my knowledge, based on information that has been given to me in a garbled form, i.e. when I asked Louise Brown of Parks and Recreation what the debt service was on the Zoo, Aviary and Conservatory, for '84, '85, '86 and '87 to date, what I learned was that the \$600,000, and I hope everybody is listening, folks, the \$600,000 better on the Zoo was not for debt service but was money coming out of tax dollars, the operating budget. Add to that the money that comes out of the debt service which means the money we borrow in bonds to do capital improvement at the Zoo, the Aviary and the Conservatory, and the Zoo alone, the numbers that I have at the moment at hand are something like \$600,000. So we're over a million dollars.

Now you ask the public whether they would rather have a zoo for their children to go to — and my daughter loved the zoo and I took her there all the time and I think the zoo is wonderful — would they rather have the zoo, would they rather have a Three Rivers Festival or would they rather have paramedics. I think the answer is consistently that the public would choose paramedics. Further, I will go on record; a) we do not need to raise taxes because I'll tell you another source of revenue that we've overlooked, but, b) if we had to raise taxes and that money were to be funneled, an increase in taxes, a small increase in taxes, to the Police, Fire and Paramedics, I would support it. I'm running for election in May and I'm saying what is ethically and morally correct. You cannot leave our public without paramedic service and you cannot threaten them because while they did something that I think is incorrigible and wrong and immoral by asking suburban paramedic services not to come in the City in the same way that my information is, that if they strike, the

paramedic service will be done away with and they will be combined according to the Administration with the Fire Department as they once were.

If that happens, we will have a public hearing, no doubt, and I will have Dr. Peter Safar who is instrumental in seeing that the paramedics became a separate entity away from the Fire Department and became trained in one of the finest services in this country, come and testify that we maintain the paramedics in their present form.

The bottom line is that we have not discussed this amongst ourselves because of the procedural operations of our Council meetings. On Wednesday we must adhere only to the items before us and on Monday we vote final vote. It's only at a time like this that we every get a chance to talk about issues and the public must be wondering what the devil is the matter with their City Council, that the paramedics are out there marching, people are honking their horns in support of the paramedics, and we don't even discuss it.

Now, there's going to be a hearing tomorrow to discuss some aspect of the paramedic situation and I do want to make a motion but I do want to also follow that by telling you another source of revenue and let me do that first. I was out the other evening and a gentleman that I've known for a hundred years said, "I'm buying everybody in the house a drink," and I said, "I don't drink but I'll take a glass of orange juice." I said, "What's the big occasion; is it your 50th birthday?" He said, "No, I just go an award of a building I'm going to build." I said, "Oh, where is that?" The Waterworks. Two new buildings going on line; one is a hotel and I don't know what the other one is. But that revenue I would put money on has gotten factored in to revenue.

I would respectfully request that the President of this Council, and we're doing it in our office and any help I can get, request from the permit division of the County or the City, the building permit division, how many new building permits have been issued for commercial enterprises which will generate revenue to our City. I believe there is enough money based on the fact that we cannot fill all the jobs in the \$280 million budget and that there are other sources of revenue that have not been factored in, that we can immediately do the honorable and correct thing and encourage our Administration to sit down and work out a parity schedule over the next three years to bring our paramedics into full dollar parity with the Fire and Police.

I would also ask that tomorrow's meeting on the paramedics be cablevised. I make that in the form of a motion.

The Chair:

It's already done.

Michelle Madoff:

It's going to be cablevised?

The Chair:

Mr. Wagner made that motion two weeks ago.

Michelle Madoff:

I'm sorry; I apologize. Thank you, Mr. Wagner.

Mr. Wagner:

Mr. President, if I could follow up on that, and I'm glad my colleague, Councilwoman Madoff, mentioned, what she just mentioned, and it's important for

the public to know that City Council is not involved in the negotiations of union contracts with the Administration. We cannot be involved in those negotiations. However, there have been negotiations going on for an extended period of time with the paramedics and also with the refuse people.

It appears as if the one is literally at a critical stage and when I say critical stage, we all know that they have been picketing in front of the building, we know that they have been handing out brochures with some very accurate information in it. We know that there's a public hearing scheduled for tomorrow and we know that there has been training of City employees in the event there is a strike, to drive the ambulances and participate in the care of the patients in some minor way. Where there's smoke there's fire, and there's a lot of smoke. I genuinely feel that if something is not done in the very near future, we will have a strike. The outcome of a strike means that there will not be people receiving the type of paramedic emergency care in this City that we know they are capable of receiving. Consequently, we could literally have people die that do not need to die, people who will not receive the type of emergency care that they can receive with our paramedics working.

They have requested that outside ambulances do not subcontract in the City. However, if they get a call for a heart attack, meaning these outside ambulances, they don't have any problem with them individually responding to an emergency of that type. They do not want the City contracting with an outside ambulance. That is, in a sense, I think, a justifiable position that they have. They feel that is their domain and they would like to properly administer the care that they're trained to administer. The problem is they feel

they're not receiving a just pay, a just compensation. And I think the point that has to be mentioned, and it will be brought out tomorrow, I'm sure, at the public hearing, is that the Administration came to this Council back two years ago for the creation of a new department called the Public Safety Department. And the major reason behind the creation was better cooperation between the various departments that were individual departments at that time, Police, Fire and Paramedics, in particular.

They indicated many positive reasons why to do that. This Council, the majority of Council, approved the creation of it at the time. Some of us objected to it for various reasons and I don't think there's any need to discuss that. However, along with the creation of the new department and the inter-involvement of duties between the bureaus, I think, goes along with it a commitment. And if we're trying to say, the Administration is trying to say and Council has agreed with it, that there should be some parity of salaries by putting them all within one department and having them work together, well there then should be some parity not only of work duties but also of salary.

What the paramedics are asking for is that the parity that was created with the new Department of Public Safety two years ago, begin to happen in their paychecks. They have had no influence over the arbitration decisions for Police and Fire; the Administration has agreed with those decisions. Some of us have agreed with the amount that they have received in some of those decisions. I don't think that's the issue. The issue is that within Public Safety, the Police and the Firefighters are getting further and further apart in terms of parity in salary with the Paramedics. The paramedics, I think, have a valid point. They realize that they can't have parity immediately

but they want a game plan and they want the game plan to begin now. And however City Council can inject our opinion into that, I believe we should be cause it now has become not a matter of negotiations but in the very near future, a matter of whether or not our citizens are going to have proper public safety service. We all carry that responsibility even though we don't carry the responsibility of the negotiations.

So, I firmly believe that this Council should be sending a strong message to the Administration to do whatever must be done to prevent a strike. Whatever that is, I don't know; I'm not sitting in those negotiations. But I believe that some commitment has to be made immediately over the long haul to establish parity. We need some suggestions put forth to do that, not in 1988, not in 1989, beginning in 1987. If it's not done by the Administration, I think this Council has to make some type of firm commitment to inject whatever influence it can to make sure it happens.

Mr. O'Malley:

I agree with Michelle. I've met with Mark Schneider, the President of the paramedics, and I think the paramedics have made a fair request. There is a substantial difference between what they make and what the firefighters and the policemen make. Between the paramedics and the firemen, we're talking \$3000 difference. Between the paramedics and a police officer, we're talking \$5000 difference. I think the three jobs are comparable.

I asked Glenn Cannon to give me an analysis of what it would cost the City of Pittsburgh if we would bring the paramedics up to the same level as the firefighters and we're talking approximately \$650,000. I don't think

that's a lot of money and for the quality and professionalism I think it's an amount of money that this Council could find in the budget by making other reductions.

So, I would support a resolution urging the Mayor to find some type of common ground to work with the paramedics. I think the request is a fair request and I'd hate to see a strike.

Mr. Givens:

If we were all paying very close attention last budget session, we come up about somewhere around a \$5.6 million shortage, as far as I was concerned in regards to the various union agreements that had not even been settled. That 1986 budget was up and no hard labor agreement was made and then went into binding arbitration. In previous years, through the wisdom of the Mayor and this Council, we always appropriated additional dollars for contracts that were still under negotiation. Last year was the first year that the Mayor did not come forward with any appropriations. This Councilman came forward with an amendment to our budget we had last year and asked for that appropriation. It was voted down. I can't even recall now what the vote was on that. But now we can see the effects that two of the unions, police and fire, went out through binding arbitration which they didn't ask for but it came upon them, received a substantial increase.

EMS now is pending a possible strike out there. The Environmental Services people, God bless them, they've been working out there very hard to keep our City clean. And to give you an idea, as you talk about smoke, Jack, when there's smoke there's fire. When you overwork your people, there's also casualties to be performed. Example, Environmental Services, 1987, they're

asking for an appropriation of \$400,000. A half a million dollars more in just compensation alone because when you stretch out those routes and make them run down those particular alleyways etc., they're going to get injuries and we have a fairly elderly working force out there too to keep in mind.

The same thing with our EMS people. When you stretch them out, EMS, under this new proposed '87 budget is going to be shortchanged a few operating units within the eastern area, Oakland, Squirrel Hill and Shadyside, as well as the Northside. That will come before us to discuss. But when we shortchange ourselves, last year is when we did that, when we didn't appropriate additional money in the budget, now it becomes a tax increase. Last year, with an \$11 million some surplus that the Administration had come up with, and they came up with this in what way? When you look at the Police Department and we compare it to last year's budget, we didn't appropriate that \$5-6 million. Now our Police Department is going to come in at about 150 officers less. Our Fire Department is now coming in at 98 firemen less, as proposed by the new budget. EMS is coming in by a couple squads less. The Environmental Services cut 36 some workers out there. And we have to look at our municipal employees. All of our municipal employees which is the other half of the spectrum have been denied any pay raises also.

When you look out into the populace as a whole, those who are working are receiving pay increases. Yet, in our municipal branch of government, all the other people, Parks and Recreation, Public Works, our own staff, the Mayor's staff, the Controller's, no one is receiving and has received a pay raise last year nor will they receive it this year. I think that's an imbalance. You

talk about a conflict of interest and prejudice in one half of government being paid and getting a four percent pay raise and the ability to go out on strike, and the other half of government not receiving anything. So, this is the imparity, and it's this Council, as all of us have stated in here over the past years, that has the final buck on what it costs City government to operate. We have to be responsible when we don't appropriate the necessary money to take out union contractual negotiations and especially with all the municipal workers, that we at least give them the fair type of protection. If we don't, what are the consequences? We have people leaving City service and going into the corporate community. If we are not competitive with industry, we lose our top-notch ranking people. We're losing them from the Police Department right now, we're losing them from the Fire Department, and we'll probably lose them from EMS and most of the municipal workers also, other than Public Safety.

That is the reality. We sit here and we talk about computer people and we were losing computer people like crazy until this City government came up to speed in paying our people. If you don't pay, they walk. It's that simple.

Michelle Madoff:

Mr. President, tomorrow I'm sure this subject will go on in great depth. I'm wondering whether this Council can exert its influence by virtue of just not voting for the budget simply because we do not have the arbitration rights. This is in negotiations and basically out of Council's hands. All we can do is voice our opinion. We cannot force the Administration to do what I believe is morally and ethically correct which is to increase the salaries to parity of the paramedics.

That is one option that six members of this Council can exercise, and that is to say we will not vote for the budget unless the paramedics receive the beginning of parity over a period of time.

The thing that worries me perhaps even more than anything that has happened today -- Not worries me but actually annoys me and makes me quite angry, is that people who feel put upon sometimes do things that are not proper.

I have two letters that address how we should pay those people who may come in to act in the place of the paramedics and how they should be paid. That's a bunch of balderdash. When Pete Flaherty got up on the garbage trucks to collect the garbage himself, he got paid as a Mayor, not as a refuse collector. Anybody that comes in, whether it's a member of this Council who has some expertise in lifesaving expertise, they're going to get paid as a Councilmember; they're not going to get paid as a paramedic. If somebody is a secretary who is earning \$14,000 a year goes in and works as a paramedic, who has some expertise, they're going to get paid at their present rate of pay. But it's becoming a political football and that's what I think is horrible. When you see the Controller making statements, and I believe it was the Controller, that he would not be paying anybody other than -- it's either a request to the Controller or the Controller's statement, somebody might be able to help me on that --

Mr. DePasquale:

Ferlo, I believe.

Michelle Madoff:

But it was from the Controller's Office, I believe.

Mr. DePasquale:

He works there but he --

Michelle Madoff:

It's becoming political and I don't think that the level of professionalism that is shown by paramedics should become a political football, should be an issue of we'll show the Administration how strong we are, we won't pay the people who come in to do the job.

I am pleading with the responsible members of the paramedic union to please rescind or to clarify their position as to how, should they decide to go on strike, they would not obstruct anyone coming in to give life-saving services. I think that what they're doing is morally incorrect, if indeed they did it, and it needs to be clarified.

The Chair:

Let me correct you, please. They didn't ask that.

Michelle Madoff:

I read it in the paper and I think it needs to be clarified.

The Chair:

That was a misquote; it's not right. What they said is that they hope the City of Pittsburgh would not contract out to a private concern to come in and take their jobs. And if the City of Pittsburgh tried to contract out they would have to come through us, City Council, to even execute such a contract. But as far as any emergency, any medic unit from anywhere in the county or wherever, could come in here and do their job and the paramedics would probably help them.

Michelle Madoff:

Mr. Woods, let me clarify where my information came from without mentioning names. A very high-ranking member of the Caliguiri Administration screamed at me and said that if my child were lying hit in the road by a vehicle and that the paramedics would not allow somebody to come in from the outside, I would be very, very upset, and what they're doing is incorrect. Now, this person is working directly with the negotiations. Therefore, I assumed that that person knew what they were talking about. Therefore, I would like it clarified. I would like tomorrow to have the leadership of the paramedics clarify whether they would be obstructionists or permit anyone to come into the City that was called for help if somebody needed paramedic service. How do you know or I know or even the paramedics know when somebody has a very -- they may think they have an ulcer and it may turn out to be a heart attack. And I don't think that it would be the will of good men and women to be obstructionists, to have on their conscience, someone's death. All I would like them to do tomorrow is to clarify that position and I don't think that's wrong.

The Chair:

I just clarified it for you, but I will talk to Mr. Schneider and ask him to do that. I don't know what they'd do. It's not like you're crossing a mill gate where you have to go one place to go to work. They'd have to follow ambulances around all over the damn county.

Mrs. Masloff:

We all agree that the EMS is doing a terrific job and they're worth the money, but what's the Administration's side of this? Has anybody told us that? That's what I want to know. Are they

going to be here tomorrow?

The Chair:

They're invited but they're negotiating a contract. And that's the trouble.

Mr. Pollock:

I just have a question on something you said, Ben, because I don't know if it's accurate. If the Administration or a department head feels that there was an emergency for life safety, can't they enter into a contract without coming before us?

The Chair:

It would be a Wallace Act. They still have to come up and get five signatures.

Mr. Pollock:

Oh, you do have to get five signatures on a Wallace Act?

The Chair:

The only time that works would be on a weekend when we're not available. But as long as we're here and it's a working day, they still have to come and get their five signatures. If it's 5:30 Friday night, they could go out and say, "Here, do it" and then come and give it to us Monday and try to get it signed, but we wouldn't have to sign it.

Mr. DePasquale:

In most cases when people are on strike, I realize Emergency Medical is a life-saving organization and perhaps the state law or whatever, they're not even allowed to strike. So, perhaps maybe they can be replaced. I'm not saying that I would be for it or that it could happen,

but they're in a different category, I believe. Am I right?

The Chair:

No.

Mr. DePasquale:

In most cases when people are on strike, you don't hire other people to take their jobs.

The Chair:

If we really want to help the union, the EMS people, we should lobby all of our Legislators and our Senators in Harrisburg and ask them, and I'll get the number of the act, it was up last session

Mr. Givens:

Act 111.

The Chair:

Whatever. It was up last session, to pass that so that EMS would be under binding arbitration just like the Police and the Fire, prohibit them from striking, but they would go into binding arbitration. That's what the medics want and the Legislators, for whatever reason, did not pass that bill.

Mr. Wagner:

Mr. President, you're right and the problem was that various other unions lobbied and the bill was amended to include many other unions, not just the paramedics. Therefore, it ended up either being tabled or defeated, one or the other and consequently did not pertain just to the paramedics. So, if we could somehow initiate a bill that pertained only to them, but the problem is, we can't make sure that it will get

through the House and the Senate in that fashion.

The Chair:

I think that we know the other unions well enough, the Public Safety unions, and that's what the bill pertains to, the original bill. Just to include Public Safety personnel and exclude the other people that go out on strike.

Is there any other discussion?

Mr. DePasquale:

This certainly is not as important a matter but I've called for a post agenda this coming Wednesday. You're all familiar, obviously, with the set up and collection of trash on holidays where they don't collect it if your day falls that day, and they don't collect it until the following week. Election Day, parts of Squirrel Hill and part of Oakland have their trash collection on Tuesdays, myself included. Election Day, I didn't see anything in the newspapers, and I'm not saying it wasn't in there, I didn't hear anything on television, but I was aware that they were not going to have the trash collection. Flora Masciola who is the volunteer in that area and lives down the street from me, went door to door and told people not to put their stuff out because of the fact that Election Day was coming up and there would be no collection; however, there would be the following week, even though it was a holiday, it was Veterans' Day. They thought two weeks in a row was just too much.

Now, I don't know who gave the order or how it happened. I became aware of it when I got two citations. I got one for 228 Meyran Avenue and one for 230. I formerly had a duplex and I use the one house for my family now and it's no longer a duplex but the two

addresses are on the books. I personally have never had my garbage out before midnight and I certainly didn't have it out Election Day, but I got the citations for Election Day. I said, how could you possibly cite me and other people who didn't have any garbage out. The man I talked to signed my citation and said he was told to cite everybody in those areas. Everybody. I said, do you realize there are at least nine or ten people in this one immediate area here who have permission to leave their garbage in the yard? They're either sick or elderly and they go in to pick it up. So, obviously they didn't put it in the alley Election Day. They were also cited. In fact, everybody in that area was cited. I was bombarded over the weekend, as was Sophie and her part of Squirrel Hill.

So, I've called for that post agenda to find out just why someone gave an order like cite everybody. What was the purpose of it and why they would cite people who obviously never had a citation in their life. One man is 90 years old and was very put out. He said he has never been cited in his life. And I've never been cited. It was the first time in my life I've ever been cited for anything and all of a sudden, for doing right, and for warning people not to put it out, I get cited. I don't care about getting cited, that's something else. But the fact is that my neighbors got cited and people in Squirrel Hill, and that's wrong and it's unfair.

Mrs. Masloff:

I have 17 citations in my drawer now from Squirrel Hill and I plan to go down to the Housing Court and represent them myself personally.

The Chair:

I was going to suggest that perhaps we could have Chief Magistrate James

come to the post agenda and discuss it.

Mr. Pollock:

I have about 30 that people sent to me. You say cited, I think you should go on record, this is not like a \$2 parking ticket, this is a \$38 fine, \$38.50 plus costs. These people were getting it in Squirrel Hill and Oakland and I'm currently drafting legislation to prohibit citing on days of holidays or elections because people forget about it. Some holidays they collect, some holidays they don't collect. There's no rhyme or reason to it. So, I too, will go down with you. We'll take all 50 or 60 that we have and have amnesty for anyone that got citations.

It used to be, Jeep, and I don't know if you knew this or not, before they were permitted to cite you, they had to give you a written warning. So, obviously they didn't do that in this case; they waived their own rules. You have to receive a letter in the mail saying that you're not allowed to put your garbage out until the day before, at 7:00 at night.

Mr. DePasquale:

Mark, I don't know the procedure in Squirrel Hill but in our area of Oakland the procedure has always been that Flora Masciola who is the volunteer out there would cite people, would call them, and then they would send the citations out.

Can I pay the \$77.50 out of my campaign funds?

The Chair:

Yes.

Michelle Madoff:

Why should anything be different

than it always has been?

The Chair:

Alright, let's be serious.

Michelle Madoff:

Mr. President, some time ago this issue has come up repeatedly and Sophie and I have been working on it over the years very diligently. I, again, would like to stress that we should be picking up garbage on holidays because when you don't pick up on a holiday frequently it's two weeks and sometimes three weeks. And particularly in summer months, over July 4th or Labor Day weekend, you're building up a health hazard.

I would ask that whoever is responsible for that Committee - Whose Committee is that? Refuse. Mr. Givens?

Mr. Givens:

Yes.

Michelle Madoff:

Find some money in the budget and pick it up for double time or private contractors.

Mr. Givens:

Just appropriate my amendments when I put them in and you'll have the money set aside.

Michelle Madoff:

I'm very serious about that.

Mr. Givens:

I am too.

Mr. Chairman, as Chairman of that

particular committee, Environmental Services, I have received many phone calls in regards to what Jeep has just brought up. I think now that the citations have been put out to all the people, they have to react to them and the only way they can do that is through our magistrate court. I had suggested to the numerous people who have called my office that when the court date comes up to let us know and we will have to talk to the magistrate on this.

This is a very unique situation wherein the Armed Forced Day and the vote, days of pick up were both on Tuesday and they were back to back.

There was also something that we discussed at the time we went to curbside pickup, and this happens especially during the Christmas/New Year's pickup. If that date is a week day, then theorhetically you would have almost a three week pickup for some people. And that's in the middle of winter which is not as bad trouble as when you have it in the summertime, but sometimes these holidays do bunch together that way and my only solution is, and I thought it was understood, that when there's two holidays back to back, falling on a weekday, that at least one of those holidays, the second holiday, that we would have pickup. I say pickup made in certain areas of the City on that particular day, I do believe.

The Chair:

What happened was, they didn't pick up Election Day but the following week, Veterans' Day, they did pick up.

Mr. Wagner:

Mr. President, I just have one final request that a member of the Administration be present at the public hearing tomorrow.

The Chair:

They were invited.

Mr. Wagner:

Thank you.

And on the motion of **Mr. Givens**

Council adjourned.

Municipal Record

Proceedings of the Council of the City of Pittsburgh

VOL. CXX

Monday, December 1, 1986

No. 46

Municipal Record

ONE-HUNDRED TWENTY-FOURTH COUNCIL

BEN WOODS President
MICHAEL PERRY City Clerk
LINDA M. JOHNSON Asst. City Clerk

Pittsburgh, PA
Monday, December 1, 1986

PRESENT:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

PRESENTATIONS

Mr. Depasquale presented

No. 1889 Resolution providing for the issuance of a warrant in favor of Spinello Construction Company (Charles DiNardo, Vice President) in the amount

of \$2,015.50 in payment of Extra Work, being in addition to the original contract price of \$208,292.50 on Controller's Contract No. 27831, furnished for the benefit of the City in connection with the Repaving of Penn Avenue - Phase I, payable from Code Account PW 83-17.

Which was read and referred to the Committee on Finance.

Mr. Givens presented

No. 1890 Resolution further amending Resolution No. 95, effective February 17, 1986, as amended by Resolution No. 870, effective October 6, 1986, entitled: "Resolution providing for a Contract or Contracts, or the use of existing Contracts, for the rental and repair of equipment in connection with the City of Pittsburgh's Capital Construction Division, and providing for the payment of the cost thereof," by increasing the allocation by \$60,000.00 from \$180,000.00 to \$240,000.00, chargeable to and payable from Code Account PW 86-12, Capital Construction Division.

Which was read and referred to the Committee on General Services.

Mr. Givens moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Wagner seconded the motion.

Which motion prevailed.

Mr. Grabowski presented

No. 1891 Resolution authorizing the submission of an Enterprise Zone Planning Application with the Commonwealth of Pennsylvania Department of Community Affairs for planning assistance and interim designation. Planning assistance will be provided in the form of grants that will not exceed \$50,000.00 for each designated area, or a total of \$100,000.00 for the two districts.

Also,

No. 1892 Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire all of the City's right, title and interest, if any in and to the publicly owned properties in the 26th Ward of the City of Pittsburgh designated in the Deed Registry Office of Allegheny County as Block and Lots: 45M-80, 45M-75, and 45M-70 in the Deed Registry Office of Allegheny County for the Fair Market Value plus all necessary and incidental expenses, under the Neighborhood Housing Fund, said property having been certified as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh. These properties are being acquired for the third phase of a housing development in the Charles Street Valley known as Gibson Green. These properties are part of a housing site on which four single-family dwelling units will be constructed. The developer for this phase of the project is J.E.C. Builders, in cooperation with the Charles Street - Kirkbride Area Council.

Also,

No. 1893 Resolution authorizing the Urban Redevelopment Authority of

Pittsburgh to acquire the properties in the 26th Ward of the City of Pittsburgh owned by Willie Lee Brown & Lena Mae Brown, husband & wife, and/or their heirs successors or assigns and designated as Block and Lots: 45M-76, 45M-161, 45M-162, 45M-163 and 45M-164 in the Deed Registry Office of Allegheny County for the Fair Market Value plus all necessary and incidental expenses, under the Neighborhood Housing Fund, said property having been certified as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh. These properties are being acquired for the third phase of a housing development in the Charles Street Valley known as Gibson Green. These properties are part of a housing site on which four single-family dwelling units will be constructed. The developer for this phase of the project is J.E.C. Builders, in cooperation with the Charles Street - Kirkbride Area Council.

Also,

No. 1894 Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire that property in the 26th Ward of the City of Pittsburgh owned by Benjamin Scott & Essie Scott, husband & wife, and designated as Block and Lot 45M-74 (2526 N. Charles Street) in the Deed Registry Office of Allegheny County for the Fair Market Value plus all necessary and incidental expenses, under the Neighborhood Housing Fund, said property having been certified as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh. This property is being acquired for the third phase of a housing development in the Charles Street Valley known as Gibson Green. This property is part of a housing site on which four single-family dwelling units will be constructed. The developer for this phase of the project is J.E.C.

Builders, in cooperation with the Charles Street - Kirkbride Area Council.

Also,

No. 1895 Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire that property in the 26th Ward of the City of Pittsburgh owned by Ruth D. Artemus and/or her heirs, successors or assigns and designated as Block and Lot 45M-71 (2532 N. Charles Street) in the Deed Registry Office of Allegheny County for the Fair Market Value plus all necessary and incidental expenses, under the Neighborhood Housing Fund, said property having been certified as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh. This property is being acquired for the third phase of a housing development in the Charles Street Valley known as Gibson Green. This property is part of a housing site on which four single-family dwelling units will be constructed. The developer for this phase of the project is J.E.C. Builders, in cooperation with the Charles Street - Kirkbride Area Council.

Also,

No. 1896 Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire that property in the 10th Ward of the City of Pittsburgh owned by Donald Wilson & Eva Wilson, husband & wife, and designated as Block and Lot 50H-215 (428 Wicklow Street) in the Deed Registry Office of Allegheny County for the Fair Market Value plus all necessary and incidental expenses, under the Residential Land Reserve Fund, said property having been certified as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh. This property is being acquired by the URA for the purpose of assembling a housing site for

the construction of a single-family dwelling unit. The site is being marketed to potential purchasers by the Bloomfield-Garfield Corporation.

Also,

No. 1897 Resolution approving execution of a Contract for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and Neighborhood Housing Services, Inc. for the sale of Block 23L Lot 236 (1204 Lorraine Street), 22nd Ward, for \$1,300.00 - Residential Land Reserve Fund. The property is being acquired following certification as blighted property by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh. The redeveloper plans to rehabilitate the existing residential structure. Neighborhood Housing Services, Inc. is a Pa. non-profit corporation. The officers are: Dorothy M. Richardson, President; Brack M. Barr, Jr., Vice-President and Steven P. Roberts, Executive Director.

Also,

No. 1898 Resolution approving execution of Contracts for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and various redevelopers for the sale of various properties in the City of Pittsburgh (URBAN HOMESTEADING REHABS).

Which were severally read and referred to the Committee on Planning, Housing and Development.

Mr. O'Malley presented

No. 1899 Resolution providing for the issuance of a warrant to Emma Meskunas, c/o Samuel R. Sciallo, Esquire, 1706 Law & Finance Building, Pittsburgh, PA 15219, in the amount of

\$1,480.88 in full settlement of a claim for injuries sustained when Plaintiff's foot was caught in a loose board on the boardwalk parallel to Bauldauf Street in the City of Pittsburgh causing her to fall, payable from Code Account No. 46, Judgments.

Also,

No. 1900 Resolution authorizing the periodic issuance of warrants in favor of the Commonwealth of Pennsylvania to pay the City of Pittsburgh JTPA Program share of the statewide on-line computer system cost for the period July 1, 1986 through June 30, 1987, at a cost not to exceed \$35,299.00, chargeable to and payable from the JTPA-1 Trust Fund, federal funds.

Which were read and referred to the Committee on Finance.

Also,

No. 1901 Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire all of the City's right, title and interest, if any, in and to publicly owned property in the 12th Ward, City of Pittsburgh, designated in the Deed Registry Office of Allegheny County, Block and Lot 125-D-29 (1021 Gerrit Street), for the sum of \$1.00 plus all necessary and incidental expenses.

Which was read and referred to the Committee on Planning, Housing and Development.

Mr. Wagner presented

No. 1902 Resolution transferring the sum of \$100,000.00 from Code Account 41, Refunds-Real Estate Tax, Department of Finance to Code Account 1461-1, Premium Pay, Bureau of Fire, Department of Public Safety. This

transfer is necessary to cover premium payroll for the remainder of 1986.

Which was read and referred to the Committee on Finance.

Mr. Wagner moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Pollock seconded the motion.

Which motion prevailed.

Also,

No. 1903 Resolution authorizing and directing the City Controller to create a special trust fund, to be designated as the Microfilm Permit Plans Trust Fund, for the deposit of fees paid by Bureau of Building Inspection permit applicants to cover costs associated with the microfilming of plans, and all expenses associated with microfilming of said plans.

Which was read and referred to the Committee on Public Safety.

The Chair presents

No. 1904 Communication from Thomas Flaherty, City Controller, submitting an estimate of the Probable Revenues the City of Pittsburgh may anticipate for the General Fund for the year 1987, the Estimated Revenues for the year 1986, the Revenues Received for the year 1986, and a comparison of the 1987 Estimated Revenues with the 1986 Revenues Received.

Which was read, received and filed.

REPORTS OF COMMITTEES

Mr. O'Malley presented

Bill No. 1905

Report of the Committee on Finance for November 26, 1986 transmitting sundry resolutions to Council.

Which were read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1811

A Resolution entitled, "Resolution providing for the issuance of warrants in the aggregate amount of \$7,000.00 in full settlement of a claim for personal injuries by Garrick Clark, a minor, and Anne Clark, his mother and natural guardian, and Anne Clark in her own right, and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
	(Pres't)

AYES 8 NOES none

And there being two-thirds of the

votes of Council in the affirmative, the bill passed finally.

Also,

Bill No. 1812

A Resolution entitled, "Resolution transferring the sum of \$105,000.00 within Code Accounts of the Department of Law."

Which was read.

Also,

Bill No. 1813

A Resolution entitled, "Resolution providing for a Contract or Contracts or use of existing Contracts for the furnishing, delivery, and installation of a cardiopulmonary resuscitation (CPR) learning system for the City of Pittsburgh's Safety Program; and providing for the payment of the cost thereof."

Which was read.

Also,

Bill No. 1814

A Resolution entitled, "Resolution Repealing Resolutions, approved on various dates, for sale of properties in various Wards of the City of Pittsburgh, in accordance with Act No. 171 of 1984."

Which was read.

Also,

A Resolution entitled, "Resolution providing for the filing of a petition or petitions for the sale of certain properties, acquired at tax sales in

accordance with Act No. 171 of 1984."

Which was read.

Also,

Bill No. 1856

A Resolution entitled, "Resolution authorizing the transfer of Seventy Three Thousand Five Hundred and Twenty Five Dollars and Fifty One Cents (\$73,525.51) from the 1983 Community Development Block Grant Program to the General Fund of the City of Pittsburgh for reimbursement of Salaries, Wages, and Fringe Benefits paid to employees in support of the City's 1985 Community Development Block Grant Program."

Which was read.

Also,

Bill No. 1857

A Resolution entitled, "Resolution providing for authorization and transfer of funds to the General Fund of the City of Pittsburgh for reimbursement of Salaries and Indirect Cost for the Community Development Block Grant Program."

Which was read.

Also,

Bill No. 1860

A Resolution entitled, "Resolution authorizing the transfer of the aggregate amount of Four Hundred Thousand (\$400,000.00) Dollars from the 1986 Community Development Block Grant Trust Fund, Code Account CDPR, Housing Authority Recreation Salaries, Project No. 4-10-10-0010-86-221-86-10 Index Code (430850) to the General Fund

of the City of Pittsburgh for reimbursement of salaries and wages paid to employees in support of the City's Community Development Block Grant Program."

Which was read.

Also,

Bill No. 1866

A Resolution entitled, "Resolution transferring \$10,000.00 from Code Account No. 1022 (102202) Salaries, Regular Employees to Code Account No. 1022-1 (102210), Premium Pay."

Which was read.

Also,

Bill No. 1870

A Resolution entitled, "Resolution authorizing the transfer of Two Hundred Thirty-Seven Thousand (\$237,000.00) Dollars from the JTPA-1 Trust Fund, Index Code 260307, to the 1986 General Fund of the City of Pittsburgh for reimbursement of Indirect Costs of the Job Training Partnership Act Program for Fiscal Years 1984, 1985 and 1986."

Which was read.

Also,

Bill No. 1878

A Resolution entitled, "Resolution transferring the sum of Seventy-Five Thousand Dollars (\$75,000.00) from Code Account 1461, Index Code (146100), Fire Salaries and Wages, Department of Public Safety to Code Account 1461-2, Index Code (146126) Fire In-Grade Pay, Bureau of Fire, Department of Public Safety. This transfer is necessary to cover In-Grade payroll for the remainder

of 1986."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
	(Pres't)

AYES 8 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Givens presented

Bill No. 1906

Report of the Committee on Public Works for November 26, 1986 transmitting two resolutions to Council.

Which were read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1708

A Resolution entitled, "Resolution granting unto Ron and Denise Daugherty, 108 Reese Street, their successors and assigns, the privilege and license to construct, maintain and use at their own cost and expense, an off-street parking

area on a portion of the unimproved Reese Street in the 19th Ward of the City of Pittsburgh."

Which was read.

Michelle Madoff:

I would respectfully request that a public hearing be established, in a display ad, for people in communities who are impacted and do not have the right to park; i.e. people living on Grandview Avenue are not able to park in front of their own homes because of the many restaurants and businesses up there. There are many houses across from apartment houses, people going to various --

The Chair:

Wait a minute, let me just cut you off for one second.

Michelle Madoff:

I'm on the bill.

The Chair:

I want you to discuss Bill 1708.

Michelle Madoff:

Mr. Chairman, correct me if I'm wrong, but doesn't 1708 pertain to, it was held once, to a person getting the right to park their car --

The Chair:

It pertains to a particular individual --

Michelle Madoff:

I'll raise my issue at the end of the meeting if you wish. I yield. Thank you.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also, with a **NEGATIVE** recommendation,

Bill No. 1835

A Resolution entitled, "Resolution amending Resolution No. 18, approved January 21, 1983, entitled: 'Authorizing and directing the Bureau of Cable Communications, Department of Public Works to broadcast all of Council's Regular Legislative Sessions, Standing Committee Meetings,' by providing for the broadcast of all public hearings, except Zoning hearings." —
(SPONSORED BY MR. WAGNER)

Which was read.

Michelle Madoff:

I feel very strongly that this bill should be supported. I have introduced the same bill year after year, since we've been cablevised. As a matter of fact, the initial bill to cablevis Council meetings was my bill. But let's tell the

truth, let's tell it the way it is; the action doesn't happen when the City Clerk reads "Bill No. 1835, recommending, etc., transfer of code account, etc." We turn off the public, we bore them to death, and that's almost the game plan.

Where it really happens and where it's important is when we have a hearing such as the Herr's Island hearing or when we have a hearing on Paramedics or when we have a hearing when some member of this Council has been unable to get information such as the information I have worked for 7:30 this morning, and the reason I apologize for being a little late and getting into session today, to put a letter together that I'm going to read into the record later. Important information, that the public is entitled to know what is really going on. And if the public is listening to me at this point, please, all you're hearing is the reading of a bill and the voting on the bill, and you don't know what constituted or thought necessarily went into that bill unless you heard debate, unless you heard why a bill is held for a couple of weeks, what the problems are, the what the differences opinions are, and I think this Council is a much better Council than it has ever been before because we agree to disagree without being disagreeable and the President is treating me very courteously and not fining me for which I thank him today.

But it is important that the public really understands what is happening and the action does not take place on final vote, the action does not take place when we go through the bills at the Wednesday meeting which is the financial meeting. The action takes place in two places only and that is at post agendas and the action takes place when we have a public hearing. Ninety percent of the time that we have a

public hearing, when we're having a hearing on problems in a community, that community will be taken care of because the wheel that squeaks the loudest gets greased. And nobody else or other communities that have been suffering the same indignities do not know that they too can come here and be heard. And 90 percent of our hearings would not be necessary if we were aware that the community is up in arms, wants the services they're entitled to for which they pay their taxes.

Thanks to people like Sophie Masloff and Mr. DePasquale and I'm not sure who else, maybe Mr. Pollock, the other day the issue of citations on garbage came out. The Mayor has, I believe, done the right thing by putting that matter to rest by saying that it was a confusing day.

I think the public has the right to know if that were discussed at a post agenda meeting as to how we're going to pick up garbage on other days, other mechanisms, other ways. There's a letter to the editor and a recommendation today that should be discussed. Perhaps we could have a post agenda on this.

Those kinds of hearings, unless this Council votes to hold the same, meaning the post agenda, is not open to the public's purview. You really don't have real access to government. All you get is what the media chooses to publish, has room to publish, and time to present. If you want to really watch this Council gavel to gavel, then we must include post agendas and we must include public hearings. Now that presents some problems in time when we have people who are going to go on repeating themselves 20 minutes, 20 minutes, 20 minutes, 20 minutes. We can do what my good friend and colleague, Mr. Wagner, has suggested over and over again, and

that is set a format for conducting a post agenda and we would all adhere to that. It should be a reasonable one. Whoever is asking for the post agenda should chair that post agenda. No one should be allowed to talk for more than say 10 minutes on the subject at any time without relinquishing the floor; that would be Robert's Rules. Or we could use the format that is used in the Congress and the Senate when you have 30 minutes for discussion and a colleague may say, "May I have two minutes?" and you yield two minutes to the colleague and then it goes back to the original presenter of the legislation, someone else is allowed five minutes of that time until the time allotted is used up.

We are bright enough in this Council to structure post agendas and public hearings and I think even though I have disagreements with the Chairman, I believe the public hearing format should provide for interaction prior to the testimony as opposed to after the testimony when everybody has gone home. Nevertheless, it's 100 percent better than it used to be and I think under the leadership of this President, if he keeps an open mind, Mr. Woods could, if he wanted to, structure post agendas in such a way that they were productive, they were constrained, they got to the issue, we went by Robert's Rules, kept the dialogue to 10 minutes per person before you relinquish the floor, you come back, and the public would really then know some idea of what goes on at least in front of the scenes, because a lot more goes on behind the scenes. And I urge my colleagues not to keep information from the public and to support this bill because you're exempting the zoning things which — unless, of course, on important zoning we can vote five to have it cablevised anyway.

But when we have a hearing where

two people are here in favor and nobody objecting, I don't show up. I don't show up because I'm out trying to find out about some very important issue that's going on, a water leak or something else. I can't be everywhere and I can't be Xeroxed. There's only so much time all of us have to address all the business of this City. But I think it would be very productive to support Mr. Wagner on this bill and I urge my colleagues not to hide information from the public, because if you vote against it you're saying we don't want a) to take the time to be here; b) we don't care enough about you knowing; and c) we're not bright enough to structure it so it can be done in a way that we will not abuse the time allotted to us.

Mrs. Masloff:

Mr. President, I want to reply to that. Any hearing that we have we can vote that it be televised. We're not hiding anything from anybody. All we're doing by televising every meeting is opening the doors to a lot of people who want a public forum. That's all we're doing. And we'll be sitting here day after day after day with all kinds of crackpots, so I think it's wrong. Any kind of a meeting that we want to televise, we can. We can vote to televise it if we consider it important enough. So, I'm not going to vote for it because I think it's just taking up a lot of unnecessary time.

Mr. Wagner:

Mr. President and members of Council, first of all, I'd like to bring my comments forward for the record from last Wednesday's Committee Meeting on Bill No. 1835.

I'd just like to briefly summarize the points that I made last Wednesday, of which that number one, that the public pays for the Bureau of Cable

Communication. True, Government did establish that bureau; however, five percent of the gross or proceeds paid with the cable bill goes towards the operation of the Bureau of Cable Communication. As a matter of fact, there is a recent increase in salary; excuse me, a recent increase in the cable cost to the public of which this Council has nothing to do with anymore. That ability was taken away from us well over a year ago, which means that I believe that slightly more dollars would be going to the Bureau of Cable Communication and the potential exists for the public to be getting more in terms of service with the televising of public hearings.

As you know, this Council Chamber only holds 200 people based on the sign that is up there on the wall; we have 85,000 to cable communication. Those 85,000 could tune into a public hearing if this Council did not choose to televise that particular public hearing.

It was mentioned at the Council meeting the other day that we have not turned down the televising of public hearings. We did a little research in the record and we found out in fact we did turn down several public hearings. Ironically, one was on the televising of public hearings back about a year ago. We had a public hearing where several members of the public came in front of Council and wanted to be heard and they wanted that to be televised and we chose not to televise it.

A couple other points, as indicated, this does not include all hearings. It excludes zoning hearings which is a significant portion of our hearings. Therefore, we would not overburden the Bureau of Cable Communication and the public hearings in general pertain more to city-wide issues. There would not be any additional cost involved, as Brother Richard indicated the other day, and as a

matter of fact, if this were done properly, it could help in terms of scheduling public hearings because they could really only televise public hearings three Tuesdays a month and they would know in advance far better with this legislative change than they have in the past when a public hearing is to be televised.

Most importantly, it would put all public hearings on an equal status to be televised or not to be televised, and I think that's very important that government provide an equal status to all types of situations, particularly when it comes to public involvement such as a public hearing.

Finally and lastly, I'd just like to state that we could try this and if we found it in any way to be burdensome, in any way, to create additional public hearings, Council could always amend the resolution again. And the fact that we've never tried it and the Bureau has been in existence for approximately five years, I think in itself, is justifiable reason to give it an opportunity.

So, for that reason I support Bill No. 1835 and I'm hopeful that the majority of you will also.

Mr. Pollock:

I would like my comments brought forth as well. I don't see any need to rehash everything that I said previously and I think the point has been belabored. I would just ask that before my colleagues vote, that they consider the significant number of senior citizens, invalids, people with young children at home, and other people who are unable to come down to attend these hearings who are effectively being denied the right to see them.

Michelle Madoff:

Mr. Chairman, the last point is that I'd like to respond to my colleague, Sophie Masloff. She does an excellent job, and has done an excellent job in all the years of getting cable to where it is. She and I have taken exception to things that have been wrong with the cable, such as when we had, what she just referred to as the crackpot types going on and abusing some of the cable access lines. But I would rather have that than infringing on the First Amendment.

Secondly, there is an advisory committee that can deal with the element who has access to another cable line that is not the Council line. We are not saying that every public hearing is held by crackpots. I don't think Councilwoman Masloff even meant to imply that. I would say that 99.99999 percent are public hearings that every member of this Council is vitally interested in.

Furthermore, a post agenda, even when I feel that there is a colleague who rambles on and he feels that I'm disruptive and we personally may have our disagreements, I still respect his right to hold a post agenda and his right to have his concerns viewed. But I do think there has to be some constraint on time. I don't think you can have two hours of the public's dollars being given for someone who wants a platform or a public soapbox. But if good people of good will, and I repeat that, if we elected officials acting as ambassadors of good will, working with the President of Council, the Finance Chairman, and particularly with the Committee that introduces bills on cable, and Sophie Masloff who handles the Cable Committee, sits down and works out a formula where, say, we allow an hour or an hour and a half maximum, for a post agenda hearing. Most of my post agendas are 10 or 20 minutes. I think

occasionally we've had one that's been an hour but that was because everyone stayed and was vitally concerned. And I believe we voted, in some cases, to cablewise those.

If there's a formula set where an issue is limited in time to be discussed, for the first time the public who cannot get here, those hundreds of people who have cable at home who cannot come here, the elderly or those who have jobs, they can watch it tonight and see who the cast of characters are, can see who the department heads are, can see who shilly-shallys on giving answers, can see who is willing to deal with the issues, who represents the Administration, who represents departments heads and works for their tax dollars. And we're keeping this information from them and I don't think that is a government that exemplifies what this country stands for.

So, the excuse that every crackpot would go on or the excuse that it is too costly is a non-excuse. We can curtail and come up with a formula that would be one that we could all live with.

Mr. DePasquale:

Mr. President, if we vote this resolution down, Council still has the right, or a Councilperson, to, in the form of a motion, ask for a special hearing to be televised?

The Chair:

Yes.

Michelle Madoff:

Not post agendas.

The Chair:

No post agendas.

Mr. Givens:

I don't want to go into it but I think last Wednesday this Council, those that were present, had discussed it. They brought the director, the Bureau Chief, Brother Richard Emenecker, before the Council and he indicated to us, and I had many long conversations with the Bureau Chief indicating that if Council does this, that they're going to have to cut in to many worthwhile programming that they have on Channel 17.

Secondly, we do have radio media covering our Council sessions and hearings and budget deliberations, and I appreciate that. We also have the written media here, both major newspapers and many other newspapers that pop in for special interest type of articles that they want to write in regards to what the Council is discussing.

So, it's not like we're in a vacuum, and the same Channel 17, Mr. President, publicizes all of our public hearings, etc., for those people who want to come down. Plus, we also have a Municipal Record and complete dialogue of every meeting we have, every word that has ever been spoken in this Council. So, if anyone is interested, they have a multitude of media to go to and based on the Director's indication to us that if we do this, it's going to hurt other programming in the City, and I think until that is satisfied — A lot of that programming is new; once it gets on and they can it and they can pull it off the shelf for later participants and people who work for the City, etc., and I think the fact that we've received a national award because we have a balanced presentation of a governmental channel. And what you're saying here, if we do this thing, we're going to have an out-of-sync correlation to the meetings.

As the past president, Jeep DePasquale, indicated, we in this Council have that opportunity when we feel it necessary to have it publicly broadcast, or telecast is the word that the Director wants us to use, telecast. And we do that. And I don't know of anyone that came and appealed to this Councilman or any other Councilman other than the exception of maybe one or two where they have been denied an opportunity to view it.

Thank you, Mr. President.

Michelle Madoff:

I am very, very distressed. You know, I've really been trying to keep a little lower profile and trying not to get angry and to show my anger, and I am very angry and I am very distressed.

It is very evident that this Council is going to vote against Mr. Wagner's resolution, one that I had proposed, one that the public has asked for a public hearing which was not even covered. Many times the media is at a hot story and doesn't cover some of the things happening at post agendas that turn out to be vitally important in our votes.

It is very obvious that this Council, by virtue of voting against this bill, is saying that we do not want to give the public access and covering that by saying, "Well, we can always vote if we want to put something on by a vote of majority." Well, the fact remains that we don't get those votes. The same way we're going to be defeated today when there's something important that a member of Council feels the public should be aware of, that will be voted down and I think that's a very sad commentary on democracy and on this City and I am very disappointed.

Mr. Givens:

I'd like my remarks and that of Brother Richard to be brought forward please.

Mr. O'Malley:

I'd like my remarks brought forward, please.

(MR. GIVENS', MR. WAGNER'S, MR. POLLOCK'S, & MR. O'MALLEY'S REMARKS ON BILL NO. 1835 FROM WEDNESDAY, NOVEMBER 26, 1986)

Mr. Givens:

Discussion. As the Chairman of this particular Committee, if I might, Jack, talking to Brother Richard, if we are to broadcast, televise all the public hearings that we have coming before this Council, then he — is Brother Richard here? Come up to the table, please. We are just not going to have enough of staff. We have a very limited staff as all of you know, and to do the things that we would like to do and especially Channel 17, some of that include a little bit more Councilmatic participation. But if we want any Councilmatic participation in the coming years, if we do this right here, we are not going to tax the working force on our Cable Bureau to the point where the Director will not accomplish a lot of things and goals that he has set forth for this particular Bureau. And with that, Brother Richard, maybe you could elaborate a little bit on what affect this will have if we telecast all public hearings in the City of Pittsburgh.

Mr. Pollock:

Point of order. I think that's called leading the witness, isn't it?

The Chair:

But you're allowed to do that here.

Brother Emenecker:

I didn't realize I was a witness. The current situation is that if City Council votes to televise a public hearing, then we televise it. So, we are on a constant standby basis. About a week or so ago, you voted on a Monday to televise a public hearing held the next day on a Tuesday, so we had less than 24-hour notice. On Friday of last week at 9:30 in the morning, I received a phone call from the City Clerk's Office saying that Council has scheduled two additional speakers that afternoon, Friday afternoon at 2:00 p.m. And we were here and we televised it.

Which ever way you go on this, one of the situations I would urge you to address and to resolve would be if you vote to televise all the public hearings, that you schedule them on a more regular basis, and I would recommend the first, third and fourth Tuesday of the month at 10:00 a.m. My reason for that is that on Monday, Tuesday and Wednesday, I know that our primary duty and responsibility is to televise whatever Council has scheduled. The cameras that we use here we also use upstairs in the studio, so it makes it easier to schedule things in the studio or outside on Wednesday afternoon, Thursday and Friday. If that is not possible, if you could give us as much notice as possible, if you could give us as much notice as possible as to when a public hearing is going to be televised, if you still want to do them on an individual basis.

This year, we did six public hearings. The shortest one was an hour and a half. And the longest one was about 4 to 4-1/2 hours. Six is not too many. I don't have any difficulty with that. I don't have an overall difficulty with responding to this resolution if you said that you were all in favor of it.

Right now that standby basis is a little bit difficult to deal with because we need to schedule our resources efficiently and effectively and if we schedule outside productions and we schedule third and fourth parties to come or are shooting on location. We have to be ready to cancel all that and respond to your needs. We still deal with Council as a body. This resolution deals with Council as a body. As far as what Mr. Givens is referring to, individual Councilmembers in the future, we haven't yet addressed that issue, and Council has not yet addressed that issue. We can respond to this one either way, but the resources are limited. If we don't do a public hearing, we definitely are going to be doing something else.

Mr. Wagner:

Brother Richard, could you explain to Council and to the public where the Bureau of Cable Communication gets its funding and what percent that funding is from the overall picture of things?

Brother Emenecker:

The funding for the Bureau, all of the funds to operate the Bureau, the Administrative section, the regulation section and the utilization section come from the franchise fee paid by the cable incumbent to the City. And that fee is based on five percent of the companies gross revenues. Out of that fee, we pay for the staffing, capital, operating expenses, benefits, indirect costs as we voted to reimburse the General Fund. By City ordinance, no general fund revenues can be used to offset the cost of Cable Bureau operations.

Mr. Wagner:

So, in essence, what you are saying just to clarify is that the five percent

funding comes from those that subscribe to PTCI and those that subscribe to PTCI are in essence the residents and the public in the City.

Brother Emenecker:

Yes. There are 85,000 subscribers to the system. Since Channel 17 is on the lowest level of service, that means all cable subscribers get that channel.

Mr. Wagner:

That's 85,000 users. At the present time as it relates to Council, am I accurate in saying the only time that the public really participates in a Council meeting of any type is when Council chooses to individually vote to televise a public hearing.

Brother Emenecker:

It seems to me that's a question better asked of Council because you are asking me about the rules of Council.

Mr. Wagner:

Well, I mean in terms of what Council has requested from the Bureau of Communication in the past, is there any other opportunity for the Bureau of Communication to participate in televising matters pertaining to City Council and City Government, other than a public hearing?

Brother Emenecker:

Other than your Legislative and Standing Committee Meetings of Monday and Wednesday, no.

Mr. Wagner:

Okay. I bring up that point for a reason. Does the public ever have the

opportunity in communication with Council to participate in any type of telecast other than a public hearing?

MR. WOODS COMMENTS

Mr. Wagner:

Let me clarify. In terms of having dialogue with all members of Council and not only them as an individual having dialogue, but that dialogue being shared with all people that have cable TV in their homes and are paying for it and are actually paying for a Council hearing, whether it be a public hearing or whether it be this Council hearing today. The people actually watching this today right now are paying it, and it's very important and very clear that they understand that and the public understands that. The point I am trying to get at is Council publicly only participates in any dialogue with the public at public hearings. We don't have post agendas of which they are public but they are in this Chamber. The public can come in here, but they can't tune into a post agenda. Zoning hearings, unless we choose to televise them or a public hearing unless we choose to televise them, individually, there are a lot of requests of televising specific individual public hearings, and it's up to this Council now to vote on which hearings are televised and which hearings are not televised. I don't think we have a fair procedure that applies objectively to all public hearings; meaning that if one group requests a public hearing and they want it to be televised, it may or may not, depending on the wish of Council. If another group requests it, a different procedure may apply, and I think it's very important if they are paying for the televising in the Bureau of Cable Communication that there is a fair procedure that is applied equally across this board. And this Council does not subjectively determine which hearings

are televised and which hearings are not televised, and that is the whole purpose behind this resolution. Because in essence, they are paying for public communication through the Bureau of Cable Communication.

So, in essence, the intent of this Resolution is to take away the subjectivity to Council when it applies to public hearings. I have put several motions in the past forth to televise public hearings, most of which have passed, some of which have not passed. Other Council members have done the same. I have no good explanation to the public when they request from me to televise a public hearing and it is denied by this Council. And the whole point behind the amendment in this resolution and my intent is to have fairness apply to all public hearings. And I think if the public is paying for this service, then they should be able to tune into a public hearing. And that is the only time that the public has the opportunity to have dialogue with Council as a body and I believe that the public should be able to view that dialogue.

Mr. Givens:

Yes. I have two examples. This week we have two public hearings and the people come to my office and they wanted to have a public hearing so I advised them as all of us do to get 25 signatures for a public hearing. And it could be considered as Pittsburgh in scope, but it was really not. One was on the skateboard, for example. That got plenty of coverage in the local newspapers, etc., and it was very local because it changed — the thing of that particular hearing was that they wanted to modify and bring up to speed what was happening to themselves in the public and the police and building inspection and everybody was befuddled. What it really required was a change of our

ordinance, a modification to bring in skateboards and how they would be able to work in with traffic and pedestrians on our right-of-ways. But that didn't have to be telecast because they were asking for a change and an update in the ordinance which was minor in nature.

Secondly, very local, was the Beer World situation out in East Liberty which is very local in nature and they just wanted Council to be aware of it and lend our support and a few other things. And yes, that could apply to the whole City, but in this particular case, I don't believe it did. In fact, there was no action that this Council could take. But they wanted to get our ear as a group in a formal setting. It did not have to be telecast.

Brother, you indicated how many public hearings that we have had so far?

Brother Emenecker:

Six. I have them listed and the dates if you want me to review it.

Mr. Givens:

No.

Brother Emenecker:

Six that were televised.

Mr. Givens:

How many public hearings did we have then, Mike? I might just throw that up to you.

Mr. Perry:

I would say that we average around 75 a year.

Mr. Givens:

Okay. That is 75. I would submit then Mr.. President if we go then to televise every public hearing in this Council, that that figure of 75 will probably jump up to --

Mr. Pollock:

Point of order. I think he is including the zoning ones in that 75.

Mr. Perry:

Well, that's a public hearing.

Mr. Pollock:

He's excluding the zoning in this bill. The bill excludes zoning. So, how many non-zoning ones?

Mr. Perry:

I can't answer that.

Mr. Pollock:

Zoning has to be half of them I would guess.

Mr. Givens:

Okay. Even if we go down to 45. We televise six and we come back and I would assure you, Mr.. President, then would come a format for just anything that anybody would want to discuss that might be local in nature and just asking this Council for their ear and support, and they know they can get all nine of us here at this table in a short period of time and bring whatever expertise they want to, rather than trying to go down those halls there and pigeon whole nine different Councilmen. You know how hard that is to get nine different Councilmen. It's very difficult for anybody that is in this room. It takes, you probably a week or maybe better to get nine Councilpeople to sit them down

in their offices for a 30 minute period because of those schedules that all of us are under.

So, again, I just appeal, not because I don't want to televise, but I think it would put such a burden, workload on the cable people that they are not going to get anything else done. I think that is very important. We do have a \$280 million budget that we are talking about right now. If you bring in the capital improvements on that CD budgets and authorities, we are talking about \$400 million. There is so much that the people have to know about City Government and of all of the programming for the various programs that we have here in this City. That has to go over that Channel 17, and if we go into that time, then the people are not going to be informed so it becomes a judgmental factor as to what goes out on that Channel 17, and more and more people are viewing it, but they want to know how to purchase some real estate and when the courts are in sessions and they want to know how to get a marriage license, maybe. They want to know so many different things, and it comes over this one channel, and in talking to Brother Richard, said sure he will do it for this Council because we have number one priority, but to do that, he is not going to be able to do everything else.

And may I remind this Council that a couple of weeks ago this Cable Bureau received national acclaim by national recognition of one of the finest programming, including this Council viewing, and the balance of that viewing. Meaning that Council was on their a sufficient amount of time, plus everything we debate right here. We do have other means of media. We also have radio which is in this Council Chamber all of the time. We also have post agendas and everything else and we also have the written media that is in

here covering our actions and inactions as some people might attest to.

That is all I have, Mr. Chairman. My recommendation on this right now would be either to hold it until we really study it, or I would ask that Council not vote for this because the impact it's going to have. I'll be back up here, I guarantee you, in four or five months, asking that we not do this. And to put that signal out to certain people that we are going to broadcast every public hearing and then have to pull it back in again. It's just like putting a tax on somebody. Once you initiate it, you will never never get it back.

Mr. Pollock:

First of all, Brother Richard, it would actually be more convenient and easier for you to schedule if you knew and worked this out with the President that Tuesday morning there would be public hearings, and you would not have to wait until Monday to see if we said televise it the next day. You could work your schedule much easier knowing that any public hearings will be scheduled at Tuesday at 10:00 and so forth.

It's no secret that since I have been on Council that I have supported greater openness, and that's not the issue here, but in a way it is. What everyone is failing to consider and hasn't mentioned yet is that we have a public hearing and there are generally more people observing it than there are speaking, with few exceptions. If that public hearing is not aired, as we described most aren't, then we are depriving the vast majority of the public from seeing what we do here and what citizens say.

Mr. Givens cited the two most recent examples of the skateboard and Beer World, and he called them local issues. Well, I submit to my colleagues

that those were not in fact local issues. Skateboarding is a problem all over the City. I get calls from all over the City. There are young people who skateboard all over the City. There are senior citizens and others who have complaints about skateboarding all over the City. That was a City issue. That should have been aired. Secondly, the Beer World, that is also a City issue as came out in the hearing. The company that is putting the Beer World in is thinking of doing this all of the City of Pittsburgh. I think we will have another public hearing on another Beer World, and in fact, if we did air these, they might cut down the number of public hearings.

The point I am making is if people can't come down here to this Council, as the vast majority can't because of work, school, because of physical disability, because of care for children at home, because of costs, parking and transportation, then they are really deprived of seeing something that their government does.

If you exclude the zoning hearings, you are talking about an extra maybe so far this year 20 or 25 hearings which would not be very long which could be held right after each other and I think it would be doing a service for the citizens of the City of Pittsburgh. And as I said earlier, it probably would be more convenient for you.

Mr. Wagner:

I just have one other question for Brother Richard.

Brother Richard, could you handle it if it were scheduled on Tuesdays at the time without any additional cost or any additional dollars necessary for your budget?

Brother Emenecker:

Take that last part of that first. There are not going to be any additional dollars, so I have to work within the five percent franchise fee. Again, we would just simply have to shift the priorities. Looking back over the record, we did six this year, not counting budget hearings. From the second week of November until the end of December, we don't do anything other than budget hearings. We squeeze a few things in here and there, but you have us almost 100 percent of the time. but it was six hearings this year, six hearings in '85, and six in '84. So, the three are averaging the same. Now, we are at a point where if you change it, I don't know what it is going to be like. I hear 25. Well, that is one every other week.

MR. WOODS COMMENTS

Mr. Pollock:

But many you schedule back to back and they blend into one.

MR. WOODS COMMENTS

Brother Emenecker:

You are really getting down to then one a week, and that's why I was asking if it's going to go through as written, we are talking about — I've already made a commitment to televise the monthly meeting of the Cable Advisory Committee on the second Tuesday evening. If you require us to be here on Tuesday morning, then I am into an overtime situation which I don't really like. If you are going to go forward with it, and it's your choice, obviously, a more regularized schedule would be beneficial to us, and we could then make sure all of our resources are efficiently committed.

And there is another issue there and that is if we are going to televise public hearings, when you tell us on

Monday you want it the next day, we put a message up on the screen Monday afternoon that it's going to be televised the next day, but that's not much notice for anybody watching Channel 17. We obviously would like to give the viewers as much advance notice as possible.

We will serve you whichever way you want. It remains to be seen whether we could handle 25, 30 or 40 more in a given year. Obviously it's something that — if we do that, we can't do something else, and we are getting a lot of requests from departments to do more informational programming for them. So, it's trying to achieve a balance, but you have first priority, even if you give us 24 hours or less notice.

Mr. Wagner:

As a follow up to your comment, the fact that you are on standby, I don't think is good. And maybe even if this ordinance is not passed, Council should have some requirement of notification with a time period to let us know rather than it being 16, 20 hours. On a Monday afternoon we vote on it for Tuesday morning. There should be some type of time frame so that you can properly schedule and can properly notify the public over the cable channel that there is going to be a televised hearing.

Brother Emenecker:

Well, we can be on a standby for six a year. I'm afraid if you keep up on standby and it escalates to 20 or 40 a year then I think I would have to come to Council and say that I think we have a real problem here. At this point, we don't have a problem from our perspective.

Mr. Wagner:

Well, this would correct the

standby issue. It would and it could identify certain days which public hearings were televised. And the ordinance could be amended to include that. The ordinance could also be amended as you indicated that there is an over abundance of time commitment between the time the Mayor introduced the budget until Council passes the budget where possibly we would not have televised public hearings due to the commitment of Bureau of Cable Communications. If the need to do that existed. But the point I want to make in summing up this legislation and the reason behind the legislation is that again the public pays for the Bureau of Cable Communication and the capacity of this Council Chambers written right here on the wall is 200 persons. And if there is a public hearing and that public hearing is not televised, we have 85,000 subscribers, and there is another 84,800 that can participate by turning on the television to Channel 17.

Brother Emenecker:

Well, probably more than that because that is 85,000 subscribers and you can have two or three in a household.

Mr. Wagner:

So, we're talking about 200,000 can take part in it.

MR. WOODS COMMENTS

Brother Emenecker:

If they buy HBO.

Mr. Wagner:

So, therefore, we -- really what I'm talking about is it opens up the government process of public hearings

and you bring the people closer to City Government. And I personally think that is good. The far majority of public hearings pertain to issues that apply City-wide. Even some of these minor issues that apply City-wide. Even some of these minor issues that appear to be localized are really not localized. Those are issues that the public in general wants to know about. They want to know what Council thinks. I feel that if there is a way in which this can be worked out, and I have a feeling that it can be worked out, and it will not cost any more, it will bring an equal status to all public hearings, except zoning hearings, because zoning hearings are localized hearings. A zoning hearing pertains to a parcel of property in a particular neighborhood, and generally if there is people in favor or opposed, it's from that neighborhood and from that neighborhood only whereas the public hearing applies more to a City wide issue. It will bring an equal status to all public hearings. We as Council will not determine which ones are televised and which ones are not. So, I would strongly recommend to my colleagues to give this fair consideration for approval. If there is a need to amend it to address some problems of timing, I'm sure that could be done, and I would entertain any amendments.

The Chair:

Well, if I might have the floor for a minute. I would urge my colleagues not to support this piece of legislation for a number of reasons. One, the procedures that we now follow I think are adequate and that is any member of Council can recommend that a public hearing be televised, and with five votes, every public hearing can be televised, and to my knowledge, any request that we have received from a community group has been televised.

I think the cost of televising every public hearing would be prohibitive. Let me give you an example why I don't think it's necessary. On June 10, 1986, we had a public hearing. We had a request for a public hearing to discuss the needs for resurfacing of Sickie Street in the 13th Ward. Now, that's a public hearing that I don't think needs to be televised.

(END OF REMARKS)

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Michelle Madoff Mr. Wagner
Mr. Pollock

AYES 3 NOES 6

VOTING NO:

Mr. DePasquale Mrs. Masloff
Mr. Givens Mr. O'Malley
Mr. Grabowski Mr. Woods
 (Pres't)

And a majority of the votes of Council not being in the affirmative, the bill was defeated.

Mr. Grabowski presented

Bill No. 1907

Report of the Committee on Planning,

Housing and Development for November 26, 1986 transmitting one ordinance and sundry resolutions to Council.

Which were read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1581

An Ordinance entitled, "An Ordinance amending the Pittsburgh Code, Title Nine, Zoning District Map No. 11, by changing: From "M4" Heavy Industrial District to "SP" Specially Planned District No. 2 certain property being the northeasterly portion of Herr's Island, 24th Ward by amending Chapter 973 by inserting a new Specially Planned District entitled "SP-2" Herr's Island."

Which was read.

Michelle Madoff:

On Bill 1581 which finally resolves a long overdue action on Herr's Island, now to be known, I believe, as Washington Slept Here. I really think we ought to keep the same name, Mr. Herr, who found the island, but that's another story.

But I think it's very important that this Council is finally in a position where we can vote for this bill without hurting either side but I would less like to give kudos to Mr. Ray Christman, the new head of the Urban Redevelopment Authority who replaced Mr. Paul Brophy. I think he did a yoeman's job and performed above and beyond the call of duty and really sat down and worked things out and I want to thank him personally.

Mr. Wagner:

Mr. President, in regard to Bill No.

1581, I would like my comments brought forward for the record.

(BEGINNING - MR. WAGNER'S
REMARKS - BILL NO. 1581 -
WEDNESDAY, 11/26/86)

Mr. Wagner:

Mr. Christman, in regard to — first of all, I'm happy there has been progress made but I'll never really be happy until I see people living and working on Herr's Island and I think we've just reached the point there we can begin to proceed hopefully in a logical fashion and begin to see some of the return of the taxpayer dollars that have gone into the island hopefully with the building of some new buildings. First of all, reaching this agreement whatever it is, and I haven't seen it yet, are we going to get a copy of this agreement?

Mr. Christman:

Certainly you will. What the parties felt was best when we concluded our discussions and signed the agreement last night was not to distribute the agreement to Council or any other party outside of the principals until such time that it was approved at the URA board meeting and made public. What I would volunteer to do certainly and I think representatives of the Buncher Company and the Northside group would support me on this is to meet privately with any member of Council and share with you the details of this agreement but I think it would be best to keep the written document to a limited number of parties until — which is just another two weeks away when the board meeting of the URA will occur and approval will be sought at that time.

Mr. Wagner:

So you will supply us with it after

the URA formally approves it.

Mr. Christman:

Certainly. At that point it becomes a public document.

Mr. Wagner:

I can wait that long and I'm sure Council can and I feel very optimistic about the bill today. I have a request though as it goes with Herr's Island. Due to the fact that Herr's Island has been a ten-year project to date and due to the fact that so many tax dollars have gone into it and will continue to go into it, I would like the URA to keep Council abreast on a monthly basis as to the status and development of that island. Even if it's a one-page memo or if it is a copy of the memo that is written as to the progress of the Northside Development Corporation, the Buncher Company, or whatever it may be on the project, we've put too much time and effort and too many dollars into this island. I believe Council should have a continual status report on the progress of the island as it's moving forward.

I believe you indicated previously that you hope to break ground over there soon on a building and hopefully we'll have some people actually working on the island in a year?

Mr. Christman:

I would think that — before the end of 1987 we might have some people working on the island.

Mr. Wagner:

Is it a problem to have someone on your staff send us a memo on a continuous basis?

Mr. Christman:

We'll make that a regular correspondence that we have with all members of Council — a monthly status report on Herr's Island.

If I could respond also to one of the points that you make in the beginning. I agree completely with your first comment. We still don't have any development on the island. All this is a framework or a process for getting there but I think it's still a big step because we didn't even have that before and I think now we have a chance to have the total development of the island occur in a coordinated way.

Mr. Wagner:

What is the realistic potential we're going to see residential development on the island?

Mr. Christman:

The proposal indicates that that is one of the three options for the Buncher-owned portion of the island and that immediately upon ratification of the agreement all parties will participate in a process to study the market for housing on the island and to determine its feasibility and I think we have basically a six-month time line for reaching a decision on that. At the same time, we'll be concurrently studying the other two options so that I would hope by mid-year 1987 we'll have a pretty good sense of what's possible and what's not on the lower end of the island, including residential.

Mr. Wagner:

Now what is the potential with this zoning change that there could be residential housing on the upper two-

thirds of the island at some point?

Mr. Christman:

The zoning change today does not — the zoning itself does not do anything to preclude residential on the upper end of the island but the current plan for the island does preclude that. The current plan for the island calls only for office, light industrial research and development uses on the upper end of the island.

Mr. Wagner:

If your market study indicates that residential development could be more successful than originally thought, is it still within the realm of possibility that a portion of the upper two-thirds of the land would be used for condominiums or whatever?

Mr. Christman:

My understanding of the specially planned zoning district which is what you're voting on is that it's a very broad kind of a zoning category that permits residential, industrial office — all those categories. So by voting for the rezoning to specially planned districts today on the upper end of the island does nothing to preclude or limit opportunities for residential on that site. The only thing required is simply a plan change at that point, so you would have a zoning classification in place to permit residential if that's your question.

Mr. Wagner:

Are you saying in essence that it depends a whole lot on the study?

Mr. Christman:

Quite frankly, we are looking at this study pretty much from the standpoint of the lower end of the island

where housing is called for now. It's hard for me to envision a situation developing where housing appears to be so dramatically called for and attractive that you would suddenly replan large portions of the upper end of the island but we've already had a number of surprises with this development.

Mr. Wagner:

I've always been of the opinion that it's a fantastic spot for that. Whether or not Buncher takes advantage of it or whether or not Northside development takes advantage of it, I don't know.

Mr. Christman:

Keep in mind that the Buncher-owned land calls for currently 200 housing units. That's a substantial number just right there.

Mr. Wagner:

I talked about marinas earlier. Can we be reassured this Council that we are going to see marinas on that island?

Mr. Christman:

Yes, you can be assured of that. The plan calls for a marina, a marina that would be the largest, the best, the most comprehensive marina along the rivers of Pittsburgh. We, in the agreement, call for a process to try and resolve the land ownership questions very quickly that would allow the URA to move on a marina RFP process and attract a marina developer in 1987.

Mr. Wagner:

And the potential exists if the demand is there to even be greater than is proposed.

Mr. Christman:

Absolutely. The plan for the island calls for ships to essentially surround the island if the demand is there.

Mr. Wagner:

My last question; it's been a hot spot for me. Does this plan, or are we in any way in this plan suggesting that we are giving the back channel to a rowing club?

Mr. Christman:

Let me try to explain where that proposal stands as I understand it. There is a rowing club in Pittsburgh that has been using the back channel for their purposes. They are associated with a number of local universities and private individuals and they are interested in acquiring land from us to construct a facility for their club and the planning we have done is attempting to coordinate this rowing facility into the marina development so that a minimum amount of land that would otherwise be used for a residential or a public use or an office or whatever would be taken up for this purpose. We're at the very preliminary stages of this discussion with them. We don't even know whether they're going to have the resources to pay the market rate for the value of the land as we're setting it so it's I think it's presumptuous to be optimistic or negative on it but again back to Mr. Givens question, if we decide to approve within URA this kind of a use of land on the island, it would come back to you and you would have to make a judgment as to whether you think this is a proper utilization of land and the return we're getting from it is an acceptable trade-off.

Mr. Wagner:

My concern is that we end up taking two-thirds of the back channel.

Mr. Christman:

We're not talking about anything like that in terms of numbers. I think we're talking about four acres for the marina and the rowing club being worked in there to take some percentage of that. Now I can't give you an exact acreage but I'm thinking of something that may be somewhere around an acre taken up by the rowing club facility if we go in that direction.

Mr. Wagner:

Number one, that would have to come back in front of this Council. Well, I feel comfortable with it then. I simply do not want to see the back channel given to a rowing club when the taxpayers of the City paid for that. It's one of the most beautiful areas along our riverbanks anywhere.

(END OF REMARKS)

Mr. Wagner:

I just want to mention again the request made to the Urban Redevelopment Authority of a monthly report on the status of development on the island. I think Council should be kept abreast of what is going on there; I know we have one member of Council, Mr. Grabowski, that sits on the URA board, but I think this project, because it involves so many taxpayer dollars, over \$20 million, and we've been talking about it for 10 years, there's a need for Council to stay abreast with what is proposed and what is happening there.

I also want to mention that we will be receiving some type of update because whenever they build there they'll have to come to Council for approval.

Mr. Givens:

I'd like my remarks on Bill 1581 to be brought forward, please.

(BEGINNING - MR. GIVENS' REMARKS ON BILL NO. 1581 - WEDNESDAY, 11/26/86)

Mr. Christman:

Well, I think I have good news to report. At least most people around this table will feel that I have good news to report. We have an agreement that has been reached between the Buncher Company, the North Side Civic Development Council and URA regarding the future joint development of Herr's Island, and this agreement is a signed agreement by all parties that will be made public in December at the URA Board Meeting where it will be ratified by the Board which is less of a legality than a legitimizing sort of action that we will be asking the board to take, and at that time, we will be spelling out in more detail the various steps that will be taken by all from the Buncher Company and the North Side Civic Development Council and their joint venture partner, Dick Ruminooff all of whom are in support of this agreement.

The points in the agreement include among others, that the Buncher Company does support the request before you for rezoning parcels D and E on the upper end of the island today, and we again ask your support and action on that matter.

Subsequent to that, development will move forward as we described to you before regarding parcel D and E, however, there will be participation in all likelihood by the Buncher Company on the upper end of the island and the development of the upper end of the

Island as well as a process laid out, a frame work for how we will resolve over a matter of months the final disposition of the land now owned by the Buncher Company. As we described to you before, there is a number of options before us, the development of housing, the replanning it from housing to office use or ultimately purchasing the Buncher interests. All of these matters are addressed in the agreement with a time table and a specific process agreed to by all parties as to how we will ultimately reach conclusions as to one of those options based on work that has to be done between now and then.

So, I think what we have here is a very happy coming together of all parties regarding a joint development process for Herr's Island and I hope that answers your question.

Mr. Givens:

I think it does. In your estimation, do you feel that the North Side Development Corporation has — have you looked into — it's a question that I think is a very serious question to the fact that we are going out on a totally new concept of community development — developing major projects within the City. Washington Landing — I think that's the new name and I'll use that so people are familiar with it. Washington's Landing then is a major piece of real estate within the City of Pittsburgh. Do you feel comfortable and have you reviewed the funding of the people who are going to try — are you satisfied that this developer in your research has the capability to carry out his endeavors on Herr's Island?

Mr. Christman:

We felt that way from the beginning. I was involved back in the

early part of this year in the identification of the North Side Civic Development Council as a group that we thought could be both the developer — and it's important to keep in mind that what we originally asked the North Side Civic Development Council to do was to market Herr's Island for us. As part of that marketing effort which they will continue to have responsibility for, they will be doing some development. They have a track record of successful development on the North Side. They have an established development partner in Dick who has been working in the field for 20 years or more, and the plan, the land development plan that they have developed and presented to us — and I think that got lost in all the controversy that has emerged over the last couple weeks — but plan for the upper end of the Island and I have full confidence that this is going to be a superb development.

Mr. Givens:

What is going to be the functions then of the URA in this development?

Mr. Christman:

Our function will be as it would have been regardless of whether this agreement was signed. We are one of the principle land owners. It's a certified redevelopment area, and we have responsibility for implementing the Redevelopment plan for the island, and we have responsibility for setting along with the Planning Commission and Council the standards and controls that will govern the site in making sure that all development that takes place on this site is in conformance with the redevelopment plan, the standards and the controls. And of course, all the disposition of land to individual developers will have to come before URA and ultimately before City Council.

Mr. Givens:

I would like Director, if you could expand on that last point and one that I wanted to bring up. What actions will this Council, will be necessary to come before this Council and not this particular development as that one building that they're talking about there, but other buildings an other land use? Will this Council have a say in future buildings going up on that island or when we pass this particular bill, will they be finished with it as far as Councilmatic action?

Mr. Christman:

The actions that will certainly come before you will be any sale of land for construction of any buildings on the island whether they be office, industrial, housing, whatever, marina, etc., all the various uses that are now planned for the island. So as we sell land in two and three and four-acre pieces to the Northside Civic Development Council, to the Buncher Company, those actions will come before you. In addition, if as a result of continuing discussions there is any proposal for a plan change from the existing plan, that of course would have to be approved by you.

Mr. Givens:

This particular parcel of land that we're now going to — we have before us now is the zoning, right?

Mr. Christman:

This is just a rezoning on Parcels D and E which is the upper two-thirds of the island.

Mr. Givens:

Will they then come back with us at a later date for the building that they

said will go up on that? Will that then come back to us when the URA then sells that?

Mr. Christman:

Yes. And I should add of course that there will have to be a subsequent action on rezoning on the lower end of the island. The part of the island owned primarily by the Buncher Company.

Mr. Givens:

Our dream, the dream of many members of that board in the past, and probably hopefully in the future, including you as the new Executive Director, were to connect all of our riverfront property in a continuous park environment which has public access to that riverfront property. That was my feeling many years ago shared by the Chairman of the Board. From the tip of Clemente Park all the way out to the Millvale Marina and beyond. We want to open up the riverfront property and walkways and little out croppings so people can fish and look into the rivers and enjoy it. Even to get on a bicycle and be able to navigate even to get down there and to run along our riverfront property, and the most picturesque that we have. Anything that will come before this Council that doesn't include public access to this now Washington Landing, I will personally vote against, and I hope my other Councilpeople will also. We want all this land, even though it's going to be publicly owned — not publicly owned, but privately owned, that we reserve that part of the waterline for a park environment. I appreciate that some of those areas are steep in slope and very difficult, but I think we can make pathways through that particular area.

Secondly, I want to impress upon the North Side Development Corporation

and also the URA board and staff, on that Washington Landing, much beautification must be done in order to attract number one people. So, resources must go into that on at least painting those bridges and trying to acquire more of the railway property that is old yards on the mainland abutting Washington land to upgrade that particular area so that residents and the businesses that are on Washington Landing will be looking at something other than an ugly bridge right now, including going across the river to the old industrial site over there along Lawrenceville particular area. You got drudgery of buildings over there that are painted black and area really an eyesore in any major urban —

MR. DEPASQUALE COMMENTS

Mr. Given:

We are on the bill, and I am setting my conditions on voting for this as hopefully these other things will be carried out and points of interest.

As I stood here with other Councilmen and the Governor and signed the bill to do away with our particular job here as Councilpeople, I submit to you that when we sign this bill that there must be some curtailing of staff within the Urban Redevelopment Authority —

MR. POLLOCK COMMENTS

Mr. Given:

We are now having, if I could explain to Councilman Mark Pollock, that we have now people in the community doing what is traditionally has been done by our planning Department and our URA Department, but that is understood. Because hopefully more communities will get involved in the spirit of North Side

Development Corporation. I can think of the East Liberty Development Corporation, the Oakland Development Corporation, the Southside Development Corporation all over the City, and they are going to jump into this and in doing this that we know, that we can't be able to fund the neighborhood organizations out of CD money and be able to fund continuously as we have. If it develops, the Planning and the Urban Redevelopment Authority Departments of the City. What they are doing is doing your work for you. I know you have the umbrella responsibility as you have indicated here, but that is a reality, Mr. Christman, and hopefully, it won't mean any change right now, but in the future it will mean change, and I hope that you are looking at that because we are paying double handed right here. We are paying for community development and for Urban and JPlanning to do the same job. Some place that has to be streamlined so that every CD dollar that we get down we don't put into administration and overhead cost. I hope I am clear on that.

(END OF REMARKS)

Also,

Bill No. 1809

A Resolution entitled, "Resolution approving an Agreement by and between the Urban Redevelopment of Pittsburgh and Signet Associates & Polish Hill Civic Association in which the Urban Redevelopment Authority of Pittsburgh will provide financial assistance to the purchasers of houses to be constructed in the 6th Ward of the City under the terms and conditions of the Neighborhood Housing Program."

Which was read.

Also,

Bill No. 1810

A Resolution entitled, "Resolution amending Resolution No. 230 effective March 31, 1986, entitled: 'Resolution authorizing the Mayor and the Director of the Department of City Planning to enter into Agreements with the following groups: Greater Pittsburgh Visitors and Convention Bureau to utilize funds for construction of a new building; Hill District Porject Area Committee to assist in neighborhood Revitalization Activities; Mom's House to assist in rehabilitation of building; and Bedford Dwellings Residence Council to assist in Food Distribution to unemployed persons, by correcting the name of the group Greater Pittsburgh Visitors and Convention Bureau to Greater Pittsburgh Visitors and Convention Bureau Education Foundation, Inc.'".

Which was read.

Also,

Bill No. 1841

A Resolution entitled, "Resolution providing for an Agreement or Agreements with the Allegheny Chamber of Commerce, for professional services in connection with the Business Outreach Program, at a cost not to exceed \$3,000.00, chargeable to and payable from Code Account 1103 (110304), Miscellaneous Services, Department of City Planning, and transferring \$3,000.00 from Code Account 10 (001008), Accounts Payable Prior Years to Code Account 1103 (110304), Miscellaneous Services, Department of City Planning."
—(SPONSORED BY MR. WOODS)

Which was read.

Also,

Bill No. 1858

A Resolution entitled, "Resolution providing for the filing of an application by the City of Pittsburgh with the Pennsylvania Department of Community Affairs for a grant in connection with the Bryn Mawr Road Project; providing for execution of a Grant Agreement and related documents and for the filing of requisitions and other data; providing for required assurances; providing for creating a Special Trust Fund in connection with the Project; and providing for the deposit of the fund in a bank account."

Which was read.

Mr. Grabowski:

Regarding Bill No. 1858, the mine subsidence bill for the Bryn Mawr residents, I'd like my comments from Wednesday's meeting brought forward.

**(BEGINNING - MR. GRABOWSKI'S
REMARKS ON BILL NO. 1858 -
WEDNESDAY, 11/26/86)**

Mr. Grabowski:

I would just like to make a statement that this money is for the mine subsidence that occurred on Bryn Mawr Road several months ago. The \$200,000.00 was appropriated by the General Assembly and is sitting in an account in the Department of Community Affairs specifically for this project, and Speaker Irvis is to be commended because I am sure that he is the one that spearheaded this appropriation. I think the legislature was somewhat short-sighted in the fact that there are other communities throughout Pittsburgh that have been affected by mine subsidence. Now, not to the degree that Bryn Mawr Road was affected, but nevertheless on an individual basis there have been other cases, and I think that perhaps in the next fiscal year, the

General Assembly, especially the legislators from the southern tier of the City should consider similar appropriations to resolve some of these problems that may be in their district and I just wanted to put that on the record.

(END OF REMARKS)

Also,

Bill No. 1859

A Resolution entitled, "Resolution providing for the execution of a Cooperation Agreement or Agreements with the Urban Redevelopment Authority of Pittsburgh for the implementation of the Bryn Mawr Road Project and further providing for the payment of the costs thereof not to exceed \$200,000.00."

Which was read.

The Chair:

Is there any further discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Pollock presented

Bill No. 1908

Report of the Committee on Water for November 26, 1986 transmitting one resolution to Council.

Which were read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1834

A Resolution entitled, "Resolution providing for a Contract or the use of existing Contracts for the purchase of microfilm equipment to be used in the Department of Water and providing for the payment of the cost thereof."

Which was read.

Michelle Madoff:

I would like provided for me the total dollars for the computerization and microfiche requirements for the Water and Sewer Authority.

What is happening is we're getting all our bills in segments. I've asked for this before from the City Clerk and I believe he sent letters out. Would you send them out again, for about the sixth time?

It is not productive for this Council to vote in a vacuum. We don't know whether the \$22,000 is a total sum for this project or just a portion of what we're paying because we voted on a major bill. It would be very productive if the City Clerk got the information as to what the total budget, what the total program is, one line, two lines, and this is \$22,000 for additional or some new program or existing program, and how much we've already spent because the

overruns are going to kill this City.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

MOTIONS AND RESOLUTIONS

Mr. Givens:

I'd like to invite John Burstein and Adrienne McCoy to come up here.

Mr. Givens presents

No. 1909 WHEREAS, research over the last couple of years has revealed the sad fact that the infant mortality rate in the Pittsburgh area is alarmingly high, damaging the City's reputation of being a wonderful place to live, work and raise families; and

WHEREAS, from the Mayor's Commission on Families to grassroots community efforts, many people are working hard to reverse this unfortunate trend; and

WHEREAS, a three-part series has recently begun in In Pittsburgh, taking a hard look at the economic, political, social and medical aspects of the problem of infant mortality; and

WHEREAS, this series is the result of an intensive three-month research project by In Pittsburgh writer Annemarie Draham funded by a grant from the Institute for American Journalism; and

WHEREAS, as a member of the Association of Alternative Newsweeklies, In Pittsburgh is part of the Forgotten Americans Project focusing on those Americans deprived, impoverished, or destroyed by sweeping economic and social change.

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Pittsburgh does hereby commend In Pittsburgh and writer Annemarie Draham for focusing public attention on the serious problem of infant mortality in the Pittsburgh area.

Mr. Givens moved to adopt the resolution.

Mr. Pollock seconded the motion.

Which motion prevailed.

Mr. Givens:

I would like at this time to have John Burstein, Publisher of the In Pittsburgh, come up and also, following him, Adrienne McCoy, who is the Editor of this newspaper. Annemarie, the person who wrote the article, I would assume, is out of town or on assignment.

Mr. Burstein:

On behalf of In Pittsburgh, you're City's weekly journal of news, arts and

entertainment, we're honored to be here today. We'd like to thank Councilman Givens, his staff, and all the members of City Council for recognizing the importance of the issues raised in our series on Black infant mortality. This kind of recognition for this type of story means a lot to us.

Everyone knows that Pittsburgh has consistently had the nation's highest Black infant mortality rate for several years. White infant mortality is high as well. We wanted to take the story beyond the statistics, to show what can be done and what has been done. When we began researching the story, we focused on the problem of infant mortality as a result of the social and economic forces as well as medical conditions. Frankly, we expected to find that the issue was largely neglected. But as the writer, Annemarie Draham, began researching the issue, she found many vocal and committed individuals and organizations. From the Mayor's Commission on Families to people working in a similar way to make a difference on the individual level.

We think this says a lot about Pittsburgh, a city that faces its problems with its sleeves rolled up. While In Pittsburgh is known for its coverage on the cultural lifestyle aspects of the City, we also feel its part of our mission to look at the problems that Pittsburghers face and hopefully find the solutions.

We decided to tackle an issue that's not pleasant at the risk of turning off some readers. But we wanted to face a problem that doesn't seem to be going away. We remain committed to raising issues that affect the direction of our city.

In Pittsburgh is the City's alternative news weekly. We're two and a half years old and we're reaching a

weekly audience of over 36,000 readers. We're a member of the Association of Alternative News Weeklys whose other members include the illustrious sister papers, The Village Voice, The Boston Phoenix, The L.A. Weekly and the Chicago Reader. It is a fact that almost every major cosmopolitan city in America has an alternative voice for news and arts coverage. Pittsburgh can finally be proud to boast of its own. As Publisher, I am also proud to provide this city with a forum for provocative news and advance garde arts coverage.

The Forgotten Americans Project is sponsored by the Institute for Alternative Journalism which is a non-profit organization whose aim is to foster the ideals on which journalism was founded, fairness, honesty and truth. Grant money was made available to working journalists across the nation in order for each reporter to focus on the plight of the people most impacted by economic and social conditions.

Because of Pittsburgh's abnormally high infant mortality rate and of what we saw as a direct link between infant mortality and economic conditions facing Pittsburghers due to lack of employment and funds for proper medical care, we chose the succeeding generations of black and white youth who may not live until their first birthday as our Forgotten American. We are among the selective publications chosen to contribute to the Forgotten Americans Project. The \$1,000 grant we received was the maximum amount awarded in a nationwide competition against even larger and more established papers. An anthology containing the articles on equally timely and important issues will be published in 1987.

The writer, Annemarie Draham, was former Managing Editor at In Pittsburgh. She continues to contribute

on a regular basis. Her work also appears in the Philadelphia Inquirer and the Greensburg Tribune Review. Miss Draham was nominated for three Golden Quills for stories written for In Pittsburgh. Needless to say, we are very proud of her.

We applaud your pioneering effort in recognizing the Forgotten American. I hope this is a beginning of continued partnership towards enlightening people about the problems that tear the social fabric of our city. Together we have the power to repair, heal and help the people who are the forgotten in our midst.

Thank you very much.

Mr. Givens:

Needless to say, if any generation is to pass down something to the next generation, it is something that we're talking about right here. And I think government is a catapult where we can bring these issues before us and discuss them openly and try to get the widest dissemination. Many people living in this city today still do not know that we are, in fact, one of the world reknown transplant institutions of this country and the world and what is happening to our children and our unborn children. We have to ask that question. Do we, in fact, have the number one areas for maternity wards within our various hospitals or have I observed over the last 10 or 15 years with even my own grandchildren, that the maternity wards are getting smaller and smaller and smaller until, in some cases, they're disappearing almost completely from some of our major hospitals. That is a great concern. And when our children have a legacy of not having problems with our offspring and I think that is one of the most important family issues that we in this Council can address and I'm very happy that you're newsweekly did,

in fact, address that.

Mr. Pollock:

I'd like to also congratulate John and Adrianne and In Pittsburgh. I think it's a wonderful publication and one which I look forward to reading every week and I encourage all other Pittsburghers to read it as well.

You are to be congratulated not only on this series but on the two and a half years that you've been around. It's very difficult in this day and age for weekly papers, neighborhood papers, alternative papers, to make it. I hope you've crossed that hump that enables you to go on for many, many years.

I think your's is a paper of progressivism, of enlightenment, and as you said, provocative reading, avant garde reading. Many more years of success. Mr. Givens is to be congratulated for honoring such a publication, one which opens up its pages to individuals and groups of all types of lifestyles.

Thank you all for coming down here today and receiving this.

Michelle Madoff:

As you know, we've had several newspapers of your ilk that have not been able to make it. We had one years ago, back in '69 when the environment was a very serious, hot issue. There was a paper at that time and I remember it was based over the Beacon Pharmacy, as I recall, and it was also a very fine newspaper. As a matter of fact, the gentleman who edited it is now working, I believe, for the Allegheny Conference.

I think most of us would agree that what you're doing is great. I don't know that I get a subscription to my office but

if you see that I get an application I will subscribe. But I think you could do us all a great service if you'd start covering our post agendas and our hearings that are not covered on cable television. I think it is sort of - In Congress, the person sponsoring this bill voted against having everything covered but I think perhaps you could rectify that by covering some of these hearings. Call any of our offices and we'll tell you what's going on.

Michelle Madoff:

Would Mariana Davenport please join me? And may I please have all the members of the Coalition for District Elections that are here today please step forward.

Michelle Madoff presents

No. 1910 WHEREAS, on Tuesday, November 25, 1986, the Governor of Pennsylvania signed Senate Bill 1145 in Council Chambers, concerning the district election of Council, the culmination of more than a year of intensive legislative lobbying by the Coalition for District Elections; and

WHEREAS, the Coalition is an organization comprised of several dedicated individuals and four member groups: ACORN, Jobs with Peace, Pittsburghers Against Apartheid, and The Front for Black Unity, co-chaired by Jonathon Robinson and Carl Redwood, Jr.; and

WHEREAS, the Coalition for District Elections came together in June of 1985 to insure a more democratic form of local government, helped in the drafting of the legislation in September of that year, and lobbied the House and Senate of Pennsylvania as the bill passed through each step of the legislative process over the past one and a half

years; and

WHEREAS, the catalyst for the Coalition's efforts continues to be Mariana Davenport, a staff organizer on loan from ACORN, who has persistently pursued the passage of Senate Bill 1145 with tireless lobbying efforts and an unwavering commitment to justice.

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Pittsburgh does hereby commend the Coalition for District Elections for their tireless efforts toward the passage of Senate Bill 1145.

Michelle Madoff moved to adopt the resolution.

Mr. Pollock seconded the motion.

Which motion prevailed.

Michelle Madoff:

Bill 1145 is the Enabling Act which will prevent various forms of election to go on the ballot.

I happened to be standing next to the Governor when he signed the bill and I got the pen and I thought it was only fitting that I give it to Mariana.

Mariana, I'll give you three copies because I'm sure you'll put them to good use with the right people, and I thank you very much.

Ms. Davenport:

On behalf of the Coalition, I'd like to thank all of the members of City Council for this recognition. It was very gratifying that the bill has passed; we are all very happy after all the work that it did pass.

I'd like to say that at this point our

work is really going to begin. We're starting to plan a petition drive. We are planning on putting 9-0 on the ballot and we need a lot of help to do that and we hope members of Council will help us with that. So, we have a long way to go but we've come a long way so far.

Thank you, Michelle.

Mr. Wagner presents

No. 1911 WHEREAS, the North Side Public Safety Council has been a definite asset to the North Side and the entire City of Pittsburgh; and

WHEREAS, the N.S.P.S. Council was established approximately four years ago to deal with matters of safety for all North Side neighborhoods; and

WHEREAS, a forum of continuing dialogue was initially established between community leaders and the # 9 Police Station under the leadership of Don Albrecht, and expanded to include the Fire and Paramedic Services, and the Magistrates on the North Side; and

WHEREAS, each year the N.S.P.S. Council has made significant progress toward protecting and preserving the neighborhoods on the North Side through crime prevention, crime awareness, fire prevention and accident prevention programs.

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Pittsburgh salutes all officers and members of the North Side Public Safety Council for their efforts to make North Side a safer community to live, work, and raise a family.

Mr. Wagner moved to adopt the resolution.

Mr. Grabowski seconded the motion.

Which motion prevailed.

Mr. Wagner:

Mr. President, I'd just like to say that was presented this past Tuesday evening at the annual banquet for the North Side Public Safety Council

Mr. Wagner presents

No. 1912 WHEREAS, the recent closing of the South Side Works of LTV has caused severe economic hardship in the Pittsburgh metropolitan area; and

WHEREAS, the METAL RETENTION STUDY is the essential tool for the reconstruction of a viable steelmaking industry in South Side and the region;

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Pittsburgh urges that the immediate focus of the METAL RETENTION STUDY be on the restart of the electric furnaces of LTV South Side and that this examination occur at the same time as an examination of steel finishing facilities in the Pittsburgh area; and

BE IT FURTHER RESOLVED, that this METAL RETENTION STUDY be supervised by an advisory board composed of representatives of the following organizations:

Allegheny County Planning and Development; Pittsburgh City Planning; Urban Redevelopment Authority; Steel Valley Authority; Pittsburgh City Council; United Steel Workers of America; Tri-State Conference on Steel; Duquesne Light; Allegheny County State Legislative Delegation; Carnegie Mellon University-Steel Research Center; University of Pittsburgh-Engineering School; South Side Community Council;

Hazelwood-Glen Hazel Citizen Council;
LTV Steel; Wheeling-Pittsburgh Steel;
USX Corporation

Mr. Wagner moved to adopt the resolution.

Mr. DePasquale seconded the motion.

Which motion prevailed.

Mr. Wagner:

Mr. President and members of Council, I just want to make a comment about this resolution. First off, it's a very important resolution and it relates to the public hearing we had in front of Council back about three weeks ago, but it zeros in on the South Side Works of the LTV Company, formerly J & L.

There is a Metal Retention Study and dollars allocated by the Commonwealth of Pennsylvania in the form of about \$375,000 that will go towards a Metal Retention Study here in the region. What this resolution is suggesting is that the Metal Retention Study go on in two different phases at the same time; one to look at the region in general as to what steel facilities are re-useable and can be re-used up and down the valley. The other is to zero in on the Pittsburgh LTV South Side Electric Arc Furnaces. That is the most modern piece of steel equipment in the valley; it has not been in use for a significant period of time, up to five years. It can employ a lot of people and what this resolution is suggesting is that the Metal Retention Study, a portion of it, zero in on that particular plant and those Electric Arc Furnaces and find out a way to put them to use as soon as possible.

Also as part of this resolution is an advisory board, the creation of an advisory board, which would consist of 16

different entities. Obviously there would have to be a coordinating effort there and I think the appropriate person is the Executive Director of the Urban Redevelopment Authority, Mr. Raymond Christman.

It's important that the Metal Retention Study done has direction and this well-rounded group, I believe, can provide the type of direction to determine the immediate use, future use, of the Electric Arc Furnaces on the South Side.

I would suggest in passage of this resolution that it be sent to the Allegheny County Planning and Development Department and also the Urban Redevelopment Authority.

Mr. President, I know you will be making an appointment to it. I would request to be on it and possibly other members of Council would want to be also. Or we could even alternate possibly attendance on the advisory board. But it is a very important board, it is the last of the high quality machinery left in this community in terms of steel-making operation. Therefore, it's very important.

Michelle Madoff:

Since I dealt with that issue for it seems like a hundred years, I remember when J & L had to clean up its furnace and was supposed to go to a cube-op and didn't and went to an electric arc and I promised them my three shares of J & L stock when they came with a compliance and they came in compliance by going to an electric arc furnace which is, you are correct, it is the most modern system. Unfortunately, it is not labor intensive but it was better to have some jobs than no jobs and when it was on line in a very modern facility for reasons known I guess best to J & L, they had opted to shut

down the electric arc. I know there is another facility in the steel making business looking for an electric arc and I might mention that electric arcs can, like most steel mills, be dismantled and can be transported. If the reason happens to be it's not an integrated mill and there's nowhere to sell the steel, there is another company waiting desperately trying to build an electric arc which can, as I said, be dismantled, moved and sold.

As I said, the problems are the modernization of the mill. For the record, I will tell you that mill is in compliance with all standards; it is not a problem from that perspective. It's a matter of goodwill; do we want to turn that steel mill over to perhaps the people who work in it to own it. Do we have a market for the steel so that we don't import steel from other countries? I don't know that Mr. Ray Christman would be the person to deal with that. Probably it might be somebody who is, on an on-going basis, dealing in the steel industry that we have some confidence in, perhaps somebody that Mr. Woods would know in the labor unions and people that have been and are knowledgeable in the steel industry.

It was a sad day when the electric arc went out because, as I said, it is one of the more modern mills and does meet all compliance standards.

Mr. Givens:

I echo Jack Wagner, Mr. President, and I know we're in the middle of budget right now but hopefully after this budget is over with, I mean, they're just pecking away at all of our resources that we have in many of our valleys. I talked to people in the steel industry and I know for a fact that many of our major components are being dismantled and being taken over to China and some of

them are going down south to Brazil. It's interesting to note that Brazil now is outdoing Japan in the world market in steel and here in this country we're still dismantling our ovens, our electric ovens, our coke manufacturing facilities, and sending them to overseas areas. And I think this raping of our industrial base, not only here in the Pittsburgh area but throughout our whole country must stop. I'm happy to see that our Congressional delegations and Legislators up there at the Congressional level, Senators, etc., are now beginning to really openly discuss this on the floor of Congress and hopefully some legislation will come down that will prevent this raping of our particular area. And I think this Council does have a part, being the largest municipality and the largest steel-making area of the country, that we hold on to what we have and try to bring it up into modern competition with the world economy.

Michelle Madoff:

Another subject. We are all aware that over the weekend our paramedics went out on strike, or declared they'd go out on strike, and because of negotiations that seem to be going favorably and because of their concern for the citizens of our community, have offered to come back this morning. I have an issue I wish to address but before I do I need to know the status of that. Does anybody here know whether they have come back to work? I know that the Mayor said that he would not accept, through Mr. Mark Zabierek his spokesperson, that he would not accept their coming back.

As I arrived here today from a meeting, in our lobby we had a former City employee I believe having a heart attack, some kind of spasm, and Mr. Schneider, I believe, was attending to him personally and we were looking for a

paramedic. I don't know if a paramedic did arrive.

My basis for supporting the paramedics in their quest for parity is not based solely on the fact that they are the best paramedic service, not solely on the fact that I believe, speaking for Michelle Madoff alone, that they are entitled after working a year without a contract, they've been patient, to have parity with the Police and Fire. I believe they should not be threatened that they would be wiped out and be assimilated or absorbed by the Fire Department, and I'm looking for where the money could be found.

So, in trying to establish where dollars are and priorities, and the key word here for those listening is priorities. If you gave, and I know I'm being repetitious because I mentioned this before, the average citizen the choice between having their child attend a zoo, an aviary or conservatory or having a paramedic when needed, I think the choice is obvious. We would be going and choosing our paramedics. In keeping with this, I tried, as all of us do as members of this Council, to try to get information. I want to read you a letter that is going to Mr. Jack Buckley and to the immediate world.

"Dear Mr. Buckley:

Enclosed are the figures I received from Mr. Schillo, Mr. Flaherty, Mr. McDermott and Ms. Louise Brown regarding expenditures for the Zoo, the Aviary and the Conservatory.

This is gobbledy-gook supreme. It appears that the right hand doesn't know what the left hand is doing.

What I am trying to ascertain is the actual annual cost to the City of Pittsburgh taxpayers to maintain the

Zoo, Aviary and Conservatory. As you can see, the enclosures show the dollars paid out of the general fund and the capital bond funds. Nowhere do we have total revenues for the Zoo and the total expenditures which would include monies spent from the general fund and paid in debt service for capital expenses for each of these entities. Louise Brown informs me she knows nothing of debt service on capital expenditures for the Zoo, Conservatory, etc. Director McDermott deals only with capital expenditures. Mr. Schillo estimates the debt service by averaging interest rates on annual capital expenditures. Where, oh where is there a total which factors in receipts from government grants and matching funds, concessions, attendance, private grants from foundations and private contributions (such as Friends of the Zoo)?

I am fully aware that the interest rates have varied substantially from year to year and I am willing to accept Mr. Schillo's premise of a 7.5% average interest rate for calculating the debt service on annual capital expenditures at the Zoo, etc. It appears that an ongoing total of actual to-date costs for operating any and all City facilities that generate revenue and mandate expenditures is not available on a daily or annual basis.

The public is entitled to the exact cost for operating not only the Zoo, Aviary and Conservatory, but all operations.

When Louise Brown informs me that she only has the figures for the annual General Fund expenditures, Mr. McDermott only has the figure for the annual capital fund expenditures and Mr. Schillo is estimating the debt service, it is unprofessional and not very businesslike, to be unable to go to one source to obtain an updated read-out of

what the cost is to city taxpayers to operate entities such as the Zoo, Aviary, Conservatory, etc. It is obvious that we have no ongoing records being maintained of receipts and expenditures so that a realistic dollar figure is available at all times.

In the private sector it would be incomprehensible for a corporation not to have at its fingertips the breakdown on every segment of their operation be it steel bars, oil, glass, paperclips, personnel, etc.

In the private sector this information is available at their fingertips. It should be available in the public sector.

As the City Budget Office does not have this information readily available without having to do the calculations, it would make sense to update our accounting system and bring it into the 20th century by having all revenues and expenditures posted, updated, and in the computer terminal for recall by any official who may need this information.

The argument that government operates differently from business is not acceptable.

What is desperately needed is the tracking of expenditures by program and location, essentially cross totaling all funds from each departmental expenditure so that the bottom line THE ACTUAL TOTAL EXPENSE TO TAXPAYERS is available. It appears that computers have been purchased by the Controller's Office capable of performing this function. However, this requires personnel trained to perform these duties and understanding the need for having this information available.

Mr. Buckley, can you please answer my questions and supply me with the

information I need?

Sincerely,

Michelle Madoff"

Michelle Madoff:

Mr. Flaherty and I whited out his personal note which essentially said, don't let them fool you. He doesn't give me any information. All he gives us is what's under contract or what the expenditures were, but no revenues, meaning, we get money, for example, for the Zoo from many government agencies. From the State, from the Federal Government. We got money from the State Foundation, we get money from attendance, we get money from concessions, we get money from the Friends of the Zoo. There is nowhere that we have a debit and credit system. It's all done helter skelter. You could not go to a terminal right now, Mr. Woods, or Mr. O'Malley, and say, "What is the cost to the taxpayer for 1986 for the Zoo? What was it last year?" Oh, it can be calculated if one goes about doing it.

So, here I have the figures from Mr. Flaherty which are not comprehensible. Then I have a note from Louise Brown. I asked her to give me 1983, 1984, 1985 and 1986 to date, and the figures appear to be, I'll give you '86 to date, \$653,983. So, \$654,000 out of the General Fund, that's out of the taxpayers' dollars, General Fund. Not the Capital dollars where we City taxpayers, as opposed to suburbanites, pay the debt service.

Then I have another memo from Mr. McDermott. Mr. McDermott says, "The Zoo costs us \$8,154,000. Then I get a phone call saying, "Oh, we made a mistake. Guess what? That's not the right figure. We have money coming in

from all these government agencies that are matching funds and it's only \$2 million. But, we're going to spend another \$7 million, and we think we may get another million back." So, it still ends up being \$9 million of the City of Pittsburgh taxpayers' dollars. But we can't get those figures because it's not in one central location.

I have another letter from Mr. Schillo. Mr. Schillo has gone back over a number of years; he's gone way back to 1980 when we had low interest rates and when we had high interest rates and he's come up with a 7.5 average over the next 20 years and he's projecting what it's going to cost us, that's it's going to be \$607,000 a year for the next 20 years, but he's now calculating that we've received some money that was never figured in in the first place.

I mean, this is like 20 cooks making the soup and this is a city that is run like a kindergarten and it is time that somebody take responsibility and assume the responsibility for having that information available. My latest scapegoat is presumably the Controller. I was told that this Council voted and that money was appropriated and that equipment was bought for the Controller's Office that provides for this information to be assimilated, but that you need people who know how to do it and that the Controller's Office as of this point does not have people trained to do it, to do the job of coalating, taking all the accounts, and providing this information.

I will tell you that if something doesn't happen soon, I am going to pursue this. I don't know in what direction, whether I need to go to the state government, federal government, to an attorney. As an elected official who received 78,000 votes in the last election, I represent the constituency

and so do my colleagues. We have a responsibility to know at any given moment by pressing a terminal what is the cost of any entity to this city.

Further, the paramedics generate monies from suburbanites, third party payees, that's your Blue Cross individual insurance policies, Medicare. I want to know on an on-going basis what have we generated from the paramedics. When I asked Mr. Cannon a number of years ago, the figure was \$2.4 million. That was in '84. In '86, it's down to \$1 million. What does it cost us to collect that money? What is the true figure that we collect? Does anybody on this Council know? You're the Finance Chairman, Mr. O'Malley; do you know?

Mr. O'Malley:

What was the question, Michelle?

Michelle Madoff:

Well, Mr. O'Malley, I realize that I'm female and I realize that it's difficult to concentrate on financial matters, but as the Finance Chairman I think it's important. The point I'm making, and I think the public understands very well the point I'm making, is that we do not have a 20th century accounting system available to you, and I say available to you from the City, so that you can get the information you need. And your idea of hiring an accountant was a brilliant idea and I supported you on that in our discussion in the back room. You said the media would chew you up; I don't believe they would. I think they would pat you on the back.

The important issue before us is, what is this Council going to do with reference to our paramedics? Are we going to say that paramedics are more important than the Zoo, the Aviary and the Conservatory? And that two-thirds

of the people using those facilities are non-City residents? Are we going to put our dollars in our budget into paramedics first before the Zoo, the Aviary and the Conservatory? I'll tell you what I say, folks. Give the Zoo and the Aviary and the Conservatory to the County and don't come back to me, Mr. Mayor, and say, "Michelle, what are you doing with my Zoo? That's my baby." And I don't want to hear from Louise Brown, "What are we going to do? Let the animals die?" No, we're not going to let the animals die. If the County doesn't want to take over the Zoo in an orderly fashion, since two thirds of that money comes from the suburbanites, and let us not forget, folks, we City residents pay County taxes; we pay those County taxes too, but we cannot afford the debt service which is over a million dollars now for the Zoo, and I will give you an accounting after spending two weeks coming up with a figure that at least the capital improvements on the Zoo right now are going to be something like a minimum of \$8 million that is going to result in debt service. And in case anybody listening doesn't know what debt service is, that means the money the City of Pittsburgh taxpayers borrow for capital improvements, for water lines, sewer lines, Zoo, Aviary, anything, and that we pay back out of our pocket but suburbanites do not pay.

When you go to the Zoo, you pay an admission fee, we pay an admission fee. You go to the Civic Arena, you pay to go in, I pay to go in. A City resident pays to go in. A suburbanite buys a hotdog, he pays of the hotdog; a City resident pays for the hotdog. A suburbanite pays to park; a City resident pays to park. But the City resident goes into its pocket every year for the debt service for the Zoo, the Civic Arena, the Convention Center, the Aviary, all the things that we maintain and give the services to. And I think its time that we had some

proverbials and we stopped being manipulated and stopped being threatened and being a bunch of gutless wonders. Give the Zoo to the County. If they don't want it, give the animals to other zoos who would love to have them. And let's have the courage to have our priorities in order and take our priorities as giving the money to our paramedics who are downstairs right now trying to save a life.

Mr. Wagner:

Mr. President and members of Council, in regard to the present situation with the paramedics, I just want to bring all of you up to date that as Chairman of Public Safety, I made a public statement about an hour and a half ago and I sent a letter to the Mayor indicating what I said and also to Mark Schneider, President of the Paramedics' Union. In that letter, I recommended that the safety of the public has become the most paramount issue, obviously, especially after four days of a strike and now it's considered, I'm not sure, a strike or a lock-out. One or the other; it depends on who you ask. But my recommendation was to permit the paramedics to return to work immediately and for negotiations to continue as they are working and to ask them not to stop working in the future.

The reason why I made that statement was that I think that, to be quite frank, we've been lucky in the last four days. We have had no catastrophic accident or accidents and consequently, I think the longer the lock-out or strike or whatever its called continues, the greater potential that the public will be the loser here. The paramedics want to return to work; we should give them the opportunity to return to work. And I think if they do return to work, they will not walk out again. That's my own opinion; no one has said that to me. And

I believe if both sides negotiate in good faith, then something can be worked out. And I'm hopeful that all of you stand behind me in that request, not only to the paramedics but also to the Administration.

Mr. Pollock:

On the same issue. While I do not support her idea, I would hope that before we give away the Zoo, the Aviary and the Conservatory, that in accordance with both the applicable laws and good business practices, that we put them up for bid.

Michelle Madoff:

I am really not joking; I am very serious. This is an issue that has come before this Council for years. I believe in order to subsidize their fair share of the Pirates surreptitiously by agreement, would this Council and the Administration agree to come up with some dollars that would go to offset the Stadium and the Pirates by funneling that to the Zoo but it's really not money for the Zoo, it's really money for the Pirates.

This Council has got to be dealing with a budget that is horrendous and we're just getting through by the skin of our teeth this year and next year it is going to be, whoever has that job as Finance Chairman I don't envy that job; it is going to be gruelling. And we're going to have to find money and we're going to have to have priorities and if people are going to take the position of recommending gambling casinos, if you're going to take the position of recommending taxing the hospitals, if you're going to recommend everything else, the first thing you better do is have the courage to say when two-thirds of the people use our facilities, you pay two-thirds of the cost. We've paid our share; we contribute to the County

taxes.

So, let's do first things first and let's not be intimidated by outside factors and let's not put it up for bid. The County should have that Zoo and I would make that in the form of a motion but I am sure that I would not have anybody with the courage to second it in this Council.

The Chair:

Ms. Madoff, can I answer you? I've listened to you, I don't totally agree with you, but I suggest to you, if you are sincere, very sincere, and if you do have the courage that you tell us that we do not have, that you draw up legislation —

Michelle Madoff:

I have, sir.

The Chair:

Just a second; you don't know what I'm talking about. Draw up legislation, introduce it next Monday, that we here in the City of Pittsburgh abolish the Zoo, the Aviary and the Conservatory. And I will wait to see that introduced next Monday. I'm sure you're going to do that, and I know that you have the courage to do that.

Michelle Madoff:

Mr. Woods, may I respond? How many times have we introduced that bill? From memory. Two or three times?

Mr. Perry:

I know the subject has been brought up —

Michelle Madoff:

We had the Commissioners here.
We had the representatives here.

The Chair:

We have never, ever, had a piece of legislation come from you saying that you want to have this Council and the City of Pittsburgh abolish —

Michelle Madoff:

Before you got here there was a bill.

The Chair:

Well I'll be waiting on Monday.

Michelle Madoff:

Would you dig out my bill and bring it on the table for Monday, please? We'll re-introduce it again.

The Chair:

If it's not there you will introduce one.

Michelle Madoff:

It's here we just have to bring it back. It's several years old, when it was defeated.

The Chair:

Fine.

Mr. Givens:

You know, everything comes down to money eventually. I think what the Mayor is trying to say to the paramedics; he presented his 1987 budget and there's no money in that budget for increase raises without going back into the process as this Council is doing right now. I've indicated sometimes and

maybe the wisdom of my thought of just about a year ago when I had placed before this Council on our 1986 budget and pleaded with you Councilpeople to put monies aside, that it was the first time in the 12 years as a Councilman, the Mayor nor this Council put money aside for those union contracts that were not negotiated by the time our budget was finalized. We have put hitherto before \$4, \$5, \$6 million aside for those pending contracts knowing that some of them did run over into the next year. I plead again that this Council do likewise if the contracts are not finalized.

We are talking about 1986 appropriations. If you look back into what Michelle was talking about, into that third party and non-residents, you'll find that there's been some \$2 million, and keep in mind that the total operations salary-wise for the paramedics is somewhere around \$3.3 million, minus premiums. But over some \$2 million has been generated in third party monies that are available, apparently, and have been available, and \$1 million in non-residential, meaning people who live outside the City and are not City residents. They have to pay in our EMS-type of service.

So, you take that all into consideration, and the fact that this Council last year appropriated that money for the EMS, minus the new contract, but even today as we sit here through 31 December, there will be a surplus just in salaries alone of \$200,000 as depicted by Mr. O'Malley and our financial staff. A quarter of a million dollars sitting there not being used. So, you have to ask yourself the question why.

When I hear and listen to the radio, the communication radio of Public Safety over the weekend, and I see policemen being sent out on first-

responder, it's the first time to my knowledge that has happened, we take out a police unit. When I see fire companies that have been going out and are still going out and I think that's the debate this Council must take up. Do we want to take a piece of equipment, fire equipment, out of service for first-responder? That's a question that must be debated in this Council and I think we should get into that very heavily.

When I hear that it took almost 17 minutes to get out to Lincoln Place, the 31st Ward of the City of Pittsburgh, and they feel that they're the forgotten ward out there, but 17 minutes for a response. When I hear the diagnosis come in that they thought it was a seizure when in fact it was a heart attack. When I came in today and had numerous phone calls, the people who had honest, deep concern of what was happening to their safety and their loved-ones, then I think that has to be addressed. When I look at how well the Administration is doing the job of trying to fill in, and they probably are doing a good job, but when I look at 20 supervisors and three doctors, the backbone of this paramedical force, when I look at what we budgeted for, almost 198 positions in this budget, there's 198 people that aren't out there doing what the people and this Council had budgeted for last year.

When I see 16 units, 14 of them being able to move people back and forth and how they're going to be manned. When I ask for a Chief Administrator from this City, a Chief Administrator, our Zoning Administrator to be down here on the Wednesday post agenda, and they said he can't, and the reasons he cannot be, and that's Jim Brown, a fine, wonderful person, he's been working 12 on and 12 off on this first-responder. So, this thing is snowballing back into the laps of both the Administration and how

our government is to function and how we're to function with that government.

It's been brought up before. This City is self-insured. I can remember when the firemen didn't respond properly, as the Courts were going to decree, and as our Solicitor had come up to us and we had a lawsuit because our fire companies didn't respond with the right equipment and the right personnel, this City was sued some \$10, 12 million in a warehouse fire in the Strip District some years ago. I remember sitting in this Council wanting to fight that case and, in fact, we the taxpayers spent over \$1 million to settle that case, that court case, out of court.

Now, in the 11 years that I've been a Councilman, not one piece of legislation has come before this Councilman for settlements out of court or court settlements in regards to our paramedics. And that's an unbelievable record. To think that they get some 60,000 service calls per year; they are being used, and used very heavily, within this particular metropolitan area and within the City of Pittsburgh.

When I look at the EMS record nationally, they tell us that we are among the three best emergency medical services in the country. All we have to look at is a good ball team, lose the quarterback, like we're going to lose some of the cadre out of this EMS. These people are probably the most highly trained that we have in our nation. They have to be, and equipped. And thanks to the Mayor and thanks to this Council and the people of the City of Pittsburgh who have supported this. Well, they're apparently not supporting the endeavors that are going underway right now, and all this happened when this Council was not in session.

We heard the threat of strike but

strike never came about until over this weekend, this past Thanksgiving holiday weekend. When they indicated that they would come back to work, and I listened and my staff, each of us had a channel of news and read all the newspaper accounts, listened to all the radios because that was the only source of information that I had. All of those indicated one thing, that the paramedics have been locked-out, which gives them certain benefits if that is decreed. But in the meantime, how long can 20 supervisors and 3 doctors and first-responders and you and I who might have gone to a good first-aid course, responding to 60,000 service calls in a year's time? And the fact is, that system cannot maintain itself, I feel. And as a result, Mr. President, I feel that the Administration must come in and brief this Councilman as well as others this Wednesday, number one priority, on how the system is working, how many people they have. I've been reading newspaper accounts; I no longer, as a public elected official, can read newspaper accounts. I must get the facts and get the facts right from these individuals who are in fact going out there and doing the response. I'll make an estimation on my own as an elected official how long I think this group can even go out and stay 12 on and 12 off because I have done that myself in my own lifetime in a combative situation which these people are in right now. And you can only do that for a certain period of time before your efficiency level goes down to zero. And by this Wednesday, we'll be coming up fairly well to approaching that particular at least half-way mark on my personal experiences. I know what these people are going through. So, I want them to come in and say what is going to happen. And we must get to that negotiating table and we must bring the parties together and we must emphasize upon the Mayor that what is happening out there is

jeopardizing if just one life in the City of Pittsburgh I, as an elected official, will not sit silent while one person is being jeopardized in our community. If I would do so, then I should not be a Councilman of this City, and I want to be a Councilman and I want to serve our people, and the only way I can do that is to have those facts presented to me this Wednesday so I'll so direct the Chief Clerk to advise the appropriate people, the Mayor, the people from the EMS, I want the union people here to hear their side of the story and not on the union bargaining negotiations but the force itself and how they're protecting or people out there. I definitely want to hear from our Legal Department as to whether or not Councilmatic action can be taken. We definitely need people from the Public Safety Department, Glenn Cannon especially, and not the person that might be acting as the Chief. I want Mr. Kennedy here also and I want them to come up, Mike, prepared with charts and graphs. I don't want to see a T.V. picture of what their system is operating out there from a command post down at 911. If they want me to go down to the communication center and explain to me how their system is working, then I'll be happy to move our post agenda, with the permission of the President, down to 911. But I have to see how this thing is working and they have to explain to me that we're protecting the people of the City of Pittsburgh or I think this Council might enjoin the public in asking for the courts to order the EMS people back to work while this negotiation goes forward.

Thank you.

Michelle Madoff:

Mr. President and members of Council who are still left, my whole diatribe on the Zoo, the Aviary and the Conservatory and the monies that are being generated that are my own

legislation and work that I did on third party payees and non-City residents for the paramedics was to direct not so much intervention on negotiations between union, management and labor, but the fact that we, as members of Council, will have to address in the budget, the upcoming budget, as to what we're going to vote for for dollars. And when I said let's give the zoo to the County, I was not joking. One of my colleagues who I always thought of as a good friend of mine, I still think he was joshing and I'd like to think he was, said I belong in a padded cell. I think Mr. Pollock does not quite understand that what I was saying was, you do not sell the Zoo to the Mayor. He asked if they were going to buy it; I didn't suggest that they were going to buy it. We're going to make it a gift. We're going to be very generous. We're going to say, "Look what we're going to do for you. We're going to give you this wonderful zoo and all this revenue and the thing that makes us a wonderful community." And furthermore, as citizens and taxpayers, we're going to continue paying our county taxes. We're not selling it, Mark; we're giving it away. We're donating it as a gift and my bill will say that on Monday. Please, Mr. Perry, I want to go over the wording of that bill.

Michelle Madoff moved to approve the Minutes of Monday, October 27, 1986.

Mr. Givens seconded the motion.

Which motion prevailed.

And on the motion of **Michelle Madoff**

Council adjourned.

Municipal Record

Proceedings of the Council of the City of Pittsburgh

VOL. CXX

Monday, December 8, 1986

No. 47

Municipal Record

ONE-HUNDRED TWENTY-FOURTH COUNCIL

BEN WOODS President
MICHAEL PERRY City Clerk
LINDA M. JOHNSON Asst. City Clerk

Pittsburgh, PA
Monday, December 8, 1986

PRESENT:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

PRESENTATIONS

Mr. Depasquale presented

No. 1913 Resolution providing for the issuance of a warrant in favor of Thomas A. Mekis & Sons, Inc. (Kenneth L. Wolf, Vice President) in the amount of

\$5,386.08 in payment of Extra Work, being in addition to the original contract price of \$3,414,646.20 on Controller's Contract No. 27595, furnished for the benefit of the City in connection with the Reconstruction of the Baum Boulevard Bridge, payable from the Baum Boulevard Bridge Trust Fund. (PRIOR APPROVAL GRANTED)

Also,

No. 1914 Resolution providing for the issuance of a warrant in favor of Conn Construction Company (Converse Branscome, Jr., President) in the amount of \$26,260.00 in payment of Extra Work, being in addition to the original contract price of \$2,536,174.03 on Controller's Contract No. 27563, furnished for the benefit of the City in connection with the Reconstruction of the Pennsylvania Avenue Bridge, payable from the Pennsylvania Avenue Bridge Trust Fund. (PRIOR APPROVAL GRANTED)

Also,

No. 1915 Resolution providing for the issuance of a warrant in favor of Middle States Construction Company (John R. Daley, President) in the amount of \$28,575.00 in payment of Extra Work, being in addition to the original contract price of \$5,698,500.00 on Controller's Contract No. 26815, furnished for the benefit of the City in connection with the Reconstruction of the Bloomfield Bridge - Phase III, payable from the Bloomfield Bridge Trust Fund. (PRIOR APPROVAL GRANTED)

Which were severally read and referred to the Committee on Finance.

Also,

No. 1916 Resolution amending Resolution No. 954, effective November 3, 1986, entitled: "Providing for a Contract or Contracts for the Rehabilitation of the Charles Anderson Bridge over Boundary Street; providing for a Reimbursement Agreement or Agreements with the Commonwealth of Pennsylvania, Department of Transportation and providing for the payment of the cost thereof," by reducing the total construction costs by \$5,000.00 from \$2,727,000.00 to \$2,722,000.00 and providing for an Agreement with the B & O Railroad for flagmen services, chargeable to and payable from Code Account EC 86-12.

Also,

No. 1917 Resolution further amending Resolution No. 1218, effective December 31, 1979 as amended by Resolution No. 78, effective February 22, 1980, as amended by Resolution No. 430, effective June 6, 1984, as amended by Resolution No. 990, effective November 20, 1984, as amended by Resolution No. 17, effective February 6, 1985, as amended by Resolution Nno. 1262, effective December 31, 1985, entitled: "A Resolution providing for a Contract or Contracts for Engineering and Architectural Services for Grant Street and Liberty Avenue Design, Fort Pitt to Liberty, Sixth Avenue to Twelfth Street; and providing for payment of costs thereof; and providing for a Reimbursement Agreement or Agreements with the Commonwealth of Pennsylvania, Department of Transportation," by increasing the total project allocation by \$97,000.00, from \$968,633.92 to \$1,065,633.92.

Also,

No. 1918 Resolution Repealing Resolution No. 195, effective March 19, 1986, entitled: "Providing for a Contract or Contracts, or use of existing Contracts for the Renovation of Senior Citizen Centers, including but not limited to Cowley and Perry South at a cost not to exceed \$248,500.00, chargeable to and payable from Code Account EC 86-66."

Also,

No. 1919 Resolution providing for a Contract or Contracts, or use of existing Contracts for repairs at various park facilities at a cost not to exceed \$53,000.00, chargeable to and payable from Code Account EC 86-59.

Also,

No. 1920 Resolution providing for a Contract or Contracts, or use of existing Contracts, for the Renovation of Mary Schenley Fountain Area of Schenely Park at a cost not to exceed \$50,000.00, chargeable to and payable from Code Account EC 85-28.

Also,

No. 1921 Resolution providing for a Contract or Contracts, or use of existing Contracts, for the Renovation of Cowley Goettman Recreation and Senior Citizen Center at a cost not to exceed \$420,000.00, chargeable to and payable from Code Account EC 86-66 - \$140,000.00 and Code Account CDEC 86-42 - \$280,000.00.

Also,

No. 1922 Resolution providing for an Agreement or Agreements with a Consultant or Consultants for Engineering Services in connection with

the In-Depth Inspection of the Shadeland Avenue Bridge; providing for a Reimbursement Agreement or Agreements with the Commonwealth of Pennsylvania, Department of Transportation at a cost not to exceed \$85,000.00, chargeable to and payable from Code Account EC 86-10.

Also,

No. 1923 Resolution providing for an Agreement or Agreements with a Consultant or Consultants for Engineering Services in connection with the In-Depth Inspection of the Meadow Street Bridge; providing for a Reimbursement Agreement or Agreements with the Commonwealth of Pennsylvania, Department of Transportation at a cost not to exceed \$35,000.00, chargeable to and payable from Code Account EC 86-10.

Which were severally read and referred to the Committee on Engineering and Construction.

Mr. Givens presented

No. 1924 Resolution providing for the issuance of a warrant in favor of Sanitary Systems Service, Inc. in the amount of \$836.17 in payment for services rendered at the Lincoln Place Pump Station, chargeable to and payable from Code Account No. 1612-1, Repairs.

Also,

No. 1925 Resolution transferring the sum of \$10,000.00 from Code Account No. 1167, Wages, Regular Employees, Department of Environmental Services to Code Account No. 1160-1, Premium Pay, Department of Environmental Services. The transfer is necessary to cover the additional overtime cost resulting from double holidays that occurred last month and

paying for safety classes and paramedic service, and also for the unforeseen cost that arises from breakdowns for this time of year when refuse increases.

Which were read and referred to the Committee on Finance.

Also,

No. 1926 Resolution granting unto Sidney Properties Associates, their successors and assigns, the privilege and license to construct, maintain, and use at their own cost and expense, encroachments on a portion of the sidewalk of Sidney Street and Wrights Way in the 6th Ward of the City of Pittsburgh.

Also,

No. 1927 Resolution vacating the southerly 20' portion of Risby Avenue from Gladys Avenue to a point 135.29' eastwardly in the 19th Ward of the City of Pittsburgh. —(SPONSORED BY MR. GIVENS)
(IN RECEIPT OF A VALID PETITION REQUESTING A PUBLIC HEARING)

Which were read and referred to the Committee on Public Works.

Mr. Grabowski presented

No. 1928 Resolution amending Sections 549.02(j), 549.05(b), 549.06(a), 549.07(a), of Ordinance No. 30 of 1981, effective September 22, 1981, which established the Residential Parking Permit Program, so as to change definitions and departmental responsibilities.

Also,

No. 1929 Resolution amending Section 10 of Resolution No. 234 of 1986 entitled, "Providing for filing of a

Community Development Statement by the City of Pittsburgh with HUD for a grant in connection with 1986 CDBG Program", so as to amend several line items for an increase in grant by \$2,857,000.00 from \$13,920,000.00 to \$16,777,000.00.

Also,

No. 1930 Resolution providing for the filing of a Community Development statement by the City of Pittsburgh with HUD for a grant in connection with the 1987 CDBG Program. Providing for the execution of grant contracts and for the filing of other data providing for required assurances; providing for execution of payment vouchers on letter of credit and for certification of authorized signatures; creating a special trust fund in connection with the project; providing for the deposit of the funds in a bank account and providing for the payment of expenses within categories.

Also,

No. 1931 Resolution authorizing the submission of enterprise development applications with the Commonwealth of Pennsylvania Department of Community Affairs for financial assistance and area designation. In 1983 the Pa. Dept. of Community Affairs designated the Lower North Side and East Liberty as Enterprise Development areas; and allocated \$250,000.00 for those areas; and in 1985 these areas were again designated and allocated \$550,000.00; and in 1986 these areas were again designated and allocated \$450,000.00.

Which were severally read and referred to the Committee on Planning, Housing and Development.

Michelle Madoff presented

No. 1932 Resolution initiating a

three-phase program gifting ownership, management and maintenance of the Pittsburgh Zoo, the Pittsburgh Aviary, and Phipps Conservatory.
(SPONSORED BY MICHELLE MADOFF)

Which was read and referred to the Committee on Finance.

Also,

No. 1933 Resolution providing for an Agreement of Lease with the Urban Redevelopment Authority of Pittsburgh for the Leasing of the Firehouse structure located at 3343 Penn Avenue, Pittsburgh, PA 15201, to be used by the Department of Parks and Recreation effective January 1, 1987 through December 31, 1987, for the term of one year in the amount of \$1.00, and with the option thereafter to renew said lease on a month-to-month basis until said structure has been sold by the Urban Redevelopment Authority, chargeable to and payable from Code Account 1128, Miscellaneous Services, Department of General Services.

Also,

No. 1934 Communication from George Jacoby, Director, Department of General Services, requesting authorization for Ron Schuler and James Jones to attend the Water Mechanics Seminar in Saint Paul, Minnesota from December 8-12, 1986, at a cost not to exceed \$1,650.00, payable from Code Account No. 1128. (PRIOR APPROVAL GRANTED)

Which were read and referred to the Committee on General Services.

Mrs. Masloff presented

No. 1935 Resolution Repealing Resolution No. 1036 of 1986, effective November 24, 1986 entitled:

"Transferring \$17,185.37 in appropriations from Capital Budget Project PR86-02, to Project PR86-04, in the Department of Parks and Recreation."

Also,

No. 1936 Resolution further amending Resolution No. 1283 of 1985, as amended, entitled: "Resolution adopting & approving the 1986 Capital Budget and the 1986 Community Development Block Grant Program; and approving the 1986 thru 1991 Capital Improvement Program," by increasing a line item and by decreasing a line item to purchase play equipment for the various park facilities.

Also,

No. 1937 Resolution authorizing the Mayor and the Director of Parks and Recreation to enter into agreements in individual amounts of \$10,000.00 or less with various performers, instructors, artists and other persons with specialized skills in connection with the Department's various recreational and instructional programs. Funds for said agreements to be encumbered from various Code Accounts within the Department of Parks and Recreation.

Also,

No. 1938 Communication from Louise Brown, Director, Department of Parks and Recreation, requesting authorization for Robert Jones to attend the Revenue Sources Management School at Oglebay Park, Wheeling, West Virginia from March 8-12, 1987, at a cost not to exceed \$600.00, payable from Code Account No. 1801.

Also,

No. 1939 Communication from

Louise Brown, Director, Department of Parks and Recreation, requesting authorization for Dan Dziubek, Rupert Friday, Howard Watts and Barbara Balbot to attend the Annual Conference of the Pennsylvania Alliance for Environmental Education in Williamsport, Pennsylvania from November 14-16, 1986, at a cost not to exceed \$610.00, payable from the Frick Park Trust Fund. Permission is also requested for use of a City vehicle. (PRIOR APPROVAL GRANTED)

Also,

No. 1940 Communication from Louise Brown, Director, Department of Parks and Recreation, requesting authorization for Leonard Duncan, Polly Herron and J. Roosevelt Jackson to attend and supervise the Hot Shot Basketball Finals in Cleveland, Ohio from November 21-22, 1986, at no cost to the City. (PRIOR APPROVAL GRANTED)

Also,

No. 1941 Communication from Louise Brown, Director, Department of Parks and Recreation, requesting authorization for Susan E. Davis to take members of the Pittsburgh Goal Getters Swimming Team to compete in the 1986 Jr. Orange Bowl Sports Ability Games in Miami, Florida from November 20-23, 1986, at no cost to the City. (PRIOR APPROVAL GRANTED)

Also,

No. 1942 Communication from Louise Brown, Director, Department of Parks and Recreation, requesting authorization for Joseph N. Cogley to attend the National Association for Olmsted Parks conference from November 6-9, 1986, at a cost not to exceed \$1,000.00, payable from Code

Account No. 1837. (PRIOR APPROVAL GRANTED)

Which were severally read and referred to the Committee on Parks and Recreation.

Mr. O'Malley presented

No. 1943 Resolution providing for the issuance of warrants in the amount of \$55,000.00 in full settlement of a claim for personal injuries by Shawn Schaffman, a minor by Ronald Schaffman, his father and natural guardian, Staci Schaffman, a minor, by Ronald Schaffman, her father and natural guardian, Ronald Schaffman, in his own right and Valerie Schaffman, his wife arising from an accident involving a collision of the amusement train known as the Zoo train at the City of Pittsburgh Zoo, payable from Code Account No. 46, Judgments.

Also,

No. 1944 Resolution providing for the issuance of a warrant in the amount of \$75,000.00, payable to Helen E. Shealey and William E. Shealey, c/o Richard E. Kronz, Esquire, 1111 Manor Building, Pittsburgh, PA 15219, and Joseph E. Breman, 300 Grant Building, Pittsburgh, PA 15219 in full settlement of a claim arising as a result of the death of Kevin Westley Shealey on July 13, 1982, Kevin Shealey drowned while swimming at the Kennard Pool, Reed and Kirkpatrick Streets, payable from Code Account No. 46, Judgments.

Also,

No. 1945 Resolution providing for the issuance of a \$1,177.12 warrant in favor of Robert Silbaugh in settlement of claim for automobile damage by a City Refuse vehicle, payable from Code Account No. 46, Judgments. This vehicle

was parked on Smallman Street when struck by the City of Pittsburgh refuse vehicle.

Also,

No. 1946 Resolution providing for the issuance of a \$1,510.61 warrant in favor of William D. Black in full settlement of claim for automobile damage by a Department of Parks and Recreation vehicle on September 25, 1986 at Mount Pleasant Road, payable from Code Account No. 46, Judgments.

Also,

No. 1947 Resolution providing for the issuance of a warrant to Port Authority of Allegheny County, in the amount of \$77,098.31 in full settlement of claim for damages, arising from an accident between a City of Pittsburgh refuse truck with a PAT bus on March 5, 1984, occurring in the Borough of Turtle Creek, payable from Code Account No. 46, Judgments.

Also,

No. 1948 Resolution providing for the issuance of a warrant to Anna Weakland (passenger on the bus), in the amount of \$16,500.00 in full settlement of claim for personal injuries, arising from an accident involving a City of Pittsburgh refuse truck with a PAT bus, alleging that the City refuse truck was driven through a red traffic signal and smashed into the left center side of the Port Authority bus on March 5, 1984 in the Borough of Turtle Creek, payable from Code Account No. 46, Judgments.

Also,

No. 1949 Resolution providing for the issuance of a warrant to Gladys Koch (passenger on the bus), in the amount of \$7,000.00 in full settlement of claim for

personal injuries, arising from an accident involving a City of Pittsburgh refuse truck with a PAT bus, alleging that the City refuse truck was driven through a red traffic signal and smashed into the left center side of the Port Authority bus on March 5, 1984 in the Borough of Turtle Creek, payable from Code Account No. 46, Judgments.

Also,

No. 1950 Resolution providing for the issuance of \$1,042.50 warrant in favor of Richard & Sandra Hanson in full settlement of claim for sidewalk damage by City tree roots, payable from Code Account No. 46, Judgments. Investigation indicates that twenty-one blocks of sidewalk measuring 417 sq. ft. adjoining the property at 6501 Bartlett Street were cracked and raised due to the growth of roots of City trees located adjacent to the sidewalk.

Also,

No. 1951 Resolution providing for the issuance of a \$1,500.00 warrant in favor of Kevin A. King in settlement of claim for auto damage and missing articles at the City Auto Pound, payable from Code Account No. 46, Judgments. Investigation indicates that Kevin King's Chevrolet Monte Carlo was impounded and towed to the City of Pittsburgh Auto Pound. The following day Mr. King arrived and found his car had been vandalized. The dash board was severely damaged and stereo removed. He also claimed that several personal items were missing from his automobile.

Also,

No. 1952 Resolution providing for the issuance of a \$1,123.26 warrant in favor of American Rent A Ride, Inc. in full settlement of claim for automobile damage, payable from Code Account No.

46, Judgments. Investigation discloses that Russell Weber, City employee assigned to the Dept. of Parks and Recreation, was driving an automobile leased by the City of Pgh. from American Rent A Ride, Inc. on Forward Avenue. Mr. Weber states that he was stopped at the intersection of Forward and Shady when he was struck at the left front fender by an automobile whose operator refused to identify himself and immediately pulled away from the scene.

Also,

No. 1953 Resolution providing for the issuance of a warrant in favor of The Greater Pittsburgh Chamber of Commerce, Three Gateway Center, Pittsburgh, PA 15222, in the amount of \$1,000.00 in payment for participation of Mina Gerall in the Leadership Pittsburgh Program, chargeable to and payable from Code Account 1017, Miscellaneous Services, Mayor's Office.

Also,

No. 1954 Resolution amending Resolution No. 662 of 1986 approved July 30, 1986 and effective August 4, 1986 entitled: "Providing for the filing of an application by the City of Pittsburgh with the Commonwealth of Pennsylvania in connection with the Job Training for General Assistance (GA) Welfare Recipients Program funded through the Commonwealth of Pennsylvania General Fund; . . . and providing for the deposit of funds into the Job Training Partnership Act (JTPA) bank account," by increasing the amount available for subcontractor agreements from \$10,000.00 to \$200,000.00, chargeable to and payable from the JTPA-1 and/or the JTPA-2 Trust Funds, federal funds. This amendment is necessary because our grant from the Commonwealth of Pennsylvania has been increased by \$100,000.00.

Also,

No. 1955 Resolution providing for an Agreement or Agreements with a Consultant or Consultants for consulting services to assist the City of Pittsburgh as a Washington, D.C. liaison and to work with various agencies of government for the benefit of the City of Pittsburgh, at an aggregate cost not to exceed \$25,000.00, payable from Code Account No. 1017, Mayor's Office, Miscellaneous Services.

Also,

No. 1956 Resolution providing for an Agreement or Agreements with a Consultant or Consultants for consulting services to assist the City of Pittsburgh in acquiring State assistance and fundings and to work with various agencies of Government for the benefit of the City of Pittsburgh, at an aggregate cost not to exceed \$25,000.00, payable from Code Account No. 1017, Miscellaneous Services, Mayor's Office.

Also,

No. 1957 Resolution authorizing the City of Pittsburgh to accept the gift of the Buhl Science Center located in the 22nd Ward of the City of Pittsburgh.

Also,

No. 1958 Resolution authorizing the City of Pittsburgh to enter into an Agreement with Carnegie Institute for a term of 25 years at a rental rate of \$1.00 per year.

Also,

No. 1959 Resolution Repealing Resolution, approved on various dates, authorizing the sale of properties in various wards of the City of Pittsburgh, in accordance with Act No. 171 of 1984.

Also,

No. 1960 Resolution providing for the filing of a petition or petitions for the sale of certain properties, acquired at tax sales in accordance with Act No. 171 of 1984. Properties are in various Wards of the City of Pittsburgh.

Which were severally read and referred to the Committee on Finance.

Mr. Pollock presented

No. 1961 Resolution transferring \$70,000.00 from Code Account 1977, Utilities to Code Account 1978 Chemicals, Purification and Pumping Division, Department of Water. This transfer is needed because of an increase useage of chemicals during water treatment. Unusual river conditions and construction work which caused a break in a 96" line at the Treatment Plant contributed to this increase.

Also,

No. 1962 Resolution transferring \$10,000.00 from Code Account 1922, Miscellaneous Services, Administration Division to Code Account 1974, Repairs, Purification and Pumping Division, Department of Water. This transfer is needed to pay for repairs to pump motors at Herron Hill Pumping Station and circuit board repairs at the Treatment Plant.

Which were read and referred to the Committee on Finance.

Mr. Wagner presented

No. 1963 Resolution transferring the sum of \$200,000.00 from Code Account 1400, Public Safety Administration Salaries & Wages to Code Account 1443, Police Salaries & Wages, Bureau of Police, Department of Public

Safety. This tranfer is necessary to cover Police payroll for the remainder of 1986.

Also,

No. 1964 Resolution transferring the sum of \$50,000.00 from Code Account 1400, Public Safety Administration Salaries & Wages to Code Account 1470-9, Firemen Worker's Compensation, Bureau of Fire, Department of Public Safety. This transfer is necessary to cover Worker's Compensation payroll for the remainder of 1986.

Also,

No. 1965 Resolution transferring the sum of \$30,000.00 from Code Account 1400, Public Safety Administration Salaries & Wages to Code Account 1402-9, Administration Workmen's Compensation, Bureau of Administration, Department of Public Safety. This transfer is necessary to cover Workmen's Compensation payroll for the remainder of 1986.

Which were severally read and referred to the Committee on Finance.

Also,

No. 1966 Resolution providing for the entering of a Contract or Contracts or the use of existing Contract or Contracts for the purchase of uniforms for Firefighters of the City of Pittsburgh, Department of Public Safety, at a cost not to exceed \$600,000.00, chargeable to and payable from Code Account 1402, Bureau of Administration, Department of Public Safety.

Which was read and referred to the Committee on General Services.

Also,

No. 1967 An Ordinance amending and supplementing the Pittsburgh Code, Title Seven - Business Licensing Article IX - Amusement Businesses, Chapter 777 - Mechanical Amusement Devices, Section 777.05 - License Fees, by changing the date for payment of late fee and by providing for a reduced fee in the event of a license effective after June 30. (a) The annual fee for the issuance of a license to maintain a mechanical or electronic amusement device, except juke boxes, shall be based upon \$135.00 for each such machine. For each device licensed after the sixth month of the license year, the fee shall be \$75.00. (b) The annual fee for a juke box shall be \$85.00. (c) A late fee of \$50.00 shall be assessed for each premises if license is not obtained prior to (February 1) January 1, of each year.

Also,

No. 1968 An Ordinance amending the Pittsburgh Code, Title Ten-Building, the title page by repealing the reference to "Article I - Administration." Chapter 1007-BOCA Basic/National Building Code Adoption, Section 119.0-Certificate of Use & Occupancy, Subsection 119.3-Existing Buildings, to provide for requirement of Certificate of Use & Occupancy; Section 2004.0-Permits & Certificates of Inspection, Subsection 2004.1-General, to provide for electrical permits; Section 103.4-Rehabilitation, providing for use of Article 25, Repair, Alteration, Addition To & Change of Use of Existing Buildings; Section 116.2-Shop Drawings, providing for review of shop drawings by the design professional; Appendix A Reference Standards, providing for the enforcement of the 1987 NEC as of January 2, 1987; and Chapter 1011 BOCA/National Existing Structures Code Adoption, Section ES100.2-Scope, by repealing ES100.2(3)-Rehabilitation.

Also,

No. 1969 An Ordinance supplementing the Pittsburgh Code, Title Ten - Building, Article I - Administration, Chapter 1007 - BOCA Basic/National Building Code Adoption, Section 114.0 - Fees, Subsection 114.3.1 - Fee Schedule, by adding Paragraph 114.3.1(k) - Microfilming of Plans.

Which were severally read and referred to the Committee on Public Safety.

The Chair presented

No. 1970 Petition from the residents of the City of Pittsburgh, requesting a public hearing on the issue of district elections, Bill No's. 1840, 1818 and 1721. (This petition is invalid in accordance with Section 320(a) of the Home Rule Charter, which states that a petition requesting a public hearing on pending legislation must be presented within three days of the introduction of the legislation).

Also,

No. 1971 Communication from Ronald C. Schmeiser, Director, Department of Finance, submitting the Market Value of securities pledged as collateral by City Depositories as of October 31, 1986.

Which were read, received and filed.

Michelle Madoff:

Why is the motion for a public hearing invalid?

The Chair:

It wasn't here within three days of the presentation of the legislation.

Michelle Madoff:

Bear with me a moment please. You mean that when we have a bill introduced somebody has to go out and get 25 signatures in three days?

The Chair:

Yes.

Michelle Madoff:

They don't have any time to get signatures?

The Chair:

Yes. Three days.

Michelle Madoff:

But any member of this Council at any time can request a public hearing on anything?

The Chair:

As long you have five votes.

Michelle Madoff:

I make a motion to request a public hearing.

The Chair:

Michelle, it doesn't matter. I set the public hearings. You make a motion to have a public hearing.

Michelle Madoff:

Yes.

The Chair:

Make that motion when we get into that business. After we get rid of all the other business.

Michelle Madoff:

I'm opposed.

Mr. Grabowski moved to suspend Rule 8 by providing for consideration of all the bills only until or after the 9th calendar day following the meeting in which the bills were introduced so the bills will be on the agenda this Wednesday.

Mr. Givens seconded the motion.

Which motion prevailed.

REPORTS OF COMMITTEES

Mr. O'Malley presented

Bill No. 1972

Report of the Committee on Finance for December 3, 1986 transmitting sundry ordinances and sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1721

An Ordinance entitled, "An Ordinance directing the Allegheny County Board of Elections to place before the qualified voters of the City of Pittsburgh a referendum question as to whether or not said voters are in favor of amending the Home Rule Charter to provide for the election of City Council Members: 1) Nine by district only or 2) a combination of seven by district and two at large." —
-(SPONSORED BY MICHELLE MADOFF)
(AS AMENDED IN COMMITTEE)

Which was read.

Michelle Madoff:

I apologize, Mr. Chairman, I thought that was the subject matter and I — it is very easy to confuse the two and I think you can understand why.

I repeat, on Friday the Chairman distributed a memo that said that today I was going to amend my original proposal. I would like Council to understand and the public, why I introduced the three original motions, which were originally nine at large, nine by district and seven-two.

My motivation was simply to get the ball rolling and to get to talk about it because, I feel it's very unnecessary to have the public go out and get signatures in inclement weather. I've been there. I have run as an independent. I've gotten 20,000 signatures, 16,000, 14,000 signatures and it is not an easy or pleasant job, and it is an unnecessary job.

My original reasons for putting the three on the ballot without realizing that there would be any confusion was that Tom Murphy in my discussions with him and subsequently the bill that came through signed by the Governor indicated that no matter what was on the bill the bill that got the highest number of votes would be the one that would go into effect.

In subsequent reviewing of the situation it becomes very apparent that there could be confusion because on each of the proposed recommendations for how Council should be elected there must be a yes or a no, and it is conceivable there could be more noes than yeses and it is so confusing that people may not even go to the polls, or those going to the polls may not even vote on it because they don't understand it.

So, that we are eminently clear, Michelle Madoff doesn't give a darn about her own situation as to where she will be running from. I don't care about any deals that have been cut in the seven divisions that have been divided. I have a copy of an outline provided to me as to what the present seven districts are that would be on the seven-four proposal, whether there are nine districts. I feel confident that there would be a place for me to run from and I don't know what's going to happen by 1989. I don't know if I'll be married, I don't if I'll be dead or they'll both be one in the same.

In don't think we should be worrying about 1989. From our personal point view we ought to do what is morally and ethically correct. In line with that, may I remind this esteem body and the reporters that when Mr. Flaherty introduced election by district it would never have been discussed in this Council without Michelle Madoff's second, and the vote was at that time, seven-two. Councilman Flaherty and Michelle Madoff was the only two voting to support election by district.

May I also remind everyone that the black community who are feeling disenfranchised through their leadership testified at hearings that they opposed election by district. May I remind the public that we have had a black President of this Council who served with distinction, Mr. Mason. We've had some very fine members of Council and that frequently we cannot be blamed for problems that are beyond our control, but in the spirit and in the moral responsibility of this body when 25 percent or more of our people who live in the city do not have any representation on this body I felt that I had no choice in the 1985 election but to support Elmer McClung. I did a terrible thing he was a Republican, isn't that terrible?

The situation was that I felt that is was a matter of principal before party. I have put my mouth, my money, and my efforts in supporting Mr. McClung at that point, because he was the only game in town. For that, I was publicly chastised, if you have forgotten ladies and gentlemen. Before more than 1,600 members of the Democratic Party at a dinner a fund raising dinner where Mr. Lucchino who ran four times against the party and I had remembered that got up and said and there are two people here that I must report are not supporting the entire democratic slate. These democrats who have never supported me and said and those two terrible people —

Mr. DePasquale:

Michelle, that's a political speech.

Michelle Madoff:

May I finish please, I have the floor —
Were Mr. Robinson and Michelle Madoff.

The Chair:

Michelle, back to the bill, please.

Michelle Madoff:

I am finished with my editorial.

The Chair:

Now, back to the bill.

Michelle Madoff:

I do think history plays a very important part in what happens. It is not funny.

The Chair:

Come on Michelle, back to the bill, please.

Michelle Madoff:

Mr. Pollock, I don't find this funny at all.

The Chair:

All right. He's not laughing at you.

Michelle Madoff:

I want everyone to know that I want this election to be based on the public having their vote. The public having an opportunity. But since I have been accused that everything I suggest which could be alternatives in case of election at large should continue I will make a motion to amend my bill and will put before this Council a motion to have nine by district as the only vote since the Mayor has said that would veto anything but two bills this in effect gives you two bills, because if it fails we remain as we are. I am recommending, I'm making it a formal motion.

The bill will read nine zip, nine by district only, and if I don't get elected because of that, so be it.

Mr. O'Malley seconded the motion.

Mrs. Masloff:

Are we voting on 1721?

The Chair:

Right.

Mrs. Masloff:

Are we allowed to make amendments? I thought the amendments had to be submitted. We ruled on that last week.

Michelle Madoff:

I submitted mine in writing.

The Chair:

We knew it. She has it in writing.

Mr. Grabowski:

Mr. President, point of order. The motion that is in writing does not do what Michelle suggested.

The Chair:

That's fine. That's fine.

Michelle Madoff:

Excuse me, you have the wrong one, because that's not the motion. You have the wrong motion in front of you. Here it is.

The Chair:

It's all nine by district. That's all the bill says. Now, --

Mrs. Masloff:

Yes, but originally it said nine at large.

Mr. Perry:

She's deleting a --

The Chair:

She's deleting.

Michelle Madoff:

It leaves my bill to say nothing but nine by district.

The Chair:

On the bill as amended.

Roll call vote.

Mr. DePasquale:

We already voted.

Michelle Madoff:

If I had had a bill you'd say —

The Chair:

Wait a minute. I'm running this meeting we're going to have a roll call vote on the bill as amended and we always start calling the roll, please continue.

Mrs. Masloff:

Point of order.

The Chair:

No, read the bill. Just keep calling the roll. You had your chance to have your point. Call the roll.

Mrs. Masloff:

I don't understand the bill and I'm not going to vote.

The Chair:

Fine. You abstain.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale Mr. Pollock
Mr. Givens Mr. Wagner
Michelle Madoff

AYES 5 NOES 3

VOTING NO:

Mr. Grabowski
Mr. O'Malley
Mr. Woods
(Pres't)

(MRS. MASLOFF ABSTAINING)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also, with a **NEGATIVE** recommendation,

Bill No. 1818

An Ordinance entitled, "An Ordinance directing the Board of Elections to place before the qualified voters a referendum question as to whether they are in favor of amending the Home Rule Charter to provide for the election of City Council: (1) Nine at Large or (2) a combination of Seven By District and Four At Large."

—(SPONSORED BY MR. O'MALLEY)

Which was read.

Michelle Madoff:

As the President of Council distributed a memo on Friday which was accurate alerting all members of Council that I proposed today to amend my original legislation.

The Chair:

Hold it. On this bill.

Michelle Madoff:

On this bill.

The Chair:

This is the wrong bill, Michelle. This is Mr. O'Malley's bill. He wants to recommit it. We don't want to vote on it today.

Mr. O'Malley moved to recommit Bill No. 1818.

Mr. Givens seconded the motion.

The Chair:

Is there any discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. O'Malley
Mr. Grabowski	Mr. Woods
	(Pres't)

AYES 6 NOES 3

VOTING NO:

Michelle Madoff
Mr. Pollock
Mr. Wagner

And a majority of the votes of Council being in the affirmative, the motion passed finally.

Also, with an affirmative recommendation,

Bill No. 1840

An Ordinance entitled, "An Ordinance directing the Allegheny County Board of Elections of place before the qualified voters a referendum question as to whether they are in favor of amending the Home Rule Charter to provide for the election of City Council Members: 1) Nine at Large or 2) Seven by District." —(SPONSORED BY MR. WOODS)

Which was read.

Mr. DePasquale:

Are these open for discussion?

The Chair:

Yes.

Mr. DePasquale:

Mr. President, if I may, without getting dramatic I honestly believe we should have two questions on the ballot in regards to Council whether it be nine at large, nine-district, seven-district, two at large, seven-district, four at large, as long as we don't confuse the people any more than they're confused now. I certainly know I am confused and I think everyone else is. I'm insisting and I'm going to ask my colleagues to please go along with to go with two questions on the ballot in regards to Council's make-up. Obviously, nine at large as it is now. That's my preference and that's what I'm going to campaign for.

Let's have one other question on it, whichever one it is but no more than two.

The Chair:

You have no choice at this time, because the only question that would be on the ballot if you defeat this bill is going to be nine by district. You're just

automatically changing this. That's the way Mrs. Madoff amended her bill. Just one question it says nine by district.

Mr. Pollock:

Well, it's only one question on the ballot but it's a yes, no. If you vote no on it then it stays the way it is. So, it's still that option.

The Chair:

You're saying — right now I would ask all of you to vote in favor of this bill, seven by district and nine at large, give the voters a real choice, because right now all you have on that ballot is nine by district, and I know like Michelle said she'll run anywhere and we're all — if we want reform, this is reform.

Mr. DePasquale

The amendment failed.

The Chair:

We passed it.

The Chair:

Can I get a little order, please.

I listened to everybody speak and now I'd like to say something. Presently, you only have on the ballot nine by district, if that's the only question that's what you're going to have nine by district. We are changing the form of government. That's the way I interpret it and you have your interpretation Mark, and I'll let you have the floor when you raise your hand and when I'm done. But, if we are for reform let's vote seven by district that's real reform. This government, this City has slipt by 300,000 people in the last twenty years.

We just reapportioned our

Legislators in 1982 from nine to seven representing this City because of the loss of population. Then what's with decreasing this Council by two just like we did with the State Legislators.

Mrs. Masloff:

May I ask a question?

The Chair:

Yes.

Mrs. Masloff:

To clarify, Bill No. 1722 will only say nine by district — the ballot will say nine by district?

The Chair:

Right.

Mrs. Masloff:

The issue is not clear. The voters will not know that they have an option. In your bill in the Bill 1840 there will be two questions on the ballot at large or seven by district. So, they will have an option and it will be clear that there is an option.

The Chair:

Yes, exactly right.

Mrs. Masloff:

Okay, that's what I wanted to know.

Michelle Madoff:

Mr. President, I believe that if seven zero goes on the ballot seven by district there's no doubt that it will pass I've even said that I would bet a thousand dollars, but the two groups for equality

who have been leading the charge to have the form of government changed not only when minority representation, but they feel have their elected official in a district behold to them whether one agrees with that perspective or not have asked me to introduce --

The Chair:

Hold it, please. This is for Council and Council Aides.

Michelle Madoff:

-- Have asked me to introduce the bill nine by district. One of the reasons that they have convinced me, and I believe the Mayor and some editorials have stated that nine by district is better than seven by district is that by seven by district they will only get two minority representatives whereas, under nine I believe is how the School is drawn and that doesn't even include Mount Oliver we have three minorities, and they feel why should they have two when they can have three, and furthermore, there would be a broader representation and may I remind you that the population I believe is Cleveland or Columbus I'm not positive which of the two cities had something like 18 Councilmembers and less population than we had.

We're not talking about adding, we're not talking about deleting, we're talking today about possibly having two alternatives and as Sophie Masloff is questioning by putting nine by district only that the public may not understand that there is another alternative. The way to do that is on this present bill is for someone other than myself, because I'm staying with the motion I've made is to delete the seven-two and just go with nine at large then you have two choices.

The Chair:

It's my bill, and I would resent very much if anyone would try to reamend it.

Michelle Madoff:

I know, but everybody reamends my bills. You may resent it but we have the right to amend your bill.

The Chair:

It's my bill and I think even though your two groups came to you and ask you that they're in favor of nine by district and some suburban editorial writers write and say how we should elect our government. You believe them, if you want to make your decision by editorials that's fine. I do not.

Michelle Madoff:

Mr. Chairman.

The Chair:

Now, wait a minute. Let me get done. You've mentioned the editorial writers not me.

Michelle Madoff:

I said some editorials. May I respond?

The Chair:

No. I'm not done yet and then Mr. Pollock has the floor.

Michelle Madoff:

But you made an accusation I think I have a right to respond to. I don't think the people that have come to me, and asked me for nine by district live in the suburbs. You would agree that they live in the city.

The Chair:

I didn't say that.

Michelle Madoff:

Okay. I just wanted to get that perfectly clear.

The Chair:

I said the suburbanites editorial writers. You know what I said.

Michelle Madoff:

You included both together.

Mr. Pollock:

Before we vote on your bill the current status is that we'll have on the ballot the one question of that Council shall consist of nine members all elected by district?

The Chair:

Right.

Mr. Pollock:

That will have a yes or no option. Now, I feel to see -- you made the statement that that means we're changing the form of government; why do you think that the voters aren't intelligent enough to know the difference between yes or no?

The Chair:

I agree with you Mr. Pollock I was mistaken, but I also agree that the voters are intelligent enough to choose between three questions; do you agree with that?

Mr. Pollock:

Well, I agree they are but the problem --

The Chair:

Thank you.

Mr. Pollock:

You're not going to let me answer?

The Chair:

Go ahead.

Mr. Pollock:

The problem with that is that the people who want to change the system will have two choices in which to go to as opposed to the ones who want to keep it the same will have just one.

The Chair:

Mark, don't you understand. I've had and I'm sure a lot you have had a number of numerous phone calls and people stopping and staying that they are for seven by district over any other system. A lot more than the nine by district. I mean if anyone here can say that they had phone calls in reverse of that is not telling the truth. Everywhere I go. I've been a lot of places this weekend, people are saying I love that idea they had talk shows and they're saying that they like it.

Michelle Madoff:

The suburbanites are the talk shows.

The Chair:

Editorial writers, so I'm asking you all of you to vote for this piece of

legislation it gives the voters a real choice all at large the present system, seven by district, and we will also have the third choice Michelle's bill nine by district.

Mr. DePasquale

To that respect, why don't we amend it to have seven at large and seven district? We're asking the voters to say they want nine at large or only seven by district, I mean seven by district automatically is a winner.

Michelle Madoff:

That's right.

Mr. DePasquale:

If I'm voting out there and they say there going to cut Council by two I'm going for the by district. Whereas, if you say seven at large, at large has a shot.

Michelle Madoff:

Amend the bill Mr. DePasquale.

Mr. DePasquale:

I don't want to fail human nature I'm telling you if you go in with nine at large or seven by district, seven by district is a sure winner.

The Chair:

If we'll all afraid of our jobs like you said you were not.

Michelle Madoff:

That's right.

The Chair:

And we're for real reform, we want to cut \$300,000 out of a million. What is

our budget Mike, a \$1.6 million or something?

Mr. Perry:

Yes.

The Chair:

\$1.6 million, and if we had shown that we really are for cost cutting let's go seven by district.

Mr. Grabowski:

Are we going to vote on all the bills in Finance at one time?

The Chair:

No, we're going to finish this and then we're voting on all the other bills. Any other discussion?

Michelle Madoff:

Mr. Chairman, I don't think that my colleagues quite understand what is happening here. You were saying with all do respect, you were saying that it is your bill and you would resent anyone amending it.

The Chair:

That's right.

Michelle Madoff:

However, there's nothing wrong with any member of this esteem body having the courage to say this is not for you Mr. DePasquale. There's nothing wrong with any member of this Council having the courage to amend this bill that says nine at large to seven by district to only nine at large and nine by district, and then we vote on it even though Mr. Woods said he would be offended if you did it, you have the right

to do it and we vote on it.

Mr. Givens:

I thought from the very beginning that when government wanted to be changed that we should have done it in the proper way through the Home Rule Charter. I advocated that back five years ago in 1981, 1982, when it came before us. There are people now that are asking to have a public hearing on this issue. Even at a public hearing most of the viewpoints of our citizens will not be adhere to. I begged the Council back then and I beg it now and if they had done that we would have had a proper form. The Home Rule Charter was created for us and our local municipalities to do what we felt we could do to change our government, and the state for the first time gave us that permission in 1976.

The people of the City of Pittsburgh voted for that and we deviated from that and because we did deviate from it a vote did come up a couple of years ago it was defeated. Again, I plead to everyone of good conscience if they would use the Home Rule Charter Study Commission.

People said well that will take too long. Yes, it will take a little bit long it took a long time for the Home Rule Charter to be adopted by this City. Though it sat there for 18 months almost two years and debated the issue. I don't think we should go into any form of government with a quick vote from this Council and a quick vote from the people going to the polls. Because like in any referendum question the people who have the most money are going to win, generally speaking.

I'm not going to speak until everyone is sitting, Mr. President. Mr. President, I will not speak anymore until

everyone is seated in their seats. It's very disturbing.

The Chair:

Michelle. Go ahead, Dick.

Mr. Givens:

Either leave the room or sit down.

So, as a result this action has not been taken but I want it on the record how I felt and I think if we would have gone that particular route that we would have the form of government that the majority of people want within this City.

Going back Mr. President now to your nine-seven combination I have heard the same thing that you have heard. When I even look at our legislative district while going in that reapportionment from nine down to seven and I looked at and just talked to Stevie Grabowski right here some of the towns it doesn't even include just the City of Pittsburgh. Our seven Legislators right now go out into Crafton, Millvale, Homestead, Munhall, and a portion of Penn Hills and probably a few other areas, and you have to look at when you divide the City by nine look at our School Board and divide it by seven at least you have some continuity of economic development and other things that might happen within the City. You give downtown, you give the whole Oakland area, you give the whole Lawrenceville, Strip, Bloomfield put it into one particular area if you do that by nine it's going to be very tight.

So, I agree with the seven. I also agree with the nine by district because again that's what many groups also want and I think the majority of people as Jeep DePasquale had indicated want us to remain at nine at large, and I don't know how it's going to go but from what

I've heard just out there among the people not special interests groups, but among the people out there I'm hearing at large again.

Nor did we have a court case and everything else going, and just remember regardless of what we do here in this Council today the people any group of people any special interests groups can come in with 14,000 signatures, 14,000 signatures and be able to amend anything that the Governor has given us the opportunity to do. Either we can do it in this Council or the groups out there can do it on their own with 14,000 signatures. It's very easy with a small group of people to get 14,000 signatures and not only what we have here in this Council that we vote on today or on future dates along with the citizens groups that participate out there.

Again, I think it's not going to be a type of government that we want. We should have gone to the Study Commission, but I'll support that nine-seven.

Mr. Wagner:

Mr. President, Members of Council, last Wednesday when this came up for an initial vote I voted for the seven by district, and I said at that time that the reason for voting for seven by district was that with all the alternatives in front of us at that time we had seven-four, seven-two, nine-0, seven-0, and nine by district.

I said that it appeared as if that was the best form proposed for various reasons. Number one it gave the alternative of district elections to the voters with a referendum question and number two it cut the cost government. It actually said that we as Councilmembers maybe we don't need nine maybe we can work with seven. I

think the seven-0 theory is a good idea. It's a recent idea but it's one that I'm not going to support here on the final vote.

The reason why is that I also indicated last Wednesday I can only vote for one of these referendums one and one only. To vote for more than one in the affirmative is to confuse the issue. The issue that's been in front of us for five years has been district elections versus at large elections.

Sooner or later we have to find out what the public feels, we have to find out if they want to keep it, we have to let the two questions stand on their own in front of the voters. Let the voters decide. Maybe, the at large system will be retained, maybe it will be changed to by district.

No matter what happens I don't think that takes the seven-0 theory and throws it away. If it ends up being nine by district, fine. If it ends up being nine at large, fine, if that's what the voters choose. After that decision is made there still is the potential that this Council can turn around and say its nine by district let's cut it to seven and that can be done at a later time or the same holds true if it remains at large.

So, the issue before us I think is that we need to come out with a clear cut referendum. Let the voters decide the time has come to take the issue out of the hands of the politicians.

The Chair:

I'd like to say one thing Jack. I know you voted for that on Wednesday and I thank you for that, and I think that the voters are much more intelligent than we give them credit for. If you have three questions on the ballot everybody in this room seems to understand because that's why they're

here, and there's the average voter sitting right out here, seven by district, nine by district, nine at large, that's not very very hard to understand. That is very simple. There's only three questions. The only one's that are confused and try to make confusing are the people that will not bend, who do not want to offer a fair choice, and have all three of them questions on there. They want nine by district and that's that.

Mr. Givens:

Yes, I'd like to indicate that if you do not vote for this bill that's in front of us right now that we will only have one thing before us and that's nine by district then what I'm hearing from the average person in the streets of the City of Pittsburgh will be denying them the biggest choice of ever and that is what I'm hearing just what I'm hearing not my particular choice, but what I'm hearing the nine at large.

To defeat this means you're going to defeat nine at large, and the average person in the City of Pittsburgh apparently feels that they still like nine at large, and I have been speaking since this debate has been underway. It's not enough of time. I'd still like to go back to that Study Commission.

But, we need the nine at large and I'm hearing a lot about seven by district, and one of the confusing things out there many people that I've been talking with over the last couple of weeks have indicated when they go by nine by district, nine by district they think still that they're going to be able to vote for nine Council people and they can only vote for one Council person. When you go by district you can only vote for one of your nine Council people right now. Do the people want that going by district elections? I don't think so. I still think they want to vote by nine. The only way

they can do that is to keep the present system that we have nine at large.

Michelle Madoff:

I'm trying to get for this Council is that I'm always the last to hear what goes on but eventually the news does filter down eventhough private little arrangements are made. One of the things I forgot to mention is that comments have been made to the effect that while I'm supporting nine-0, nine by district or nine at large as options, that secretly I really want seven-four, and that that was my position because that would guarantee me a seat. The fact remains that seven-four did not come from Michelle Madoff that came from the Mayor.

The Chair:

But, that issue's dead now, Michelle.

Michelle Madoff:

May I finish, please? That came from the Mayor not from this Council and it came from the Mayor through Dan Pellegrini to each of us and we were each asked to keep it in confidence that we were being approached to petition the courts if we would have a unanimous agreement of this Council.

This business that we're going to seven-0 was if we didn't go for seven-four will show you and we'll go to seven-0. The pie is already divided up ladies and gentlemen. If you'd like a copy of the division of the pie I would be happy to supply it for you. The way the pie was divided up is that on assumption and I am not not saying this is true, but on the assumption that Mr. DePasquale was not going to run again there's an area for Mr. Givens, one for Mr. Grabowski who had moved to his five acres in Lincoln

Place. Mr. O'Malley has already got his place picked. Mr. Wagner's got the 19th Ward, and Mark and I —

Mr. Givens:

We're supposed to be talking about —

Michelle Madoff:

I'm talking about the —

The Chair:

Michelle please, I think you're way off base, honest to goodness you are.

Michelle Madoff:

I'm not off base because if Mr. Forty Minutes here would go on we'd have no problem with it being out of order. The point is, that I don't think the issue of whether we're going to be around or even wanting to seek election whether you even want to seek election in '89 is the issue. The issue is on seven by district we are not giving the minorities the opportunity to have three seats. We are really giving them because I looked at the division only two opportunities in order to have those two opportunities the germandering of the City of the black community was so bizarre in order to come up with 60 percent of minorities in a district and there are two districts allocated for minorities. The chances of anybody who is not a minority winning in the other five districts is nil and that really dilutes the opportunity for minorities to have representation. It is better with three as the School Board has proven.

I don't believe that the correct way to go is seven-0, but I believe, I don't believe, I know as Mr. DePasquale stated very truthfully and honestly you don't have to be a genius to know that if

seven-0 goes on the ballot it wins because if we pass it here now don't even bother putting any tax burden on the taxpayers because people vote for less government. That's the choice. Do we want to go with seven-0 right now? Let's not have anything else, that's it, its over we save everybody the trouble. If you want to go with the referendum on the ballot you go with the nine by district, because if nine by district fails it stays with nine at large, and I understand from what I've heard and I don't get my information through the media because the Mayor doesn't communicate certainly not with me that he will veto anything but two items on the ballot. I don't know whose spoken with the Mayor, maybe his decision is that he will go with nine by district or seven by district.

I think that with the Mayor coming up with seven-four he's now changing his mind, which is his prerogative and it also allows us to change our mind, which is our prerogative.

The nine-0, and I believe the public is intelligent enough to understand that if you leave it with nine-0 nothing is added, that you've got either nine by district or nine at large should it fail.

If you put the seven-0 on if you vote for this bill you are assuring that the Council will be seven by district and you will have no more than two minorities on that Council. Just think of that and then vote your conscience.

The Chair:

Roll call vote?

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. O'Malley
Mr. Grabowski	Mr. Woods (Pres't)

AYES 6 NOES 3

VOTING NO:

Michelle Madoff
Mr. Pollock
Mr. Wagner

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 1861

A Resolution entitled, "Resolution authorizing the issuance of a warrant in favor of Flying Tiger Line Inc. in the amount of \$689.14, in payment of freight charges for the Pittsburgh Zoo provided without previous authority of law and providing for the payment thereof."

Which was read.

Also,

Bill No. 1863

A Resolution entitled, "Resolution authorizing the issuance of a warrant in favor of James L. Smith Insurance Agency in the amount of \$4,500.00 in payment for General Liability Insurance for Senior Citizens Center Services Contract furnished for the benefit of the City without previous authority of law; and providing for the payment thereof."

Which was read.

Also,

Bill No. 1867

A Resolution entitled, "Resolution providing for the issuance of a \$1,447.50 warrant in favor of Joseph & Rose Redondo in settlement of claim for property damage and providing for the payment thereof."

Which was read.

Also,

Bill No. 1868

A Resolution entitled, "Resolution providing for the issuance of a \$968.05 warrant in favor of Duquesne Light Company in settlement of claims for property damage and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And there being two-thirds of the votes of Council in the affirmative, the

bills passed finally.

Also, Bill No. 1871, entitled, "Resolution amending and supplementing Resolution No. 573, approved July 2, 1986 and effective July 10, 1986, entitled: 'Resolution providing for an Agreement or Agreements with the Prudential Insurance Company of America, Prudential Asset Management Company, Inc., for professional services in connection with the administration of the Deferred Compensation Plan for the City of Pittsburgh personnel at no cost to the City', by also authorizing the City to enter into Agreements with various providers."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale Mr. O'Malley
Mr. Givens Mr. Pollock
Mr. Grabowski Mr. Wagner
Michelle Madoff Mr. Woods
Mrs. Masloff (Pres't)
AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 1872, entitled, "Resolution authorizing the Mayor and Director of Finance to enter into a Professional Services Agreements or Agreements with a professional services contractor to conduct field surveys to ascertain the completeness and accuracy of City wage tax data files at a total cost not to exceed Twenty-Five Thousand Dollars (\$25,000.00) chargeable to and payable from Code Account 10, Accounts Payable - Prior Years, Index Code 001008."

Mr. Grabowski: Which was read. Regarding Bill 1872, which appropriates \$25,000 to a consultant to analyze our system of collecting the wage tax. A few weeks ago we had a meeting several of us in the Conference Room with some Firefighters and they suggested a simple directory which the Postal Services might accomplish the same objective here at a cost of \$125 or whatever the directory cost, but it may be an alternative that the Finance Department did not consider, and I would recommend that this bill be recommitted.

Michelle Madoff seconded the motion.

Mr. O'Malley: Discussion. This is not the Treasurer's legislation, Steve. This is my legislation, and the reason this piece of legislation was introduced is to conduct what we call a mini-census. I did a small survey in my neighborhood and out of eight houses there was three families that weren't registered on our tax rolls. All of them within an excess of \$25,000 income.

So, all this legislation is to do is to conduct a small survey to find out if indeed, all the people that live in the City of Pittsburgh are registered and that they're paying their fair share of taxes, and this is particularly true in areas like the Shadyside area, and the Oakland area where it is a very transit neighborhood, and you have a great deal of turn over in people.

Mr. Grabowski:

Well, as far as -- I didn't realize that this was Councilman O'Malley's bill. Treasurer Schillo explained it as though it was his and he intended this was just the beginning if it proved to be successful they would like to expand it throughout, but I think that we should at least recommit it Councilman O'Malley and discuss this. You know last week it sort of got sidetracked with all the debate on the Council elections.

So, perhaps you know it would be worthwhile if we could recommit at least for one week, and discuss it a little further, and then if we should agree that this is the best way to go then proceed.

Mr. O'Malley:

Okay, I have no problems with that.

Michelle Madoff:

May I also point out that there's a book called the Cole book. Every City has one. Ours is called the Cole book that lists every house, every resident, every phone number, and I think we own that book. I own an old one from the last election, but I'm sure the City has a Cole Directory. Do we have one?

The Chair:

Yes.

Michelle Madoff:

I know they're all over the City, we have a Cole Directory. It would be very easy for the Finance Department to use that as a base to check to see if people are registered and letters to go out to everybody saying if you're not there will be whatever penalty. Isn't there a big fine if you don't register that you have income in the City?

Mr. O'Malley:

No, I think the Cole registry is just like the telephone book your name is in there if you want it in there. It's not necessary --

Michelle Madoff:

No, I don't think so.

Mr. O'Malley:

I know the Cole registry doesn't --

Michelle Madoff:

I can't hear both of you, I'm sorry.

The Chair:

If you're unlisted, he's right. If you don't have a listed phone number you're not in there.

Michelle Madoff:

Excuse me, this is not by listed phone, this is by street and I believe they have everybody -- you have people who are not listed in the phone book, that's how I find them I go to the Cole book.

Mr. DePasquale:

Doesn't everybody that's registered in the City of Pittsburgh obviously have to fill out an IRS Form and don't you also

have to fill out a Wage Tax Form? It's been that way the last three or four years.

The Chair:

See, we can get the income tax return statement from the State, but we are not allowed to get them from the Federal government.

Michelle Madoff:

And some people work out of the state, you're right.

I think the \$25,000 may be a very reasonable figure for the return. It's an excellent bill.

The Chair:

Motion to recommit.

All in favor signify by saying aye?

Which motion prevailed.

Also,

Bill No. 1873

A Resolution entitled, "Resolution Repealing Resolutions, approved on various dates, for sale of properties in various Wards of the City of Pittsburgh, in accordance with Act No. 171 of 1984."

Which was read.

Also,

Bill No. 1874

A Resolution entitled, "Resolution providing for the filing of a petition or petitions for the sale of certain property or properties, acquired at tax sales in accordance with Act No. 171 of 1984."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9

NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 1876

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Commonwealth of Pennsylvania Department of Environmental Resources, Certification, Licensing and Bonding, 6th Floor, Fulton Building, P.O. Box 2063, Harrisburg, PA 17120 in the amount of \$1,400.00 in payment for Certification of the Water Treatment Plant Laboratory, furnished for the benefit of the City in connection with Pennsylvania Safe Drinking Water Act of May 1, 1984 and providing for the payment thereof."

Which was read.

Also,

Bill No. 1877

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Allegheny County Sanitary Authority, 3300 Preble Avenue, Pittsburgh, PA 15233 in the amount of \$5,400.00 in payment for a permit fee furnished for the discharge of residue at the Water Treatment Plant and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 1902

A Resolution entitled, "Resolution transferring the sum of One Hundred-Thousand Dollars (\$100,000.00) from Code Account 41, Index Code (004101) Refunds-Real Estate Tax, Department of Finance to Code Account 1461-1, Index Code (146118), Premium Pay, Bureau of Fire, Department of Public Safety. This transfer is necessary to cover premium payroll for the remainder of 1986."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

The Chair:

Before we move on Mike, I'd like to have a motion from somebody that the two pieces of legislation that will be on the referendum questions become effective January 2, 1987.

Mr. O'Malley:

So moved.

Michelle Madoff:

I had this in front of me and I didn't understand what it was.

Mr. Givens seconded the motion.

Which motion prevailed.

Mr. Givens presented

Bill No. 1973

Report of the Committee on Public Works for December 3, 1986 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1854

A Resolution entitled, "Resolution vacating a portion of Brighton Road between Taylor Avenue and Sampsonia Street in the 22nd Ward, City of Pittsburgh."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Givens:

Mr. President, on Bill 1854 there

was a motion before me on Wednesday to hold that bill and it was seconded and voted upon, and I see it in the records here for final action. So, I'd like to then recommit that bill back to Committee, and if I would ask my fellow colleagues to do this.

This is a very comprehensive bill and I wanted some time to discuss it with the Urban Redevelopment Authority, Tom Mistick and Sons. It's a correction of the office building adjacent to the parking lot. There has been no opposition on it, but I want time just to look at that particular bill. I did ask for that motion so that bill should have never come forward.

Mr. Grabowski:

Mr. President, I move that we reconsider the vote on Bill 1854.

Mr. Pollock seconded the motion.

Which motion prevailed.

Mr. Givens moved to recommit Bill 1854.

Michelle Madoff seconded the motion.

Which motion prevailed.

Michelle Madoff presented

Bill No. 1974

Report of the Committee on General Services for December 3, 1986 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1890

A Resolution entitled, "Resolution further amending Resolution No. 95, effective February 17, 1986, as amended by Resolution No. 870, effective October 6, 1986, entitled 'Resolution providing for a Contract or Contracts, or the use of existing Contracts, for the rental and repair of equipment in connection with the City of Pittsburgh's Capital Construction Division, and providing for the payment of the cost thereof,' by increasing the allocation by an additional \$60,000.00."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Michelle Madoff:

Point of Order, Mr. Chairman.

The Chair:

What's your point.

Michelle Madoff:

Earlier there was a motion to waive Rule 8 to have all the bills come up instead of next Wednesday this Wednesday, could someone please tell me why?

The Chair:

Because we always shut down the last week, you know we only have to meet 50 weeks a year so we want to get all of our legislation passed so we can take that last week off.

Michelle Madoff:

The reason I'm asking because I'm trying to decide whether I have to rush on my bill with the Zoo, Aviary, and Conservatory whether I can wait until the first of the year. I'm having trouble getting numbers because of the computer business. You know we're having a hearing on that.

Mrs. Masloff presented

Bill No. 1975

Report of the Committee on Parks and Recreation for December 3, 1986 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1864

A Resolution entitled, "Resolution providing for an Agreement or Agreements with the Perry Hilltop Association for Successful Enterprises, Inc. (PHASE) located at 2131 Perrysville Avenue for the partial rehabilitations of a building located at 2115 Perrysville

Avenue for the use as a Senior Citizen Center at a cost not to exceed \$65,000.00."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. DePasquale presented

Bill No. 1976

Report of the Committee on Engineering and Construction for December 3, 1986 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1852

A Resolution entitled, "Resolution providing for an Agreement or Agreements with a Consultant or Consultants for Landscape Architectural

Services in connection with the Design of a Handicapped Accessible Nature Trail at Frick Park; and providing for the payment of the cost thereof."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

MOTIONS AND RESOLUTIONS

Mr. Givens presents

Bill No. 1977 WHEREAS, the Federal Revenue Sharing entitlements to local governments will be eliminated entirely in 1987; and

WHEREAS, this elimination will result in an \$11 million dollar revenue loss to the City of Pittsburgh; and

WHEREAS, the negative impact on Pittsburgh's future is great and threatens vital areas such as public/private development, infrastructure rehabilitation, new construction projects,

jobs, and public safety; and

WHEREAS, this revenue loss will severely hamper the City's ability to economically progress into the next decade; and

WHEREAS, the future of the City of Pittsburgh is at a crossroads because local tax dollars will not be sufficient to replace the federal revenue sharing loss to our City; and

WHEREAS, Representative Fred Trello has advocated the establishment of a Commonwealth Municipal Revenue - Sharing Act, to be introduced in 1987 which will provide an annual distribution of certain Commonwealth revenues to municipalities for any use authorized by the corporate powers of the municipality;

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Pittsburgh urges the General Assembly and the Governor-elect to join together and support the enactment of the Commonwealth Municipal Revenue - Sharing Act.

Mr. Givens moved the adopt the resolution:

Mr. O'Malley seconded the motion.

Mr. Grabowski:

Mr. President, I'm sure that Councilman Givens has good intentions in introducing this legislation, but I don't feel comfortable in voting for some tax plan or revenue sharing plan that some representative in Harrisburg is going to propose when I don't know anything about it. It could entail perhaps -- there has been talk about an additional one percent sales tax. We might be supporting a proposal such as that and I'm really not sure, so I just do not feel comfortable in

supporting this resolution.

Mr. Givens:

If I could explain. The revenue sharing bill is a bill that has been introduced into the Senate called Bill 1304 dated November 17, 1986. Just a couple of weeks ago the Senate has also introduced this particular bill. The bill then would charge that one-tenth of one percent would be taken out of all revenues collected under Act 111. If you're familiar with that the Tax Reform Code of 1971 Steve. So, it's from all taxes under that Act 111. It's not a particular tax, and only one-tenth of that monies would be turned back into the municipal revenue sharing bill that the State is going enact.

The maximum amount apparently that can be gained from that Mr. President is about \$180 million and I agree with Steve that possibly we might look at one percent on the sales tax, but then just hitting one particular tax.

This tax I think encompasses almost all the taxes that the State does collect from various sources, and to be returned to the local municipality. I don't favor this one over the sales tax. Seven years ago all Councilmembers that have been here since that time met at our Council table including the Commissioner's all the representatives from both the Senate and the State of Representatives, along with our Mayor and all of our Councilmembers. We sat right here in this very thing and discussed what you're just mentioning Steve.

The fact remains this municipality among others in the State are losing that revenue sharing and of course naturally the City of Pittsburgh is hit the hardest with \$11 million some dollars. When we look at losing 150 police officers from

our force the Mayor doesn't want to cut that out, and we're going to lose probably some 78 firemen. You can see the direct impact that this is having on us.

So, for us to vote for this particular bill or anything else that might come out we're encouraging them to move forward to give our municipality relief. If it comes up the other way Steve on the sales tax I'd be happy to support that too. Whichever, avenue they go forward to and try to give us some money, but we need it, and we need desparately, and we need today. We don't need it in 1988 or 1989.

The cut in our budget is happening right now and this bill came up once before in the Senate they're working with it. You know when the federal government did what they did Mr. President when they cut revenue sharing you know what they told the States we want government spending to be taken from the federal government and put into State government fine, but the State government didn't act as quickly as they possibly could, and we have that void that we're all being caught into right now.

Mr. DePasquale:

Mr. Givens, if I may. Mr. Grabowski's question was, does that Act include an increase in the sale tax?

The Chair:

It does not. That's what I wanted to know. It's just going to share some of the money the surplus that they have; is that correct?

Mr. Givens:

Well, it's all monies under Act 111.

The Chair:

It's not going to increase the taxes?

Mr. Givens:

No, well I can't say that it will not be by State sometime in the future.

The Chair:

But right now this bill does not have a tax increase in it?

Mr. Givens:

No, as far to my knowledge no, it's only a percentage. What they're saying is that the State government's real formula to the municipal act of the tax reform code will, in fact, take one-tenth of all monies collected and give it back to the various municipalities. That one-tenth in talking to Freddie will equate out in this municipality. We don't exactly but somewhere around that \$11 or \$12 million or less that we loss.

The Chair:

Roll call vote.

Mr. Givens:

Remember, right now before we vote there is nothing before our State Representatives to vote on, no type of revenue sharing, one percent sales tax or anything else. This is the only bill to generate monies for the City of Pittsburgh within the next year. Remember we need help and we need it desparately.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. Pollock
Mr. Givens	Mr. Wagner
Michelle Madoff	Mr. Woods
Mr. O'Malley	(Pres't)

AYES 7 NOES 2

VOTING NO:

Mr. Grabowski
Mrs. Masloff

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Pollock:

Something very brief. I think we would be remiss if we did not note the passing of a dear friend. On Friday went I went to lunch I saw the sign saying that after 75 years the Colonnade is now closed and that has been almost like a second court house to many people. You can go over there any time, lunch time or even breakfast and find judges and attorney's and business people and merchants and so forth, and it's a great loss to us and I hope somehow it can be rebought.

Mr. DePasquale:

I missed something here.

The Chair:

The Colonnade closed.

Mrs. Masloff:

The Colonnade in the Union Trust Building closed suddenly on Friday.

And on the motion of Mrs. Masloff

Council adjourned.

Municipal Record

Proceedings of the Council of the City of Pittsburgh

VOL. CXX

Monday, December 15, 1986

No. 48

Municipal Record

ONE-HUNDRED

TWENTY-FOURTH COUNCIL

BEN WOODS President
MICHAEL PERRY City Clerk
LINDA M. JOHNSON Asst. City Clerk

Pittsburgh, PA
Monday, December 15, 1986

PRESENT:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

PRESENTATIONS

Mr. Pollock presented

No. 1978 An Ordinance
supplementing the Pittsburgh Code, Title
Six, Conduct, Article I, Regulated Rights
and Actions, Chapter 601, Public Order,

by granting an exception of refuse placed on a holiday. —(SPONSORED BY MR. POLLOCK)

Which was read and referred to the Committee on Public Works.

Mr. Pollock moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Wagner seconded the motion.

Which motion prevailed.

The Chair presented

No. 1979 Petition from the residents, property owners, and business owners of Allegheny West, City of Pittsburgh, requesting a public hearing before City Council concerning the Zoning Board of Adjustment's decision re: Zone Case 347 of 1986, granting special acceptance in proposed occupancy of 922 Western Avenue, 22nd Ward, to a floral academy. (This petition is valid in accordance with Section 320 of the Home Rule Charter).

Which was read, received and filed.

REPORTS OF COMMITTEES

Mr. O'Malley presented

Bill No. 1980

Report of the Committee on Finance for December 10, 1986 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1889

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Spinello Construction Company (Charles DiNardo, Vice President) in the amount of \$2,015.50 in payment of Extra Work, being in addition to the original contract price of \$208,292.50 on Controller's Contract No. 27831, furnished for the benefit of the City in connection with the Repaving of Penn Avenue - Phase I; and providing for the payment thereof."

Which was read.

Also,

Bill No. 1899

A Resolution entitled, "Resolution providing for the issuance to Emma Meskunas, c/o Samuel R. Sciallo, Esquire, 1706 Law & Finance Building, Pittsburgh, PA 15219, in the amount of \$1,480.88 in full settlement of a claim for injuries sustained and for the payment thereof."

Which was read.

Also,

Bill No. 1900

A Resolution entitled, "Resolution authorizing the periodic issuance of warrants in favor of the Commonwealth of Pennsylvania to pay the City of Pittsburgh JTPA Program share of the statewide on-line computer system cost for the period July 1, 1986 through June 30, 1987. The Total of the warrants will not exceed Thirty-Five Thousand Two-Hundred Ninety-Nine Dollars (\$35,299.00)."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 1872

A Resolution entitled, "Resolution authorizing the Mayor and Director of Finance to enter into a Professional Services Agreements or Agreements with a professional services contractor to conduct field surveys to ascertain the

completeness and accuracy of City wage tax data files at a total costs not to exceed Twenty-Five Thousand Dollars (\$25,000.00) chargeable to and payable from Code Account 10, Accounts Payable Prior Years, Index Code 001008."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 1913

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Thomas A. Mekis & Sons, Inc. (Kenneth L. Wolf, Vice President) in the amount of \$5,386.08 in payment of Extra Work, being in addition to the original contract price of \$3,414,646.20 on Controller's Contract No. 27595, furnished for the benefit of the City in connection with the Reconstruction of the Baum Boulevard Bridge; and providing for the payment thereof."

Which was read.

Also,

Bill No. 1914

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Conn Construction Company (Converse Branscome, Jr., President) in the amount of \$26,260.00 in payment of Extra Work, being in addition to the original contract price of \$2,536,174.03 on Controller's Contract No. 27563, furnished for the benefit of the City in connection with the Reconstruction of the Pennsylvania Avenue Bridge; and providing for the payment thereof."

Which was read.

Also,

Bill No. 1915

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Middle States Construction Company (John R. Daley, President) in the amount of \$28,575.00 in payment of Extra Work, being in addition to the original contract price of \$5,698,500.00 on Controller's Contract No. 26815, furnished for the benefit of the City in connection with the Reconstruction of the Bloomfield Bridge - Phase III, and providing for the payment thereof."

Which was read.

Also,

Bill No. 1924

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Sanitary Systems Service, Inc. in the amount of Eight Hundred Thirty Six Dollars and Seventeen Cents (\$836.17) in payment for services rendered at the

Lincoln Place Pump Station and providing for the payment of the cost thereof."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 1925

A Resolution entitled, "Resolution transferring the sum of \$10,000.00 Ten Thousand Dollars, from Code Account No. 1167, Index Code Number 116707, Wages, Regular Employees, Department of Environmental Services to Code Account No. 1160-1, Index Code Number 116012, Premium Pay, Department of Environmental Services."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also, with a **NEGATIVE** recommendation,

Bill No. 1932

A Resolution entitled, "Resolution initiating a three-phase program gifting ownership, management and maintenance of the Pittsburgh Zoo, the Pittsburgh Aviary, and Phipps Conservatory." —
(SPONSORED BY MICHELLE MADOFF)

Which was read.

Michelle Madoff:

Mr. President, I have an amendment to my bill and I have copies for everybody. Did all members of Council get them? I'm not sure that they did. I found one on my desk when I got here.

The Chair:

Yes. Everybody has one.

Michelle Madoff:

May I respectfully ask that the City Clerk read my amendment to the bill? I'm having some trouble with my voice and I have another lengthy thing to read. Incidentally, for anybody listening in, some time ago I pointed out that my mike had deliberately been kept on a higher level than anyone else's. Now it's at the level of which I speak.

Mr. Perry:

"Motion to amend Bill 1932 by substituting a new bill which provides for the establishment of a limited partnership between the City of Pittsburgh and the County of Allegheny."

Michelle Madoff:

I want the whole bill read, please.

Mr. Perry:

"Resolution authorizing and directing the Mayor of the City of Pittsburgh and the Directors of the Departments of Finance and Parks and Recreation to enter into a limited partnership with the County of Allegheny for the ownership, management and maintenance for the Pittsburgh Zoo, the Pittsburgh Aviary and Phipps Conservatory.

Whereas, the cost to the City of Pittsburgh taxpayers for the debt service and operation of the Zoo, Aviary and Conservatory is about \$2.4 million per year; and

Whereas, for too long City residents, who also pay County taxes, have shouldered the cost of these

regional facilities while about two-thirds of all the patrons of the Zoo, Aviary and Conservatory are non-City residents who do not contribute to the maintenance of these cultural amenities except for the admission fee paid at the gate; and

Whereas, the County of Allegheny must recognize its responsibility to lend financial support to these regional facilities because of the benefits to the County residents as well as the fact that the County will again have a substantial surplus large enough to offer its employees a generous raise; and

Whereas, the City and County are in a Mexican stand-off because the County Commissioners know that the City has no intention to abandon and dismantle these wonderful regional facilities.

Be it resolved by the Council of the City of Pittsburgh as follows:

Section 1. The Mayor of the City of Pittsburgh and Directors of the Departments of Finance and Parks and Recreation are hereby authorized and directed to enter into a limited partnership with the County of Allegheny for the ownership, management and maintenance of the Pittsburgh Zoo, the Pittsburgh Aviary and Phipps Conservatory, which will provide for an equal sharing of all costs and revenues between the two governments and an equalizing of the City and non-City resident admission charge.

Section 2. In any agreement or agreements affecting the limited partnership outlined in Section 1, the City shall, as a limited partner, continue to supply all water and the maintenance of water and sewer lines for the Zoo, the Aviary and the Conservatory."

Mr. O'Malley seconded the motion.

Michelle Madoff:

Mr. President, I want you to know that I do not have sufficient influence with the Post Gazette, if I have any at all, to have had this survey taken coincidentally at the time that I was re-introducing the bill that I've introduced over the past eight years. For those of you who may not have seen the morning Post Gazette, and I almost missed it, it was brought to my attention by several other people, the Post Gazette did a survey and its titled, Arts Festival Called To Long Post Gazette Reader Survey" and they did it on a number of items, such as, do you agree with limiting the July 4th celebration to a nighttime only event, etc.

One of the questions was, should Allegheny County provide annual financial support for the Pittsburgh Zoo. The response was, 88 percent voted yes and only 12 percent voted no. I think that if this bill passes, you realize, of course, it is just a bill of intent; we cannot force anybody to do what I've now labeled a Mexican stand-off. But if the Administration and perhaps the President of this Council, in light of the fact that the debt burden on the City taxpayers, and I tell you this, it took me six weeks to get the numbers and we're going to be holding a post agenda on why it takes six weeks to get information in this City, but working 16 hours a day last week we found out that the figure was \$2,400,000 and that is, according to Mr. Buckley and Mr. Vaughn and John, on the low side. We're being very, very conservative and that \$2,400,000 is a very, very, very conservative figure. It is probably closer to \$2,750,000. Every year the City taxpayers, who are part of the County, pay the entire debt service. And I would ask that since its unfortunately only a recommendation to the Administration and to the Commissioners, that we send along the survey and I urge you to

support my bill in the amended form.

Mr. Wagner:

I don't say this faciously but what is a Mexican stand-off?

Michelle Madoff:

A Mexican stand-off is that each side knows that the other side won't give. The Commissioners know that there's no way that any rational, intelligent person is going to dismantle the Phipps Conservatory or the Aviary which is a historic building, and they know that if they don't want to give us a dime, they don't have to give us anything. But as long as they know that, we are in a deadlock. A Mexican stand-off means a deadlock.

Mr. Wagner:

Okay, could we possibly amend that and take out the words Mexican stand-off and insert the word deadlock?

Michelle Madoff:

I am never married to my words. Say deadlock; that would be fine. I think they understand the words Mexican stand-off but I accept the word deadlock as an amendment to my bill. Thank you.

Mr. Wagner:

I make a motion that we delete those words and amend it.

Michelle Madoff seconded the motion.

Which motion prevailed.

The Chair:

Question. Where was this study?

Michelle Madoff:

The survey was in this morning's paper, front page.

The Chair:

Okay, I thought you did a survey.

Michelle Madoff:

No, no. It was done by the Post Gazette.

The Chair:

That's worse.

Michelle Madoff:

I don't have enough money to do that kind of survey.

A thousand letters were received and I think that's a very good cross section of the public. I'm just suggesting that this go along with the bill.

The Chair:

I don't believe anything I read in the paper.

Mr. DePasquale:

First of all, a Mexican stand-off is when an immovable object versus an irresistible force.

I have no problem with this bill whatsoever if the County was willing to go along. But the County obviously is going to counter this proposal by saying that they want the City to share in the County facilities located in the City. They've already said the County Jail and other County facilities are located in the City of Pittsburgh. Obviously they're going to say that or else they're not going to go along with this. First of all,

they're not even going to consider it, and I hate to say that. But if they did, that would be their counter-proposal, that we share in the County facilities located in the City.

The Chair:

I agree with what you're saying but I really agree with Ms. Madoff, and I think we all do. The only thing the County gives us, the City taxpayers, is just what you said, the Jail. They give everyone else the parks, the roads, the swimming pools, you name it. They only thing we get for our tax dollars is the Jail and the Mini-Kane. That's my opinion.

Mrs. Masloff:

What I want to know, Michelle, is how can you enter into a partnership with people unless both sides agree? We don't have a partnership unless both sides agree.

Michelle Madoff:

I amended my bill, it was a substitute bill, based on the requests of my colleagues to make it voluntary. I believe, as Mr. DePasquale has stated, that we'll probably get the finger. He didn't put it that way but I think that's what we're going to get. Unfortunately, there's nothing else we can do. What I'm attempting to do is to appeal to the fairness and the justice and remember that I gave you a quote last week from Commissioner Pete Flaherty when he was Mayor of the City of Pittsburgh wherein he said that he was flabbergasted to look and find out that three quarters of the people using the Zoo were non-City residents and when he spoke to the then Commissioners, and I've spoken to him since, he described it this way. He said, "Watch, this is what they did, Michelle; they looked out the

window as if they didn't hear me."

Now, the idea of sitting on the Commissioner as a member of the County Commission, I believe that he should carry the banner. He's already stated so publicly that he had the same difficulty when he was Mayor of the City of Pittsburgh. All he needs is one more vote; it's certainly worth a try. What I'm saying is, let's try to see if the reasonable people will sit down and be just and fair and not just say, "Well, we give you transportation money and we give you the Jail." If City residents didn't ride the transportation system they wouldn't have much money either.

We've got to stop fighting each other. It's got to stop being us against them. It's got to be a joint effort and, of course, what we really need is metropolitan government.

Mr. Givens:

People might have thought Wednesday when I supported Michelle on that endeavor that I was a little bit crazy; I don't think I belong in the Zoo yet, though. But the thing that bothered me most of all was in reporting Council's actions, the bottom line from both myself and Michelle Madoff was not brought forward. We're not trying to get rid of the Zoo or the Aviary or the Conservatory; the fact was that we have a budget in front of us that we all have to decide upon and in that budget there is elimination of 150 policemen and a possibility of eight companies within the Fire Department. That is the reason that I voted in support of Michelle and that is why Michelle was indicating to all of us on Council. Sometimes we try to make a joke out of something like the Zoo; that wasn't the case. People want to read the true intent of why Michelle has been saying for a number of years to do away with that, only to put more

money into our own budget and support it so we can in this City support the things that we have to support just not only for our own residents but for the people outside who come into this City to the tune of almost 250,000 a year.

That's what we're trying to support in this bill and I still will give it that support until we come to some resolve within this Council and this budget deliberation. What Council approves, the Mayor has the right to veto, and we have the right to override that veto if we want to. But please, let's print why the Councilpeople, at least two of us who voted for it last Wednesday, the reason why we did vote for it. To me, it's uncalled for when a vote of this magnitude is made and the true story is not printed.

Mr. Pollock:

I just didn't want the record to not reveal that City residents do get a lot more than just — What did you say we all get? The Jail? I think we all know that the Airport is used by all of us at one time or another, the court system, and every restaurant and food establishment that sells food is inspected by the Health Department. So we all get those benefits too.

The Chair:

Sure, and we all pay County taxes also.

Mr. Pollock:

I'm just saying that we get more than just the Jail.

The Chair:

Right, and we pay County taxes for those things. I'm just saying the County does not have one recreation facility

within the City boundaries and if you can name one for me, please do so. Inform me of one recreation facility inside the City boundaries. Name one. Thank you very much.

Mr. Wagner:

In regard to Bill No. 1932, I did not support it last week and the reason why I did not support it was because I did not want to give away an asset that the City of Pittsburgh has in those three facilities to another entity of government in that we have funded those three facilities over the years and continue to today. As a matter of fact, we still have a construction project going on at the Zoo to make it a much more modern zoo.

Seeing that the language has been amended on Bill No. 1932 to a limited partnership, I will support it in that the City would continue to partially own it. And I suspect the language, what it infers, is that the County would partially own it and therefore both of us would share the debt of operating it above and beyond what the admission does not cover. Therefore, I will support this bill today.

I would further suggest, possibly though, that Council somehow attach to it some letter asking for a decision back from the Commissioners within a certain time frame as to what their feelings are on this because, obviously, they will decide and then we could take the issue from there and if there's need to do more, we could do more.

Mrs. Masloff:

My question hasn't been answered. How can you enter into a partnership with somebody until they agree to be a partner?

Michelle Madoff:

We're suggesting by this bill that you, Sophie, and I'd like you to be on this committee because you know more about these entities than anybody else, the President of Council, and the Administration sit down at a meeting. We invited the Commissioners last time; either their representatives or they themselves showed up, and sit down and try to ask them — this is only an intent; we can't mandate them to do it. But since we, as I said before, have a Commissioner who asked for the same thing when he was the Mayor of this City that indeed, at least it's worth another try. That's what we're doing.

I would like to comment on what Mr. Woods has said. Mr. Woods, you touched on the fact that the \$2,400,000, and it's probably closer to \$3,000,000, in services are given to all County residents but paid for only by City residents. Everybody forgets that the greatest attractions in our City and the Fourth of July and the Three Rivers Festival, all the entertainment that we provide at the Point — walk around and see how many people are from the suburbs. There probably are the same ratio that we always have, two-thirds of the people. And you're correct; we don't get any entertainment back at all from the County and we have to remember, and this is a fact, folks, that physicians of eminence who come to our hospitals, who are leaders in the profession, years ago were approached to move to the City and they said, "No way, I'm not coming to a dirty city." Now we've cleaned up the City; we don't have the visible pollution as badly as we did in the forties, when you turned the lights on in the afternoon.

And then, because there wasn't too much cultural activity as little as ten years ago, the new things that are coming on line are attracting people to

our area. We want to make the City a cultural center. We have the new cultural building going up for the ballet and we have the new omni theater and we have all these wonderful new things happening in the community. Why do you think people come to this community? Do you know the hospitals and the universities used to have to pay more money than other cities just to get people to come here?

We City residents, although we pay county taxes, are paying for all these wonderful amenities, the maintenance of these amenities. Let me ask you whether a suburbanite who has a burned child is going to take the child or themselves to a burn unit in the suburbs. Come on; you're going to go to the best burn unit perhaps in the country, right Downtown. And who is going to maintain the streets on those facilities? The City of Pittsburgh taxpayers. When you need a transplant, are you going to go out to some little hospital who services and does a good job in its community? Or are you going to go down to the university that has the special facilities? And who pays for maintaining those streets and providing police when people come to work and the bulk of the jobs are in the City of Pittsburgh?

Again, I don't want this to be an adversary position. I want it to be working with county residents, not us against them, and I hope it will not remain in a deadlock, a Mexican stand-off, and I would hope that the intent of this letter to give the Commissioners and the Administration an opportunity to sit down and at least talk about it is all this legislation does. It doesn't mandate anything, Sophie.

The Chair:

Is there any further discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the motion passed finally.

Mr. Givens:

Mr. President, I'd like my remarks from Wednesday to be brought forward.

(BEGINNING - MR. GIVENS' REMARKS
ON BILL NO. 1932 - WEDNESDAY,
12/10/86)

Mr. Givens:

When you look at the \$2.4 million per year in those particular services, that is awesome, the Zoo, the Conservatory and the Aviary. And historically when you go back, when Pete Flaherty said that he needed that help, he needed it. There is no doubt about that.

If you can go back a little bit further and say why did Pete Flaherty as Mayor of the City of Pittsburgh take over the Zoo, before the zoo started, as all good intentions start in any country,

Michelle, you've got to hear this. When Pete Flaherty was Mayor he didn't like, apparently, what was happening out in the Zoological Department, at that particular time the Zoological Department controlled the functions at the Zoo, and I assume the Aviary and the Conservatory, at that particular time. I'm not sure about that. Then the Mayor of the City of Pittsburgh took this function over and tried to streamline the operations out there. It was at that time I'm sure he realized the number of people that were coming in, it's the same, the ratio hasn't changed probably since the day the Zoo has gone in, so that's going back some 12 years or better, 12, 13, 14, 15 years if I can remember. And in a lot of cities the Zoological Commission, as many of them are, they run the Zoo totally independent of the local municipality. The San Diego Zoo, and maybe we can get someone to come up here and tell us about the San Diego Zoo, I think that's the way they function out there, and that's supposed to be reknowned, anyplace in the country, along with probably New York and Chicago, so why then should the City of Pittsburgh, if some other municipalities don't have that function, I'd like to hear that from somebody. Is there anybody in the audience that can address that issue?

This is a very important bill, \$2.4 million. Where is the Director of the Parks Department?

MICHELLE MADOFF COMMENTS

MRS. MASLOFF COMMENTS

Mr. Givens:

Well, I want to hear it publicly. Where is she? She's supposed to be here.

Mr. Perry:

I have no idea.

Mr. Givens:

Would you then, please, Mr. Clerk, go back and get someone?

MRS. MASLOFF COMMENTS

MICHELLE MADOFF COMMENTS

Mr. Givens:

Well, Mr. Chairman, this is what I mean. This is something that Louise Brown must be here to discuss. I then ask the Chief Clerk to call the Mayor's Office and ask Louise Brown please to come before this table and discussion on this bill be held until she gets here for the discussion and finalization of this bill.

If this Council would have voted for this thing today I'm sure Louise Brown would be up in our office and the Mayor would be up in our office and everybody else. This is a very serious proposition, and if some of you people don't think it's so serious, it is; it's \$2.4 million a year.

MICHELLE MADOFF COMMENTS

Mr. Givens:

I made a request, and I ask that we hold this bill until she can come forward.

MICHELLE MADOFF COMMENTS

Mr. Givens:

I want to know the impact this is going to have.

(END OF REMARKS)

The Chair:

Is there any discussion on the bill as amended?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 7 NOES 2

(MR. GRABOWSKI AND MR. POLLOCK VOTING NO)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also, with an affirmative recommendation,

Bill No. 1943

A Resolution entitled, "Resolution providing for the issuance of warrants in the amount of \$55,000.00 in full settlement of a claim for personal injuries by Shawn Schaffman, a minor by Ronald Schaffman, his father and natural guardian; Staci Schaffman, a minor, by Ronald Schaffman, her father and natural guardian, Ronald Schaffman, in his own right and Valerie Schaffman, his wife and providing for the payment thereof as set forth in an order of court issued by the Court of Common Pleas."

Which was read.

Also,

Bill No. 1944

A Resolution entitled, "Resolution providing for the issuance of a warrant in

the amount of \$75,000.00, payable to Helen E. Shealey and William E. Shealey, c/o Richard E. Kronz, Esquire, 1111 Manor Building, Pittsburgh, PA 15219, and Joseph E. Breman, 300 Grant Building, Pittsburgh, PA 15219 in full settlement of a claim arising as a result of the death of Kevin Westley Shealey and providing for the payment thereof."

Which was read.

Also,

Bill No. 1945

A Resolution entitled, "Resolution providing for the issuance of a \$1,177.12 warrant in favor of Robert Silbaugh in settlement of claim for property damage and providing for the payment thereof."

Which was read.

Also,

Bill No. 1946

A Resolution entitled, "Resolution providing for the issuance of a \$1,510.61 warrant in favor of William D. Black in full settlement of claim for automobile damage and providing for the payment thereof."

Which was read.

Also,

Bill No. 1947

A Resolution entitled, "Resolution providing for the issuance of a warrant to Port Authority of Allegheny County, in the amount of \$77,098.31 in full settlement of claim for damages, and providing for the payment thereof."

Which was read.

Also,

Bill No. 1948

A Resolution entitled, "Resolution providing for the issuance of a warrant to Anna Weakland, in the amount of \$16,500.00 in full settlement of claim for personal injuries, and providing for the payment thereof."

Which was read.

Also,

Bill No. 1949

A Resolution entitled, "Resolution providing for the issuance of a warrant to Gladys Koch, in the amount of \$7,000.00 in full settlement of claim for personal injuries, and providing for the payment thereof."

Which was read.

Also,

Bill No. 1950

A Resolution entitled, "Resolution providing for the issuance of a \$1,042.50 warrant in favor of Richard S. and Sandra Hanson in full settlement of claim for property damage and providing for the payment thereof."

Which was read.

Also,

Bill No. 1951

A Resolution entitled, "Resolution providing for the issuance of a \$1,500.00 warrant in favor of Kevin A. King in settlement of claim for automobile damage and missing articles providing for the payment thereof."

Which was read.

Also,

Bill No. 1952

A Resolution entitled, "Resolution providing for the issuance of a \$1,123.26 warrant in favor of American Rent A Ride, Inc. in full settlement of claim for automobile damage and providing for the payment thereof."

Which was read.

Also,

Bill No. 1953

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of The Greater Pittsburgh Chamber of Commerce, Three Gateway Center, Pittsburgh, PA 15222, in the amount of \$1,000.00 in payment for participation of Mina Gerall in the Leadership Pittsburgh Program."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9

NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 1954

A Resolution entitled, "Resolution amending Resolution No. 662 of 1986 approved July 30, 1986 and effective August 4, 1986 entitled: 'Providing for the filing of an application by the City of Pittsburgh with the Commonwealth of Pennsylvania in connection with the Job Training for General Assistance (GA) Welfare Recipients Program funded through the Commonwealth of Pennsylvania General Fund; providing for the execution of a Grant contract; authorizing the City of Pittsburgh to enter into agreements in conjunction with the Job Training for General Assistance (GA) Welfare Recipients Program; providing for required assurances; and providing for the deposit of funds into the Job Training Partnership Act (JTPA) bank account', by increasing the amount available for subcontractor agreements by \$100,000.00."

Which was read.

Also,

Bill No. 1955

A Resolution entitled, "Resolution providing for an Agreement or Agreements with a Consultant or Consultants for consulting services to assist the City of Pittsburgh as a Washington, D.C. liaison and to work with various agencies of government for the benefit of the City of Pittsburgh, at an aggregate cost not to exceed \$25,000.00, payable from Code Account No. 1017, Mayor's Office, Miscellaneous Services, Index Code No. 101709."

Which was read.

Also,

Bill No. 1956

A Resolution entitled, "Resolution providing for an Agreement or Agreements with a Consultant or Consultants for consulting services to assist the City of Pittsburgh in acquiring State assistance and fundings and to work with various agencies of Government for the benefit of the City of Pittsburgh, at an aggregate cost not to exceed \$25,000.00, payable from Code Account No. 1017, Index Code No. 101709, Miscellaneous Services, Mayor's Office."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 1957

A Resolution entitled, "Resolution authorizing the City of Pittsburgh to accept the gift of the Buhl Science Center located in the 22nd Ward of the City of Pittsburgh."

Which was read.

Also,

Bill No. 1958

A Resolution entitled, "Resolution authorizing the City of Pittsburgh to enter into an Agreement with Carnegie Institute for a term of 25 years at a rental rate of \$1.00 per year."

Which was read.

Mr. Grabowski:

Mr. President, on Bills 1957 and 1958 regarding the Buhl Science Center, the City accepting the Buhl Science Center as a gift and then in return entering into an agreement with the Carnegie Institute, I thought that was somewhat strange, why the City would accept the Buhl Science Center and then give it to the Carnegie Institute. I would think that the Carnegie Institute should take it on its own without the City's involvement and I can't remember which director presented this at the Mayor's Meeting last week but he said that he would get back to me and he hasn't. Therefore, I move to recommit these two bills.

Mr. Pollock seconded the motion.

The Chair:

I think it's just a technicality that we have to receive it first and then we have to give it to the Carnegie Institute because they can't receive it, as I

understand, from one -- The Buhl Science Center just can't give it to them. They can give it to us and then we in return give it to Carnegie Institute.

Mrs. Masloff:

We are in effect the owners of that at this moment, the City is. You see, the Buhl Planetarium and the Carnegie entered into an agreement several months ago to combine and in order to combine they first have to have that property. But the City is in effect the owner of that property; we maintain it. We maintain the Buhl Science Center. The Buhl Foundation make contributions along the educational lines but the City really owns that building.

Mr. Grabowski:

I have to disagree with you or else we wouldn't have this legislation before us accepting it if we already own it.

Mr. Wagner:

I guess there's no urgency in it and we can get an explanation before tomorrow. I think there's a need for further explanation. I think the name is The Carnegie; it's not Carnegie Institute any longer. So maybe we could check that out also.

Michelle Madoff:

Mr. President, what I would like to know is, is the County contributing anything in the way of substantive dollars for the facility that will now become part of Carnegie. I know they do contribute to the Museum, to the Carnegie. Do they give money to the Buhl Science Center? I would need to know that.

Mrs. Masloff:

Yes. They have a line item in their budget this. They are making a contribution of \$38,500.

The Chair:

That's what we give them too.

Michelle Madoff:

But we are one-third of the County. I just want to point that out when I make my amendment on the Zoo bills.

The Chair:

We're going to argue this bill out tomorrow at 10:00.

All in favor of the motion to recommit? Opposed?

WHICH MOTION PREVAILED.

Also,

Bill No. 1959

A Resolution entitled, "Resolution Repealing Resolution, approved on various dates, authorizing the sale of properties in various wards of the City of Pittsburgh, in accordance with Act No. 171 of 1984."

Which was read.

Also,

Bill No. 1960

A Resolution entitled, "Resolution providing for the filing of a petition or petitions for the sale of certain properties, acquired at tax sales in accordance with Act No. 171 of 1984. Properties are in various Wards of the

City of Pittsburgh."

Which was read.

Also,

Bill No. 1961

A Resolution entitled, "Resolution transferring \$70,000.00 from Code Account 1977 (197707), Utilities to Code Account 1978 (197806), Chemicals."

Which was read.

Also,

Bill No. 1962

A Resolution entitled, "Resolution transferring \$10,000.00 from Code Account 1922 (192203), Miscellaneous Services, Administration Division to Code Account 1974 (197400), Repairs, Purification and Pumping Division."

Which was read.

Also,

Bill No. 1963

A Resolution entitled, "Resolution transferring the sum of Two Hundred Thousand Dollars (\$200,000.00) from Code Account 1400, Index Code (140004)-Public Safety Administration Salaries & Wages to Code Account 1443, Index Code (144303)-Police Salaries & Wages, Bureau of Police, Department of Public Safety. This transfer is necessary to cover Police payroll for the remainder of 1986."

Which was read.

Also,

Bill No. 1964

A Resolution entitled, "Resolution transferring the sum of Fifty-Thousand Dollars (\$50,000.00) from Code Account 1400, Index Code (140004)-Public Safety Administration Salaries & Wages to Code Account 1470-9, Index Code (147090), Firemen Worker's Compensation, Bureau of Fire, Department of Public Safety. This transfer is necessary to cover Worker's Compensation payroll for the remainder of 1986."

Which was read.

Also,

Bill No. 1965

A Resolution entitled, "Resolution transferring the sum of Thirty-Thousand Dollars (\$30,000.00) from Code Account 1400, Index Code (140004)-Public Safety Administration Salaries & Wages to Code Account 1402-9, Index Code (140293)-Administration Workmen's Compensation, Bureau of Administration, Department of Public Safety. This transfer is necessary to cover Workmen's Compensation payroll for the remainder of 1986."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9

NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Givens presented

Bill No. 1981

Report of the Committee on Public Works for December 10, 1986 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1926

A Resolution entitled, "Resolution granting unto Sidney Properties Associates, their successors and assigns, the privilege and license to construct, maintain, and use at their own cost and expense, encroachments on a portion of the sidewalk of Sidney Street and Wrights Way in the 6th Ward of the City of Pittsburgh."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken

agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Grabowski presented

Bill No. 1982

Report of the Committee on Planning, Housing and Development for December 10, 1986 transmitting sundry resolutions one ordinance to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1891

A Resolution entitled, "Resolution authorizing the submission of an Enterprise Zone Planning Application with the Commonwealth of Pennsylvania Department of Community Affairs for planning assistance and interim designation."

Which was read.

Also,

Bill No. 1892

A Resolution entitled, "Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire all of

the City's right, title and interest, if any in and to the publicly owned properties in the 26th Ward of the City of Pittsburgh designated in the Deed Registry Office of Allegheny County as Block and Lots: 45M-80, 45M-75, and 45M-70 in the Deed Registry Office of Allegheny County, under the Neighborhood Housing Fund, said property having been certified as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh."

Which was read.

Also,

Bill No. 1893

A Resolution entitled, "Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire the properties in the 26th Ward of the City of Pittsburgh owned by Willie Lee Brown & Lena Mae Brown, husband & wife, and/or their heirs successors or assigns and designated as Block and Lots: 45M-76, 45M-161, 45M-162, 45M-163 and 45M-164 in the Deed Registry Office of Allegheny County, under the Neighborhood Housing Fund, said property having been certified as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh."

Which was read.

Also,

Bill No. 1894

A Resolution entitled, "Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire that property in the 26th Ward of the City of Pittsburgh owned by Benjamin Scott & Essie Scott, husband & wife, and designated as Block and Lot 45M-74 (2526 N. Charles Street) in the Deed

Registry Office of Allegheny County, under the Neighborhood Housing Fund, said property having been certified as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh."

Which was read.

Also,

Bill No. 1895

A Resolution entitled, "Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire that property in the 26th Ward of the City of Pittsburgh owned by Ruth D. Artemus and/or her heirs, successors or assigns and designated as Block and Lot 45M-71 in the Deed Registry Office of Allegheny County, under the Neighborhood Housing Fund, said property having been certified as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh."

Which was read.

Also,

Bill No. 1896

A Resolution entitled, "Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire that property in the 10th Ward of the City of Pittsburgh owned by Donald Wilson & Eva Wilson, husband & wife, and designated as Block and Lot 50H-215 in the Deed Registry Office of Allegheny County, under the Residential Land Reserve Fund, said property having been certified as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh."

Which was read.

Also,

Bill No. 1897

A Resolution entitled, "Resolution approving execution of a Contract for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and Neighborhood Housing Services, Inc. for the sale of Block 23L Lot 236 in the 22nd Ward of the City of Pittsburgh (RESALE FOR REHABILITATION)."

Which was read.

Also,

Bill No. 1898

A Resolution entitled, "Resolution approving execution of Contracts for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and various redevelopers for the sale of various properties in the City of Pittsburgh (URBAN HOMESTEADING REHABS)."

Which was read.

Also,

Bill No. 1901

A Resolution entitled, "Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire all of the City's right, title and interest, if any, in and to publicly owned properties in various wards of the City of Pittsburgh designated in the Deed Registry Office of Allegheny County Block and Lot Numbers mentioned therein."

Which was read.

Also,

Bill No. 1709

An Ordinance entitled, "An Ordinance amending the Pittsburgh Code, Title Nine, Zoning District Map No. 9, by changing: From "R1" One-Family Residence to "C1" Neighborhood Retail District all that certain property bounded by Brownsville Road; Lauch Way; Clifton Street; Askal Way, 29th Ward."

Which was read.

Mr. Wagner:

Mr. President and members of Council, on Bill 1709, I would like my comments brought forth for the record pertaining to the Long John Silver's rezoning, for the Long John Silver's in the Carrick area of the 29th Ward.

(BEGINNING - MR. WAGNER'S
REMARKS ON BILL NO. 1709 -
WEDNESDAY, 12/10/86)

Mr. Wagner:

Discussion. I just want to make a comment. This would be the first Long John Silver retail establishment within the boundaries of the City of Pittsburgh. The hearing was held yesterday, as everyone knows, and I just want to compliment the Planning Department, the Neighborhood and the Long John Silver Corporation for working closely with the neighborhood in orchestrating and working out some differences that existed between the neighborhood and the company. Obviously everyone here at the public hearing was in favor of the zoning change.

(END OF REMARKS)

Also,

Bill No. 1928

A Resolution entitled, "Resolution amending Sections 549.02(j), 549.05(b), 549.06(a), 549.07(a), of Ordinance No. 30 of 1981, effective September 22, 1981, which established the Residential Parking Permit Program, so as to change definitions and departmental responsibilities."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 1929

A Resolution entitled, "Resolution amending Section 10 of Resolution No. 234 of 1986 entitled, 'Providing for filing of a Community Development Statement by the City of Pittsburgh with HUD for a grant in connection with 1986 CDBG Program', so as to amend several line items to correspond to an increase in the overall grant from \$13,920,000.00 to

\$16,777,000.00 (+\$2,857,000.00)."

Which was read.

Also,

Bill No. 1930

A Resolution entitled, "Resolution providing for the filing of a Community Development statement by the City of Pittsburgh with HUD for a grant in connection with the 1987 CDBG Program. Providing for the execution of grant contracts and for the filing of other data providing for required assurances; providing for execution of payment vouchers on letter of credit and for certification of authorized signatures; creating a special trust fund in connection with the project; providing for the deposit of the funds in a bank account and providing for the payment of expenses within categories."

Which was read.

Mr. Wagner:

In regard to Bill No. 1929, which pertains to CD monies and the increase of \$2,857,000, when this bill came in front of Council last week, first of all, it came very fast because Rule 8 was suspended, I was under the impression and I don't know how many members of Council that this was simply legislation allowing the \$2,857,000 to come to the City of Pittsburgh. I did not know that this was the allocation of dollars to many CD projects. If you'll look at the legislation, there's at least a dozen of them here.

This Council has never really had the opportunity to sit down and talk about any of these projects and the merits of the projects, not to say many of them, if not all of them, do not deserve funding. We simply have not had

the opportunity to look at this list and for that reason, I would like to suggest and make a motion that we recommit this bill and give us the opportunity to review it.

Michelle Madoff:

Clarification, Mr. President. Which bill are you recommitting?

The Chair:

Bill 1929.

Michelle Madoff:

And it has to do with —

The Chair:

CD monies.

Michelle Madoff:

I believe that the Finance Chairman has already made that request and he wants to review the bill. Is that correct?

Mr. O'Malley:

I was thinking about making that request.

Michelle Madoff:

You already asked me whether I would support it.

The Chair:

Wait, first I need a second on the motion.

Michelle Madoff:

Second for discussion.

Since Mr. O'Malley is Chairman of

that Committee and he had already spoken to me about it, I think he has found some extra dollars. Perhaps he'll enlighten us and why he wants to review it.

Mr. O'Malley:

It's in Mr. Grabowski's committee but the only concerns I had were the same concerns that Mr. Wagner expressed and that is that the legislation came in front of this Council Monday and we suspended Rule 8 and it came up on Wednesday and many members of Council didn't have adequate time to review it. That was where my concerns were.

I talked to the Administration. If this piece of legislation is held, it has to come back up in front of Council tomorrow and has to be voted on according to the Federal guidelines by Monday so its into the Federal Government by the end of the year.

That's the only concerns I have.

The Chair:

I have one other. There are two bills here.

Mr. O'Malley:

One deals with 1986 allocations and one deals with 1987 allocations of CD. The bill we're on deals with 1986 allocations of extra funds.

The Chair:

And Bill 1930, I don't if anyone had a chance to discuss these either.

Mrs. Masloff:

Mr. President, these allocations, Mr. Wagner, don't they deal just in

generalities?

The Chair:

No, no.

Mrs. Masloff:

Yes, but it says --

The Chair:

Specific programs.

I can't make a motion but I would like to know if someone would make a motion to commit 1930 also.

Michelle Madoff:

I would make a motion to commit until tomorrow because that's all we have.

Mr. Pollock seconded the motion.

Michelle Madoff:

May I discuss it? One of my very great concerns, and I think its shared by most members or perhaps every member of this Council, is that the issue of retraining the unemployed and underemployed probably is the greatest priority this community has. In studies that have been done nationwide, the two greatest issues of the late '80s and '90s will be hazardous waste, toxic waste, garbage disposal, and literacy. Those are the two major problems confronting our generation.

Under Unspecified Local Options there is a grant from this Council which is sort of the Pittsburgh initiative on literacy to have an umbrella group to coordinate all efforts and they're going out to raise a lot of money and hopefully we will support them as we do other cultural things every year and other

necessary charitable causes. But there is such a terrible need and the millions and millions of dollars, that I would hope that by tomorrow we would put \$10,000 in from Grants and Donations and since some other dollars have been found. That was one of the reasons that I happened to know that we were going to be reviewing that.

The Chair:

All in favor of recommitting Bill Nos. 1929 and 1930 signify by saying aye. Opposed?

Mrs. Masloff:

Opposed.

WHICH MOTION PREVAILED.

The Chair:

Okay, one opposed.

Also,

Bill No. 1931

A Resolution entitled, "Resolution authorizing the submission of enterprise development applications with the Commonwealth of Pennsylvania Department of Community Affairs for financial assistance and area designation."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9

NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Michelle Madoff presented

Bill No. 1983

Report of the Committee on General Services for December 10, 1986 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1966

A Resolution entitled, "Resolution providing for the entering of a Contract or Contracts or the use of existing Contract or Contracts for the purchase of uniforms for Firefighters of the City of Pittsburgh, Department of Public Safety, and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mrs. Masloff presented

Bill No. 1984

Report of the Committee on Parks and Recreation for December 10, 1986 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1935

A Resolution entitled, "Resolution Repealing Resolution No. 1036 of 1986, effective November 24, 1986 entitled: 'Transferring \$17,185.37 in appropriations from Capital Budget Project PR86-02, 4-10-10-0002-86, Index Code 320895, Resurfacing of Park Roads to Project PR86-04, 4-10-15-0008-86, Index Code 322875, Play Equipment in the Department of Parks and Recreation', is hereby repealed."

Which was read.

Also,

Bill No. 1936

A Resolution entitled, "Resolution

further amending Resolution No. 1283 of 1985, as amended, entitled: 'Resolution adopting & approving the 1986 Capital Budget and the 1986 Community Development Block Grant Program; and approving the 1986 thru 1991 Capital Improvement Program,' by increasing a line item and by decreasing a line item."

Which was read.

Also,

Bill No. 1937

A Resolution entitled, "Resolution authorizing the Mayor and the Director of Parks and Recreation to enter into agreements in individual amounts of Ten Thousand Dollars (\$10,000.00) or less with various performers, instructors, artists and other persons with specialized skills in connection with the Department's various recreational and instructional programs."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the

bills passed finally.

Mr. Wagner presented

Bill No. 1985

Report of the Committee on Public Safety for December 10, 1986 transmitting two resolutions and sundry ordinances to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1726

A Resolution entitled, "Resolution authorizing the Director of the Department of Public Safety to enter into an Agreement or Agreements for services and materials to conduct a Public Service Campaign for the purposes of promoting the City's non-emergency telephone number." —
(SPONSORED BY MICHELLE MADOFF)
(AS AMENDED IN COMMITTEE)

Which was read.

Also,

Bill No. 1903

A Resolution entitled, "Resolution authorizing and directing the City Controller to create a special trust fund, to be designated as the Microfilm Permit Plans Trust Fund, for the deposit of fees paid by Bureau of Building Inspection permit applicants to cover costs associated with the microfilming of plans, and all expenses associated with microfilming of said plans."

Which was read.

Also,

Bill No. 1967

An Ordinance entitled, "An Ordinance amending and supplementing the Pittsburgh Code, Title Seven - Business Licensing Article IX - Amusement Businesses, Chapter 777 - Mechanical Amusement Devices, Section 777.05 - License Fees, by changing the date for payment of late fee and by providing for a reduced fee in the event of a license effective after June 30. (a) The annual fee for the issuance of a license to maintain a mechanical or electronic amusement device, except juke boxes, shall be based upon \$135.00 for each such machine. For each device licensed after the sixth month of the license year, the fee shall be \$75.00. (b) The annual fee for a juke box shall be \$85.00. (c) A late fee of \$50.00 shall be assessed for each premises if license is not obtained prior to (February 1) January 1, of each year."

Which was read.

Also,

Bill No. 1968

An Ordinance entitled, "An Ordinance amending the Pittsburgh Code, Title Ten-Building, the title page by repealing the reference to "Article I - Administration." Chapter 1007-BOCA Basic/National Building Code Adoption, Section 119.0-Certificate of Use & Occupancy, Subsection 119.3-Existing Buildings, to provide for requirement of Certificate of Use & Occupancy; Section 2004.0-Permits & Certificates of Inspection, Subsection 2004.1-General, to provide for electrical permits; Section 103.4-Rehabilitation, providing for use of Article 25, Repair, Alteration, Addition To & Change of Use of Existing Buildings; Section 116.2-Shop Drawings, providing for review of shop drawings by the design professional; Appendix A Reference Standards, providing for the

enforcement of the 1987 NEC as of January 2, 1987; and Chapter 1011 BOCA/National Existing Structures Code Adoption, Section ES100.2-Scope, by repealing ES100.2(3)-Rehabilitation."

Which was read.

Also,

Bill No. 1969

An Ordinance entitled, "An Ordinance supplementing the Pittsburgh Code, Title Ten - Building, Article I - Administration, Chapter 1007 - BOCA Basic/National Building Code Adoption, Section 114.0 - Fees, Subsection 114.3.1 - Fee Schedule, by adding Paragraph 114.3.1(k) - Microfilming of Plans."

Which was read.

Michelle Madoff:

May I ask a question, Mr. Chairman. I don't understand that one bill amending the BOCA Code. Could somebody before we vote just give me some concept of what we're doing? I apologize we have a very, very lengthy agenda and it looks really ridiculous. I hate to vote in a vacuum and I don't think we can resubmit the bill because of the time frame. Could somebody just tell me essentially what we're doing? Do I understand, we're just amending the City BOCA Code to be in line with the national standards?

Mr. Wagner:

We are upgrading the safety standards in the Code.

Michelle Madoff:

That's what I assumed we were doing. In case anyone is listening to this Chinese proverb or something, they knew

what was happening.

The Chair:

Is there any further discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9

NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. DePasquale presented

Bill No. 1986

Report of the Committee on Engineering and Construction for December 10, 1986 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1916

A Resolution entitled, "Resolution amending Resolution No. 954, effective November 3, 1986, entitled: 'Providing for a Contract or Contracts for the Rehabilitation of the Charles Anderson Bridge over Boundary Street; providing

for a Reimbursement Agreement or Agreements with the Commonwealth of Pennsylvania, Department of Transportation and providing for the payment of the cost thereof,' by reducing the total construction costs by \$5,000.00, and by providing for an Agreement with the B & O Railroad for flagmen services."

Which was read.

Also,

Bill No. 1917

A Resolution entitled, "Resolution further amending Resolution No. 1218, effective December 31, 1979 as amended by Resolution No. 78, effective February 22, 1980, as amended by Resolution No. 430, effective June 6, 1984, as amended by Resolution No. 990, effective November 20, 1984, as amended by Resolution No. 17, effective February 6, 1985, as amended by Resolution No. 1262, effective December 31, 1985, entitled: 'A Resolution providing for a Contract or Contracts for Engineering and Architectural Services for Grant Street and Liberty Avenue Design, Fort Pitt to Liberty, Sixth Avenue to Twelfth Street; and providing for payment of costs thereof; and providing for a Reimbursement Agreement or Agreements with the Commonwealth of Pennsylvania, Department of Transportation,' by increasing the total project allocation by \$97,000.00."

Which was read.

Also,

Bill No. 1918

A Resolution entitled, "Resolution Repealing Resolution No. 195, effective March 19, 1986, entitled: 'Providing for a Contract or Contracts, or use of

existing Contracts for the Renovation of Senior Citizen Centers, including but not limited to Cowley and Perry South; and providing for the payment of the cost thereof."

Which was read.

Also,

Bill No. 1919

A Resolution entitled, "Resolution providing for a Contract or Contracts, or use of existing Contracts for repairs at various park facilities; and providing for the payment of the cost thereof."

Which was read.

Also,

Bill No. 1920

A Resolution entitled, "Resolution providing for a Contract or Contracts, or use of existing Contracts, for the Renovation of Mary Schenley Fountain Area of Schenley Park; and providing for the payment of the cost thereof."

Which was read.

Also,

Bill No. 1921

A Resolution entitled, "Resolution providing for a Contract or Contracts, or use of existing Contracts, for the Renovation of Cowley Goettman Recreation and Senior Citizen Center; and providing for the payment of the cost thereof."

Which was read.

Also,

Bill No. 1922

A Resolution entitled, "Resolution providing for an Agreement or Agreements with a Consultant or Consultants for Engineering Services in connection with the In-Depth Inspection of the Shadeland Avenue Bridge; providing for a Reimbursement Agreement or Agreements with the Commonwealth of Pennsylvania, Department of Transportation; and providing for the payment of the costs thereof."

Which was read.

Also,

Bill No. 1923

A Resolution entitled, "Resolution providing for an Agreement or Agreements with a Consultant or Consultants for Engineering Services in connection with the In-Depth Inspection of the Meadow Street Bridge; providing for a Reimbursement Agreement or Agreements with the Commonwealth of Pennsylvania, Department of Transportation; and providing for the payment of the costs thereof."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner

Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9	NOES none
--------	-----------

And a majority of the votes of Council being in the affirmative, the bills passed finally.

MOTIONS AND RESOLUTIONS

Mr. Givens presents

No. 1987 WHEREAS, the Police and Firemen's Post 303 of the Veterans of Foreign Wars of the United States of America will celebrate their 67th Anniversary as an organized post of the 29th District of Allegheny County, Department of Pennsylvania, on Friday, December 19, 1986; and

WHEREAS, Police and Firemen's Post 303 is one of the oldest VFW posts in the nation, organized in 1919 by Pittsburgh Police and Firemen returning home from overseas service in World War I; and

WHEREAS, the history of Post 303 includes an outstanding marching band known as the Pittsburgh Police and Firemen's Band which included members who honorably served overseas in the Spanish American War, World War I, World War II, Korea and the Vietnam Conflict, before the musicians disbanded; and

WHEREAS, Post 303 has distinguished itself for its dedication to youth activities such as the Buddy Poppy Program, the Boys Clubs of America and the Junior Rifle Clubs of the National Rifle Association; and

WHEREAS, Post 303 has uniquely served veterans throughout the Commonwealth with parades, memorial

services and fundraising drives and has received several commendations on the National, State, and County levels for its exemplary work on behalf of disabled veterans.

NOW, THEREFORE, BE IT RESOLVED, that the Mayor and the Council of the City of Pittsburgh do hereby extend the City's heartfelt respect, honor and congratulations for the remarkable history of Police and Firemen's Post 303 of the VFW on the occasion of the celebration of their 67th Anniversary.

Mr. Givens moved to adopt the resolution.

Mr. O'Malley seconded the motion.

Which motion prevailed.

Mr. Givens:

If I might, I'd like to invite to the stand right here Commander Robert C. Lang, Commander of Post 303, who, as you can see, is a policeman and in uniform and of course, we thank No. 2 Police Station for letting him come on up here, and Senior Vice-Commander, Louis Dragowski. If they could just say a few words.

Mr. Lang:

On behalf of the Mayor and City Council, as Commander of the Police and Firemen's Post No. 303, I deem this a great honor in being commended on our 67th birthday.

My activities chairman, Louis Dragowski is quite responsible for most of the work that goes on. He's a City Councilman from Glassport and I would like to have him say a few words. Thank you.

Mr. Dragowski:

President of Council Ben Woods, our Liaison Commander Richard Givens, ladies and gentlemen of the Councilmatic body, I think that between Mr. Givens and Commander Lang they said it all. But I'd like to introduce the other people who have taken out part of their day to come here for this ceremony. I'd like to introduce our Quartermaster Andrew A. Mammarelli; Commander Frank L. Miller of the Allegheny County Council; John Horback Chief of Staff of Allegheny County; Ed Rock Sr. Vice County Council Adjutant. Thank you very much.

Michelle Madoff:

Where are all the women? Didn't they fight in the wars?

Mr. DePasquale:

They were all slackers in World War II.

Michelle Madoff:

I wouldn't say that loud, Mr. DePasquale; the women will march on you. That's a sexist remark if I ever heard one.

The Chair:

Thank you.

Mr. Wagner presents

No. 1988 WHEREAS, the Pittsburgh School Board is considering a six-mill increase in Pittsburgh property taxes; and

WHEREAS, the proposed increase will amount to approximately one-hundred-fifty dollars (\$150.00) per homeowner annually; and

WHEREAS, Pittsburgh residents cannot shoulder the burden of increased local taxation.

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Pittsburgh urges the Pittsburgh School Board to exercise fiscal restraint and operate within their budget without the proposed six-mill tax increase on property within the City of Pittsburgh.

Mr. Wagner moved to adopt the resolution.

Mr. DePasquale seconded the motion.

Which motion prevailed.

Mr. Wagner:

Mr. President and members of Council, as you know, the School Board will soon be considering a tax increase. To my knowledge, it is still six mills. That tax increase obviously will impact the residents or property owners of the City of Pittsburgh, both the School Board and this Council. We all serve the same people, so therefore, any tax increase by this Council or by the School Board impacts the same people.

For that reason, I believe it's important for the City of Pittsburgh, City government, City Council, to have some opinion, some formal opinion, on that tax increase.

I have spoken with several of the School Board members privately and I wanted to appear in front of them last week to mention my opinion as an elected official and also as a resident. Unfortunately when I attempted to sign up I was a couple minutes late; therefore, I did not speak in front of them.

For that reason, I thought it would

be good to have a resolution. Seeing that the resolution passed, I would suggest that we send it out today to the Pittsburgh School Board because I anticipate them voting on this within the next several days and hopefully our opinion as an elected body will carry some merit in them reaching their decision.

Michelle Madoff:

On the same subject. Mr. Wagner, may I respectfully request that you put it in a night letter or have it hand delivered by one of the City messengers to the right person and have a receipt signed that it was received. If you were denied the right to speak because of a few minutes, I think you have the right to know that that message reached the proper people and all the board members in time. What I do when I want something special delivered is I put a receipt on and they sign it received and that would assure that they couldn't say they didn't get this message before the vote.

Mr. Wagner:

However the City Clerk chooses, however he can be assured of delivery, is fine with me.

The Chair:

Is there anything else on that subject? Okay, next subject. Ms. Madoff has a motion.

Michelle Madoff:

We all know that a tragedy occurred this past Wednesday in Iowa where a man burst into a weekly City Council meeting and shot the Mayor and wounded two Councilmembers. Speculation is that Mr. Davis had been upset about a sewage problem on his property and in fact had

attended a previous Council meeting complaining about his problem. What happened was tragic and our sympathy goes out to the Mayor's family, the wounded, and the private citizens attending the meeting who witnessed what must have been a horrifying scene.

There's a lesson to be learned here, a lesson that should have been learned a long time ago. Perhaps after the San Francisco slaying or even earlier when George Wallace was shot leaving him paralyzed and confined to a wheelchair, and may I remind my colleagues that in the State of Pennsylvania public officials are not covered under workmen's compensation and should an elected official be permanently disabled, like Governor Wallace, there is no automatic compensation.

Council Chambers must be made safe, safe for public officials, safe for employees. But most of all, safe for public citizens who have a right to attend these meetings, and I did overlook the media and we ought to keep them safe too, I guess. It is common occurrence in today's world to have security at airports, rock concerts, office buildings, court rooms. Even the recent Russian Ballet at Heinz Hall had security checks of those entering, without cause or disruption. As a matter of fact, I believe Councilman Pollock and Sophie Masloff were present and it was a very orderly method of entering Heinz Hall. We currently have absolutely no protection in these Chambers from anyone.

Having conferred with an eminent psychologist, she confirmed that in an emotional atmosphere such as a City Council meeting, impulsive, irrational acts may occur, where in a social setting it would be less likely to happen unless premeditated by a person with distinct pathological motives of violence.

While public officials, through the act of seeking office, knowingly accept the risk of potential danger to their well-being, they should not subject the public to such dangers in a confined area as a City Council Chambers. Our present security guard in Chambers is totally unprepared to any extreme acts of violence involving firearms or any other destructive devices that could be used in the act of bodily harm. Further, any improved security precautions we take lessens the City's liability should a tragedy occur here. Not upgrading our security leaves us wide open to lawsuits and the City is self-insured, meaning, that taxpayers bear the financial burden. We already had a \$1 million claim which we paid against the City.

Now, I talked to Dan Pellegrini just before we came in and he said that he believes that we are not culpable and we would not be responsible for the acts of someone else. But anybody, as Sophie Masloff has said a hundred times, can sue anyone. And if we have no minimum protection, I think they would have a valid claim.

It is not my intention to be paranoid but to deal in the real world. We cannot have a police officer protecting each person. We can't have it in the streets, we can't have a body guard for all Councilmembers, nor would we want one. As a matter of fact, the Mayor doesn't use his enough and I'm constantly chastising him about it. He leaves himself very vulnerable. Nor is it my intention to create a Fort Knox, but common sense should prevail and we should take reasonable precautions. Therefore, I offer as a reasonable solution that one protective device be installed at the only public entrance to City Council Chambers. That door right there. We only have one side of it open anyway. Whether it be hand-held or a stationary device, metal detector, we

determined the price range to be from \$200 for a hand-held model to \$3500 to \$4000 for a stationary model. I think a hand-held model or stationary model, we're talking about peanuts here. We're talking about \$200 if we want to do it in an inexpensive way.

Also, we need an audio buzzer system installed at the door to the reception area where Elli and others sit so that Council offices would allow the receptionist to see and hear and admit visitors who state their business and have reason to be buzzed in. She could see them, she could talk to them, and she could buzz them in.

I make this in the form of a motion and I hope I have a second.

Mr. DePasquale seconded the motion.

Mr. Givens:

Discussion. I feel there are two paragraphs in here that are very offensive to me and should be to the Police Department of the City of Pittsburgh. One, that we currently have absolutely no protection from anyone. That is absurd.

The third paragraph from the bottom, that our present security guard in Chambers is totally unprepared for any extreme act of violence, I feel that is very offensive. We do, in fact, have a Sergeant at Arms who is a police officer of the City of Pittsburgh and he carries his weapon. We have other people that are very close by this building and I find that our police officers, any time this Council has called upon them to act as our Sergeant of Arms and/or to protect us, he has always been, whoever it is, very diligent in their particular jobs.

Coming from a security background, including the President of

the United States, I can assure you that if anybody is intent on killing someone in our society, unless we put the detection device before they come into the City, we're not going to be able to stop them. If someone comes into this Council intent on doing bodily harm, it's going to be done. How much bodily harm is reaction why we have a police officer so armed in this Council. He can't pull out a weapon and shoot at free will either because he's going to hit bystanders and everything else. So, there's considerations on everything.

If we just look across to our County Court buildings, they do not have alarm devices on every courtroom and the judges have probably been shot at more in our history than have Councilmen or Mayors. However, if this Council feels that there is a particular need for additional security within our County government presently and they're willing to lend it to us if we ever need it, such a device as they have at airport, they use it on occasions in the various County courtrooms when they feel there has been an overt threat or there is some need and the judge feels that he needs that extra protection. That's really all we need and to go any further and to go into any more expense than just that alone would be deceiving ourselves primarily and deceiving the public in the cost that would ensue. Thank you.

Mr. DePasquale:

Mr. President, if you'll remember, I brought this up when we had a gentleman evicted by the former Sergeant at Arms, John Hilson, and John came in later and said that somehow in the scuffling out there somebody dropped a gun or they found that somebody else had a gun.

The Chair:

It was in the Chambers.

Mr. DePasquale:

Believe it or not, when I asked somebody, not a policeman, they said, "Oh, he had a permit for it." But that doesn't do anybody any good if he comes in and starts shooting and honestly, I believed then and I believe now that we should have some protection at the hearings or anytime at that door.

Mr. Wagner:

Mr. President and members of Council, I think there is some merit in the resolution but I think we need to look at it in much further detail. Not only is Council exposed to something like this happening, so are many other people in the building. I can think of one incident since I've been here, in the Treasurer's Office on the first floor where they handle money, and they had a scare of an individual coming into there. So, if some type of mechanism were installed, I don't think it should just be for the elected officials, particularly Council; it should be for all government employees.

And that leads me to the point where it's very difficult to do that in this building. However, I think we should be requesting that someone investigate the possibility of doing that in this building and somehow closing off some of the hallways in the basement that go to other buildings and other places of which I don't know where half of them do go, and to look at some way of better securing the entire building. Many corporate buildings have gone to that; they've done it for a purpose. It's the same reason Councilwoman Madoff is suggesting. It also leads to another point that we've talked about here and that's the consolidating of City offices into one building that is secure and somehow, looking further down the road, as to how that should be done. I think that's one very positive reason why we need one

building for all City departments.

So, I think we need to take a look at it but I think we have to look at the larger picture rather than just Council Chambers.

The Chair:

If I could say something. If you're going to do something like this, I agree, you have to look at the broader picture. I mean, the Federal Courthouse right down the street, you can't get in the building without going through one of those mechanisms. That's everybody that goes in that building. I believe we were in the Baltimore City Building, City Hall, and you can't go into that building without going through one of these metal detectors. But, it's just not something, Michelle, that we can just throw up here and do something. If you did it here, people just walk in these doors, come in this back door; none of these doors are locked. I could walk in here carrying anything I want.

Michelle Madoff:

I want to take the high points out of my floor motion. Number one, in response to Councilman Givens, it was not in any way my intention to demean the police officers. But, as I said, I spoke with an eminent psychologist and I'm not giving her name because obviously everybody would be asking her for support or for her advice. But the word or the key word that she gave was impulsive. When somebody is in this Council and people start to testify and people get worked up, it's an impulsive, spur of the moment kind of action.

Further, when we talk about the business of protecting electing officials, and Mr. Wagner touched on that, I made a point specifically of saying that isn't the issue. The issue is that someone

shooting at us could hit an innocent bystander. We accept that risk when we run for office but somebody coming here to witness or testify should not be exposed to that same danger.

What are we talking about? We're talking about blocking off the back door, which is supposed to be locked anyway, having a buzzer system which is very inexpensive at the front door where Elli is, no problem there at all, and a squawk box that you can talk to the person, and having a \$200 instrument here. I don't think we're talking about a lot of money. We have had three horrible national examples of what can happen. And I remember, before you got here, Mr. Woods, when two police officers were dragging a man from the Mayor's Chambers, dragging him out. He tried to get in to shoot the Mayor. I'm saying to you that it is important to have, to start with, a hand-held device right at this door. It is the only place they can come in. They can't get in anywhere else. We're talking about \$200. I'll tell you what, we could all chip in the \$200 or I'll put in the \$200 dollars. We're talking about peanuts. And put in a buzzer system to give Elli some protection. What is she supposed to do with some kook who pushes past her and frequently they do. If they want to see a Councilman, they just push past her. I open my door and find somebody and I didn't know they were coming to my office. What is she supposed to do, wrestle them to the floor? Just give her a buzzer system, a squawk box and a metal detector here. We're talking about peanuts and it will set an example. We're talking about no more than \$1000. Come on folks, and then we'll put in a review protecting the building. First of all, our records should be protected in the building; we can look at the grand picture later.

Right now we have three glaring

horrible examples, I don't want to reiterate them, you know what they are, but I want to ask my colleagues, can you tell me, ladies and gentlemen, that you have never been threatened, that no one has ever called you and threatened you? Well, I'll tell you, I have a cuckoo clock that writes me letters, he has a post office box. We try to respond and he turns the mail back. He's obviously slightly derranged. His folder will be turned over to the police. I got a call at 3:00 in the morning when we were having a hearing on landfills recently when I testified in support of not putting that \$4.00 tax on the City taxpayers and someone said, "You better stay away from your window." I get calls frequently, not excessively but in the eight years I'd say I've had a dozen threatening calls. I had one letter that I had to go over with the FBI.

We've been lucky. On the law of averages, we've been lucky. There's no doubt that Mr. Woods is correct. If somebody is going to get you, they're going to get you. And if somebody is out to get me, they're going to get me. If somebody wants to break into my house and take my jewelry which isn't worth a hell of a lot, they're going to do it. But the point is that we have an obligation to protect people coming to the public hearings and our staff members. And I think that having an inexpensive device is the way to go to start giving some protection to the people that we represent who come here for public hearings and so on. And we're not talking about putting in a Fort Knox and we're not talking about a lot of money. It's a very minimal amount of money and what we'll do for that police officer that Mr. Givens is so concerned, that perhaps I'm maligning him and I have no intention of doing that, is as Mr. DePasquale said, if somebody walks through that door and they have a gun, we're going to know it. That's all I'm asking for. Not to protect

Ben Woods or not to protect Jeep or not to protect me, but to protect all these people sitting here today. And I urge you to support the bill and if you don't have the money, I'll pay for it.

Mr. O'Malley:

Just one quick comment. I think Michelle's motion has some merit but I don't think we should take, excuse the pun, the shotgun approach to it. I think what we should do is ask Glenn Cannon to give us a preliminary study of what can be done and what can't be done.

Mr. DePasquale:

I just want to say along the lines of the mail that Michelle is getting, I get letters addressed to Mr. Popoff, President of the Popoff Association of America. Who is sending me that letter?

Michelle Madoff:

Mr. President, you know, we can keep on saying let's do a study and let's see what's going to happen. We're talking about a minimal amount of dollars and I don't think that I'm being unreasonable to ask for minimum security for those people who come here to testify, to be in the audience, or staff people. Even the media that some people are not too thrilled about, I'm happy to protect them. I don't know whether you'd object to that, Mr. Woods; I think they do a yeoman's job, even though they take zaps at me frequently. And I think it's time that we spent a little money to start the ball rolling. We can always pursue it further and if the matter of the \$200 is going to be such a hardship, I'll come up with the money.

The Chair:

As far as the buzzer out here at the door and people coming in, Mike and

I have already spoken about that a number of times and we're going to take care of that. The only problem we have here is that someone might come to see me and then they go to see every other Councilmember unannounced. That happens quite frequently and we have to stop that. But there's going to be something done out here to help Elli out.

Michelle Madoff:

Then why do you object to a \$200 gizmo, a metal detector at this door to catch somebody with a gun when Mr. DePasquale just told you -- don't you trust him? -- that the police officer said that the man dropped a gun? What are we waiting for? Someone to get shot?

The Chair:

Michelle, I was chairing the meeting when it happened and he dropped it --

Michelle Madoff:

Then why would you object to it, Mr. Woods? What objection have you got to a \$200 device by our security guard standing at the door? I mean, we're talking about peanuts here.

Mr. DePasquale:

Call the question.

The Chair:

Is there any further discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale Mr. O'Malley
Mr. Grabowski Mr. Pollock
Michelle Madoff Mr. Wagner
Mrs. Masloff

AYES 7 NOES 1

(MR. WOODS VOTING NO)

And a majority of the votes of Council being in the affirmative, the motion was approved.

Michelle Madoff:

Discussion. Who pays the \$200?

The Chair:

I thought you all were going to chip in.

Michelle Madoff:

That's okay with me.

Mr. DePasquale:

On another subject. This is not in the form of a resolution. Obviously I didn't have it in 48 hours and I didn't intend it as a resolution.

Along the lines of what Mr. Wagner was discussing a while ago about the increase in school taxes which is automatically an increase for all the property owners in the City of Pittsburgh, over the weekend, I was rather disturbed to read an article I believe was in the Pittsburgh Press where Mr. Roddey, the Chairman of the Water Authority, was quoted as saying that they had floated I think three bond issues, the Water Authority, and had four increases. The part that disturbed me was where he said that the bond issues needed to be, shall we say, bolstered by a

rate increase to cover the cost actually of the bond issues. That's sort of doing things in reverse. I know at Alcosan we were told by financial experts that if we floated a bond issue that we would be able to do capital project, that we'd get the fund for the capital projects, and also avoid a rate increase. Now, the Water Authority does it in reverse. They have a bond issue and still raise the water rates. And Mr. Roddey's reason was that the reason for the rate increase was to cover the cost of the bond issue.

All I'd like for Mr. Roddey in writing is further explanation as to why they have to raise those rates on top of the bond issues. Maybe Mr. Wagner can give us some answers here and we won't even need a letter from Mr. Roddey. I think when you're talking about raising the water rates to all the residents of the City of Pittsburgh, four times, the last one 19 percent, some questions should be asked. I realize we don't have the authority over that Water Authority that we had before on the Water Department as it was called then, but four increases and three bond issues and two more or three more rate increases contemplated, and I don't know how many more bond issues.

The Chair:

Mr. DePasquale, why don't you just ask for a post agenda and have him come in?

Mr. DePasquale:

I don't mean to create any investigation or what have you. I think a written explanation from Mr. Roddey to you and to the rest of the members of Council would suffice. He should be able, I think, to show us why they have to raise those rates on top of the bond issues because the purpose of a bond issue, as I said, is to get funds for capital

projects and to avoid a rate increase, not to get those funds for capital projects and still have a rate increase.

The Chair:

Okay, we'll send a written request for that explanation.

Michelle Madoff:

Mr. President, same subject. My phone is coming off the hook with people, I'm sure that's why you raised the issue, Mr. DePasquale, with people saying they're on fixed incomes and they cannot afford this 19 percent rate increase. As you may recall, I don't think Mr. DePasquale was on Council at the time when we voted for the Water and Sewer Authority, it was a very close vote, it was a 5-4 vote and I voted against it. I voted against it because if you're going to raise rates, you would have the money to do the job that was necessary to be done. There were several options, the City could hold a bond issue as opposed to turning the whole responsibility over to a third party. As we all know, the reason it was done was so that this Council that has to run for election repeatedly would not have to be subject to having to raise water rates. But in turning that responsibility over to a Water and Sewer Authority, we've lost all control. We knew this would happen; the four of us that voted against it knew this was going to happen. Perhaps if we raised water rates to pay for repairs as needed, and to do whatever rehabilitation programs had to be done, we would be raising it a lesser percentage because we wouldn't have to pay the debt service. What I'm referring to as the debt service is like taking a mortgage on your house; you buy a \$30,000 house and you pay back \$90,000 at least. That's what's happening here. Not only are the people paying an increase in their water rates, those who

are least able to afford it, but are also paying the debt service as taxpayers. And that was done because of the fear of having to vote and have the courage to vote tax increases, or water rate increases when necessary.

The Chair:

Michelle, let me interrupt you for one moment.

Michelle Madoff:

That happens to be fact and documented.

The Chair:

Let me interrupt you for one minute. You know, say that's your opinion because when you say that that's fact, that people voted for something because they're afraid to run for election, those kinds of remarks from a number of people on this Council are really starting to rub me the wrong way. It is out of order, it is not proper, and please refrain from doing it. I'm telling you, you're the first one, because you continually do it and the next time anyone here says it, I'm going to rule you out of order. Now don't let it happen again.

Michelle Madoff:

Mr. President, your point is well taken and I will amend that to say that it is my opinion in viewing what happened at the time of the vote that that is what happened.

I will further say that I was at the Pennsylvania Ball which takes place in New York, it just took place this past weekend, a year prior to the creation of the Water and Sewer Authority. I came back knowing who the bond counsel was going to be. The Water and Sewer

Authority had already been made and it had not even come to this Council. I came back and shared that with reporters and shared it with people at that time. This was orchestrated. I did a study, and this is speaking for myself, it still hangs on my wall, over six months I did a map delineating by colored pins major leaks in this City over an 18 month period that showed 2100 major leaks. I called the Mayor and said, "Mayor Caliguiri, I don't want you to hear about this in the media, I want to be up front, I want to share this with you; let's work together." He took my map, he took this information and said, "Great, we need a Water and Sewer Authority." As opposed to my position, and I speak again for myself, and the four of us who voted opposed to the Water and Sewer Authority, and that was, if you had raise water rates you raise them and it would have been half the cost of what we're doing right now.

Mr. Wagner:

Mr. President, last week at the budget hearings the Mayor was in front of Council. The Mayor comes once a year in front of Council and we discuss first of all the Mayor's Office budget which we discussed that day but we never got to any general topics of interest due to the fact that the Mayor had to leave and he had another commitment. At that time I requested another meeting with the Mayor and his staff, his executive staff, prior to voting on the budget. Has a meeting of that type been set up and is the Mayor going to come back in front of Council?

The Chair:

Quite honestly, no it hasn't, but I will before we take final action on the budget.

Mr. Wagner:

Before final action or before --

The Chair:

Before final action. The preliminary is Wednesday and it would be very, very difficult to have it before that because today is Monday. It's not the Mayor's fault; it's my fault. I didn't follow through.

Mr. Wagner:

The problem is that even with the initial vote, the initial vote is an indication of the final vote and consequently there are some important issues I think that need to be discussed and, as a matter of fact, out of common procedure we should have that dialogue after we have had the opportunity to meet with all the department directors, which we have done. I think it's good from an overview point of view to sit down with the Mayor, possibly Mr. Turner, possibly Mr. Donahoe, and whoever the Mayor would like to sit with them to talk about many of the topics of interest that all of us have and concern us, public safety, merit increases, capital projects.

The Chair:

Like I said, Jack, I have to take the blame for it. I didn't schedule it, I will try to do it before Wednesday and that would have to be tomorrow. And if I can't, you and I both know that on days of final action, in fact, I've made amendments to the budget already or proposed amendments, you have, and we'll have all day that Monday to do it, on the 22nd. So, I don't think it will be that big of a problem. But if I can get the Mayor here tomorrow I most certainly will. If not, it will be Thursday or Friday.

Mr. Wagner:

Last point. I made a request from out Law Department, an opinion on whether or not Ordinance No. 6 pertaining to Public Safety and the Firefighters and the number of units still applies today. I have yet to receive an opinion and I think that opinion is very important.

I'd like to make a formal request on record, through the City Clerk's Office, to inform this Council as to whether or not that ordinance, and I believe the year is 1975, whether or not that ordinance still applies today as to the organizational structure of the Fire Bureau.

The Chair:

It's my argument, and it doesn't mean anything, that it does because we never repealed it, or I've never seen anything repealing it.

And on the motion of **Mr. DePasquale**

Council adjourned.

Municipal Record

Proceedings of the Council of the City of Pittsburgh

VOL. CXX

Tuesday, December 23, 1986

No. 49

Municipal Record

ONE-HUNDRED TWENTY-FOURTH COUNCIL

BEN WOODS President
MICHAEL PERRY City Clerk
LINDA M. JOHNSON Asst. City Clerk

Pittsburgh, PA
Tuesday, December 23, 1986

PRESENT:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Follock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

The Chair presents

No. 1989 Communication for Richard S. Caliguiri, Mayor, City of Pittsburgh, returning with his veto of Bill No. 1721 entitled, "An ordinance directing the Allegheny County Board of Elections to place before the qualified voters of the City of Pittsburgh a

referendum question as to whether or not said voters are in favor of amending the Home Rule Charter to provide for the election of City Council Members: Nine by District only.

Which was read, received and filed.

(MAYOR'S VETO LETTER)

December 19, 1986

The Honorable President and Members
Council of the City of Pittsburgh
510 City-County Building
Pittsburgh, PA 15219

Dear President and Member of Council:

I have approved and signed into law Council Bill 1840 which provides for both a district and an at-large Council organization question to be placed on the ballot.

Council may wish to reconsider the number of persons to be selected under either question. In any event, I believe it is important that we narrow the questions in the form presented by Bill 1840 and I have, therefore, returned with my veto Council Bill 1721 which provided for a second by district question. I am taking this action in order to focus attention on the central issues and to simplify the process.

A copy of my statement on this matter is enclosed.

Very truly yours,
RICHARD S. CALIGUIRI

**STATEMENT
OF
MAYOR RICHARD S. CALIGUIRI
DECEMBER 19, 1986**

I have signed into law Council Bill 1840 which provides for two Council organization questions to be placed on the ballot: one to maintain the present (nine elected at large) system, and, one to provide for the creation of a seven district system. I have returned to Council, with my veto, Bill 1721 which would have provided a second by-district question providing for nine members.

Based on the legislation sent to me, this was the only action I could take that would focus attention on the two central question, district vs. at-large selection. Further, Council still has time to reconsider the number of members under each system, but, in doing so, should not recommend more than the two questions.

During the past several months, I have attempted to secure consensus for a combined system of at large and by district representation. I continue to believe this approach provides the best overall structure for Pittsburgh. It is clear from Council's recent action that this option will not be considered and, therefore, I will not pursue it.

In allowing the Council organization question to bypass the normal government study commission process, the State Legislature allowed for multiple questions to be placed before the voters. Because it appears that support exists for both an all at-large and an all by district Council, these are the appropriate options to place before the voters so that they can make a clear and final choice and not have their decision made by default.

Establishing these questions now will provide the maximum amount of

time for public debate and discussion. Election day will serve as the ultimate public hearing on this issue when all of the people get to express their choice.

I urge the citizens to take this time to participate in the debate, make an informed decision, and then go to the polls to be part of setting the future of City government.

(END OF MAYOR'S STATEMENT)

The Chair:

On the objection of the Mayor.

Mr. Grabowski:

So moved.

Michelle Madoff:

Second for discussion. Mr. Chairman, I believe the motion that's been made is to sustain the Mayor, is that correct?

The Chair:

It is to override the Mayor.

Michelle Madoff:

Excuse me, to override the Mayor.

The Chair:

You seconded it.

Michelle Madoff:

Oh yes I certainly did. I just want to be sure that when we vote on this issue I want clarification as to when we vote, what we say, in order to make sure we are overriding. You know very often, for people watching yes means no and no means yes. I don't want to fall into that trap again. It's happened to me before

and I looked like a bafoon and I prefer not to.

On the issue, and why we ought to override the Mayor's veto and ask him to reconsider and to support my original motion is that I believe the Mayor doesn't quite understand that my question nine by-district is a yes or no which means that it's really two questions and what he wanted was two questions. I gave him two questions. Do you want election by district, nine by district, yes or no. That's two questions. Nine at large or seven by district, each referendum by law must have a yes or no question on it becomes four questions. I think the Mayor understands the difference between two and four and when he said to me outside in front of the building yesterday, know that I wanted it clear, I wanted two questions so that people could choose from. And I said, but Your Honor, I gave you two questions, nine by district yes or no is two questions. I think the Mayor should reconsider and understand that that is absolutely not acceptable. I just want to point out that I voted no for funding needed to hire counsel to defend the case against Council filed by the Metropolitan Pittsburgh Crusade for Voters and I have been told that since I will not be available for deposition I could go to jail. I voted no, ---

The Chair:

Michelle, we are going to deal with the question at hand. Please stick on the question of overriding the Mayor's veto.

Michelle Madoff:

I will make a comment on this at the appropriate time but I think this is the appropriate time.

The Chair:

No its not, we are going to deal with this question.

Michelle Madoff:

Well what is dealing with the question, Mr. President?

The Chair:

Michelle, you out of order, you are going to stick to this question, now are you going to vote to override the Mayor?

Michelle Madoff:

Yes I most certainly am.

Mr. DePasquale:

Order of clarification Mr. President. We are going to have the nine at large and seven by district on the ballot, right?

The Chair:

That is law.

Mr. DePasquale:

Now if we vote to override the Mayor's veto we will add the nine by district and we will have three questions.

The Chair:

Right. Any other discussion?

Mrs. Masloff:

Can we amend any of those?

The Chair:

No.

Mr. Wagner:

Mr. President, Members of Council, this issue has been talked about now for five years in regard to district elections.

The Chair:

Jack, let me interrupt for just one second. So everyone understands, stick to the question of why you want to override the Mayor or if you are going to override the veto, please. Go ahead Jack.

Mr. Wagner:

Well the veto, Mr. President, relates to the other question because obviously there are several questions here relating to the change of government. The one here is to override the nine by district veto that the Mayor sent back to Council, correct?

The Chair:

Right.

Mr. Wagner:

My comment relates to the district election. It also relates to the reduction of Council in general.

The Chair:

Jack, I would like you to stick, because I just ruled Michelle out of order, stick to the question at hand please and after we do this we can have all discussions we want on any other subjects.

Mr. Wagner:

The question at hand is that there isn't clarity anywhere here on this issue and as Council has addressed the district election issue of which the governor

permitted us and the State Legislator permitted us to move forward with a referendum question, Council has confused the issue and the Mayor has confused the issue. We have two issues and that is the reason why it is confusing. We have district elections and we have the reduction of Council and it can really all be summed up into that. District elections and reducing the number of Councilmembers and we are trying to put two issues into one referendum question. It won't work. Its that simple. This Council and the Mayor are not showing the governmental leadership or the political leadership that is necessary and where it goes from here I am not certain. All I know is that I can't continue to let two referendum questions on the ballot. The one is conflicting to the other. The one deals with district elections or at large elections and the other one deals with reducing the members, numbers, of Council, plus district elections. I think that if it should be any way, it should be either just district or just reducing the members of Council. Or if its going to be a mix then maybe it should be both and I had mentioned to several people I think the only way this is going to end up being resolved is to see possibly four questions on the ballot rather than three. Right now there is two, nine at large, and seven by district and what we are voting to override is to put nine by district on the ballot. And if we don't override the veto the people are going to go out and petition and put nine by district on the ballot because they did it before so they will do it again. Well if they're going to go out and put nine by district on the ballot they should put seven at large on the ballot also. As Councilman DePasquale indicated a few weeks ago when we voted on this because then it would equal the scale. There would be two questions pertaining to Nine - one by district and one at large and two questions pertaining to seven -

seven by district and seven at large.

The Chair:

Stick to the override. You are going way off and I asked you not to do that, and I told Michelle she couldn't do it, I'm asking you not to do it. I said if you want to do this when we do all other business under remarks you can bring it up.

Mr. Wagner:

Well my bottom line of remark is this Council and the Mayor has shown no leadership on this issue and has deliberately confused the issue.

Mrs. Masloff:

Point of order. If we vote to override the Mayor's veto, what are we left with?

Michelle Madoff:

Three

The Chair:

You will have three questions. Should Council be elected nine by district, the present system nine at large, or seven by district.

Mrs. Masloff:

If we sustain the Mayor then we will have two issues, seven by district and nine at large. In any case, whichever we do, can we bring this up again next year?

The Chair:

You can bring in another piece of legislation to amend the bill. This nine by district cannot come up again if it is not overridden. You can come up with

some other combination. You can come up with say nine at large and nine by district but if you do not override the Mayor, it is dead until 1988.

Michelle Madoff:

Mr. Chairman, to be sure that I understand perfectly, I am aware that if I vote to override the Mayor's veto, three items will go on the ballot. One is nine by district, which was my original bill, which has a yes or no on it, nine at large, which you proposed, as well as seven by district, which both have yes or no votes on them. So the public's choice would be nine by district yes or no, nine at large yes or no, and seven by district yes or no but there would not be seven at large yes or no. That would be missing, is that correct? If I vote to override the Mayor's veto I do that with full knowledge that I don't have any choice because what I am doing is putting back the option of nine at large and nine by district and we can't amend to delete seven by district. Is that correct?

The Chair:

No.

Michelle Madoff:

And what point could there be introduced to have nine at large and nine by district.

The Chair:

You would have to, or some member of Council would have to introduce a complete new piece of legislation repealing this bill or amending that bill, what is it 1840, I forget the number?

Michelle Madoff:

You mean that any member of

Council, myself included, could in the coming year once we veto the Mayor, if we don't veto we can't do anything with it, it stays.

The Chair:

You can override the veto. If you don't override the veto you can never bring up until 1988 a single nine by district bill. That would be dead until the next year is over.

Michelle Madoff:

Thank you Mr. President. I want the public to understand why we are voting to override the Mayor's veto, not to fool or cloud the issue, Mr. Wagner, not to Council to be blamed for clouding the issue but we have been put in the position that if we want to clarify it we must override the Mayor's veto, otherwise nothing else can be introduced to clarify the problem. We are locked in to having to override or to go to the nine-seven as it presently stands because if we don't override no other amendment can be offered in the coming year before the May election. Am I correct?

The Chair:

Another amendment could be offered. You cannot introduce another piece of legislation that singularly says nine by district. You could introduce a piece of legislation, nine by district, seven at large. Nine by district. You would have to have something else with that nine by district.

Michelle Madoff:

Do I understand you very clearly, and I want somewhere here from the law department because I hope that you are right on target here, that whether we override here or not, supposing we don't override the Mayor's veto, we are in the

same position. We can still come back with two other combinations. But if we override the veto, then what remains is my proposition, nine by district yes or no. If you want nine at large vote no and if you want it by district you vote yes. Is that clear? I want to be sure that I understand what I am voting on, the public knows why I am voting. Ok, thank you very much.

The Chair:

Ok. Now, any other discussion.

Mr. Wagner:

Yes, one point. I want to ask the Parliamentarian a question. As I read the charter as it relates to district elections whereas it relates to legislation in general it states under Chapter 317 Legislative Requirements in General, every ordinance shall have a title clearly expressing its subject, every ordinance and resolution shall contain only one main subject, only one main subject, shall contain the date of its enactment, and shall be signed by the presiding officer but it clearly states that every ordinance shall have only one main subject. Now the ordinance that was passed by this Council contained two subjects: reducing the number of Council and also a process of electing Council.

The Chair:

Jack, the Parliamentarian cannot rule on that because he is here as a Parliamentarian. You will have to ask the Law Department that. The Law Department ruled that ordinance valid because it is dealing with one subject, how you elect Council or Council elections and the only one who can object to it, you should have asked before an opinion of Danny, but I did. I didn't get it written. He said yes its legal. If we would have passed it that

would have been another reason the Mayor would have sent it back. It is legal. Its a legal question.

Mr. Wagner:

I'd like to ask for a written opinion from the Solicitor on that issue. It adds clarity to it.

Michelle Madoff:

Excuse me, I think you have given me two contradictory answers. I want to be sure that I am correct. One time when I asked you if we voted to override you said it means the three questions would be on the ballot. The second time you said only mine would be on the ballot. I don't think you meant that.

The Chair:

There will be three questions on the ballot if we override.

Michelle Madoff:

If we override there will be three and if we don't it will stay nine and seven. My question to you is how do we get back to the issue of nine by district and nine at large. I presume that whether we override or we don't override somebody can come back after the new year and say, okay, I would like to make an amendment to the present bill to change it to read nine by district or nine at large.

The Chair:

That is a completely separate piece of legislation.

Michelle Madoff:

So it doesn't matter whether you override or you don't override. You can still come back because if I vote to

override the Mayor's veto I'm digging a bigger hole. What I am saying is instead of having two issues we now have three. Is that correct?

The Chair:

That is exactly right.

Michelle Madoff:

Ok, and if I sustain the Mayor's veto we have got a four prong monster because there is four answers. Yes or no on two issues, and indeed if the Mayor's intention was to let the people truly choose he would have put on seven at large or seven by district because we all know, there is nobody stupid here, that when you give less government people take seven. I would put money on it that seven, whichever it is, at large or by district, would win. Had the Mayor put on the ballot nine by district yes or no and seven at large, seven would have won, but he completely reversed it. I say that because the Mayor is vetoing my bill so I am assuming he is in concurrence with your bill. I mean obviously, I mean as comps, you know how it is, I mean you should know, he is obviously sustaining your position that therefore it becomes his position or he would have supported mine. So what I am doing if I override the Mayor's veto is confusing the issue further and it doesn't matter whether we override or we don't because we need an entirely new piece of legislation, and it is my intention to offer that immediately, Mr. Perry, and that would be to just change it from nine by district to nine at large and nine by district if he wants two pieces of legislation yes or no and let the one that has the most win. I'd like to make it only nine at large yes or no because then people could say I don't want it at large I want it by district. That would be acting against the best interests of those people who really want the election by district.

What I want is irrelevant. This is full of democracy and not Russia and people have a right to vote what they want. If they want it by district or they want it at large fine. If the Mayor wishes to have Mr. Woods introduce this legislation or if Mr. Woods wishes to introduce legislation all on his own that says seven by district or seven at large, so be it. Then this Council can decide whether they want to cut the numbers of Council. Personally, I do want to state for the record that I am better off personally if we go to district at seven rather than nine because in a larger area I have a better chance of winning. But I am saying the individual should not be the issue here it should be not to, excuse the expression, screw up the public, and that's what we have done and its a disgrace.

Mr. DePasquale:

Mr. President, I believe I heard you loud and clear, if we sustain the Mayor's veto the two questions on the ballot will be seven by district and nine at large and the nine by district cannot be brought up again until 1988.

The Chair:

Right.

Mr. DePasquale:

However, what happens and I guess I should address this to the Parliamentarian if the fourteen thousand five hundred signatures —

The Chair:

They can put it on there.

Mr. Depasquale:

That will put it on there. They will have the three part question.

The Chair:

Now I'd like to say something.

Michelle Madoff:

Why should we make them do that Mr. President, make them go out on the street.

The Chair:

You can vote to override the Mayor's Veto.

Michelle Madoff:

I'm going to do that.

The Chair:

I'd like to say something. I don't believe that the questions are very very difficult. Some people think they are. The only people that it is difficult for is the people that don't want to understand to begin with. It's very simple. You have a question on the ballot in front of you. Are you in favor of voting for Council, nine all at large. Are you in favor of nine by district, or are you in favor of seven by district. And if anybody here doesn't understand that, then you shouldn't vote.

Michelle Madoff:

One moment please. I had my hand up.

The Chair:

Let me say something else. I did not offer that amendment to confuse the voters by any means, and I recall that I offered it at the committee table and I can get the quotes out of the newspapers, everybody was in favor, good idea, sounds good. I can support that, including the Mayor. Then all of a

sudden everybody got a little heat from the Coalition for District Election cause they want a nine. Ben Woods wants to confuse the voters. Bull.

Michelle Madoff:

May I respond. I think that you have insulted everyone's intelligence by saying that we do not understand how the ballot is written. We understand.

The Chair:

Michelle, I think you are trying to insult people's intelligence saying they don't understand.

Michelle Madoff:

We understand only too well Mr. Woods. We understand that we have an option to vote nine by district yes or no, and we have the option presently to vote nine at large yes or no, and seven by district yes or no but not seven at large yes or no, so the issue is no longer one of cutting the Council to save money which was your big plea, oh let's cut back, let's save the city money, and I'm such a wonderful good guy and I want to save the city all this money, isn't it wonderful, so I am going to recommend seven people because I want to punish you, you didn't support my seven bill. We all know the game plan. We understand only too well Mr. Woods. I am going to vote to override only so I can introduce other legislation, otherwise I would abstain.

The Chair:

Do you understand the three questions?

Michelle Madoff:

Oh yes, and everybody else does too.

The Chair:

Thank you, and in other words you were just lying all along by saying you didn't understand.

Michelle Madoff:

I never said I didn't understand. We said we understood only too well.

The Chair:

If you want to override the Mayor, vote aye. If you do not want to override the Mayor you will vote no.

Michelle Madoff:

We better override or we can't change it.

The Chair:

Call the roll.

Mr. Wagner:

I have one request prior to, not a comment. That Council independently solicit a legal opinion other than from the administration on this issue as to whether or not it conforms with the mandate of the charter of how legislation should be written and I believe that there are two issues in one question.

The Chair:

Right now there's a motion on the floor. Before I entertain that motion I'm going to dispose with this motion.

Mr. DePasquale:

I will go along with the Post Gazette Rag and vote aye.

The Chair:

Is there any further discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mrs. Masloff
Mr. Grabowski	Mr. O'Malley
Michelle Madoff	Mr. Pollock

AYES 6 NOES 3

(MR. GIVENS, MR. WAGNER AND MR. WOODS VOTING NO)

And a majority of the votes of Council being in the affirmative, the motion passed finally.

The Chair:

The vote is overridden. The Mayor's veto is overridden. Now are there are three questions on the ballot.

Michelle Madoff:

Until we change it and we are going to change it. But we couldn't change it unless we override the Mayor.

REPORTS OF COMMITTEES

Mr. O'Malley presented

Bill No. 1990

Report of the Committee on Finance for December 16, 1986 transmitting two resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1957

A Resolution entitled, "Resolution authorizing the City of Pittsburgh to accept the gift of the Buhl Science Center located in the 22nd Ward of the City of Pittsburgh."

Which was read.

Also,

Bill No. 1958

A Resolution entitled, "Resolution authorizing the City of Pittsburgh to enter into an Agreement with Carnegie Institute for a term of 25 years at a rental rate of \$1.00 per year."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. O'Malley
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
	(Pres't)

AYES 8 NOES 1

(MR. POLLOCK VOTING NO)

And a majority of the votes of

Council being in the affirmative, the bills passed finally.

Mr. O'Malley presented

Bill No. 1991

Report of the Committee on Finance for December 18, 1986 transmitting one ordinance to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1830

An Ordinance entitled, "An Ordinance amending the Pittsburgh Code, Title Two, "Fiscal", Article IX, "Property Taxes", Chapter 263, "Real Property Tax," Section 263.01, "Levy and Rate on Lands and Buildings", by levying the real property tax for 1987."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. O'Malley
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
	(Pres't)

AYES 8 NOES 1

(MR. POLLOCK VOTING NO)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. O'Malley presented

Bill No. 1992

Report of the Committee on Finance for December 22, 1986 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1831

A Resolution entitled, "Resolution making appropriations to pay the expenses of conducting the public business of the City of Pittsburgh and for meeting the debt charges thereof for the year beginning January 1, 1987."

Which was read.

Also,

Bill No. 1832

A Resolution entitled, "Resolution fixing the number of officers and employees of all departments of the City of Pittsburgh and the rate of compensation thereof for the year beginning January 1, 1987."

Which was read.

Michelle Madoff:

On Bill 1832, I'd like to offer an amendment. In the Controller's Budget, the Controller's Office needs to have its temporary as needed positions restored, these employees feel a vital need as replacement for regular workers who are away on leave and having as needed

employees does not affect the budget in any way because as we are well aware, temporary employees are paid out of previously established salaries.

The Chair:

Do you have that in writing for everyone 48 hours before the amendment, or 24 hours before the amendment, in front of Council? I'm sorry, does every member of Council have that amendment in front of them?

Michelle Madoff:

I believe everyone got this, it was addressed to you Mr. Woods.

The Chair:

I don't have it.

Michelle Madoff:

It's addressed to Honorable Ben Woods and Members of Council and its dated --

The Chair:

I don't have that. I don't have that amendment in front of me.

Michelle Madoff:

Its in your office. Do you want to go into your office and get it.

The Chair:

I can't honor that amendment. Unless you have it in front of everyone from you, not a letter form from anybody else, thats the rules of Council. I cannot honor that.

Michelle Madoff:

Excuse me Mr. Chairman,

previously when something was important we broke to have it typed up, may I have that same privilege that you have extended to other members of Council to have that typed up and presented if you want it in writing, if you really need it in writing. This is the final budget.

Mr. O'Malley:

Point of order. We were supposed to discuss the vote on the budget as a whole. We are not supposed to entertain anymore motions for amendments.

The Chair:

She can do it. Go ahead.

Michelle Madoff:

May I have the Parliamentary rule on this.

The Chair:

If its not in writing thats Council rules. In front of every member I am not accepting that amendment. You have the right to amend but you're just not doing it properly.

Michelle Madoff:

Alright, and I am asking to amend and I am asking to waive the rule on writing because this is a very important thing and would curtail the Controller's Office.

The Chair:

I am not waiving the rule.

Michelle Madoff:

I challenge the Chair that we do not require that this be in writing because it is imperative.

Mr. Wagner:

Second.

The Chair:

All in favor signify by saying aye.
Role Call vote.

Mr. Wagner:

Just a suggestion to my colleague.
If she would like to introduce an
amendment all she has to do is just write
in one sentence and have copies of it
made and pass it out.

Michelle Madoff:

May I respond. You have done it
for others but you just don't want to do it
for me.

The Chair:

Is there any discussion on the
motion?

And on the question, "Shall the
motion pass finally?"

The ayes and noes were taken
agreeably to law, and were:

Ayes:

Michelle Madoff Mr. Wagner
Mr. Pollock

AYES 3 NOES 6

VOTING NO:

Mr. DePasquale Mrs. Masloff
Mr. Givens Mr. O'Malley
Mr. Grabowski Mr. Woods
(Pres't)

AYES 3 NOES 6

And a majority of the votes of
Council not being in the affirmative, the
motion was defeated.

The Chair:

Now is there any other discussion
on any other bills?

Michelle Madoff:

Mr. President, you are going to
have to tell me because I always get
ruled out of order and the rules apply
differently to other people, so you have
to tell me if I am in the right spot. On
my formal motion to decrease the budget
on the taxes, the 4% wage tax by 1/8
percent, the 2.10, 183 whatever it is, let
me get the exact number for you, from
2.125 to 2% is it too late to make an
amendment to do that?

The Chair:

Do you have it in writing for every
member of Council?

Michelle Madoff:

Thank you Mr. President.

Michelle Madoff:

For the record, I feel that it is —

The Chair:

You are out of order.

Also,

Bill No. 1833

A Resolution entitled, "Resolution
adopting and approving the 1987 Capital
Budget and 1987 Community
Development Block Grant Program; and
approving the 1987 through 1992 Capital
Improvement Program."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. O'Malley
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods (Pres't)

AYES 8 NOES 1

(MR. POLLOCK VOTING NO)

And a majority of the votes of Council being in the affirmative, the bills passed finally.

The Chair:

Mr. O'Malley, your Budget Address.

Mr. O'Malley:

Thank you Mr. Woods.

Today, as Chairman of Council's Committee on Finance, I have the honor of representing my colleagues in presenting Council's 1987 Budget Address.

I know I speak for everyone involved in the budget process when I say that some very difficult decisions confronted us when we began our work this year. Decisions that placed us on opposite sides of the table, but nonetheless had to be made. We reviewed the budget and we made our

recommendations, we disagreed and then we compromised, but most importantly, we worked together. As a result, I on behalf of my colleagues present to the residents of our great city a balanced budget with no tax increase for 1987.

We were able to accomplish this in spite of \$11.5 million less in federal revenue sharing funds and ten million dollars less in grants. In addition to these revenue losses we now face a flat growth rate in real estate and wage tax revenues. Yes, we had to make cuts, but not in the services that our residents deserve and expect. We did it by tightening our own belts, and with the support, and cooperation of our City employees. The unselfish pledge by most City employees to agree to a two year wage freeze is the most important and helpful part of this no tax increase budget. This budget is not only the result of Council's labor, but of every employee in the City of Pittsburgh.

In spite of our limited resources we were still able to add an additional forty police officers beyond the Mayor's proposal. Our Fire Bureau staff will increase by an additional nineteen firefighters, remaining at its previous level of 1,026.

The allocations for some Grants and Donations have been restored, making it possible to fund additional community groups and non-profit organizations, that would have literally disappeared along with their important and valuable services, if they did not receive the assistance of this City.

The total spending package for the 1987 Budget is \$279,511,053, — the first time in over a decade we have actually cut spending — a trend that is currently dictated by the times, but hopefully, will continue into the future.

In closing, on behalf of Pittsburgh City Council, I would like to take this opportunity to thank our Budget Staff: Jack Buckley, Pete Vaughn, Al D'Alessandro and John Mascio whose dedication and professional assistance resulted in the timely and orderly preparation of the budget. I would also like to thank the City Clerk, Michael Perry, and our Assistant City Clerk, Linda Johnson who tirelessly assist us throughout the year. These people along with their staffs are to be commended for the service they provided to each member of this Council.

I hereby recommend that the City Council of the City of Pittsburgh adopt our **1987 NO TAX INCREASE BALANCED BUDGET**, and I urge the Mayor of the City of Pittsburgh to accept our recommendations and revisions and to approve the 1987 Budget.

Mr. Givens presented

Bill No. 1993

Report of the Committee on Public Works for December 16, 1986 transmitting one resolution and one ordinance to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1854

A Resolution entitled, "Resolution vacating a portion of Brighton Road between Taylor Avenue and Sampsonia Street in the 22nd Ward, City of Pittsburgh."

Which was read.

Also,

Bill No. 1978

An Ordinance entitled, "An Ordinance supplementing the Pittsburgh Code, Title 6 - Conduct, Article I, Regulated Rights and Actions, Chapter 601, Public Order, by granting an exception for refuse placed on a holiday." —(SPONSORED BY MR. POLLOCK)

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. Pollock
Mr. Givens	Mr. Wagner
Mr. Grabowski	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 7 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Grabowski presented

Bill No. 1994

Report of the Committee on Planning, Housing and Development for December 16, 1986 transmitting two resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1929

A Resolution entitled, "Resolution amending Section 10 of Resolution No. 234 of 1986 entitled, 'Providing for filing of a Community Development Statement by the City of Pittsburgh with HUD for a grant in connection with 1986 CDBG Program', so as to amend several line items to correspond to an increase in the overall grant from \$13,920,000.00 to \$16,777,000.00 (+\$2,857,000.00)."

Which was read.

Also,

Bill No. 1930

A Resolution entitled, "Resolution providing for the filing of a Community Development statement by the City of Pittsburgh with HUD for a grant in connection with the 1987 CDBG Program. Providing for the execution of grant contracts and for the filing of other data providing for required assurances; providing for execution of payment vouchers on letter of credit and for certification of authorized signatures; creating a special trust fund in connection with the project; providing for the deposit of the funds in a bank account and providing for the payment of expenses within categories."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. Pollock
Mr. Givens	Mr. Wagner
Mr. Grabowski	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 7 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

MOTIONS AND RESOLUTIONS

Mr. Givens presents

No. 1995 WHEREAS, Edward Skinger, recent graduate of North Catholic High School and enlistee in the United States Navy, has been selected as an Eagle Scout from Boy Scout Troop 327, Allegheny Trails Council; and

WHEREAS, Eagle Scout represents the sixth and highest level of achievement in skill, community services and scouting leadership; and

WHEREAS, only one out of a million rise to the rank of Eagle Scout; and

WHEREAS, Edward's scouting excellence, participation in track at North Catholic High School, volunteer work with St. Francis Xavier Roman Catholic Church and culminating with a civic project with the Brighton Heights Association, has made his parents, Edward and Mary Ann Skinger, his brothers John, Mark, Larry, Steven and his sister Teresa very proud of his achievements, character and service;

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Pittsburgh does hereby commend Edward Skinger on the occasion of his

education to the level of Eagle Scout for his outstanding achievements in the areas of skill, services and leadership.

Mr. Givens moved to adopt the resolution.

Mr. DePasquale seconded the motion.

Which motion prevailed.

Mr. Givens:

Along with the parents of Edward is his scout master and Mr. Anthony Shern. He is a scout master at troupe 327, I'd like to bring him forward to say just a few remarks about Edward and his parents.

Mr. Shern:

Thank you Mr. Givens. On behalf of Edward Skinger, his parents and myself, I'd like to thank the Councilmembers for the honor of this resolution. It was gratifying to recognize the fact that the City of Pittsburgh shares with us in acknowledging scouting's highest honor. Edward has been in troupe 327 under my supervision since the age of 10. He has worked hard in achieving the goal of Eagle Scout. As you can see by his merit badges, his education has been enhanced by his learning experiences in obtaining the badges. The qualities of leadership have been instilled in him by the experiences of working with younger scouts. I feel that he is more aware of his civic responsibilities as a result of his scouting. It has been said that scouting makes men out of boys. This is one young man that we are very proud of. We thank you.

Edward Skinger:

I'd like to thank all of the City Councilmembers for their interest in my

achievements in presenting me with this Resolution. I'd like to thank my scoutmaster Anthony Shern, his assistant Ronald Novak for the leadership and the guidance. I would also like to thank my parents for their understanding of my values of scouting and giving me a good home environment. As you well know I have just enlisted in the naval reserve. I will be leaving at the end of this month, and I know that my scouting experience will be a good foundation for my future career. Thank you.

Mr. Givens:

His mother Marianne and his father, who you see is a fellow officer on the Number Nine Police Station, we thank them very much. The parents diligent effort with their children, without this Edward probably would not have obtained this. Between that and the scoutmaster and his own initiative, he has obtained something that only one out of a million kids in this country obtain, and I think our hats should be off to him.

Mrs. Masloff presents

No. 1996 Resolution approving the reappointment of Helen Hughes, 4433 Schenley Farms Terrace, Pittsburgh, PA 15213, for a term to expire December 31, 1988, as a district member of the Pittsburgh Cable Communication Advisory Committee.

Which was read.

Also,

No. 1997 Resolution approving the reappointment of Hetta Sherapin, 4478 Parade Street, Pittsburgh, PA 15207, for a term to expire December 31, 1988, as a district member of the Pittsburgh Cable Communication Advisory Committee.

Which was read.

Also,

No. 1998 Resolution the reappointment of William Freedman, 2396 Valer Avenue, Pittsburgh, PA 15210, for a term to expire December 31, 1988, as a district member of the Pittsburgh Cable Communication Advisory Committee.

Which was read.

Mrs. Masloff moved to approve the reappointments.

Mr. DePasquale seconded the motion

Which motion prevailed.

Michelle Madoff:

New subject. I was ruled out of order. I think that it is appropriate that I address the issue now. As we all know, the issue of whether or not we are going to fund our defense case against the Metropolitan Pittsburgh Crusade for voters was before Council. Personally, I voted no, the people who voted no were Michelle Madoff, Mrs. Masloff, and Mr. Pollock. We voted that we would not support a lawsuit against the group that wanted equality, wanted an opportunity to let the public vote yes or no as to whether they wanted election by district or at large. I have been told the law department.

The Chair:

Wait a minute Michelle, point of order. The lawsuit does not say anything whether it there should be an election of district by district or at large. That is not why they are suing us. They are suing us because there is not a black on Council.

Michelle Madoff:

Thank you. I'm glad you are speaking for me, it's always helpful. The Metropolitan Pittsburgh Crusade started its action for election by district because they felt the only hope they had of having representation on this Council with 25% voters, of having at least two members on Council being black members, was to support the election by district. My feelings are —

Mr. DePasquale:

Michelle, this is completely out of order.

Michelle Madoff:

I am not out of order, I am on another subject. If you wish to leave the park, goodbye. I have been informed by the law department that they have been trying to corner me for a meeting, they need 1/2 day in order to have my deposition.

The Chair:

Michelle, I'm gonna have to interrupt you. I am going to have to adjourn. We don't have five members present in Council.

Michelle Madoff:

I thought we only needed five when we start. When did we change the rules?

The Chair:

We need five to even adjourn.

Michelle Madoff:

Well, all I can tell you is they can put me in jail but I'm not going to be available for the subpoena. That's the message.

Mr. O'Malley:

I move to adjourn this meeting and meet again on Monday, January 5, 1987, at 2:00 p.m. But, in the event of a Mayor's line-item veto on the Budget, Council will meet Monday, December 29, 1986 at 2:00 p.m.

Mrs. Masloff seconded the motion.

And on the motion of **Mr. O'Malley**

Council adjourned.

Municipal Record

Proceedings of the Council of the City of Pittsburgh

VOL. CXX

Monday, December 29, 1986

No. 50

Municipal Record

ONE-HUNDRED TWENTY-FOURTH COUNCIL

BEN WOODS President
MICHAEL PERRY City Clerk
LINDA M. JOHNSON Asst. City Clerk

Pittsburgh, PA
Monday, December 29, 1986

PRESENT:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

The Chair:

I'd like to thank everybody for coming in here to have this meeting. As you all know, the Mayor has vetoed eight items in the Budget. I'd like to go through them.

The Chair presents

No. 1999 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, returning with his line item vetos Bill No. 1832 entitled, "Fixing the number of officers and employees of all departments of the City of Pittsburgh and the rate of compensation thereof for the year beginning January 1, 1987", and also Bill No. 1833 entitled, "Adopting and approving the 1987 Capital Budget and 1987 Community Development Block Grant Program; and approving the 1987 through 1992 Capital Improvement Program."

Which was read, received and filed.

City of Pittsburgh
Richard S. Caliguiri, Mayor
December 29, 1986

President and Members
Pittsburgh City Council
Fifth Floor City County Building
Pittsburgh, PA 15219

Dear President and Members:

I wish to commend Council for the expeditious and thorough consideration of the 1987 Budget. Inasmuch as the total appropriation exceeds my proposal by a net figure of only \$600,000 (less than one-half of 1%) I have signed the appropriation bill into law.

I cannot, however, approve \$1.5 million in spending initiatives authorized by Council in the Salary Budget Resolution and in the Capital Budget

Resolution which have been paid for by anticipating higher revenues or selling additional debt. I am, therefore, returning these resolutions with several line items vetos as listed below.

SALARY RESOLUTION (COUNCIL BILL 1832)

Item # 1: Department of Personnel and Civil Service Commission
3 Members,
Personnel Appeals Board
\$9,450

I have vetoed the salaries being granted to the City Personnel Appeals Board members. The history of this generally inactive Board does not justify paying them as employees or making them eligible for benefits that can add as much as \$10,000 per year per member to the City's cost. During 1986, the Board heard an appeal on only one issue due to the fact that most employees deal with grievances through the collective bargaining process or the Civil Service Commission.

I have proposed that, in line with other more active City boards and commissions, the Appeals Board be paid a per diem only when appeals must be heard. Our estimate is that no more than \$1,800 needs to be appropriated saving \$7,600 in salary costs and a potential \$10,000 in benefits.

ITEM # 2: Department of Finance
4 Auditors, 4 Investigators
\$113,919

My administration has initiated a number of programs to seek out and, if necessary, prosecute tax evaders and cheaters. These efforts will continue. I am not satisfied that involving more personnel will be cost effective and prefer to explore alternatives that do not involve increasing City overhead.

ITEM # 3: Department of Public Safety
40 First Year Police
\$429,000

Plans for police deployment have been the subject of numerous reviews and public hearings over the last year. My recommendation of 1135 persons in the Bureau exceeded the consultants recommendation but was submitted in my budget proposal so that we could carefully examine the impact of the reorganization. I intend to support the Department's initiatives thereby making the 40 additional positions (funded by Council for nine months without benefits or support costs) unnecessary.

ITEM # 4: Department of Public Safety
19 First Year Firefighters
\$310,232

As indicated to Council during the budget hearing process, the City must offset the increased costs presented to us in the salary arbitration through the reduction of companies and, we can achieve this without impacting the delivery of effective fire service and without layoffs.

The combined cost of the arbitration increases to police and fire personnel for 1986 and 1987 is \$6 million. Clearly, if the City is to be serious about cost control and broadening our revenue base, we must demonstrate that we can manage our resources efficiently and effectively. Public Safety, as the single biggest expense of the City, cannot escape that scrutiny. Further, portraying Council's changes in either the fire or police budgets as making a substantial change in service delivery has not been supported by any facts.

ITEM # 5: Department of Water
Engineer
\$42,606

As I advised Council, we have created a special engineering unit headed by an Assistant Director level position and appropriation support staff. This position is redundant.

ITEM # 6: Other Authorizations
Out of Grade Pay

I have deleted a paragraph making provision for payment off grade to newly recruited employees. This entire paragraph, including language added by Council, is not required and, therefore, I have deleted the entire section in accordance with Council's wishes.

ITEM # 7: Other Authorizations
Management Employee
Benefits

I have deleted language inserted by Council which would prevent me from extending to management employees benefits enjoyed by union employees. I do not believe this was Council's intention.

CAPITAL BUDGET (COUNCIL BILL 1833)

ITEM # 8: Dean Field Improvement
\$470,000
(NPA-Bond Funds)

While I have left stand Council's moving \$330,000 of COMMUNITY Development Funds to 1987 for this project, I do not approve, and have vetoed, the addition of another \$470,000 in bond funds for replacing the surface of this field. The \$330,000 is sufficient to provide a first class recreational field and this improvement can begin in the near term. Making it a larger and more elaborate project will necessitate the

improvement being pushed back a number of years as it cannot be a priority when the City is facing many other urgent capital requirements.

OTHER ITEMS

Council has added four road service drivers (making a total of 14 rather than the 10 needed) in the Department of General Services. If I vetoed this item, there would be no authorization to pay the remaining employees. I will let the item remain, but we intend to move toward keeping only 10 employees in this function and contracting out the non-City tows. This reduction will save an additional \$87,429.

Finally, despite the serious financial problem faced by the City, Council has authorized continuation of and, in some cases, additional grants and donations. While many of these are worthy causes, without an increase in our revenue base, City government cannot be the only municipal government in the area called on to support such functions.

In those cases where departments have been elected to administer the grants, legislation will not be submitted until we get a better reading from the Legislature on where our request for a broader revenue base is headed.

Further, on those requests not under a department, I am advising the City Clerk and Controller that I do not authorize the issuance of a warrant under my name until such time as their legality is ruled on by the City Solicitor. Some of these grants and donations may be eligible and legal under the Unspecified Local Option Funding and should be reviewed through that process.

In closing, I wish I could tell Council that the need to say "NO" will go away in the near future. In fact, I think it will take more discipline to balance the budget in the future.

Working together, important gains have been made in our financial picture but more needs to be done. We need to bring all segments of the City, private groups, institutions, the media and the general public into the effort to secure a broader revenue base. As a clear sign of that united effort, I urge you to sustain these vetos.

Sincerely,

Richard S. Caliguiri
Mayor

The Chair:

Now, I'll just go through each item that the Mayor has vetoed one at a time and we'll vote on them in that order.

Item No. 1, the Department of Personnel and Civil Service Commission, 3 Members, Personnel Appeals Board, \$9,450. He has vetoed that item. I need a motion to override.

Mr. DePasquale:

Motion to override the veto.

Mr. Wagner seconded the motion.

Mr. Wagner:

Discussion. Mr. President and members of Council, this Board has proven over the years to be a very valuable entity to City government. It has been another opinion for employees that feel they have been mistreated. There was one decision put forth by the Board approximately three years ago that was considered to be accurate in

other courts and just recently in this past year we had several demotions and transfers of police officers and detectives and this Board overrode the decision of the Administration. That decision has been appealed. However, the Board itself has provided a very valuable alternative opinion to decisions made by the Administration.

For that reason, I feel we should override the veto.

Michelle Madoff:

Mr. President, you are aware, as we are, that nobody saw this until — I called here several times on Friday, Mr. Perry and Ms. Johnson. I called the Mayor's Office, I called his assistant, Dave Donaohe. Nobody knew when the veto, if any, was going to come over and what it was going to contain. So, nobody had a chance to peruse or to read what is happening. We were notified this morning that there would be a meeting at 2:00 and we all got here as quickly as we could. I got here and typed some notes up on some positions that I have.

In the second paragraph of what we're voting on right now, may I have your permission to read. The Mayor says, "I propose that in line with other active City boards and commissions, the Appeals Board be paid a per diem only when appeals must be heard. Our estimate is that no more than \$1800 needs to be appropriated saving \$7600 in salary cost and a potential of \$10,000 in benefits."

My concern with this is that a number of years ago, I believe this is the same Appeals Board and correct me if I'm wrong, Mr. President, that this Council felt, perhaps even a majority of this Council felt, that we shouldn't be paying for a board that never met. I think they met maybe once or twice that

year. Do you recall? This is the same appeals board, is it not? The one Martin Kraus chairs?

The Chair:

Exactly the same.

Michelle Madoff:

But since that time so much has happened that has become prudent to have this board reinstated and become a working board because we have so many hearings before it. Am I correct on that? There have been a number of hearings before this board so it has now become a necessary board. My question is, does the Mayor have any validity in claiming that we are not going to have very many or sufficient appeals to warrant the setting aside of \$7600 in salaries and \$10,000 in benefits, because I believe that that was the problem. There were salaries given to people who didn't have to be here and they were getting benefits. As a matter of fact, as I recall, they asked for an increase in their benefits at that time. They weren't even holding hearings.

I want to do the fair thing. I think we need the bill but I don't think that the suggestion by the Mayor is out of line. If they have a lot of hearings, they're going to get paid and it will exceed the money and we'll find the money.

Mr. DePasquale:

Mr. Chairman, I beg to differ. The reason a lot of employees in the City of Pittsburgh don't go to the Personnel Appeals Board is that they don't know it's available. They don't even know it's there, and the City is not trying to let them know it's there. If more people knew, more people would go and they'd have a lot of work to do down there.

The Chair:

I agree and let me say something. This is mandated by the Home Rule Charter, the Appeals Board. I, like Mr. Wagner and I think most of us, agree that it should be there. I would ask my colleagues to override the Mayor.

Secondly, they did get paid a per diem. We changed this I believe it was last year, \$150. We're only allocating money so that they can be paid up to that amount. If they would exceed that, naturally they would come back. So, I totally disagree with the Mayor and I think we should override the Mayor on this issue and I think, and I've asked the Personnel Department to notify all City employees when they send out a paycheck that they're not covered by a bargaining unit with a little note saying that the Appeals Board does exist. I've asked them that on a number of occasions and they have not done it yet and I think when this new year comes perhaps we can pass some kind of legislation or resolution to ensure that all employees will know that this board does exist and they can utilize it.

Michelle Madoff:

Mr. Chairman, I would be happy to support voting for the legislation providing you do exactly what Mr. DePasquale and you were talking about. Let's have some display ads or let's have a letter going to every employee in the City knowing that this board is available to them.

The Chair:

That's what I just said.

Michelle Madoff:

Well I'm just saying that I would support it if there's some mechanism, a

letter of some sort that would go say with payroll automatically informing everybody that this board exists. I don't see any purpose in funding a board if we're not going to let people know that its there and I think it's become a necessary board, it's become activated, and I'm prepared to vote with it.

The Chair:

Okay, if you are voting to override, please vote aye. If you don't want to override, vote no.

Is there any discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the motion passed finally.

The Chair:

Item No. 1 is overridden; it will stay in the budget.

Turn your papers to Item No. 2, Department of Finance. This is adding four auditors and four investigators. I need a motion to override.

Mr. O'Malley:

Motion to override.

Mr. DePasquale seconded the motion.

Mr. O'Malley:

Discussion. Mr. President, I think the Administration in this one item is being penny-wise and pound-foolish. I think that any time anybody that was present during the Treasurer's presentation in front of City Council understood the Treasurer to say that they did not have enough personnel to do the work but in keeping with the Administration's policy of not adding additional personnel, the Treasurer has agreed to hold the line. In my discussions with him, he has indicated to me that just in comparing the state income tax against the City income tax, that they are years behind. That along with the additional workload that hopefully will come up this year with the many censuses that the City has agreed to do, I would agree with my colleagues that we should override this veto, especially with the fact that an auditor brings in four and a half times his salary and an investigator brings in ten times his salary. So, these eight positions here are going to generate additional revenue for the City of Pittsburgh and not really cost us any additional funds.

Michelle Madoff:

I'd like to ask a question. Was this discussed with Mr. Schmeiser, and he wanted it.

Mr. O'Malley:

Yes.

Michelle Madoff:

He said he needed four auditors and

four investigators?

Mr. O'Malley:

Mr. Schmeiser indicated that he could use the additional personnel.

Michelle Madoff:

But he's not in a position politically, obviously, to say, "I need this" and you felt that as the Finance Chairman that it would enhance our income to the City?

Mr. O'Malley:

It would bring us an additional maybe \$300,000 to \$400,000 in additional revenue, these eight positions.

Michelle Madoff:

But it will cost us almost that when you talk about \$114,000 plus the benefits. There will be no addition.

Mr. O'Malley:

The auditors have been proven to bring in four and a half times their salaries and fringe benefits, Michelle, and these are the figures Mr. Schmeiser gave me. The investigators bring in ten times their salaries and fringe benefits. So there is a net plus to the City of Pittsburgh.

Michelle Madoff:

The Mayor says, "My Administration has initiated a number of programs to seek out and if necessary prosecute tax evaders and cheaters." Didn't you have another bill, Mr. O'Malley, that was going to determine people who are not paying their taxes to the City that we did vote on and did put in the legislation? It's the same kind of thing.

Mr. O'Malley:

No, what that is, that was just a mini-census to go out and conduct our own census in the City of Pittsburgh to see whether everybody is paying their fair share. It's my estimate that we're losing between \$6 million and \$12 million. If my figures are correct, that's all the more reason that we're going to need the auditors and the investigators.

Michelle Madoff:

May I make a suggestion? I think that we ought to go with the Mayor on this one and I'll tell you why. If your bill, which I think is an outstanding bill, Mr. O'Malley, to determine on the mini-census who is evading payments to the City does indeed point to the fact that we're going to need the auditors and the investigators, we can always do that next year. I think we really should deal with finding the problem and then dealing with the problem afterwards. I really think that this is a bit premature because obviously Mr. Schmeiser and the Mayor must have conferred on this and he must have convinced Mr. Schmeiser that the job could be done without adding these eight jobs. I'm prepared to almost override on everything else but I think on this one I'm going to defer to the Mayor.

Mr. O'Malley:

If I might make one last comment. If anybody has worked with the Treasurer's Office and if anybody has spent any time down there, they know how overworked that staff is. And this really wasn't put in as companion legislation with the census legislation. This is just to help the Administration and the Treasurer's Office to keep up with their current workload, Michelle.

Michelle Madoff:

Question. Is it possible if we override to cut it in half or do we lose it entirely?

The Chair:

You have to do one or the other.

Michelle Madoff:

One or the other.

The Chair:

If I may, I'd like to ask my colleagues to override this. I think that when we interviewed Mr. Schmeiser and Mr. Schillo here he indicated that they were going to go out and seek outside help, outside contractors to come in and do this type of work. So, we're going to do that and a number of you constantly are remarking about us using outside consultants, outside people to do this type of work, so here's your chance to put our own people to work and hire eight positions.

Michelle Madoff:

I don't think that's the issue. I don't think the issue is whether we go outside —

The Chair:

I'm saying, Michelle, that when we discussed this at the committee table during the budget process with the particular department, these are some of the things that they brought out, that they could do this with outside people. And that's all I'm bringing to light.

Michelle Madoff:

Wouldn't it be more cost effective — they could still be City residents, they

wouldn't have to be non-City residents, but we wouldn't have the burden of the benefits on it. I'm afraid that — My gut feeling is that the other bill that Mr. O'Malley introduced will do the job and I think if it proves that we need this I think we can put it in next year's budget.

The Chair:

Okay, if you want to override the Mayor's veto, vote aye. If not, vote no.

Is there any discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. O'Malley
Mr. Grabowski	Mr. Woods
	(Pres't)

AYES 6

NOES 3

(MICHELLE MADOFF, MR. POLLOCK AND MR. WAGNER VOTING NO)

And a majority of the votes of Council being in the affirmative, the motion passed finally.

The Chair:

The veto is overridden.

On Item No. 3, Department of Public Safety, 40 First Year Policemen. Is there a motion to override?

Michelle Madoff:

Motion to override.

Mr. Givens seconded the motion.

Michelle Madoff:

Discussion. As we were coming into session today and I was preparing a little statement on another item that is being vetoed, I had a phone call. This phone call is indicative of hundreds of calls that all of us on Council receive. A gentleman called, I'm not going to give his name because I didn't ask him whether I could give his name but I don't think it would be a problem. He had a 14 year old who was over using the Press facilities last night to do some photographing; his hobby is photography. He was going to the main Grant Street Subway Station last night at 7:30 and he was attacked by three male adults. He was beaten up pretty badly. His pants were taken from him. He was a young kid without his shoes and socks and pants and he was made to stand there like a fool. His camera was taken from him. The young man spends a great deal of time Downtown and he's never seen a police officer.

It isn't that it was one time that this happened and there aren't police around; we just don't have enough police on the street. And with the numbers of police officers that are retiring by attrition, we are not going to even hold the line on the numbers that the Mayor has committed to maintaining, which I believe is 1,035. Does somebody have the correct figure? I think that's the number. There's no way we can get classes in fast enough, even if we started this minute and we never do. We have lists that we have to draw down and so on.

I also think that people like Mr. Cannon and Superintendent of Police Moore are in awkward positions. It's very difficult for them to say, "I want to have more police officers; I want to do

the right job, and I'm going to ask you to support me and not support the Mayor." They can't say that because they get paid by the Mayor, they get hired by the Mayor, and they would lose their jobs. So, I think that we have to protect the citizens and certainly move to override this veto.

Mr. Givens:

As you know, Mr. President, my office has undertaken the study of the departmental growth over a ten year period as it related to the growth of the total expenditures of the City itself. It's interesting to note that over 300 some responses have come back. This is bipartisan; committeepeople vote from the Democratic side and Republican side who are leaders elected by the people in their community as well as all neighborhood groups. Those were the people who responded to this particular survey.

It's interesting to note that within the Public Safety dollar that we give for and to the people of the City of Pittsburgh, that that particular department has decreased in the last ten years over two percent with the Mayor's existing budget as he proposed it to Council. With this additional, it brings us up at least just barely even of an even-steven in the Public Safety area. It's interesting to note that eight other departments, however, in the City have gone upwards in their particular cost of government. Some of them considerably. Even the Mayor's Office some 70-80 percent increase. Of course, he can justify a lot of that but we as Councilpeople here must listen to the people. The Mayor indicated that this is not a great concern of his and I asked him then to attend all of our Council session when we have the neighborhood groups coming in here and asking for that type of police support that we must need

and do need.

In that survey that went out and the answers that came back, the two major areas that that people had greatest concern, again, these are the people responding to us, indicating that the Fire Departments, the eight Fire Departments as well as the Police Department. The Fire Departments had an exceedingly high rating of response time and everything else and they have one of the best ratings in the City of Pittsburgh and that's why we have a good department out there. However, the Police Department did not have that and some of the biggest responses for that reason that they were not happy with the Police Department, and this is coming off of their statements, not mine, but we can listen to the arguments that come before this Council and the public hearings that we have before this Council, we can walk out on the streets of the City and hear our people and they tell us the same thing. That survey indicated, the main concern emphasized in that survey were the need for more police officers, better visibility, and quicker response time. That was the key. In addition, the residents were also concerned with the proposed closing of eight fire companies; they do not want the eight fire companies to be eliminated.

That was the guts of my effort in this particular 1987 Fiscal Budget. I felt I was responsible. The Mayor indicated in his letter to us that where is the evidence. The evidence is, at least on this Councilman's part, a survey that went out. Our evidence is in the people that come in before this Council and appeal for us for that Public Safety area and the other addition is, to back all that up, is a survey from our people in the field out there that indicated the same thing to us. That's three different ways. I don't know what other better

way we can do it than go and be elected at the polls and see where the people elect us and why they elect us. I think they elect us because we fight for what we feel is their primary concern out there.

So, the fear is real; it is now time to eliminate that fear. That's why we must go for this 40 additional police officers, only for really a three month appropriation.

Mr. Wagner:

Mr. President and members of Council, Item No. 3, in reading the reasoning behind it, it concerns me tremendously in that the second sentence indicates that my recommendation of 1135 persons in the Bureau exceeded the consultant's recommendation.

Number one, the consultant's recommendation was not the consultant's recommendation. Right in the consultant report it indicates that the Administration told the consultant how many police officers was the appropriate number. What is the appropriate number? We all have talked about it and we thought a consultant report would clarify that. We found out it didn't. Is the correct number 1135? Is it 1200? Who knows? All I do know, as Chairman of Public Safety, is that in 1986 all crimes in this City are up in comparison to 1985 and solving of crimes is down in comparison to 1985 and previous years. We also had in 1986 a banner year for retirement of police officers and every indication is that 1987 will be equal to or greater in terms of retirement.

I think several factors can be related to crimes and the solving of crimes; it relates to the sociological conditions in the City, of which I don't think there have been any significant changes in the City of Pittsburgh within

the last couple years. It can relate to the management within the Public Safety Department and particularly the Police Bureau. There have been significant changes and it can relate to the number of police officers actually out there on the street working and hopefully preventing crime from happening. There have been significant changes there.

We're all shooting from the hip in terms of the number so based on what we've heard out there and what we've heard the citizens tell us, that they need more police officers, they want to see a beat officer, they want to see a police car go down their street more often, I think it's good judgment for us to put in the budget a few extra police officers and fund them for a portion of the year and if the need exists, and I believe it will, to hire them. It's that simple.

Michelle Madoff:

I have one question. Mr. Givens, how many people were in your survey? How many people did you survey?

Mr. Givens:

About 1100.

Michelle Madoff:

Was it sent from your office?

Mr. Givens:

Yes.

Michelle Madoff:

Was it done with City funds?

Mr. Givens:

No.

Michelle Madoff:

Because I was going to ask you to share it with us because I think it's a very important survey and I would love to see the results.

Mr. Givens:

I gave you copies of it.

Michelle Madoff:

I'm sorry; I guess I have it in my office. But I think that's a very important, a very indicative example of what the people are thinking and —

The Chair:

Alright, wait a minute. You did the survey; that's fine. Share it with your colleagues. Enough is enough.

Mr. Pollock:

City stamps.

The Chair:

Enough is enough. It's not City stamps; it's just City paper out of his own pocket. It was his own stationery and you're out of order.

Michelle Madoff:

Mr. President, that wasn't my concern.

The Chair:

I know it wasn't your concern.

Michelle Madoff:

My concern was —

The Chair:

Ms. Madoff, I am not speaking to you. I know it was not your concern; it was another colleague of ours. I straightened it out.

Take the vote. All in favor of overriding the Mayor will signify by saying aye; those opposed will say no.

Is there any discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the motion passed finally.

The Chair:

Item No. 3, 40 first year police officers, is overridden.

Item No. 4, Department of Public Safety, 19 first year Firefighters. I need a motion to override.

Mrs. Masloff:

Motion to override.

Mr. DePasquale seconded the motion.

Michelle Madoff:

Mr. President, as you know, during the budget process I kept trying to set an example of encouraging people to move in the City by lowering our wage tax by a very small amount, by one-eighth of one percent and just as a token symbol of where we're going.

In the process, as you know, I discovered many things. I discovered, for example, that the Zoo and the Aviary cost the City residents only \$2.4 million, and that's a very conservative figure, every year above and beyond what is paid at the gate and generated in revenue from concessions.

One of the other things that I discovered which was my reason for wanting to justify a cut in the wage tax was that things like \$4.8 million was spent in three years on consulting fees and that my perusal of former budgets where I had generally put out a summary or review of the budget indicated that every time it was stated to us, and particularly to me very rudely by former Presidents of Council that I was stupid and didn't understand that we only had \$3 million or \$5 million in the surplus of the budget at the end of the year. I would always be proven not only correct but five times over what I anticipated. If I said there would be five million or seven million we'd end up with 12 million.

After looking at the figures, it is my opinion and I'll either be proven wrong or correct in the coming year, that the dollars that will be generated in surplus from monies that we anticipate in revenue collections from various sources, be it real estate or whatever we generate our revenues from will far exceed the dollars that would be allocated to the general protection of the public and that would be first and foremost, of course, fire and police

protection. I think people are entitled to those things and I don't think we can skimp. The worst thing that's going to happen, and the public ought to know this, and at some point perhaps you will state it at the end of the summary, Council can vote to put all these back in but we can't make the Mayor fill the jobs. Is that correct, Mr. President?

The Chair:

You're absolutely right.

Michelle Madoff:

I think you might want to comment on that because people are listening and I think they need to know that. We could stand on our heads and wiggle our toes and it isn't going to make any difference. If the Mayor doesn't want to fill these positions, and it has been stated by a number of people that when we started this exercise many years ago and in the last few years the shortage of police has been estimated at 105 police below minimum security. And that was before we went to the business of having tremendous numbers of police officers leaving by attrition. And I don't think that we can shirk our responsibility on passing the dollars to make these jobs available. But the next thing we're going to have to do is get support from the public and that is, the public is going to have to get to the Administration and say, "You've got the money; how about filling the jobs?" And I'm counting on the leadership of the Fire Department and the leadership of the Police Department, Pat McNamara, to do something to make sure the public gets behind it because this is really an exercise in futility if we put the money back in and it isn't appropriated and spent.

Mr. Givens:

I think it was very evident in the Mayor's letter to us he indicated that what's supported by any facts. Why do we need these eight fire companies to remain in service? It was very dramatic I think to all of us when the firefighters' union came before all the Councilpeople and depicted on their operational board what happens in a typical day within a City of Pittsburgh Fire Department. And when you see what really happens, when you see the movement of one station to another, and backing up most of our hospitals, our universities and where our people live within the City, our major structures in the Downtown area, there is a tremendous amount of movement.

The Police Department generally, they stay right within their district. However, fire departments, they move from one end of the City to another, depending upon the response because a fire generally is not over in 15 or 20 minutes. A fire sometimes takes two, three, four, five hours and probably a rig it out of service for maybe a half a day and then they have to go back and rewind the hoses and clean them and everything else. So, there is great deployment in the City, amazingly a great amount of deployment in the City for one reason and one reason only, and that's for response time for the people who live, play and work within the City of Pittsburgh.

And that equates out in another dollar. If we don't have that type of response, then we're going to pay for it back in the fire insurance that we have for our homes, our businesses, our university, our colleges, our hospitals and everything else. Something else is going to go up. Personally, I want to have that response time and I think we're will to have to pay for that by holding that

line. And again that survey indicates that they're very happy with the Fire Department. On the other hand, they do not want to see a decrease in their Fire Department. They're willing to hold the line when it comes down to Public Safety.

Mr. DePasquale:

Mr. Chairman, in regards to the urgency and the need, I received a lot of phone calls and letters and probably all of my colleagues did, and probably there's as much concern or more with the Fire Department regarding the Police Department. It's that serious a matter and if we would have closed those houses and eliminate some of the companies, it just wouldn't work and nobody knows that better than the Fire Department. As Mr. Givens said, they showed us a chart and I only wish everybody in the City could have seen that chart. It scares you to see what would happen if they did close those houses or discontinue those companies.

The Chair:

On Item No. 4, 19 first year Firefighters, if you are in favor of overriding the Mayor, please vote aye. If you are opposed, vote no.

Is there any discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner

Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES 9	NOES none
--------	-----------

And a majority of the votes of Council being in the affirmative, the motion passed finally.

The Chair:

The veto is overridden.

Item No. 5, Department of Water, Engineer. I need a motion to override.

Michelle Madoff:

Motion to override.

Mr. DePasquale seconded the motion.

Michelle Madoff:

Discussion. I tried to get a little note down. As I said, we all got all this information at the very last minute. My office has been doing some in-depth studies for a number of years. As you may recall, some time ago I presented this Council, before the creation of the Water and Sewer Authority with information I had received from interviewing most of the supervisors and chief personnel in the Water Department where they needed \$1 million in equipment. We got no money for years and that year we were thrown \$55,000 to the Water Department. The Water Department was allowed to deteriorate to the point where we would need a Water and Sewer Authority. The Water and Sewer Authority unfortunately is only a vehicle of raising money. It really has exercised until this time very little influence and power over the Personnel, the Administration of the Water Department. The people don't understand the Water Department operation is handled by a Water

Department within the City of Pittsburgh so that the same people who work in the Water Department would be eligible for their benefits, the Public Works Department that does the sewers repair, and Engineering and Construction lets the contracts when we go outside of the City and even promulgates the request for proposals or the design engineering that we do in house.

It is unfortunate that what I've discovered through very careful review, and I'm meeting with Mr. Roddey, I have an appointment with him on the sixth of January, -- he even has a Master's Degree in Business Administration. His strength, and I believe, he probably does an outstanding job as an administrator. One would assume that he is qualified, after making that comment and reviewing what I have, a Water Department. However, on closer review it appears that to run an efficient, safe Water Department, a mandatory requirement is that the second in command to the head of the Water Department be an engineer with expertise, and that's strong expertise, in water pressure flow, characteristics of water flow, hydraulics, water treatment, purification. And these are absolute requirements.

Our Water Department has the cart before the horse and the two divisions that have been created by Mr. Smith, we have a chemist who heads up a pumping and purification division who has very little hands on knowledge in his division, and that is experience in pumping and purification. We also have a person who has practically, to my knowledge, to engineering degree whatsoever. It seems that both of these department heads are backed up by other people so that when we get into a crisis in a community that has hills and valleys, only then do we call on the qualified engineer within the Water Department, and that is Mr.

Bruecken. And I repeat, it doesn't happen until after the crisis; it's never before. For example, when I broke my arm and ended up in the hospital, there were five hospitals without water. That is an impossible situation. It practically wouldn't happen in Third World nations that they would be without water for days as the hospitals were. There was nobody who understood water pressure and water flow in charge.

When the big break occurred in Highland Park, I was there day after day watching the repairs. People didn't know what they were doing. We had to call in outside consultants for help and materials.

Only after we get into trouble do we start looking around. There's nobody there from the minute it happens. It's a hierarchy, it's bureaucracy that has been created to promote and to run things in a manner which I find not in the best interest and the best safety interest of the public. And what I would like to see happen is that we retain our engineer to protect ourselves and make sure that that person is the number one person next to Mr. Smith, that his qualifications are exemplary, that he is indeed someone who is trained in all aspects of providing safe water from an engineering point of view. And I would ask my colleagues to support that because if we don't get that position filled, I will encourage, the next time there's a major break and communities without water, the community to take litigation against the Water and Sewer Authority. I will be an amicus to that lawsuit and I'll tell you that under discovery in a court of law, we're all going to be embarrassed. What I'm telling you is not supposition; it is fact. The Water Department is in a very sorry state and it is only surface icing and window dressing that we're seeing by saying, "Oh, we do miles of repairing pipes and we're doing this and we're

doing that." The fact is, the water rates are going up horrendously and we don't even have somebody with expert knowledge in an engineering position. I talked to the Mayor about it last year and he agreed. I talked to this body and we put it in last year and the Mayor has taken it out. Please, I ask you to leave it in.

The Chair:

Okay, all in favor of overriding the Mayor's veto, please signify by saying aye. Those opposed, no.

Is there any discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
	(Pres't)

AYES 8 NOES 1

(MR. O'MALLEY VOTING NO)

And a majority of the votes of Council being in the affirmative, the motion passed finally.

The Chair:

The veto is overridden.

Item No. 6, other authorization, out of grade pay. I need a motion to override.

Mr. DePasquale:

So moved.

Mr. Wagner seconded the motion.

The Chair:

I would like not to sustain the Mayor's veto on this one. This is giving permission for the Mayor to pay, or the Administration, anybody, to pay over-grade pay. If somebody is making \$20,000 a year, they could arbitrarily pay them \$25,000 and we don't want that and this is an error in the budget.

Mrs. Masloff:

Is this just a bookkeeping matter?

The Chair:

Yes.

Mr. DePasquale:

Point of clarification. If we're voting to sustain, then we have to vote aye.

The Chair:

You have to vote no because the motion was to override.

Mr. DePasquale:

Okay.

The Chair:

The motion was to override so if you want to sustain the Mayor's veto, you vote no.

Mr. Wagner:

Point of clarification. It indicates here this entire paragraph including

language added by Council is not required and therefore I have deleted the entire section. Does that mean that he can still move forward and do this without this paragraph?

The Chair:

No, he cannot. That's a mistake in the budget and we okayed it. We even added something; I forget what it was. But, if we sustain his veto, that means he cannot do that.

Mr. Wagner:

There's no possible way it can be done.

Mr. Givens:

The point of clarification that I had was the fact that this Council was just asking if the Mayor can do this. But what we are asking in our budget, which is the law of the City, is that this come through Council for approval.

The Chair:

No, that's the next item, on benefits. But now he cannot do it. By deleting this — you're right. In fact, Jack, you had that in there, put that amendment that it must be approved by Council if he was going to do this. But now by sustaining his veto, he cannot give anybody any more than what their grade pay is. If they make twenty, he can't arbitrarily say, okay, you do good work and I'm going to pay you twenty-three or twenty-five or hire someone from out in the same grade and pay them more. They just can't do this if we sustain this.

Michelle Madoff:

Mr. President, is this the same as as needed? Does this come under the

same category where we can hire as needed?

The Chair:

No.

Michelle Madoff:

How does it differ?

The Chair:

It means that — Let's take one of our clerk typists in Council; their pay rate is say \$16,000. That means that we could arbitrarily, because we like this individual or we thought they did such good work, pay them \$18,000. This says you cannot do that, that this is what grade they are and that's all they can make.

Michelle Madoff:

If you have somebody at sixteen and the person didn't show up, you could go out and hire somebody else who is qualified and give them sixteen and that's your as needed.

The Chair:

Right.

Michelle Madoff:

The reason I'm concerned is that Mr. Flaherty just wanted us to amend his proposal to as needed and we didn't do it there and I just wanted to be sure we weren't doing it here.

The Chair:

Okay, to sustain you vote no. To override, you vote aye.

Is there any discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

VOTING NO:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES none NOES 9

And a majority of the votes of Council not being in the affirmative, the motion was defeated.

The Chair:

The veto stands.

Item No. 7. Other Authorizations, Management Employee Benefits. I need a motion to override.

Mr. DePasquale:

So moved.

Michelle Madoff seconded the motion.

The Chair:

This is the same thing. I would ask that Council vote to sustain the Mayor's veto. This is the portion I put in. I was afraid that we could perhaps have another incident like we had a few months ago where one individual took a position and he chose what benefit plan he would take. Well they no longer can do that; they Mayor has other language in there that if you are a policeman and you move up to, say, become a Public Safety Director, you can only receive the policeman's benefits. If you are a fireman and move to another position in

that department, you can only receive those benefits. So, I'm asking that Council sustain the Mayor's veto on this issue.

Is there any discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

VOTING NO:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Pollock
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't)

AYES none NOES 9

And a majority of the votes of Council not being in the affirmative, the motion was defeated.

The Chair:

The veto stands.

Now we move on to Capital Budget, Item 8. Dean Field Improvements. I need a motion to override.

Mr. DePasquale:

So moved.

Mr. Wagner seconded the motion.

Mrs. Masloff:

Discussion. I think its un conscionable and I don't think its cost effective to spend almost \$500,000 to put turf on a field where other parts of the City will have no field at all. It's a

difference of \$470,000 for one field. Our department engineers have told me that the grass will be just as good. As a matter of fact, it won't be as dangerous because turf, vandals have been inclined to cut the turf and burn it and do all kinds of damages. A grass field would be every bit as good and again, I repeat, its unconscionable to spend an additional \$470,000 — In addition, I'm not saying a total, this is in addition to \$330,000 that we're spending for this field. I think its unfair to the rest of the City, for other sections of the City to go without a field at all when we have to spend an additional \$470,000 for one field and I will vote to sustain the Mayor's veto on this.

Michelle Madoff:

I would have voted to override the Mayor's veto. As a matter of fact, the people in the community who are interested in this field called me just as we were coming into session today and they're probably going to be surprised that I'm going to back off of my position. I believe that they're correct; I believe that Mr. Givens is correct. I believe that there are more people using that field than all the other fields that we would generate through the differential, the \$470,000, to put into other fields. However, let me read from what the Mayor has said, and I think this is important that people in that area listen. The Mayor says that the \$330,000 is sufficient to provide a first-class recreational field and this improvement can begin in the near turn. Here's what else he says; here's the thread, folks. The Mayor says that making it a larger and more elaborate project will necessitate the improvement being pushed back a number of years as it cannot be a priority when the City is facing many other urgent capital requirements. So, what the Mayor is saying is that if this Council doesn't vote

with the Mayor to sustain his veto, you get nothing. You're not even going to get your field seeded. My suggestion then, as an alternate, is that I think the grass is not going to last. I think it's going to be destroyed on a regular basis and it would not be cost effective to go with the turf. I think what we ought to do, if that's the only way we can get the field repaired, is to let Councilmembers know when that field is starting to deteriorate and we would point out to the Mayor that he vetoed the dollars for the turf and that we would expect that he would go in and maintain the seeded property. Because it says right here that if we approve it, he isn't going to do it. He's not going to do anything about the field.

Mr. Givens:

Contrary to what some Councilpeople indicated, the field is unsafe right now. I can see the urgency.

Secondly, it was in the 1985 budget that this field be appropriated \$700,000. It again was in our 1986 budget, \$700,000. In 1987, it could come down to \$330,000. The field is not safe.

It's interesting to note in the City's Capital Budget for this year, 1987, we are appropriating \$135 million in various capital improvement projects. It is interesting to note that Louise Brown ought to go back and check her books and see that there's \$640 million in outstanding prior year funds available as of September 30, 1986, as our staff has so indicated to us. Then why can we not fix this family neighborhood community regional park? It's not a local park. I can show you many other parts in the City that are local in nature. This is regional. And if we are to keep families in the City of Pittsburgh, from migrating from our city, then we must offer them programs to keep them in here.

This field would constitute an area of about 100,000 using this particular field. That's how many teams. I love grass. I would like to see a grass — I would rather play on a grass field, and I'm sure many others would, than on a turf field. But, there will be no grass on this field, regardless if they planted it every day, regardless if they kept people off of it for a length of time, because of the usage of the field. It only took them 17 years to wear out that turf right there on that particular field.

Again, if we can put money into our stadiums, if we can put money into our downtown, we on this Council are sure to put money in our neighborhoods where our people live and our family kids are going to go, and the moms and the dads and the sisters and the brothers and the grandpaps and grandmas and aunts and uncles can come and see their children play on our fields and not have to go out someplace in the suburban community to see their children play. Let's take care of our own neighborhood first.

Michelle Madoff:

Mr. President, I think its unfortunate that we didn't get this veto and comments by the Mayor and really taking excerpts and voting on the excerpts. I see there are other items that are in the Mayor's budget that we should be sharing with the public, they should be read into the record for the public to know what the Mayor has said.

I repeat, I agree with Mr. Givens. The problem I have, Mr. Givens, is that if we vote for the right thing, the Mayor is saying that he will push back this field a number of years; it will not be a priority. You better read it; that's what he says and they're going to get nothing, and I think something is better than nothing.

Mrs. Masloff:

Mr. President, our grandpas and our grandmas and our aunts and our uncles can play in a \$330,000 field as well.

The Chair:

All in favor of overriding the Mayor, signify by saying aye. Those opposed vote no. If you want to override, vote aye. If you want to sustain, vote no.

Is there any discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. DePasquale	Mr. O'Malley
Mr. Givens	Mr. Wagner
Mr. Grabowski	Mr. Woods (Pres't)

AYES 6 NOES 3

(MICHELLE MADOFF; MRS. MASLOFF
AND MR. POLLOCK VOTING NO)

And a majority of the votes of Council being in the affirmative, the motion was approved.

Michelle Madoff:

Mr. President, point of order. Would you please clarify because the people are very concerned about this and following our vote this afternoon that the Mayor has said he will push this back a number of years, that they may not get anything?

The Chair:

Michelle, I understand what you're saying and on every item here that he has vetoed, he says that he wouldn't do it. Just like you made the statement that we can vote and vote and vote to add 40 police in and he's not going to fill it anyway. It's the same thing that you're saying about Dean Field. If it works for one, Michelle, it should work for the other. I don't understand your logic sometimes.

And on the motion of **Mrs. Masloff**

Council adjourned.
